OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

BOSTON MADE FINE RECORD IN 1952 IN MATTER OF HEALTH—DR. JOHN H. CAULEY STATES IN REPORT TO MAYOR HYNES. MANY GAINS MADE IN CONTROL OF COMMUNICABLE DISEASES BRINGING DEATH RATE FROM SUCH TO ALMOST VANISHING POINT—LOWEST DEATH RATE FROM TUBERCULOSIS IN HISTORY OF CITY.

Boston has made a fine record for 1952 in the matter of health, according to Dr. John H. Cauley, Health Commissioner, in reviewing the health statistics for the past year, in a report to Mayor Hynes:

"As occurs in most fortunate circumstances, we are apt to take freedom from epidemics, good city sanitation, and pure food, milk and water, for granted," he stated. Public health seldom makes headline stories when all is going smoothly, and the record for 1952 has been exceptionally good, with favorable reports far outweighing the unfavorable ones.

Many gains were made in the control of communicable diseases, bringing the death

9,611 EMPLOYEES OF CITY RECEIVED PAYMENTS UNDER NEW COMPENSATION PLAN IN TIME FOR HOLIDAY USE—AUDITING AND TREASURY DEPARTMENTS ESTABLISHED NEW HIGH IN VOLUME OF WORK AND SERVICE.

City Auditor Charles J. Fox has issued the following statement concerning new Classification and Compensation Plans:

The new Classification and Compensation Plans for city and county employees are now in full effect. The new classifications approved by the Civil Service Commission, as well as the new salary rates, have been incorporated on departmental payrolls. Checks covering retroactive payments have been distributed to 9,611 employees.

The new titles and salary rates were initially established on the payrolls for the week ending December 9. Approximately 250 department payrolls were involved and roughly 10,000 employees affected. This is the most extensive change ever to be made in the payrolls of the city, since not only salary rates were involved but also the new Civil Service classifications.

Immediately following this change, work was started on the retroactive payrolls. In addition to developing these rolls,

MAYOR JOHN B. HYNES APPROVES REQUEST OF COMMISSIONER HYLAND OF PUBLIC WORKS DEPARTMENT TO CONTINUE IN EFFECT FOR THREE MONTHS CONTRACTS FOR COLLECTION OF GARBAGE AND REFUSE IN ALL 11 SECTIONS OF CITY—OLD CONTRACTS EXPIRED ON DECEMBER 31—CONTRACT EXTENSIONS TO PRESERVE VITAL SERVICES AT LEAST COST TO CITY WITH SATISFACTION AND EFFICIENCY.

With the approval of Mayor John B. Hynes, Public Works Commissioner George G. Hyland has renewed contracts for the collection of garbage and refuse from all sections of the city, which have been in effect for the year 1952, to extend from January 1, 1953, to March 31, 1953. The present contracts expired on December 31.

At the time of signing the 1952 contracts the city obtained an option to renew the contracts for the first three months of the new year and this option has been taken up. The Mayor approved the dispensing of new advertising at the request of the commissioner. The 11 districts of the city involved and the contractors are named in the following communication:

CITY OF BOSTON,
PUBLIC WORKS DEPARTMENT,

BOSTON, December 11, 1952.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On March 31, 1952, following my written communication on the same date, your Honor approved the awarding of contracts for the collection of garbage and refuse from all sections of the city, for the period commencing with April 1, 1952, and ending not later than December 31, 1952, and extending to the city the option to renew the contracts covering the period January 1, 1953, to March 31, 1953, inclusive.

Mayor's New Year Message

"The pendulum has swung. Another year has arrived. A clean, untarnished, bright new year. Another year of grace to do those things that will open for us the door to the House of Many Mansions. Another year to befriend our fellow man; to cheer the lonely and the sorrowful, to help the helpless. Another year to mend the scattered pieces of broken hopes and dreams and promises. Another year, by the goodness of God, to be just, to be useful, to be happy.

"That is my wish to all my fellow citizens on this first day of 1953."

The period covered by the present contracts terminates on December 31, 1952.

Therefore, in order to exercise the above-referenced option, and in order to renew the above-mentioned written contractual arrangements, and in order to fully observe the requirements of the Acts of 1909, chapter 486, section 30, as amended, in respect to the same, I respectfully request your permission to dispense with publicly advertising for proposals and to award contracts for the collection and removal of garbage and refuse in the districts hereinafter specified, and to the contractors named, at the amounts designated, for the period commencing on January 1, 1953, and ending March 31, 1953.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean;
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons, and thy daughters' unselfish devotion."

checks to the number of 9,611 were prepared for distribution. While this extra phase of payroll work was being carried out, arrangements were completed to have all pension payments and the compensation for monthly paid employees distributed before Christmas. Included in this latter group were approximately 4,000 school teachers for whom payrolls and checks were processed three days in advance of Christmas.

It may be said that during the past three weeks payroll operations of the Auditing and Treasury Departments have established a new high, both in volume and service.

CIRCULAR LETTER.

CITY OF BOSTON,
MAYOR'S OFFICE, December 23, 1952.
To Department Heads and County Officials:
The budget estimate sheets for 1953 are now ready and can be obtained from the Budget Department.

The continual rise in the cost of government makes it imperative that steps be taken to reduce the operating expense of the various city and county departments, particularly those under my control.

I am therefore directing that each department head and county official, in submitting budget estimates for 1953, make certain that the total amount requested does not exceed the total amount appropriated for 1952, plus the amounts transferred for the adjustment in salaries under the new Compensation Plan. Requests which are beyond the 1952 expenditures will receive most careful scrutiny.

Department heads and county officials are especially requested to survey the actual needs of their respective departments with the view of recommending such economies as will not materially affect the quality and quantity of service now rendered.

Respectfully,

J. B. HYNES, Mayor.

CIRCULAR LETTER.

CITY OF BOSTON,
MAYOR'S OFFICE, December 26, 1952.
To All Department Heads.
GENTLEMEN:

You are hereby advised to instruct any employee of your department who is a member of the General Court to apply for a leave of absence, without pay, for the period the Legislature is in session during 1953.

Respectfully,

J. B. HYNES, Mayor.

"CRUSADE FOR FREEDOM" DECLARATION.

On December 30, Mayor Hynes issued the following declaration:

The "Crusade for Freedom Month" runs from December 29, 1952, to January 30, 1953.

This is the crusade endorsed by over 30,000,000 Americans, which seeks by every legitimate means, to give moral and financial support to the peoples behind the iron curtain who are now under the cruel heel of their Communistic oppressors.

All men are entitled to the God-given right of freedom. We can help. We can by our active support, halt the spread of Communism throughout the world. We can bring cheer and hope to those who now live in the shadow of fear and despair.

Give your help and support—now—until January 30, 1953.

Be a "Crusader for Freedom."

JOHN B. HYNES,
Mayor of Boston.

BOSTON HAS GOOD HEALTH RECORD FOR 1952.

(Continued from page 1.)

rates from what were formally important causes of death nearly to the vanishing point. Infantile paralysis, diphtheria, typhoid fever, whooping cough, scarlet fever, and measles, all combined, caused only six deaths, whereas, less than a few decades ago the same diseases would have been responsible for hundreds of deaths. During the year 1952, tuberculosis was responsible for 273 deaths.

This is the least number of deaths from tuberculosis in Boston during the last century, and is the lowest death rate from tuberculosis for all times in the City of Boston. The active case-finding program for tuberculosis, the newer surgical methods, the new antituberculous drugs, and the modern hospital facilities for the successful treatment of tuberculosis are responsible for the progress in the control of this disease. It is the aim of the Boston Health Department to continue its active case-finding program so that in years to come tuberculosis may be listed as of relatively minor importance among communicable diseases.

DEATH RATE CONSTANT.

The over-all death rate has remained essentially constant for several years at 12 for every 1,000 of population. The final birth rate may show a drop from the past few years but 15,021 new Bostonians were greeted in 1952. Boston's hospitals, however, had a very busy year, because mothers not living within the city utilized the Boston hospitals, resulting in 21,113 babies having been born in the city during the year 1952. Boston hospitals have a very enviable record, and present information indicates that no major city in the nation will experience a lower maternal mortality rate than Boston, where only seven mothers died as a result of childbirth, or less than one mother in every 2,000 births. Progress, too, has been made in the reduced infant mortality rate with 395 deaths occurring, the lowest infant mortality rate Boston has ever experienced. This exceptional record is accounted for by the excellent training and practices of Boston doctors, the outstanding Boston hospitals, the use of newer antibiotic drugs, and the development in the use of blood and blood products to combat infection.

ACCIDENT PREVENTION.

The Health Department has already laid plans for initiating a city-wide accident prevention program. The figures for 1952 give added emphasis to the need for such action. Total accidental deaths

reached the staggering total of 441, with one half due to a single cause, accidental falls. Seventy deaths were automobile casualties, and a variety of accidents accounted for the rest. Since all accidents may be considered preventable, this figure becomes more significant than the much larger totals due to such causes as heart disease and cancer.

Since falls occur largely in the older age group, accident prevention becomes a part of the geriatric program, which is of the aged. The elimination of causes of death among the young has automatically resulted in a much larger old age population. Accident prevention is but one problem which needs to be solved for this group. There are many other problems, including chronic disease, housing, recreation, and hospitalization. Obviously, much needs to be done and this is one problem which the Health Department is planning to study carefully during the coming year.

Sanitation in the city is very satisfactory except for a few troublesome spots where repeated work must be done at intervals. The past year, however, saw the opening of several new housing projects located in various sections of the city. These projects accomplished the twofold purpose of easing the housing shortage and eliminating the substandard housing which, in many cases, was demolished to make way for the new, modern apartments.

REPORT OF EUNICE C. HEARN, ASSISTANT SUPERINTENDENT OF SCHOOLS, ON ATTENDANCE AT THE FOURTH ANNUAL CONFERENCE OF NEW ENGLAND READING ASSOCIATION, POLAND SPRINGS, MAINE, OCTOBER 2 TO 4, 1952, INCLUSIVE.

The following is the report of the Fourth Annual Conference of the New England Reading Association by Eunice C. Hearn, Assistant Superintendent of Schools:

From every experience we grow. Sometimes this growth is evidenced by tangible, objective outcomes. Sometimes the greatest growth is intangible, manifested only as it affects the shaping of new attitudes and philosophies.

The New England Reading Conference was such an experience. The principal speakers were men and women prominent in the field of education during the past ten years, who have, through their writings and research, influenced thinking in the field of reading and child psychology.

I was naturally familiar with their books, but their philosophy and their findings assumed a more potent, virile meaning as they were complemented by the sincerity, the professional integrity, the high spiritual values revealed by the personalities of the writers.

We had five such speakers at Poland Springs, an unusually rich contribution for a two-day conference. They came from different parts of the country; they represented widely different universities and schools of education. Their subjects were vastly different although all woven around the theme of the Conference—Improving Reading Abilities Through Better Teaching in the Content Fields. Yet, despite these wide variables, their addresses were as spokes of a wheel converging to one central theme—the spiritual and civic values emanating from a rich, diversified reading program.

HIGH LIGHTS OF ADDRESS.

A telling story, an apt quotation, drove home the point they were making. This type of presentation, while stimulating to an audience, is difficult to report in its entirety. Perhaps pertinent high lights from each address, then, will reveal the trend of thought of the speaker.

Dr. Arthur I. Gates, Teachers College, Columbia, opened the Conference with an address on the "Reading Abilities Involved in the Content Subjects." Dr. Gates exemplifies in a very high degree the deep thinking, open-minded educational scientist.

Starting with the theory that, many writers to the contrary, there are but a small number of basic skills or groups of basic skills common to all areas in all levels of subject matter, he summarized, in a brief, clean-cut analysis, these skills which he has developed so thoroughly in his writings that any amplification would but consume space here.

One point in particular, though, the question of speed or rate in reading, should be mentioned since many teachers are not alert to its implications. Rapid reading, many times the outgrowth of light reading, may cause failure in the

content field because of the inability to slow down to a thought-developing rate. Conversely, the slow reader may do better in subject areas and be unable to attack and enjoy light reading. Here is the teacher's responsibility to analyze the technique needed—slow, accurate reading or that of the rapid, skimming type. This skill was allied to his technique of "Skip, Skim, Recall." This procedure he deemed most valuable for much of the reading in the content areas. Rereading *per se* for remembering is not productive; recall, fortified by the necessary rereading, develops thinking, evaluation, judgment.

The entire address was scholarly and informative, and for those not familiar with his books, he gave very practical suggestions to improve the reading in grades five to twelve, particularly as they were related to readiness, to the assignment, and to pupil reaction.

FAITH IN CHILDREN.

Doris Gates of Carmel, California, lecturer, storyteller, and writer of children's books, was as virile, as informative as idealistic as her books which so enthrall the ten-to-fourteen-year-old girl. A sound knowledge of child psychology, a very sincere love for and a faith in children, and a saturation of her whole being with culture and literature made her a very particular high light of the convention.

According to Miss Gates, we are so absorbed in teaching reading (the skills) that we forget that our real goal should be to develop a love for literature. We have overlooked what books do for one. Audio-visual leaders claim we don't need now to read as before. I wonder! TV has opened a new world full of vicarious experiences, informative and pleasurable and invaluable. Yet I feel, as does Miss Gates, that books for their very permanency influence us in a very special way over and above the unquestioned value of some audio-visual programs. Books give us a sense of values. Folk literature is most valuable—it is ethical—for it points up virtues, it portrays the fullness of life. Good leaders and bad leaders reveal many of the same traits but the good have the compassion and kindness lacking in the bad.

Children need to laugh and to laugh in school. They enjoy nonsense such as is found in the "Peterkin Papers." Books give this humor and nonsense without the slapstick, mayhap, cheap element, sometimes found in the audio-visual presentation. The traditional is not all bad, declared Miss Gates, so let us not be too copyright minded.

She warned us also of being overly cautious in making "banned book lists." This is apt to be true in the racial and inter-racial field. "Little Black Sambo" is a striking example of what can and may happen, although it deals with the business of living as every little child experiences it. We must not read into books our own prejudices. Great books are written out of the hearts of writers to sink into the hearts of their readers.

BOOKS AFFECT CHARACTER.

The human soul cannot be measured nor graphed. It is difficult, therefore, to analyze the degree to which character is affected by books, yet it is our obligation to give certain types of books to our children and to provide time for the enjoyment of them. The "Invitation to Read" compiled by the New York Public Library, is a valuable compilation for all who arrange book lists of children's

literature. Books like "Wind in the Willows," "In My Mother's House," and the "Little House Stories," are filled with life situations in a setting of warmth, unity, security that is good and enjoyable for children.

Children have faith in the future. That is their contribution to us. Let us keep faith with their faith. Let us give them education of the heart. The world of the future will owe its security to the hearts and souls of its people—not to their machines.

Books, many, many books, and storytelling are most effective for this type of education.

Dr. Glenn Blough, United States Office of Education, and former high school teacher of science, took for the title of his address "Improving Reading Abilities Through Better Teaching of Science." For those of us who know Dr. Blough, his stubby, black pipe and his inimitable grin, his faculty of poking fun at us and with us and with himself, his address would gravitate, we were certain, back to that which dominates his thinking and doing—the drive to arouse a fuller appreciation of the child as an individual and to shape the materials and techniques of our teaching that each of these individuals may attain his ultimate potentiality.

The teacher, he felt, has come to be a "mountain maker" out of the "mole hills" of teaching the child.

For our peace of mind in 1952, Dr. Blough referred us to the report of Horace Mann in 1838 to the Boston School Committee in which he stressed the "need for improving reading." That same need has troubled educators for over a hundred years. Technique has followed technique. The need still prevails. Isn't it time to turn our attention to the child? Basic principles of teaching demand reconsideration if success in the content fields is to be achieved. Therefore, said Dr. Blough, let us

1. Stimulate such a love for reading that it will lead to self-initiated outside reading, despite the competition of movies and television.
2. Establish an atmosphere in which the child can succeed.
3. Provide a full, rich, reading program in which the teaching of skills is a component part of the work. Skills taught by artificial drills are rarely valuable.
4. Train the child to help himself. Success depends upon the degree to which this is achieved. Learning techniques should be given by the teachers to the child.
5. Develop a friendly, relaxed attitude in the classroom, encouraged by a competent, relaxed teacher.

Tense teachers working under pressure, worried, not sure of themselves, are quite apt to create poor learning situations. Be careful. Are we all too worried over this reading question? If so, to quote Dr. Blough, "Go take a walk; let nature clear our vision."

Of the five main speakers, Dr. A. Sterl Artley, University of Mississippi, did not measure up to the challenge of the title of his address "But I Can't Teach Them to Read." He planned his talk, it would seem, on the premise that his audience was not the professionally trained group that it most certainly was, although perhaps his recapitulations brought certain facts and findings again into our active consciousness.

CHILD AND NEEDS.

Failure in the content fields in grades four to twelve, he claimed, was founded in

certain attitudes of the teacher. First that there was "no time" for the reading phase of a subject. Is it subject matter or the child and his needs that govern what we teach? Secondly, teachers in these levels contend that they have had no training in this technique; the "know how" is missing. This he decried vigorously for his claim here was that we should be aware that we are teaching reading at every moment of the school day, adequately or inadequately in proportion to our grasping every opportunity for enrichment of vocabulary and experience.

At all grade levels, provision should be made for the child to react to what he has read. Let the child identify himself with the characters he reads. Vocabulary and concept then are a part of himself. This is essential and our teaching goal in reading should be the ultimate effect on the child of what he has read. Teaching reading *per se* does not really teach it. This is but a means to an end.

Dr. Artley summarized his philosophy with a few thought-provoking questions and statements. "I have had this child for a year; how different is he in June than he was in September? Have I done what I set out to do? No? Why not? Is the curriculum basic to my failure? Fumigate it."

"What we do is geared to our intentions."

"Better to put a song in the heart and on the lips, than to teach the value of a whole note."

Again, like the other speakers, he emphasized in that last statement that it is the whole child, his heart and soul, as well as his mind, that we are educating.

On Friday morning a rich program was arranged to discuss specific teaching interests. Thirty-seven group conferences were held, each concentrating on some one phase of content reading in each subject area in all levels.

At the Research Conference which I attended, Dr. Arthur Gates was the principal speaker. His topic this time was "Merits and Deficiencies of Some of the Studies in the Field of Reading." While most appreciative of the earnest, scientific work that has been basic to progress during recent years, Dr. Gates high lighted some of the pitfalls we should be watchful of in our zeal for that which promises better teaching for our children. The invalidity of many of these studies was due, he felt, to

1. The overenthusiasm of the experimenter whose belief in his own findings deadens his appreciation of need for deep scientific analysis.
2. The inclusion of too many different features in a given test which make it difficult to discover the exact feature which makes it valuable.
3. The lack of an impersonal attitude on the part of the experimenter. The cooperation of many teachers is "must," that they may use the test and check results before assertions are possible.
4. The failure to indicate the type of teaching used, systematic or opportunistic.

During the question period, Dr. Gates made the following positive statement: "I am glad to say we are getting away from remedial procedures. Remediation has been a greatly exaggerated need. The all-important fact is to locate the cause of failure early and to correct it in its beginnings."

The last speaker at the Conference was Trevor K. Serviss, editor, D. C. Heath & Company, and lecturer, Boston University, who spoke on the "Contributions of Literature to the Teaching of Reading." His keen appraisal of child psychology,

combined with a wealth of literary background, climaxed the Conference on Saturday morning.

"Where the right child and the right book come together, we have magic," declared Serviss. That this may be of more frequent occurrence, we must stimulate growth in curiosity, in sympathy, in modesty regarding personal strengths, and in spiritual attitudes. Effective development in these directions will most certainly emanate from the vicarious experiences presented in a carefully planned wide program of storytelling, poetry, and reading. Re-emphasis by repetition is a dominant factor in such growth, a factor that at present is not found in either radio or television.

"Some thoughts never die." Children and adults alike need these thoughts for stimulation to greater further achievements. The old-fashioned Friday afternoon reading period is a procedure worth reviving for in the relaxed period at the close of the week much sharing of book experiences was possible. In the field of literature, he stressed what Doris Gates had said the day before—that the copy-right date is not a factor that should influence choice in literary selection.

Serviss placed great stress on the statement of Francis Sayre that "Mechanics have crowded out the art of reading." The swing now in education is toward broad reading experiences. "Wide reading," stated Dr. Serviss, "is considered a cure for many remedial cases."

CONCERN OF TEACHER.

The greatest concern of the teacher, he felt, should be directed to the children who do not read; not to those who cannot read.

"Wisdom is all head and no heart" (Stevens, *Crock of Gold*). It is the intangibles of heart and soul that cannot be measured, yet it is these that make or break a child. What our power and love can do for children is immeasurable.

"Indeed," to quote Serviss, "that's all that's worth doing in life."

In summarizing the high lights of the Conference, I shall stress those trends in thinking that were common to many of the speakers. These might well be studied in their application, if any, to the procedures in our own elementary schools:

1. Emphasis on the mechanics of reading has made the attainments of skills the major goal in our reading program, overshadowing to a very serious degree the development of a love for reading.

2. Readiness as a technique in all subjects at all levels has never been as carefully analyzed and incorporated into our teaching as it must be. Readiness minimizes the need for remediation.

3. Remediation should become an ever decreasing need.

4. A wide reading program should be revived and with all its concomitants of dramatization and other types of pupil reactions become a very vital part of each elementary classroom. Such a program will do much to

5. Educate the whole child—his judgment, his emotions, his understandings and appreciations, his sense of spiritual values.

In conclusion I shall repeat what was said at the beginning of this report. Such meetings as the Conference of the New England Reading Association, provoke and promote educational thinking, and alerts us to emphases and trends that are new or less national in scope. Whether or not we adopt or adapt them is another story. But we cannot afford to be isolationists in education any more than in affairs of state.

S. M. Levin Company, Inc., \$4,564.

Upon December 29 the Mayor approved a contract in accord with the following letter:

BOSTON, December 20, 1952.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

In response to an advertisement in the *City Record* of December 20, 1952, the following list of bids was received and publicly opened and read aloud on this date for additional plumbing at the William Lloyd Garrison School:

Frank T. McDonald Company, \$3,251; Henry J. Lyons, \$3,334; Powers & Mehegan Company, \$3,446; D. J. Rull, \$3,520; J. M. McCusker Company, \$3,987; Joseph P. O'Hearn, \$3,935.

Relative to proposal submitted by Frank T. McDonald Company, under Item 2, the work to be performed by subcontractors, the Frank T. McDonald Company, submitted their own name as a subbidder for construction work in the amount of \$1,500. This proposal could not be accepted, as such, because Frank T. McDonald Company did not file a subbid proposal on December 24, 1952, as called for in Notice to Bidders.

Subject to your Honor's approval, I am awarding a contract to Henry J. Lyons, 140 Castle street, Boston, Mass., the lowest eligible bidder, in the amount of three thousand three hundred thirty-four (\$3,334) dollars.

Respectfully yours,

JAMES H. MOONEY,

Superintendent of Construction.

* Contract awarded.

INVOCATION BY REV. CORMAC DONGAN.

In the Name of the Father and of the Son and of the Holy Ghost. Amen.

We pray Thee, O God of might, wisdom, and justice, Through Whom laws are enacted and judgment decreed, assist us, Thy holy spirit of counsel and fortitude the members of this Body that their administration may be conducted with justice and be eminently useful to Thy people over whom they preside; by encouraging due respect for virtue and religion, by faithful execution of the laws of justice and mercy and by restraining vice and immorality. Let the light of Thy divine wisdom direct the deliberations of the Council and wisdom forth in all their proceedings, and freedom ever be our rule and governor so that they may tend to the preservation of peace, the promotion of civic happiness, the increase of industry, sobriety, and useful knowledge, and perpetuate to us the blessing of liberty. Through Christ our Lord. Amen. In the Name of the Father and of the Son and of the Holy Ghost. Amen.

The meeting was opened with the salute to the Flag.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments:

Weights of Goods for the term ending April 30, 1953: Philomena Scanlon, 33 Williams avenue, Hyde Park; Paul W. Henderson, 4 Franklin terrace, Hyde Park; Francis W. Sprague, 33 Knoll street, Roslindale; George E. White, 12 Pittsburgh street, Boston.

Severally referred to the Committee on Confirmations.

CONTRACTS FOR COLLECTION OF GARBAGE AND REFUSE.

The following was received:

City of Boston,
Office of the Mayor, December 22, 1952.
To the City Council.

Gentlemen:
I transmit herewith communication from the Commissioner of Public Works relative to your order of December 8, 1952, concerning the request for an appearance before the Executive Committee to answer questions concerning the collection of refuse.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
December 12, 1952.

Mr. Thomas C. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:
This is in reference to the following order that was passed in the City Council under date of December 8:

"Ordered, That the Public Works Commissioner, Health Commissioner, and Corporation Counsel be requested to appear before the Executive Committee to furnish details as to present contracts for the collection of refuse and garbage, especially on the matter of the advisability of having entered into these contracts for a term of more than one year without holding public hearings thereon contrary to the provisions of our city ordinances."

I shall be available to attend a meeting of the Executive Committee at a time convenient to the members of the City Council.

Very truly yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Referred to the Executive Committee.

"STOP" SIGNS AT HIGH AND WALKER STREETS, CHARLESTOWN.

The following was received:

City of Boston,
Office of the Mayor, December 22, 1952.
To the City Council.

Gentlemen:
I transmit herewith communication from the Commissioner of the Boston Traffic Commission relative to your order of December 8, 1952, con-

cerning the request for the installation of "Stop" signs at the junction of High and Walker streets, Charlestown.

Respectfully,
J. B. HYNES, Mayor.

Boston Traffic Commission,
December 15, 1952.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:
With reference to a Council order of December 8, 1952, ordering the Boston Traffic Commission to install "Stop" signs at the junction of High and Walker streets, Charlestown, our engineers report that Walker street is now a one-way street from Russell street to Main.

High street, at Walker street, is a "T" intersection so that the only movement from High street into Walker street is a left turn.

Since the traffic volume in both streets is relatively light it appears that there are no warrants which the State Department of Public Works will approve for "Stop" signs in this location.

Possibly some other intersection was in mind when this order was passed.

Sincerely yours,
WM. ARTHUR REILLY, Commissioner.

PEDESTRIAN SIGNALS AT BEACON STREET AND RESERVOIR ROAD.

The following was received:

City of Boston,
Office of the Mayor, December 22, 1952.
To the City Council.

Gentlemen:
I transmit herewith communication from the Commissioner of the Boston Traffic Commission relative to your order of December 8, 1952, concerning the request for the installation of push-button traffic lights at the intersection of Beacon street and Reservoir road, Brighton.

Respectfully,
J. B. HYNES, Mayor.

Boston Traffic Commission,
December 15, 1952.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:
With reference to Council order of December 8, 1952, requesting push-button traffic lights at Beacon street and Reservoir road, I wish to report that this "T" intersection borders on the town of Brookline and our accident record shows no pedestrian accidents during the past four years at this location.

In 1949 one auto collided with another and there have been two accidents of this type in 1952. The amount of pedestrian demand for crossing at this location is light and there would be no justification for installing a signal at this location in view of the many other locations in the city which are far more dangerous and where there is a far heavier volume of traffic.

As the Traffic Commission meetings for the year are completed and, rather than delay a report on this Council order until January, I submit the above information as an indication that the Traffic Commission will not approve of the installation of lights at Beacon street and Reservoir road at this time.

Sincerely yours,
WM. ARTHUR REILLY, Commissioner.

The following was received:

City of Boston,
Office of the Mayor, December 22, 1952.
To the City Council.

Gentlemen:
I transmit herewith communication from the City Commissioner relative to your order of November 21, 1952, concerning the request for a list of so-called pocket licenses.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Fire Department, December 17, 1952.

CONSTRUCTION OF INCINERATORS IN CERTAIN AREAS.

The following was received:

City of Boston,
Office of the Mayor, December 22, 1952.
To the City Council.
Gentlemen:

On September 29, 1952, I transmitted to your Honorable Body an order for the acceptance of

chapter 559 of the Acts of 1952, which act provides authority to the Metropolitan District Commission to construct incinerators in Metropolitan Boston.

In order that the Metropolitan District Commission, and our Public Works Department, may intelligently plan the construction of incinerators in Boston and in the Greater Boston area, it is essential that the aforementioned statute be accepted. I send you herewith a communication from the Commissioner of Public Works to that effect. I most respectfully request that the order now pending before your Honorable Body be adopted prior to the end of this year.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
December 22, 1952.

Hon. John B. Hynes,

Mayor of Boston.

Dear Mr. Mayor:

Under date of September 29, I sent a communication to your Honor relative to and enclosing copy of order which required the approval of the City Council, and which accepted, in substance, the provisions of chapter 559 of the Acts of 1952, authorizing the Metropolitan District Commission to erect incinerators in Boston at locations to be determined and approved at a subsequent date by the City Council.

It is my understanding that you forwarded the order to the Council, for consideration of that Body, on the date that I sent it to you. However, as yet, no action has been taken.

I respectfully request, therefore, that you direct the attention of the members of the City Council to this order, and ask them to give favorable consideration to it, because we may want to have the Metropolitan District Commission construct one or more incinerators within the city within the next year or two.

In any event, I feel that favorable action should be taken by the Council, because it does not commit the city to any M. D. C. program of incineration, but, at the same time, it permits the Council to take advantage of the provisions of chapter 559, if it desires to do so.

Respectfully yours,

GEORGE G. HYLAND,

Commissioner of Public Works.

Referred to the Committee on Ordinances.

NAMING OF INTERSECTIONS IN HONOR OF DECEASED VETERANS.

The following was received:

City of Boston,
Office of the Mayor, December 22, 1952.
To the City Council.

Gentlemen:

I submit herewith nine orders for the naming of various intersections in the city in honor of deceased veterans of World War I.

The Committee to Memorialize Veterans after due consideration has recommended the naming of the various sites as set forth in the accompanying list.

In a small way, this indicates our appreciation of their sacrifices, and it perpetuates in fitting fashion their memories as heroic citizens of Boston. Accordingly, I recommend that your Honorable Body give approval to the several orders.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Street Laying-Out Department,
December 12, 1952.

Hon. John B. Hynes,

Mayor of Boston.

Dear Sir:

At a meeting of the Committee to Memorialize Veterans on December 1, it was voted to designate the following intersections in honor of the following named veterans:

Elm Hill avenue and Hutchings street, Roxbury district, William J. Ginsburg Square. (Private Ginsburg, U. S. Army, was killed in action in Germany, March 7, 1945.)

G and Fourth streets, South Boston district, Arthur J. Mello Square. (Private Mello, U. S. Army, was killed in action in Normandy, June 6, 1944.)

Sever street and Rutherford avenue, Charlestown district, Francis J. Salvato Square. (Lieut. Salvato, Air Force Pilot, died in collision of two planes at Madagora Peninsula, Texas, February 29, 1944.)

Blue Hill avenue and Main streets, Charlestown district, Candeloro O. Salvato Square. (Private Salvato, U. S. Air Force, was killed over Japan, November 6, 1944.)

Blue Hill avenue and Mattapan street, Dorchester district, Robert N. Laufer Square. (Private Laufer, U. S. Army, was killed in action in Belgium, February 8, 1945.)

Fairmount avenue and Highland street, Hyde Park district, Joseph J. Carty Square. (Private Carty, U. S. Army, was killed in Germany, November 29, 1944.)

Buttonwood and Locust streets, Dorchester district, Walter J. Palwoda Square. (Staff

Sergeant Palwoda, U. S. Army, was killed in Luxembourg, December 19, 1944.)

Salem and Hull streets, Boston Proper District, Anthony V. Desimone Square. (Lieutenant Desimone, U. S. Army, was killed in France, July 12, 1944.)

Michelangelo and Charter streets, Boston Proper District, Liberto J. Desistano Square. (Private first class Desistano, U. S. Army, was killed in Belgium, December 18, 1945.)

A copy of this communication is being forwarded to the City Council for appropriate action.

Respectfully submitted,

LAWRENCE W. COSTELLO, Secretary.

AMENDMENT TO COUNTY COMPENSATION AND CLASSIFICATION PLAN.

The following was received:

City of Boston,
Budget Department, December 22, 1932.
To the City Council.
Gentlemen:

Under General Laws (Ter. Ed.) c. 35, s. 51, as amended, your Honorable Body has referred to me for report an order which, if passed, would amend Rule 19 of the Classification and Compensation Plan for the officers and employees of Suffolk County so as to read as follows:

"Rule 19. Appeals. Any incumbent aggrieved by the allocation or classification of his office or position may, in writing, appeal to the Mayor. All appeals shall immediately be referred to the Compensation Review Board who shall investigate the merits thereof, granting the appellant full notice and hearing in connection with such investigation. The Board shall then submit a full report to the Mayor and Council.

For the purpose of this rule, the Compensation Review Board shall include a representative of organized labor."

Rule 19 is now in force reads:

"Rule 19. Appeals. Any incumbent aggrieved by the classification of his office or position may, in writing, appeal to the Mayor. All appeals shall be referred to the Compensation Review Board who shall investigate the merits thereof and report to the Mayor. The action by the Mayor in relation thereto shall be final."

Presumably the Compensation Review Board meant is the Compensation Review Board established by the Mayor in connection with the City Compensation Plan; but whether it is that Compensation Review Board or a Compensation Review Board, as specially created by the Mayor and City Council would seem immaterial, for it is my understanding that the statutes governing the County plan do not permit in either classification or compensation appeals the use of any board or officer except the Budget Commissioner.

Accordingly, I recommend that the order presently pending before your Honorable Body be rejected.

Respectfully,

JOHN A. SULLIVAN,

Budget Commissioner.

The report of the Budget Commissioner and the order were referred to the Executive Committee.

ELECTION OF MEMBERS OF BOARD OF RECREATION.

Notice was received from the School Committee of election of Joseph Lee and Frederick J. Gillis as members of the Board of Recreation for the term ending December 31, 1934.

Placed on file.

SALARIES OF CERTAIN COUNTY OFFICIALS.

Coun. JOYCE offered the following:

Ordered, That chapter 591 of the Acts of 1932 entitled "An Act Increasing Salaries of the Superintendent and Assistant Superintendent of the Suffolk County Court House" be, and hereby is, accepted.

Referred to the Committee on Ordinances.

REPORT OF COMMITTEE ON ORDINANCES.

Coun. WARD, for the Committee on Ordinances, submitted the following:

1. Report on order (referred August 21, 1930) accepting chapter 338 of Acts of 1930 providing

that cities and towns may make temporary minor repairs on private ways therein in certain cases—recommending no further action necessary.

The report was accepted.

2. Report on message of the Mayor and ordinance (referred October 27) relative to award of certificate of appreciation on behalf of the City of Boston and the County of Suffolk—that same ought not to pass.

The report was accepted. The ordinance was rejected.

CITY-OWNED PROPERTY NEAR HOUSING PROJECTS.

Coun. PIEMONTE offered the following:

Whereas, It is a recognized principle of city administration to have the ownership of school buildings, fire stations, etc., emanate from the City Planning Board; and

Whereas, Such a procedure is conducive to good administration and provides for due consideration of the long-range factors involved; and

Whereas, This administration has expressed a desire that such a procedure be followed, which has been demonstrated by orders presented to the Council, and as was recommended by the Boston Finance Commission; and

Whereas, The City of Boston has a Board of Real Estate Commissioners whose duty it is to list all properties to which the City of Boston has title;

Whereas, There are now in process of construction or in the planning stage several housing projects in the City of Boston; and

Whereas, Schools will be erected in the vicinity of these housing projects as is consistent with

Boston's policies and foremost position in the field of education; and

Whereas, Erecting schools on land already in the possession of the City of Boston will reduce the cost of the same; now, therefore, be it

Ordered, That his Honor the Mayor request the Board of Real Estate Commissioners and the Planning Board to forward immediately to the School Committee a list of all properties to which the City of Boston has title which lie within a radius of one mile from any housing project now being built or contemplated.

Passed under suspension of the rules.

Caroline Capua, 212 Curtis street, Medford, in the sum of \$150, as compensation for personal injuries caused by a hole in the sidewalk in front of 600 Harrison avenue, Boston, March 28, 1932.

Michael H. Murray, 21 Russell street, Charlestown, in the sum of \$50, as compensation for damage to property at above address caused by the backing up of a sewer, June 17, 1932.

Frank Altieri & Son, 10 Faneuil Hall square, Boston, in the sum of \$225, as compensation for damage to property at above address caused by a leak in the water main in Corn court, August 11, 1931.

CITIES' RELIEF ROLLS RISE.

General relief case loads showed an increase of 9 per cent from January 1 to March 1 in a representative group of 15 major cities, as compared with an increase of 5.6 per cent during the first two months of 1948 in the same cities, according to a recent survey by the American Public Welfare Association. General relief case loads do not reflect all unemployment because many newly jobless are drawing unemployment compensation and are not on general assistance rolls. Cities where case loads have mounted included Boston, Buffalo, Cincinnati, Milwaukee, Minneapolis, and Philadelphia. General assistance means relief to the indigent, as distinguished from the three major categories of federal aid given under the Social Security program—aid to dependent, to the aged, and to the blind.

PUBLIC HEALTH NURSES.

Public health nurses were first employed by the Boston Health Department in 1910. The reason for their employment and the scope of their work has changed over the years but their objective of education in health practices remains essentially the same. In September, 1924, the Health Department took over the child hygiene work, both clinics and home visitation, from the Community Health Association, which is now the Visiting Nurse Association. As a result of the additional work entailed, 20 nurses were added to the staff. In January, 1952, the program was put on a generalized basis and all nurses then in the Health Department were placed under a nurse director. Each nurse was given a district and did all the required work in her area.

MORE CITIES ADOPT RETIREMENT PLANS.

Retirement systems now are in effect for some or all municipal employees in 981 of the 1,072 cities over 10,000 population. During the past five years the number of cities covering all their employees has increased from 341 to 649, according to *The 1949 Municipal Year Book*. Of the cities over 10,000 with no retirement plans, 97 per cent have less than 25,000 population. The survey in the *Year Book* reveals a marked shift away from retirement plans for special groups such as policemen or firemen towards general plans for all city employees.

VOL. 45

SATURDAY, JANUARY 10, 1953.

No. 2

MAYOR JOHN B. HYNES IN ANNUAL MESSAGE HOPES FOR LEGISLATIVE AID IN EFFORTS TO CUT BOSTON TAX RATE—LISTS OBJECTIVES FOR HIS ADMINISTRATION FOR THIS YEAR AS REDUCTION OF COSTS IN PERSONNEL, REVALUATION OF ALL CITY PROPERTY, REDUCTION IN ABATEMENT PETITIONS, BATTLE AGAINST UNFAIR MTA ASSESSMENTS TO ERASE DEFICIT BURDEN ON CITY, AND EFFORTS TO ATTRACT NEW BUSINESS.

BOSTON PARK "RECREATION CENTERS" NEW NAME ADOPTED FOR MUNICIPAL GYMNASIA BY PARK DEPARTMENT AS APPROVED BY MAYOR HYNES—CHANGE AIMS TO KEEP ABREAST OF EXPANDING PROGRAMS—TO USE MUNICIPAL BUILDINGS IN ADDITION TO "GYMS."

Mayor John B. Hynes has announced that he has approved the recommendation of Chairman Frank R. Kelley of the Boston Park Commission that, in the future, the municipal gymnasias will be known as Boston Park "Recreation Centers." This change will be made in order to keep abreast of the expanding Boston Park recreational programs.

The present Boston Park Gymnasium system was the first public gymnasium

NO PARKING RULES ENFORCED IN MARKET DISTRICT BY TRAFFIC COMMISSIONER WILLIAM ARTHUR REILLY—MOVE MADE TO EASE CONDITIONS CAUSED BY CROSS STREET CLOSING DUE TO SEWER CONSTRUCTION.

Traffic Commissioner William Arthur Reilly, on January 5, announced that because of the sewer construction by the Massachusetts Department of Public Works in Cross street, from North street to Commercial street, it will be necessary to make special no parking regulations in Fulton street, South Market street, North Market street, North street, Clinton street, Commercial street, Commerce street, and Chatham street.

These stringent regulations will be strictly enforced by the Police Department as the only manner of providing any

(Continued on page 24.)

In delivering his annual message to the City Council on Monday, January 5, Mayor John B. Hynes spoke as follows:

In the annual message to the City Council, it has been customary for the Mayor to enumerate and recount the activities and accomplishments of the municipal government during the preceding year.

Today, to a great extent, I shall depart from that custom in order that I may give emphasis to those matters which have a strong influence in the present and future course of the city government.

However, it can be stated that advances have been made and substantial progress realized in the various branches and functions of the city. Brief references will be made in this talk to a few of the advances we have achieved.

At the outset of this discussion, let me report that the current situation of our municipality, on the whole, is fairly good.

Improved Efficiency.

The required municipal services are being provided with improved efficiency; our structures and plant are in reasonably good condition; our major outlays are within our limitations; our obligations are being met with regularity; our credit rating is good.

The gross and the net debt of the city have been substantially reduced.

Unless there is a decided change in general economic conditions, we can expect no decided change in our own economic condition as a municipality.

It is obvious, however, that the gray clouds which hover above us have neither disappeared nor grown smaller. They are still there, an ominous warning that we be prepared for the showers, the rains, or the floods which might, at any time, descend upon us.

Almost every large city in America which is an urban center is beset with many difficulties, some old, and some of recent development. In none of these metropolitan cities are the difficulties more deep-rooted, more pronounced, or more numerous than those which face our old city.

Area Small.

Unlike most large cities, our area is small. Consequently, the process of decentralization is more quickly felt in Boston than in those cities whose areas still include space for expansion.

Unlike most large cities, our income base is narrow. Three quarters of the cost of our municipal government is borne by owners of real estate. Consequently, our tax rate is higher than in the other large cities, whose tax base may include a sales tax, a payroll tax, occupational, utility, or other taxes.

When comparisons between Boston and other large cities are made, it must be kept in mind that, in almost every case, Boston operates within a lesser area, and without the sources of income available to these other cities.

From thy hills looking down on the ship-teeming plain of the ocean;
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion."

ANNUAL ADDRESS OF HON. JOHN B. HYNES BEFORE THE BOSTON CITY COUNCIL.

(Continued from page 21.)

If the artificial boundary lines between Boston and Greater Boston were removed, as some day they will be, and if Boston did not have to rely on real estate for its chief source of income, our tax rate would be comparable to that of any other large city, and our competitive position greatly strengthened.

I strongly recommend to the Legislature, and to all civic organizations, serious consideration of the possibility of the formation of a Greater Boston municipality, and the possibility of an equitable broadening of the present unfair tax base.

Until either of these possibilities becomes a reality, the most prudent, efficient, and watchful management of the city's affairs will avail but little. Boston's basic problems are of major proportions. They call for action on a major scale. They call for the concerted support of all those who realize that a sound, healthy, progressive Boston is essential if we are to have a sound, healthy, and progressive commonwealth.

While we await the major assistance which must be forthcoming, it is our obligation to strive constantly to provide the services of a municipal corporation with efficiency; with an eye to present and eventual costs; and, necessarily, with consideration for the taxpayer.

EXPECTS GOOD RESULTS.

With these policies in mind, we have entered upon a period of changes in municipal administration which I expect will be productive of good results. For example, we have broadened the powers of the City Planning Board so that the recommendations and the plans of this body of very fine, civic-minded citizens may guide our expenditures of a capital nature. In that respect, a capital outlay budget, necessarily of some flexibility, will be followed. Major expenditures, to be paid for in the future, will not receive approval until first given the approbation of the City Planning Board.

The first long step in the problem of personnel relations has been taken in the adoption of the Classification and Compensation Plan. This plan, which has brought some order and justice out of a chaotic personnel situation, must be, and will be, rigidly adhered to. Any attempts to break it down, or circumvent it, by individuals or groups should, and will, receive little encouragement. Personnel costs now represent by far the predominant charges of municipal government. Their upward climb must be checked.

We must always remember that government is not conducted for the benefit of employees, but, at the same time, we must give to employees a fair return for their services. The present plan is a fair one. It is beneficial, if not generous, to the great majority of city workers. It is, therefore, expected of all employees that they produce in accordance with the requirements of their individual positions.

If the city is to maintain the present scales of compensation, and if the present plan is to remain worthwhile, it is obvious that we must get along with a lesser number of city employees. A determination of the number of employees necessary for efficient municipal administration is the second, and perhaps most important, factor in the problem of personnel costs. It is the problem to which we will devote considerable attention

in the immediate future. It is not my intention, incidentally, to discharge any persons now in the employ of the city.

In this connection, the proposed reorganization of city departments and functions will result in a need of fewer employees. This proposed reorganization of city departments, substantially as recommended by the Finance Commission Administrative Survey, will be submitted to the City Council when enabling legislation is adopted by the 1953 Legislature. The reorganization contemplates the reduction of the number of existing departments from more than thirty to ten or twelve major departments. The prime purpose of such reorganization is greater efficiency at lesser cost.

REVALUATION OF PROPERTY.

During 1953 we shall go forward in the program of revaluation of all city properties. Never in the history of the city has there been a logical scientific basis for property valuations. We believe that such a comprehensive revaluation is not only imperative in the light of equity to all parties, but we also believe it will result in a greatly reduced number of petitions for abatements, which are now, and have been for some time, the bane of city administrations.

The year 1953 presents many problems, some of which we can wrestle with and solve within our own authority, and others about which we can, by and of ourselves, do little.

The MTA, for instance, continues to be a growing source of expense to the city. In the 1953 tax computation we will be required to provide some \$6,500,000 for MTA deficits. This deficit is greater than the appropriation made for any but the very largest city departments.

Certainly, the time has come for a more realistic attitude toward this essential facility. Mass transportation is a necessity—a daily necessity for some, an occasional necessity for others. It must be maintained.

It is inconceivable, however, that the taxpayers of Boston should continue to pay 64 per cent of the annual deficit of the road.

I call upon the incoming Governor and Legislature to give the present and future status of mass transportation prompt consideration. The annual MTA deficit, growing in proportions, is one of the chief obstacles to a lower tax rate in Boston.

The combined problem of traffic and parking, a most pressing and acute problem, will receive our close study during the year. To improve the present traffic situation may call for the adoption of drastic remedies. More off-street parking facilities similar to the one completed and in operation at Winthrop square will be constructed.

TO ATTRACT BUSINESS.

With the approval of the City Council, and from the receipts of parking meters, parking areas in local shopping communities will be laid out in various sections. There is no better way, in my estimation, to retain and attract business to our city than by providing these much-needed facilities. It is also my expectation that the construction of the long-awaited underground garage at Boston Common will begin this year.

In concluding this message, let me state that I have not attempted to review or recapitulate all of the activities or problems of the city government. Suffice it for me to report that our number one prob-

lem is a forbiddingly high tax rate, which is the main reason for the discouragingly low amount of new taxable construction in our city. In happier days the ordinary increases in municipal costs were met by the return from such new construction. No longer is this so. In fact, we are losing, by way of nontaxable improvements, more than we gain each year.

Manifestly, and in the absence of any substantial new revenues, we must cut our cloth so that the already high tax rate will not go higher. This means most careful scrutiny of all city expenditures. It means economies, such as those now being made at the City Hospital. It means dispensing with certain services, such as the East Boston Ferry, which no longer serve their original purpose. It means we

must look with coolness upon any legislative proposals which increase the cost of government, regardless of who sponsors such legislation. It means watching the minor expenditures, as well as the major expenditures. It means the continued co-operation of the City Council with the Mayor; and the active cooperation of all our citizens.

By doing our best with the tools at hand; by eternal watchfulness; by constant effort; and by stout resistance to pressure groups, organized or not, we can guide our city through this period of anxiety and transformation, so that it will be in position to go forward to a more encouraging future.

The sum total of our common efforts can, and will, result in a better Boston.

MAYOR APPROVES "RECREATION CENTERS" AS NEW NAME FOR CITY'S GYMNASIA.

system in America. This program of public physical education paved the way for the introduction of the present system of physical education in the public schools. It has served as a physical training center for many nationally known athletes during the past fifty years, along with the many police, fire, and penal institutions officers who were Civil Service candidates. In addition, a varied program of physical education, competitive sports, dancing and games for children and adults has been offered the public, along with the "mother's afternoon gym class" which gained great popularity in the past.

These "Recreation Centers" will take full advantage of all facilities in the municipal buildings in addition to the gyms. The auditoriums will now be utilized in the recreational programs offered in each community. This expanded program will include music, drama, choral groups, talent shows for young and old, arts and crafts along with the regular physical education program with organized athletic leagues and sporting events.

To aid in the development of the newly designated "Recreation Centers", 12 qualified young women recreation leaders have been added to the present staff to assist in the expanding activities offered now to girls and women.

This progressive step, instituted by the "recreation minded" Mayor of Boston, directed by his able Park Commissioner, Frank R. Kelley, will be administered by Director of Recreation Patrick J. Ryan and his staff of experienced recreation instructors.

NO PARKING RULES IN MARKET DISTRICT.

relief for the movement of the traffic dislocated by the Cross street closing.

The custom of angle parking which has grown up in this section will be completely eliminated.

It may be necessary, if the above restrictions are not sufficiently effective, to bar tractor-trailer trucks from the entire area between 8 A.M. and 6 P.M. daily.

The above emergency regulations will be required for a period of not less than two months, effective beginning Tuesday, January 6.

MIZRACHI WOMEN'S ORGANIZATION WEEK DECLARATION.

Whereas, Thousands of Youth Aliyah children in Israel are in urgent need of academic, vocational, agricultural, and religious and general education; and

Whereas, Tens of thousands of additional children must be brought to haven in the Jewish State from countries of the Middle East during the coming year; and

Whereas, Newcomers of all ages require social service facilities, so that they may integrate effectively into the life of their new land; and

Whereas, The Mizrahi Women's Organization of America, major women's religious-Zionist organization in the United States, is striving to meet these needs through its extensive network of child care, social service, and educational institutions in Israel; and

Whereas, During the month of January the 50,000 members of the Mizrahi Women's Organization will seek to enlist the support of large numbers of American Jewish women as active members to join in the task of meeting these needs; now

Therefore, I, John B. Hynes, Mayor of the City of Boston, do hereby declare the week of January 4-10, 1953, as "Mizrahi Women's Mother-Daughter Membership Week" in Boston, and do extend the greetings of the people of this city to the Mizrahi Women's Organization of America, and call upon the citizens of this community to join in these humanitarian efforts of Mizrahi women which are bringing comfort, happiness, and renewed faith to children and newcomers in the State of Israel.

J. B. HYNES, Mayor.

CIRCULAR LETTER NO. 42.

CITY OF BOSTON,
MAYOR'S OFFICE, December 30, 1952.
To the Heads of All City Departments.

Effective January 5, 1953, the board or officer in charge of every department subject to Circular Letter No. 26 of August 5, 1952, shall each day, including Saturdays, Sundays, and legal holidays, report, or cause to be reported, to the Corporation Counsel, on a form obtained from the Superintendent of Printing and signed by such board or officer or a duly authorized representative thereof, every employee in such department who is absent on such day for any cause other than scheduled vacation, holiday, or military leave. Such report shall state the name of each such employee, the title of the position he holds in the city

service, the hospital or other address at which he is currently staying, how long in terms of days he has currently been absent, the alleged reason for his absence, and such remarks, if any, as the person signing the report may, of his own personal knowledge, be able to make concerning the employee's fidelity to duty and the honesty of the reason given for the employee's absence. The reports required by this executive order shall be made by delivery in hand to the office of the Corporation Counsel, 11 Beacon street, Boston, before twelve o'clock noon on the day they are due, unless the department operates on more than one shift, in which case a separate report for each shift shall be delivered before the expiration of the fourth hour of such shift. If the building at 11 Beacon street is closed at the time any report is due, the same shall be delivered to the police officer in charge at City Hall for transmission to the Law Department or its duly accredited representative.

JOHN B. HYNES,
Mayor.

CIRCULAR LETTER NO. 1.

CITY OF BOSTON,
MAYOR'S OFFICE, January 2, 1953.
To All Department Heads.

GENTLEMEN:

Chapter 111 of the Acts of 1951 provides that every officer and board in charge of a department of the city or county shall, on or before the sixth day of February in each year, prepare and furnish to the City Auditor a list of the officials and employees under said officer or board and paid by the city or county on the first day of February preceding, giving the name, residence by street and ward, designation, compensation, date of election or appointment of each of said officials and employees, and the date when each first entered the employ of the city or county. The blanks, when prepared, should indicate not only the names of those persons receiving compensation on departmental payrolls as of February 1, 1953, but also those serving in an honorary position without salary. Names of persons on leaves of absence, without pay, should not be listed.

In order to facilitate compliance with the provisions of this law, uniform blanks have been prepared to be used by every department making the return required. A supply of these blanks may be obtained at the office of the City Auditor. The list must be forwarded in duplicate to the office of the City Auditor. Sufficient blanks will be furnished to allow for a third copy, to be retained by the department, if so desired.

Under the column listed as "Designation" on the blank to be filled out, the title now listed under the Compensation and Classification Plan must be used.

The preparation of this list and summary is a matter of considerable importance and should command your personal attention.

Respectfully,

J. B. HYNES, Mayor.

CIRCULAR LETTER NO. 2.

CITY OF BOSTON,

MAYOR'S OFFICE, January 2, 1953.

To All Department Heads and County of Suffolk Officers.

GENTLEMEN:

Chapter 624 of the Acts of 1952 provides for increases in the amounts of pensions, retirement allowances and annuities payable to certain former employees of the city and county and was accepted by the City Council and approved by me on January 2, 1953.

The increases provided in the act apply only to those retired or pensioned prior to April 1, 1951, and its main provisions are as follows:

1. Those persons who at the time of retirement had attained age fifty-five and had at least fifteen years of service shall receive an increase of \$100, provided that the total pension or retirement allowance as so increased shall not exceed \$2,500.

2. If the total pension or retirement allowance as so increased payable to an employee who at the time of such retirement had attained age sixty and had at least twenty-five years of service is less than \$1,200, it shall be increased to \$1,200.

3. If the total pension or retirement allowance as so increased payable to an employee who at the time of such retirement had attained age sixty-five and had at least thirty-five years of service is less than \$1,500, it shall be increased to \$1,500.

4. If an employee has been pensioned or retired for accidental disability he shall receive an increase of \$100, regardless of his years of service provided that the total pension or retirement allowance as so increased shall not exceed \$2,500.

5. The annuities payable under Section 89 or 89a of chapter 32 of the General Laws, or any similar special law, shall be increased by \$100.

The Boston Retirement Board will take the necessary action to grant the increases to those persons retired under the provisions of the two contributory retirement systems, including payment under certain options.

For those persons pensioned or retired under non-contributory acts, the heads of departments and county officers are directed to make the necessary changes in the pension rolls of their departments or offices beginning with the first day of January, 1953.

Respectfully,

JOHN B. HYNES, Mayor.

PROCEEDINGS OF CITY COUNCIL.

Monday, December 29, 1952.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M., President PIERMONT in the chair, and all the members present.

The meeting was opened with the salute to the Flag.

VETO OF ORDER INCREASING SALARY OF MEMBERS OF THE POLICE DEPARTMENT.

The following was received:

City of Boston.

Office of the Mayor, December 29, 1952.
To the City Council.

Gentlemen:

I return herewith, without my signature, and disapproved, the order for the acceptance of chapter 586 of the Acts of 1952, which provides salary increases for members of the Police Department.

The annual cost of providing the increases as set forth in the aforementioned act would be in the vicinity of \$1,800,000, which sum includes similar increases which would customarily be granted to members of the Fire Department. Of itself, this amount would mean a tax-rate increase of \$1.25, and would also result in a concerted demand on the part of all other employees for similar increases.

In 1953 it is my intention to include in the annual budget increases for policemen and fire-fighters which will cost the city about \$850,000 annually. This is the best and most which can be done under present circumstances.

Respectfully,

J. B. HYNES, Mayor.

Placed on file.

TRAFFIC SIGNALS AT BOYLSTON AND IPSWICH STREETS, WARD 5.

The following was received:

City of Boston.

Office of the Mayor, December 29, 1952.
To the City Council.

Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of December 15, 1952, concerning a request for the installation of traffic lights on the corner of Boylston street and Ipswich street, in Ward 5, and at 1255 Boylston street.

Respectfully,

J. B. HYNES, Mayor.

Boston Traffic Commissioner.

December 23, 1952.

Hon. John B. Hynes,

Mayor of Boston.

Dear Mr. Mayor:

Your reference to Council order of December 15, 1952, ordering that the Traffic Commissioner be requested to install traffic lights at the corner of Boylston and Ipswich streets and at 1255 Boylston street, in Ward 5, I wish to report that we have traffic lights which were installed on November 21, 1951, at Boylston, Hemenway, and Ipswich streets.

It is assumed, therefore, that the request is for traffic lights at the opposite end of Ipswich street.

Consideration will be given to this Council order, including the location at 1255 Boylston street.

There is now pending an appropriation order for traffic signal lights to be installed in 1953 and the locations which will be selected for this program will be more definite when that appropriation is made available.

Sincerely yours,

WM. ARTHUR REILLY, Commissioner.

Placed on file.

EXTENSION OF DATE OF APPEAL BEFORE COMPENSATION REVIEW BOARD.

The following was received:

City of Boston.

Office of the Mayor, December 29, 1952.
To the City Council.

Gentlemen:

I transmit herewith communication from the Budget Commissioner relative to your order of December 15, 1952, concerning the request that the final date of appeal to the Mayor's Compensation Review Board be extended until December 22, 1952.

Respectfully,

J. B. HYNES, Mayor.

City of Boston.

Budget Department, December 29, 1952.

Hon. John B. Hynes,

Mayor of Boston.

Dear Mr. Mayor:

I am in receipt of City Council order passed December 15, 1952, and reading as follows:

"Ordered, That his Honor the Mayor direct that the final date of appeal to the Mayor's Compensation Review Board be extended until December 22, 1952, or until such other time as in his judgment seems advisable."

The Compensation Review Board, of which I am chairman, has already voted to extend the date for filing appeals by city employees to December 22, 1952. The committee also is inclined to accept appeals filed subsequent to December 22, 1952, by individual employees, provided a reasonable explanation can be given for the delay.

Very truly yours,

JOHN A. SULLIVAN,

Budget Commissioner.

Placed on file.

REQUEST FOR LEGISLATION TO ERECT ARENA FOR INDOOR SPORTS.

Coun. PIERMONT offered the following:

Whereas, It appears that the Boston arena, the home for indoor winter sports is to be sold

to private industry, thus depriving some fifty Greater Boston athletic teams of a site for school-bus hockey games and other such indoor winter sports and

Whereas, It is a recognized principle that athletics are an important function of our educational program and in the physical development of our youth, and a formidable deterrent to juvenile delinquency; and

Whereas, It appears to be penny wise and pound foolish to adopt or follow any civic policy which does not provide for adequate recreational facilities; and

Whereas, The need is not Boston's alone, but that of the youth of the entire Greater Boston area; and

Whereas, The present Metropolitan District Commission assessment of maintenance costs places a disproportionate burden on the taxpayers of Boston, now, therefore, be it

Resolved, That his Honor the Mayor request the Corporation Counsel to prepare and draft suitable legislation authorizing establishing a board to erect and maintain a suitable area to house indoor sports; the supervision, cost and maintenance of the same to be borne by the communities to be served; with adequate provisions enabling charges to be made for the use and administration of the facilities and acceptance of gifts of moneys from private persons, corporations, or other sources; and such other provisions as may be necessary or desirable to carry out the intent to provide the youth of Greater Boston with facilities to engage in healthful indoor winter sports competitions, and that the same be filed with the General Court.

The resolution was adopted under suspension of the rules.

INCREASING PENSIONS, RETIREMENT ALLOWANCES, ETC., OF CERTAIN FORMER PUBLIC EMPLOYEES OF SUFFOLK COUNTY.

Coun. PIEMONTE offered the following: Ordered, That chapter 624 of the Acts of 1952, entitled "An Act Relative to Increasing the Amounts of Pensions, Retirement Allowances and Annuities Payable to Certain Former Public Employees," be, and hereby is, accepted by the City Council of Boston, on behalf of the employees of Suffolk County.

Referred to the Executive Committee.

SUMMARY OF WINTER OUTDOOR RECREATIONAL FACILITIES.

Coun. FOLEY offered the following: Ordered, That the Board of Recreation be requested to prepare a brief summary of present winter outdoor recreational facilities in the City of Boston, stating in particular:

1. Their observation as to the average number of days during the winter that the flooded skating areas are usable.
2. What facilities have been provided—and what facilities the Board thinks should be provided for outdoor basketball.
3. What facilities are provided and what facilities are needed for skiing and similar snow sports, and be it further

Ordered, That said report be furnished to the City Council by January 15, if possible.

COMMENDATIONS TO BERNARD O'SULLIVAN.

On motion of the full Body, Bernard O'Sullivan, an attaché of the City Council, who has been called to the armed services, was taken to the rostrum, and presented a token of affection and appreciation for his services.

EXECUTIVE COMMITTEE REPORTS.

Coun. WHITE, for the Executive Committee, submitted the following:

1. Report on order (referred January 21) re veterans' graves, extension of burials to allied forces in Korean conflict—recommending no further action necessary.

The report of the committee was accepted.

2. Report on order (referred today) for allowance in 1953 budget of a sum to obtain services of competent, recognized expert in field of municipal finance for February and March, 1953—recommending reference to Committee on Rules.

The report of the committee was accepted and said reference ordered.

3. Report on communication of Police Commissioner (referred today) relative to increasing weekly basic salaries of matrons in the House of Detention—recommending passage of the following order:

Ordered, That in concurrence with the Police Commissioner the salaries of matrons at the House of Detention for Women be established as follows: Chief matron at \$65.42 a week, to take effect as of April 1, 1952.

Assistant chief matron at \$59.66 a week, to take effect as of April 1, 1952.

The report of the committee was accepted and the order was passed.

4. Report on order (referred today) for acceptance of chapter 624 of Acts of 1952, relative to increasing pensions, etc., to certain former public employees of Suffolk County—that same ought to pass.

The report was accepted and the order was passed.

5. Report on new draft of ordinance (referred December 22) concerning salaries of certain officials, amended, by increasing the salaries of four assessors from \$7,500 to \$8,500 a year—recommending passage of the ordinance.

Said ordinance is as follows:

An Ordinance Concerning the Salaries of Certain Officials.

Be it ordained by the City Council of Boston, as follows:

SECTION 1. Chapter 3 of the Revised Ordinances of 1947 is hereby amended by striking out

section 5, as amended, and inserting in place thereof the following:

SECT. 5. Holders of the following offices shall receive the annual salaries respectively set against such offices, which salaries shall, except as otherwise provided by ordinance, be in full for all services rendered to the city and county, shall be apportioned in the event of service on part of a year, and shall be subject to deduction for any and all sums due to the city or county from such office holder:

1. The chairman of the board of assessors, ten thousand five hundred dollars; and the other four members of said board, eighty-five hundred dollars each.
 2. The city auditor, twelve thousand five hundred dollars.
 3. The budget commissioner, ninety-five hundred dollars.
 4. The building commissioner, eleven thousand dollars.
 5. The city clerk, nine thousand dollars.
 6. The clerk of committees of the city council, seven thousand and sixty dollars; the assistant clerk of committees, fifty-four hundred and sixty dollars; and the two secretaries in the clerk of committees department, thirty-eight hundred and sixty dollars each.
 7. The city collector, ten thousand five hundred dollars.
 8. The corporation counsel, twelve thousand five hundred dollars.
 9. The chairman of the board of election commissioners, eighty-five hundred dollars; and the other three members of said board, seventy-five hundred dollars each.
 10. The fire commissioner, twelve thousand dollars.
 11. The health commissioner, ten thousand five hundred dollars.
 12. The commissioner of institutions, ninety-five hundred dollars.
 13. The city messenger, seven thousand and sixty dollars; the assistant city messenger, forty-eight hundred and sixty dollars; the document clerk, forty-three hundred and sixty dollars; the assistant document clerk, thirty-five hundred and sixty dollars; and the two stenographer-clerks in the city messenger department, thirty-five hundred and sixty dollars each.
 14. The chairman of the board of park commissioners, ten thousand five hundred dollars.
 15. The penal institutions commissioner, eighty-five hundred dollars.
 16. The superintendent of printing, nine thousand dollars.

 24. The chairman of the Boston traffic commission, ninety-five hundred dollars.
 25. The city treasurer, ten thousand five hundred dollars.
 26. The director of veterans' services and soldiers' relief commissioner, eighty-five hundred dollars.
 27. The scaler of weights and measures, seven thousand dollars.
- Each member of the board of appeal shall receive for every day or part thereof of actual service twenty-five dollars; but in no event shall any member of said board receive in any one year more than thirty-five hundred dollars in the aggregate for services rendered by him under the building code and the zoning law. Each member of the board of examiners, and the appellate member of the board of commissioners of assessors, shall receive for every day or part thereof of actual service fifteen dollars, but in no event more than fifteen hundred dollars in any one year.
- The deputy assessors shall be compensated as if they held an office allocated to Grade No. 30 of the compensation plan from the time of their appointment in effect for Suffolk County; and the assistant assessors shall be compensated as if they held an office allocated to Grade No. 19 of said compensation plan; and the auctioneer in the real estate department shall be compensated as if he held a position allocated to Grade No. 30 of said compensation plan.
- SECT. 2. The provisions of section one of this ordinance relating to the deputy assessors, the assistant assessors, and the auctioneer in the real estate department shall take effect as of April 2, 1952. The provisions of said section one relating to the members of the board of examiners, the board of assessors, and the board of examiners of gasfitters shall take effect on January 1, 1953. The other provisions of said section one shall take effect on December 31, 1952.
- The report of the committee was accepted. The ordinance as submitted by the Mayor on December 15, 1952, was rejected.

COUN. HAILER moved to amend the ordinance in the new draft, by striking out in clauses 1 to 27, inclusive, the salaries of officials appearing therein and inserting in place thereof the present salaries of such officials.

The amendment was lost.

The ordinance as submitted by the Executive Committee was passed.

6. Report on order (referred December 22) repealing from County Classification and Compensation Plan insofar as they relate to County Treasurer, County Auditor, and Deputy County Auditor—that same ought to pass.

The report was accepted and the order was passed.

REQUEST TO FLOOD ALL PLAY AREAS FOR SKATING.

COUN. PIEMONTE offered the following:

Whereas, It appears that the playgrounds in the Hyde Park area of Boston have been overlooked as a medium for the sport of skating; and Whereas, It has been evidenced that there is a great demand for this type of sport in Hyde Park; and

Resolved, That the time for this outdoor sport is limited and dependent on weather conditions; be it

Resolved, That the Park Commissioner be requested, through his Honor the Mayor, to make a special effort to flood all the available play areas in the Hyde Park section of Boston and all other sections of Boston and be it further

Resolved, That a copy of this resolution be forthwith transmitted to the Park Commissioner. The resolution was adopted under suspension of the rules.

REQUEST THAT LIMITATION OF \$500 INCREASE NOT APPLY IN 1953.

COUN. FOLEY offered the following:

Whereas, Adjustments in salary schedules in excess of \$500 have been made by ordinance for certain positions presently substantially compensated; and

Whereas, Equity and fairness requires equal treatment for all employees; be it therefore

Resolved, That it is the sense of the Boston City Council that the limitation of the \$500 increase under the personnel reclassification applied to employees so affected should not be applied in the municipal year 1953.

The resolution was adopted under suspension of the rules.

POLICE DEPARTMENT ORDERS.

General Order No. 1,717.

The following-named officer having requested retirement under the provisions of the Statutes of 1892, chapter 353, as amended, for the reason that he is incapacitated, it is hereby

Ordered, His Honor the Mayor having approved the same, that he be retired from active service in the Police Department, effective Tuesday, January 6, 1953, at 7.45 o'clock A.M.:

Patrolman Frederick L. Wilson, Division 4, 30 years of service.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,718.

Patrolman John J. Coffey of Division 17 is commended for meritorious police duty performed on December 31, 1952, and granted two days extra vacation.

While on an investigation, Patrolman Coffey was informed that a clerk in a market about a quarter of a mile away had been held up and robbed by a man who was believed to have entered a drugstore nearby. Patrolman Coffey entered the drugstore and was about to question the man when he suddenly put his hand in his overcoat pocket. The officer immediately struggled with him and removed from his coat a loaded revolver. He was identified as the holdup man and also later identified for a holdup on another division.

The Commissioner is pleased to commend Patrolman Coffey for his prompt and courageous action, without regard for his own safety, in apprehending this armed criminal.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

SCHOOL PLANT STUDY

Mr. Muehnick presented the following:

Memorandum of Agreement
To: The Boston School Committee
From: The Center for Field Studies, Graduate School of Education, Harvard University.
Re: School Plant Study of Boston, Massachusetts.

On the basis of the discussions between representatives of the Boston School Committee and the Center for Field Studies, the Boston School Committee authorizes a study of the schools of Boston in accordance with the following specifications:

I GENERAL NATURE OF THE SURVEY

The proposed study concerns an appraisal of the present and future school building needs of the City of Boston, Massachusetts.

II SCOPE OF THE SURVEY

The study will include an analysis of the present population in school enrollment, a study of existing school facilities, both elementary and secondary, with regard to possible alterations and or additions to the present plant; a study of school sites presently occupied and those which might be needed for future use; a study of community needs which may be met through suitable planning of schoolhouse construction; and a study of such other factors as the Center for Field Studies deems to have a bearing on the

general and specific problems in the development of the school plant. Particular attention must be given to problems of restricting and redesignation of school attendance areas toward the most effective use of the total school plant.

III REPORT OF THE SURVEY

There shall be presented to the Boston School Committee a final report which will include all pertinent data necessary for public understanding of the problem, together with a consideration of trends and practices and other matters which may be pertinent to school plant planning, and such charts, graphs, tables, and maps as may be necessary for the purposes of the survey, but not to include architectural drawings or plans. Conclusions and recommendations, with or without alternatives, regarding school organization, types of construction, extent and character of necessary facilities, use of existing buildings, possible alterations or additions, new construction as indicated, order and priority of projects, and other actionable items shall be included in the report.

IV OPERATION AND ORGANIZATION OF THE SURVEY

1. The Center for Field Studies will assign a competent staff for the conduct of the survey.

2. The Boston School Committee shall vote an order providing access to all school records, on a loan basis as requested. Through its administrative staff, the Committee will prepare and make available transcripts and summaries of data and information (e.g., enrollment tables, birth tabulations) ordinarily collected and available to such authorities and in general, co-operate in every way with the Center for Field Studies. Efforts will be made to co-ordinate the school plant findings and recommendations with the total municipal picture for the Boston School Committee. Particular attention will be given to the need for co-operative study with the City Planning Board and its proposals concerning future development of the city.

V TIME SCHEDULE OF THE SURVEY

1. Planning work upon the survey will begin immediately after signature by both parties to this memorandum.

2. The final report shall be submitted no later than April 1, 1953, unless a later date is mutually agreed upon by both parties. The final report, to be submitted by the Center for Field Studies, will be in photo-offset or similar form. The Boston School Committee shall have the right of copyright for one year after the submission of the final report. If the Boston School

Committee does not exercise its right of copyright within the one year period, the Center for Field Studies shall have the right to copyright the report. In any event, the Center for Field Studies shall have the right to retain the working papers and to make the report available for research and educational purposes in its sole discretion. The Boston School Committee shall make available all necessary licenses and permissions for this purpose. The Center for Field Studies will provide five hundred (500) copies of the final report to the Boston School Committee.

VI COST OF THE SURVEY

For services enumerated in this memorandum, the Boston School Committee shall pay to the Center for Field Studies the sum of ten thousand dollars (\$10,000). Upon acceptance of this memorandum, payment shall be made by the Boston School Committee for Field Studies as follows:

(a) Five thousand dollars (\$5,000) payable on or before December 15, 1952.

(b) Five thousand dollars (\$5,000) payable within fifteen days after submission of the final report.

The Boston School Committee, by formal vote, shall ratify the specifications contained in this memorandum with amendments as may be mutually agreed upon. This memorandum so accepted, together with a letter from the Boston School Committee containing a copy of the vote of acceptance, will be considered by both parties as a contract for the performance of the survey as specified, and payment therefor as detailed.

(Signed) C. G. Sargent, Director
Center for Field Studies
Isadore H. Y. Muehnick,
Chairman

Boston School Committee
November 13, 1952
Placed on file.

Mr. Muehnick offered the following:

ORDERED, That the following transfer is hereby made in the Budget and Annual Appropriation Order for the fiscal year 1952:

FROM	
Administration, General Administration, Salaries	\$10,000.00
TO	
Administration, General Administration, Supplies and Incidentals, Survey, etc.	\$10,000.00

On roll call the order passed by the following vote:

YEAS—Dr. Foley, Mrs. Lyons, and Mr. Muehnick—3

NAYS—Mr. Carr, and Miss Fitzgerald—2

Mr. Muehnick offered the following:

ORDERED, that the Chairman of this Committee be and he hereby is authorized and instructed to execute and deliver for and in behalf of the School Commit-

tee the agreement between the Center for Field Studies of the Graduate School of Education of Harvard University and the Boston School Committee for the school plant study as outlined in the memorandum for agreement, at a cost of ten thousand dollars (\$10,000), as provided for in said agreement.

On roll call the order passed by the following vote:

YEAS—Dr. Foley, Mrs. Lyons, and Mr. Muchnick—3.

NAYS—Mr. Carr, and Miss Fitzgerald—2.

Mr. Muchnick offered the following:

ORDERED, That the agreement for the school plant study between the Center for Field Studies of the Graduate School of Education of Harvard University and the Boston School Committee, being an agreement in excess of one thousand dollars (\$1,000), be authorized to be entered into and executed without competitive bid, it being obvious that competitive bidding would serve no useful purpose in this particular matter; and that the Chairman be and he hereby is authorized to execute and deliver the agreement as read.

On roll call the order passed by the following vote:

YEAS—Dr. Foley, Mrs. Lyons, and Mr. Muchnick—3.

NAYS—Mr. Carr, and Miss Fitzgerald—2.

Mr. Muchnick offered the following:

ORDERED, That this School Committee provide, through its administrative staff, full access to the Center for Field Studies of the Graduate School of Education of Harvard University, to all records, transcripts, summaries, tables, tabulations, and all other information which may be required by the Center for Field Studies in its operation of the school plant study.

On roll call the order passed by the following vote:

YEAS—Dr. Foley, Mrs. Lyons, and Mr. Muchnick—3.

NAYS—Mr. Carr, and Miss Fitzgerald—2.

VOTE OF THANKS TO CONSOLIDATION COMMITTEE

Dr. Foley offered the following:

ORDERED, That the Consolidation Committee appointed at the meeting of the School Committee on Jan. 21, 1952, to conduct a survey of all school buildings for the purpose of recommending potential consolidations of school districts and potential consolidations and/or discontinuance of unnecessary school buildings, is hereby discharged with a vote of thanks.

Mr. Carr: Mr. Chairman, do you think it would be in order to ask the Consolidation Committee for its recommendations on this agreement which we have

here? I think we should have some physical document for the record of the work which that committee has done.

Mr. Muchnick: I think we have.

Mr. Carr: That is just a contract. I would like to see a report from that committee.

Mr. Muchnick: If there is a committee which is the creation of the School Committee, the School Committee can dissolve or discharge that committee at any time with or without written report; we have received what to most of the School Committee, appears to be a good oral report.

Mr. Carr: I did not understand that, Mr. Chairman.

Mr. Muchnick: Just let me finish. It has been reported to us by the Superintendent that a member of that committee had told him that committee was no longer functioning, so I don't know how we could expect them to get together and function for the purpose of writing up a report.

It was further suggested two or three meetings ago when the whole subject was being discussed, that the consolidation committee was a mystery; and, frankly, I for one would not be interested in a mysterious report.

Superintendent: May I ask one question Mr. Chairman? For the purpose of the record, did the Consolidation Committee that this School Committee appointed recommend this procedure to the School Committee as the culmination of its report?

Mr. Muchnick: For the purpose of the record, so far as I am concerned, Mr. Superintendent, what I have said in the conference concerning my interpretation of what the Consolidation Committee has said and done stands as my interpretation of what that committee has said and done; and I assume that what the other members of the School Committee have given as their interpretation.

Superintendent: Mr. Chairman, it seems to me a very simple question to answer: Did the Consolidation Committee recommend this particular report or didn't it?

Mr. Muchnick: Mr. Superintendent, if you will read, as I am sure you will, the conference minutes after they are typed up, you will get, as far as I am concerned, my answer to that question.

Superintendent: I don't think I will get a definite answer from the record.

Mr. Muchnick: You will get my answer.

Mr. Carr: Mr. Chairman, I think that inasmuch as we are going to expend \$10,000 on this survey and it is questionable how it will work out for the welfare of the Boston School System, whether it will be harmful to the Boston School System, I would like to see something in writing, where this Consolidation Committee recommended it. I probably would have voted for it if it had

been before us, but I haven't seen anything from that committee.

Mrs. Lyons: Mr. Chairman, may I say that I have perfect confidence in the survey that is going to be made by Harvard University's Graduate School of Education.

I think that they have had a great deal of experience along that line, I would not go along and agree to a survey unless I felt sure that it was in excellent hands and that our schools would profit by it. I would be the last one in the world to say that Harvard was not able to do a thing like that.

Mr. Carr: Well, I do not think anyone here has even insinuated that Harvard could not do it.

Mrs. Lyons: I think the insinuations have been all to that effect.

Mr. Carr: All I want is a report from this Consolidation Committee which is supposed to have recommended that we adopt this or go ahead and spend \$10,000, when we can't transfer \$9000 for our own hockey players.

Mr. Muchnick: There is nothing inconsistent, Mr. Carr, in your request that the Consolidation Committee submit, if it wishes, a report in writing.

After action on that motion, there is no reason why you can't make a motion that we ask that committee, if it will, to submit a report to us in writing as its last official action. There is absolutely no reason why it cannot be done. A has nothing to do with B.

Will you call the roll on Dr. Foley's motion?

Mr. Carr: May I make my motion now, Mr. Chairman?

Mr. Muchnick: After this one is acted on.

Superintendent: Isn't it true that it will be discharged subsequent to this motion? Can you really ask a committee which is dissolved to make a report?

Mr. Carr: I move that we request that they submit a report.

Mr. Muchnick: There is one motion now before us.

Mr. Carr: Well, the vote has not been taken, and one motion supersedes the other.

Mr. Muchnick: As you pointed out very well, under Parliamentary procedures you only have one motion at a time.

Mr. Carr: You can make all kinds of motions.

Mrs. Lyons: You just suggested you couldn't when it was to your advantage.

Mr. Carr: The Chair is in the process of taking a vote. There have been no names called.

Dr. Foley: The Secretary just asked me to vote.

Mr. Muchnick: You will be able to put your motion.

Mr. Carr: Yes, after the thing is dissolved.

Mr. Muchnick: It will have no deleterious effects.

On roll call the order passed by the following vote:

YEAS—Miss Fitzgerald, Dr. Foley, Mrs. Lyons, and Mr. Muchnick—4.

NAYS—0.

NOT VOTING—Mr. Carr—1.

Mr. Carr offered the following:
ORDERED, That the Consolidation Committee is hereby requested to submit to the School Committee a written report as to its recommendation on what, if anything, should be done as a result of its deliberations, and that that request be conveyed in the letter which is to be sent to the Consolidation Committee extending a vote of thanks of the School Committee.

Dr. Foley: A point of information, Mr. Chairman. When did we appoint this committee?

Mr. Muchnick: In February.
Superintendent: I think, Mr. Chairman, the record will show that they were appointed very early in the year and were asked to make their report by April 1st.
Mr. Muchnick: Yes.

Dr. Foley: Very early in the year. Would you say January?

Superintendent: February.
Mr. Muchnick: They were appointed February 13th, I believe, Doctor. They were asked to report by May.
Superintendent: No, I think April 1st.

On roll call: the order passed by the following vote:

YEAS—Mr. Carr, Miss Fitzgerald, Dr. Foley, Mrs. Lyons, and Mr. Muchnick—5.

SURVEY OF DEPARTMENT OF SCHOOL LUNCHES

Dr. Foley offered the following:

ORDERED, That the Boston Municipal Research Bureau is hereby authorized to conduct a survey of school cafeterias, cafeteria facilities and expenditures, without cost to the School Department, said survey to be undertaken by Mr. Norman Wheeler of the Detroit school system.

On roll call the order passed by the following vote:

YEAS—Mr. Carr, Miss Fitzgerald, Dr. Foley, Mrs. Lyons, and Mr. Muchnick—5.
NAYS—0.

Dr. Foley offered the following:

ORDERED, That this School Committee provide, through its administrative staff, full access to the Boston Municipal Research Bureau, or its representative, to all records and other information which may be required by the Bureau in its operation of the survey of school cafeterias, cafeteria facilities and expenditures.

On roll call the order passed by the following vote:

YEAS—Mr. Carr, Miss Fitzgerald, Dr. Foley, Mrs. Lyons and Mr. Muchnick—5.
NAYS—0.

APPROVAL OF REQUISITIONS FOR ALTERATIONS, REPAIRS, OR CONSTRUCTION

Mr. Muchnick offered the following:

ORDERED, That the Superintendent be instructed not to make any requisitions for alterations, repairs, or construction, and not to sign any of the necessary documents for alterations, repairs, or construction, without first obtaining an affirmative vote for that signing from the School Committee.

Superintendent: Mr. Chairman, may I say that that certainly is going to impede the progress of our school system if this committee delays a meeting as long as we have delayed this present meeting from October 6th to the present date.

Dr. Foley: Mr. Chairman, I think that is unkindly of the Superintendent to say that.

Superintendent: Well, it is true.

Dr. Foley: You must realize, Mr. Superintendent, that we are in business.

Superintendent: I am interested in the service.

Mrs. Lyons: I would like to point out and ask Mr. Sullivan: Mr. Sullivan, how many meetings have we had up to date this year from the first of January to now?

Mr. Sullivan: I would not have the answer right immediately.

Mrs. Lyons: Would you say we have had seventy meetings?

Mr. Sullivan: Very close to that.

Mrs. Lyons: Very close to seventy, and according to the Rules and Regulations we are to have two meetings a month. So up to now that ought to be about twenty-two meetings, and we have had seventy, so I think that we are not at all remiss in our duties to the School Department.

Mr. Muchnick: I would like to point out that the majority of the School Department would not have voted for this motion, which means the taking on of an extra burden by people who are not receiving rather high salary for doing things—as a matter of fact, are not receiving any salary—if the majority of the School Committee were in any way satisfied that it was being done properly for the best interests of the schools without this necessary supervision.

Superintendent: Mr. Chairman, for the purpose of the record, may I point out that on my own I have been submitting to this School Committee all of the requisitions since last June, and not a single requisition has ever been withdrawn by the School Committee. That is simply for the record.

Mr. Muchnick: And obviously that method has not met with the approval of a majority of the Committee.

On roll call the order passed by the following vote:

YEAS—Dr. Foley, Mrs. Lyons, and Mr. Muchnick—3.

NAYS—Mr. Carr, and Miss Fitzgerald—2.

WORKMEN'S COMPENSATION

At the request of Dr. Foley and with the approval of the other members, the Secretary was directed to include in the public record the following statement of Dr. Foley:

Operation of Workmen's Compensation in Boston School System prior to last Committee vote.

Factual study made of accidents prior to the adoption by the School Committee of the Workmen's Compensation plan and the cost to the City in those accident cases. Study of the accident claims since the School Committee adopted the plan which was recently rescinded.

Would like to hear testimony from department heads, Dr. Schwartz and Attorney McCormack, concerning the advisability of restoring the supplement to the Workmen's Compensation plan or in devising an entirely new plan.

Would like to hear from Law Department on what legal basis the Committee could modify the old plan or create a more equitable plan with less of the alleged abuses that have been appearing in our public press.

We are all familiar with the specific cases of abuses that were enumerated in the Boston papers over a period of a week.

That was enough warning to this Committee to take action and rescind the then existing plan until hearings could be held.

Before this Committee takes another vote, complete hearings should be held and factual studies made.

VOTE OF THANKS

Mrs. Lyons: I want to spread on the record a vote of thanks to Dr. Gillis for the splendid organization and preparation of the program for the Convention of the National League to Promote School Attendance recently held in Boston.

Mr. Muchnick: I would like to add my own sentiments along the same lines.

I have received letters from the outgoing president of the National League to Promote School Attendance and from the new president, thanking the City for the remarkably fine convention which was held here and extolling Dr. Gillis, who put so much time and effort into it.

It left an excellent taste with every delegate with whom it was my good fortune to speak, and I was a little bit surprised at the lack of Boston attendance, particularly at the banquet which was the crowning point of the convention.

As a matter of fact, those who stayed away from the banquet missed one of the best addresses on education, its purposes and functions that it has ever been my good fortune to hear. The address was delivered by the Archbishop of Boston.

I would like to add, in addition to thanks to Dr. Gillis, a motion that if we can procure from the Archbishop a copy of his speech, and his permission to print it, that it be printed as a school document and distributed to all the teaching and supervising personnel in our schools.

Dr. Foley: Mr. Chairman, I would be remiss if I did not extoll the chairman of that fine group which met here in Boston—Assistant Superintendent Gillis—because I found that the gathering was certainly one of the finest that I have seen. I talked to and was introduced to many, many delegates who represented the various cities of the country. I found them most entertaining and certainly here for the purpose of education. I was delighted to attend the convention and found it very well conducted and representative.

Superintendent: Mr. Chairman, I have a copy of the Archbishop's talk; and if it is the wish of the Committee, Miss Reynolds, if you ask her to, could seek his permission to print it. I have the document on hand. It is an excellent document.

Dr. Foley: I think that would be nice, Mr. Chairman—

Mr. Muchnick: Is there any objection to that being done?

Miss Fitzgerald: I think we are unanimous in that.

Dr. Foley: I think it should be the chairman of the particular convention, rather than the Superintendent of Schools.

Superintendent: I didn't ask to have it come from me, Doctor. I said that if it was the wish of the Committee, your Secre-

tary might request it for you. I did not say that I should request it.

Dr. Foley: Dr. Gillis is not here, but I think it would be very nice if he would ask to have it spread on our records and copies sent out. Let's do it right if we are going to do it.

CIVICS COURSE

Mrs. Lyons: Mr. Superintendent, one more thing before we go. Do you know if, in that new civics course which we are introducing into our schools, there is any part of that course devoted to civic pride in the neighborhood?

I will tell you why I am asking this. A civic group in Jamaica Plain called me and said that they felt the children should be instructed in the schools to refrain from throwing over ash barrels and things of that sort. They felt that that should be a part of the school course in citizenship.

Superintendent: I would say, Mrs. Lyons—and I think Assistant Superintendents Daley and Herlihy would perhaps bear me out—that it is a part of our regular course of study in civics. Is it not, Mr. Daley?

Mr. Daley: It has been for many years.

Superintendent: It has been for many years, and it also is a part of our course of study in community biology. It is always taken up in connection with biology in the upper levels.

The Committee recessed to Wednesday, Nov. 19, 1952, at 4 o'clock.

Attest:

AGNES E. REYNOLDS
Secretary

FIRE DEPARTMENT ORDERS.

General Order No. 1.

I. CHANGES IN NEAREST BOX NUMBERS.

Changes in the number of the nearest box struck following a General Alarm Corporation, Boston Automatic or American District Telegraph signal shall be made on the running cards of these respective companies as follows:

II. NEW INSTRUCTION CARDS.

New instruction cards of the alphabetical series A to Z, are now being distributed throughout the department, to become effective at 8 A.M., January 15, 1953.

Several additions and changes have been made on these instruction cards. Therefore, those concerned should study these cards carefully and be governed accordingly.

Some of the important additions and changes on the instruction cards are as follows:

The first company, if radio equipped, arriving at the scene of an alarm in the absence of a chief officer shall immediately notify Fire Alarm of their arrival. On receipt of this report of arrival, the receiving fire alarm operator shall announce the time. Recording the actual time of arrival of the Fire Department at the scene of an alarm is very important for department records.

When companies are dismissed from a fire or from the scene of an alarm, they shall report via radio, if so equipped, to Fire Alarm that they are returning to quarters, thereby informing Fire Alarm they are available for duty, if needed, while en route to quarters. Exception: Shall not report when returning from false or needless alarms.

Covering companies, when relieved, shall report their leaving to Fire Alarm via telephone and proceed directly to their own quarters, unless otherwise ordered.

Whenever the full assignment is called for, Fire Alarm will transmit Signal 45 followed by the box number, two rounds on tappers and the balance of the first alarm assignment shall respond.

During the periods that Reduced Assignments are in effect in the districts concerned, should Fire Alarm receive, in advance, reasonable information to believe that a serious fire seems to be in progress in any such district, after the box number has been transmitted, Fire Alarm shall strike Signal 45 followed by the box number, two rounds on tappers and the balance of the first alarm assignment shall respond.

When Reduced Assignments are in effect and first alarms are received from two boxes and the first two engine companies and the first ladder company assigned to respond to the second box, have already responded to the first box, the response to the second box shall be the balance of the first alarm assignment of the second box.

Fire Alarm shall act, when necessary, to maintain the proper complement, subject to abnormal conditions.

An officer (including a senior man in charge of a company), responding to alarms during Reduced Assignment periods, and upon arrival, assumes charge (due to the absence of a superior in rank), must promptly order additional companies if in his judgment such is needed. This may be done by radio or by telegraph key.

Whenever Reduced Assignments are in effect, the regulations governing the response of inverted pyramid companies and chief officers shall not apply to box alarms from within the districts concerned.

Several of the first alarm box numbers and all the second alarm box numbers requiring the starting of the High Pressure pumps have been dropped.

The High Pressure System can be ordered into operation if needed by the officer in command, wherever it can be used as a fire for which the box number struck does not require the High Pressure System to automatically operate.

(Company commanders shall retain in their custody all the cards replaced until they are called for.)

By order of Fire Commissioner
MICHAEL T. KELLEHER.

JOHN V. STAPLETON,
Chief of Department.

BOSTON CITY HOSPITAL NOW BOASTS OF FINEST ANESTHESIA DEPARTMENT OF ANY LIKE INSTITUTION IN COUNTRY—MAYOR HYNES APPROVES REQUEST FOR ORGANIZATION WITH DR. PHILLIP S. MARCUS AND DR. JOHN C. SHEEHAN, TOP MEN IN FIELD, CHOSEN AS HEADS; OTHER NOTED MEN ALSO ON STAFF.

With the approval of Mayor Hynes, at the request of Dr. James W. Manary and the Board of Trustees, the Boston City Hospital now boasts of one of the finest anesthesia departments of any like institution in the country.

The department has been organized with the choice of Dr. Phillip S. Marcus as Director of Anesthesiology and Dr. John C. Sheehan as associate director. Together with the other officials now chosen, for that department, Boston has the finest such department in the country.

Both Doctor Marcus and Doctor Sheehan are Boston men and conducted the Anesthesia Department as a private institution for the physicians of Boston until chosen by Doctor Condon and the

NEW AGREEMENT MADE WITH ENGINEERS FOR WORK IN CONNECTION WITH CONSTRUCTION OF NEW MERIDIAN STREET BRIDGE BETWEEN EAST BOSTON AND CHELSEA—SATISFACTORY ARRANGEMENTS MADE WITH PUBLIC WORKS DEPARTMENT AND ENGINEERS WITH APPROVAL OF MAYOR HYNES.

On December 17 Mayor Hynes approved the request of the Commissioner of Public Works made in the following letter:

PUBLIC WORKS DEPARTMENT,

Boston, December 15, 1952.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

Request is hereby respectfully made for authority to make with Charles A. Maguire & Associates, without inviting bids by advertisement in the *City Record*, an agreement providing substantially as follows:

(Continued on page 51.)

MAYOR JOHN B. HYNES PAYS PERSONAL AND HIGH TRIBUTE TO NEW GREEK LEADER, PREMIER PAPAGOS, WHO HAS MADE HIS COUNTRY A WORLD'S BULWARK AGAINST COMMUNISM—DELIVERS ADDRESS AT ASSEMBLY OF GREEK-AMERICAN FRIENDS AT HOTEL SOMERSET ON JANUARY 7—DANGER THAT COUNTRY MIGHT SLIP BEHIND IRON CURTAIN AVERTED BY STRENGTH OF CHARACTER AND WISE PHILOSOPHY OF PRESENT PREMIER.

At the Greek-American Friends dinner at the Hotel Somerset on Wednesday, January 7, Mayor John B. Hynes delivered the following address:

You folks might be interested in a recent conversation I had with a member of our State Department.

He told me that Greece is now regarded as one of the world's bulwarks against Communism.

Where less than four years ago a serious danger existed that Greece might slip behind the Iron Curtain, it is now considered a sturdy and competent guard of NATO's critical right flank.

Greece, I was informed, has provided strength for the free world in a spot where strength was vitally needed.

The freedom of every American is more securely protected today because of a stronger Greece.

Perhaps I was so engrossed with the problems at Boston City Hall that I had not fully realized the momentous significance of the election in Greece last November. But I must confess that I was surprised by the report of the tremendous comeback Greece had made in a very short period of time.

Greece Again in Rightful Place.

To bring myself abreast of developments in a country which once again is taking its rightful place in the world's family of nations, I undertook to do some reading on the recent happenings in Greece.

I quickly found myself fascinated by the story of a new Greek leader who promises to be one of the most dynamic figures in the Balkan countries.

Now I may be treading on dangerous ground. I don't know much about Greek politics. Sometimes I think I don't know much about American politics either.

I don't know what all of you may think of Premier Papagos. But I do know, ladies and gentlemen, that some of his views coincide with my own. I was especially interested in a statement he made in one of his campaign speeches.

He said, and I quote, "The state should belong to all its citizens, not only to the friends of the party in power."

That had a very familiar ring to me, and I recalled that I had made much the same statement, in slightly different words, in the 1949 campaign right here in Boston.

As I said earlier, I don't know whether Alexander Papagos is a popular idol.

Sometimes men in high public offices, who do the things they feel should and must be done, lose their own popularity while trying to do what is best for the people they serve.

Ensured by thy sons' and thy daughters'
unsinful devotion."

BOSTON CITY HOSPITAL HAS ONE OF FINEST ANESTHESIA DEPARTMENTS IN COUNTRY.

(Continued from page 49)

trustees of the City Hospital. The new department was created and approved by Mayor Hynes in accordance with the following letter:

Boston, December 30, 1952.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

The Board of Trustees of the Boston City Hospital are most interested in the organization of a modern Anesthesia Department that can become fully accredited and that will provide for the optimum care of hospital patients. Accordingly, we present for your consideration the following plan with financial estimates that will achieve the above objectives. It has been brought to our attention most forcibly that the organization of a modern Anesthesia Department is a most expensive proposition and we have been advised that hospitals similar to the Boston City Hospital in various parts of the country have had to appropriate large amounts of money to procure excellent anesthesia departments.

Your approval is respectfully requested for the creation of the following positions:

One Director of Anesthesiology, \$17,500 a year.

One Associate Director of Anesthesiology, \$15,000 a year.

Four Assistant Anesthetists, \$12,000 a year.

Six Chief Resident Physicians, \$202 a month.

Six Resident Physicians, \$162 a month.

Five Nurse Anesthetists, Grade 17, minimum, \$65.50 a week, maximum, \$73 a week.

One Chief Nurse Anesthetist, Grade 22, minimum, \$80 a week, maximum, \$90.50 a week.

One Principal Medical Stenographer, Grade 17, minimum, \$65.50 a week, maximum, \$73 a week.

Respectfully,

JAMES W. MANARY, M.D.,
Superintendent.

MAYOR HYNES ADDRESSES ASSEMBLY OF GREEK-AMERICAN FRIENDS.

(Continued from page 49.)

STATE BELONGS TO CITIZENS.

And Premier Papagos, on the basis of what I have read, appears to be trying very hard to do what is right and what is best for the vast majority of the people in Greece.

So long as he stands firm on that principle—that the state belongs to all its citizens—I believe Greece will be in good hands.

It seems to me that the story of Premier Papagos is a striking example of what the dynamic leadership of one man can mean to a troubled country.

Whatever your own political views and philosophies may be, it must be a comforting and reassuring thing to know

that, after the years of uncertainty which followed the second World War, the Greek Government is now being headed by a man of the strength and the character of Alexander Papagos.

I judged that he is a tough-fibered individual, a man who had to drive out the Communist guerrillas before he could turn his attention to political campaigning.

But, as one long-distance observer, it seemed to me that Greece was confronted with a situation that called for a tough-fibered, iron-willed leader, a man of purpose and determination.

UNITED STATES FORTUNATE.

The United States has been fortunate that men of great ability have come forward to guide its destinies in the hours of its gravest crises.

The course of history might have been entirely different, if that were not the case.

Alexander Papagos, it seems to me, was the leader who came forward in the time of his country's greatest need, and on the basis of what has happened so far it would not be at all surprising if history were to devote many pages to him in generations to come.

In a period of only a few years Greece had 26 different governments. Most of them were shaky, and most of them apparently were concerned more with the spoils of victory than with doing what needed to be done for the people. The result was near-chaos.

It was a situation which required a man of courage, a man of action, and a man strong in character. Fortunately, for Greece, it had a man who combined all those qualities.

It is perhaps presumptuous of me to discuss with you a situation in a country of which you undoubtedly know much more than do I. But I did want to voice my own personal tribute to a man who has demonstrated his ability to stand up against the threat of Communism.

MAYOR HYNES APPROVES NEW AGREEMENT REGARDING MERIDIAN STREET BRIDGE.

(Continued from page 49.)

"This Agreement made this day of December, 1952, by and between the City of Boston (hereinafter called the City), acting by its Commissioner of Public Works (hereinafter called the Commissioner) with the approval of its Mayor, and Charles A. Maguire & Associates (hereinafter called Maguire), a partnership with its principal office in Providence, Rhode Island, and a branch office in Boston, Massachusetts, witnesseth that

"Whereas, By an instrument dated April 24, 1945, and approved by the Mayor of the City April 28, 1945, the City and Maguire did enter into a contract, hereinafter referred to as the aforesaid contract, providing for the performance by Maguire of certain engineering services in connection with the construction of a new bridge to replace the then existing Meridian Street Bridge between East Boston and Chelsea and for the payment by the City to Maguire in certain installments of a sum equal to five and four tenths per cent (5.4%) of the full amount of the contract or contracts for construction,

such payment to be full compensation for the engineering services to be performed by Maguire and consisting chiefly of the preparation of preliminary studies and plans with estimates of cost and anticipated time schedule, the preparation of contract drawings and specifications with assistance in the analysis of the bids and the award of the construction contract or contracts, and the supervision of the construction including the checking of shop and working drawings; and

"Whereas, The provision in the aforesaid contract for installment payments was as follows:

"Payments are to be made as follows:

"(1) Twenty per cent (20%) of the five and four tenths per cent (5.4%) upon approval by the Commissioner of the preliminary plans and estimates required to be furnished under Sections 3(a) and 3(b) hereof.

"(2) Sixty per cent (60%) of the five and four tenths per cent (5.4%) upon approval by the Commissioner of the working drawings and specifications required to be furnished under Section 3(c) hereof. The Commissioner may make progress payments on account of this second installment during the period of preparation of the working drawings and specifications: Provided, the amount of such progress payments shall not exceed the reasonable value of the work then performed by the Engineer.

"(3) Fifteen per cent (15%) of the five and four tenths per cent (5.4%) in installments in proportion to the progress payments due the Contractor or Contractors thereon during the construction period.

"(4) Five per cent (5%) of the five and four tenths per cent (5.4%) as final payment upon completion of the construction contract or contracts.

"(5) Until the contract or contracts are awarded and the actual cost determined, partial payment made on account of the total fee shall be based upon estimated construction cost of \$1,529,600.00; and

"Whereas, While the aforesaid contract required Maguire to have the contract plans and specifications complete and ready for taking bids by December 31, 1945 (which date was later changed to February 28, 1946), the aforesaid contract did not specify any date for the letting of the construction contract or contracts; and

"Whereas, The contract for the construction of the substructure and the contract for the construction of the superstructure were not let until November, 1951, and June, 1952, respectively; and

"Whereas, The aggregate amount of said construction contracts is \$4,686,467, more than three times the estimated construction cost stated in the aforesaid contract; and

"Whereas, Because of the silence of the aforesaid contract on the time of the letting of the construction contract or contracts, a controversy as to the basis of final payment has arisen between the City and Maguire, who has at all times done and performed all things to be done and performed by him under the aforesaid contract, including the supervision of construction and the checking of shop and working drawings since the respective letting of the contracts for the construction of the substructure and of the superstructure; and

"Whereas, It is reasonable to infer from the provision for installment payments contained in the aforesaid contract and

quoted above that for the preliminary studies and plans and the contract drawings and specifications together with all services incidental thereto, Maguire should receive 4.32% (i.e., 80% of 5.4%) of the full amount of the contract or contracts for construction and that for supervising the construction (including checking the shop and working drawings) Maguire should receive 1.08% (i.e., 20% of 5.4%) of the full amount of the contract or contracts for construction; and

"Whereas, While the aforesaid contract was silent on the time of the letting of the construction contract or contracts, the aforesaid contract would undoubtedly be construed in law to have intended the letting of the construction contract or contracts within a reasonable time; and

"Whereas, If the construction contract or contracts had been let on August 29, 1946, it or they would undoubtedly be found in law to have been let within a reasonable time; and

"Whereas, On August 29, 1946, Maguire did give the City the figure of \$2,205,341 as Maguire's final estimate of the cost of constructing the new bridge; and

"Whereas, It would seem to be just and equitable to use said figure of \$2,205,341 as the full amount of the construction contract or contracts for the purpose of computing the full amount due for the preliminary studies and plans and the contract drawings and specifications together with all services incidental thereto, and to use the actual full amount of the construction contract or contracts, i.e., \$4,686,467, for the purpose of computing the full amount due for supervising the construction, including checking the shop and working drawings; and

"Whereas, Under Section 5 of the aforesaid contract, Maguire has made two revisions for the first of which Maguire claims \$4,990.53 before making any deduction for any payment, and for the second of which Maguire likewise claims \$17,482.26; and

"Whereas, The City and Maguire hereby mutually agree that the second of said claims is to be allowed in the amount of \$7,954.84 only; and

"Whereas, \$4,990.53 added to \$7,954.84 totals \$12,945.37; and

"Whereas, The City has heretofore paid Maguire \$66,078.72 on account of the preliminary studies and plans and the contract drawings and specifications including services incidental thereto and \$4,990.53 in full for the first revision; and

"Whereas, \$66,078.72 added to \$4,990.53 totals \$71,069.25; and

"Whereas, 4.32% of \$2,205,341 is \$95,270.73; and \$12,945.37 added thereto for revisions makes \$108,216.10; and \$71,069.25 deducted therefrom for payments leaves \$37,146.85; and

"Whereas, 1.08% of \$4,686,467 is \$50,613.84; and

"Whereas, Approximately 40% of the work of supervising the construction has been done; and

"Whereas, 40% of \$50,613.84 is \$20,245.54, which, when added to \$37,146.85 makes a total of \$57,392.39 and when deducted from \$50,613.84 leaves a balance of \$30,368.30; now

"Therefore, The City of Boston and Charles A. Maguire & Associates, in consideration of the mutual agreements herein contained, agree with each other as follows:

"ARTICLE 1. The aforesaid contract is hereby cancelled.

"ARTICLE 2. The City of Boston does hereby remise, release, and forever discharge Charles A. Maguire & Associates, its successors and assigns, of and from all

debts, demands, actions, causes of action, suits, accounts, covenants, agreements, damages, and any and all claims, demands, and liabilities whatsoever of every name and nature, both at law and in equity, which against Charles A. Maguire & Associates the City of Boston now has or ever had from the beginning of the world to this date on account of the aforesaid contract.

"ARTICLE 3. Charles A. Maguire & Associates does hereby remise, release, and forever discharge the City of Boston, its successors and assigns, of and from all debts, demands, actions, causes of action, suits, accounts, covenants, agreements, damages, and any and all claims, demands, and liabilities whatsoever of every name and nature, both at law and in equity, which against the City of Boston Charles A. Maguire & Associates now has or ever had from the beginning of the world to this date on account of the aforesaid contract.

"ARTICLE 4. Charles A. Maguire & Associates, hereinafter in this article called the Engineer, as further consideration for the execution of this agreement by the City of Boston, does hereby covenant to render full engineering services in connection with, and shall fully supervise, the completion of the construction of the new bridge which was designed under the aforesaid contract and to safeguard to the best of the Engineer's ability the City of Boston and the Commonwealth of Massachusetts against defects and deficiencies in the performance and execution of the work by the contractor or contractors. Without limiting the generality of the foregoing, the Engineer shall, as a part of said engineering services and supervision, render the following services:

"(a) The Engineer shall prepare all necessary supplementary details, check shop drawings, review and approve materials and methods, and check, report on, and make the necessary details for, changes in the work proposed by the contractor or contractors.

"(b) The Engineer shall visit the site at such times as the progress of the construction requires to see that the work is being performed by the contractor or contractors in accordance with the working drawings and detailed specifications.

"(c) The Engineer shall assist by revised drawings or otherwise in reducing the cost of the structure by the use of existing material or equipment suitable for the work involved and shall obtain suitable credit for the City or the Commonwealth from the contractor or contractors for the use thereof.

"(d) The Engineer shall consult the Commissioner and the State Department of Public Works concerning changes, if any, during the program of the construction.

"(e) The Engineer shall submit to the Commissioner and the State Department of Public Works monthly reports as to the progress of the construction.

"(f) The Engineer shall seasonably sign and submit to the State Department of Public Works, in a form satisfactory to said Department, such certificates of progress as said Department may require to enable it to make progress payments to the contractor or contractors.

"(g) Upon the conclusion of the work under the construction contract or contracts, the Engineer shall furnish the Commissioner with one complete blueprint set of working drawings and one complete set of detailed speci-

cations, and shall also furnish the State Department of Public Works with one complete blueprint set of working drawings and one complete set of detailed specifications. All sets of working drawings and detailed specifications furnished hereunder shall, so far as permitted by the information in the possession of the Engineer, have been corrected by the Engineer to embody all changes made during the progress of the construction and shall become and remain the property of the City and the Commonwealth, respectively.

"ARTICLE 5. The City of Boston, as further consideration for the execution of this agreement by Charles A. Maguire & Associates, does hereby promise to pay to Charles A. Maguire & Associates within one month after the execution of this agreement the sum of fifty-seven thousand three hundred ninety-two and 39/100 dollars (\$57,392.39) and, in installments as hereinafter provided, the further sum of thirty thousand three hundred sixty-eight and 39/100 dollars (\$30,368.30), which sums, together with the sums aggregating seventy-one thousand sixty-nine and 25/100 dollars (\$71,069.25) heretofore paid by the City of Boston to Charles A. Maguire & Associates under the aforesaid contract, Charles A. Maguire & Associates hereby agrees to accept in full and final satisfaction of all work done, and all expenses incurred, by Charles A. Maguire & Associates under or in connection with the aforesaid contract and this agreement. Said further sum of \$30,368.30 shall be payable in installments as follows: \$5,000 when the construction of said bridge is 60% completed, \$5,000 when 70% completed, \$5,000 when 80% completed, and \$10,368.30 within one month after the completion of the construction of said bridge and the acceptance thereof by the State Department of Public Works.

"In Witness Whereof, The parties hereto have executed this agreement as of the day and year first above written, intending the same to take effect as a sealed instrument."

The reason for not inviting bids by advertisement in this case is that the nature and object of the proposed agreement is such that only Charles A. Maguire & Associates could be the other contracting party, and so no useful purpose would be served by advertising for bids.

Respectfully,

GEORGE G. HYLAND,
Commissioner of Public Works.

December 17, 1952.

To the Commissioner of Public Works.

The authority requested in the above letter is hereby granted.

J. B. HYNES, Mayor.

FORT POINT CHANNEL BRIDGE CLOSING.

Urgent roadway repairs to be made on Northern Avenue Bridge, over Fort Point Channel, have required that the bridge be closed to vehicular and pedestrian use on Saturday and Sunday, January 17 and 18, from 8 A.M. to 5 P.M. on each day, Public Works Commissioner George G. Hyland has announced.

During the progress of this work, vessels may pass through the bridge without interference, the commissioner stated.

CIRCULAR LETTER NO. 3.

CITY OF BOSTON,
MAYOR'S OFFICE, January 7, 1953.

To All Department Heads.
GENTLEMEN:

I have approved, effective January 7, 1953, the following amendments to the Rules for Administering the Alphabetical List of Positions and the Pay Schedule for employees of the City of Boston recommended to me by the Compensation Review Board.

Paragraph (a) of Rule 5 of the Rules for Administering the City Compensation Plan is hereby amended by adding at the end the following: No employee, whether permanent, temporary, provisional or military substitute, shall be compensated upon appointment at a rate exceeding the lowest rate paid to any employee of the same department holding a position in the same grade.

Paragraph (d) of said Rule 5 is hereby further amended by striking out the last three sentences and inserting in place thereof the following: Any period during which an employee receives no pay, whether the employer-employee relationship exists during such period or not, shall not be included in computing length of service; provided, however, that any such period of less than a month may be so included; and provided, further, that all leaves of absence for military service terminating with the reinstatement or re-employment of the employee in his former position or a similar position shall be so included. Service with the County of Suffolk shall be included in computing length of service with the city. Service with the Commonwealth of Massachusetts in a position within the labor or classified civil service shall also be included in computing length of service with the city; but no service with any governmental unit other than the City of Boston or County of Suffolk, except service with the Commonwealth as aforesaid, shall be included in computing length of service with the city.

The Rules for Administering the City Compensation Plan are hereby further amended by striking out Rule 10 and inserting in place thereof the following: *Rule 10. Promotion.* The term "appointment," as used in Rule 5, shall be deemed to include "promotion"; provided, however, that upon promotion every employee shall be placed at least upon that step of his new grade which is next above the rate payable to him immediately prior to his promotion.

Respectfully,
JOHN B. HYNES, Mayor.

**G. I.'s AT KOREAN FRONT THANK
MAYOR HYNES AND CHRIST-
MAS COMMITTEE FOR BOXES
SENT TO THEM.**

More than a score of letters have already been received by Mayor John B. Hynes from Boston men in Korea thanking him and the people of Boston for providing them with Christmas boxes. A total of 1,180 were sent by the Mayor's Christmas Festival Committee, and insofar as can be ascertained, all of them, even to those in the front lines, were delivered before Christmas.

One of the latest letters to arrive came from Private Edwin W. McLaughlin, Jr., of 3 St. Brendan road, Dorchester, who is serving with the 19th Quartermaster Supply Company in Yondung, Korea. He states:

"I want to express to you and the people of Boston, my deepest gratitude for the wonderful box you sent me for the holiday. It is great to realize that, we in the service, especially those serving in Korea, have not been forgotten by the people back home.

"The enemies of America and our way of life are slow to grasp the realization that we will never forsake our freedom-loving friends, the Korean people.

"Here's to a brighter tomorrow when peace will prevail throughout the world, and we will all be back home safe and sound with our loved ones."

**MAYOR JOHN B. HYNES NAMES
FREDERICK A. CRONIN TO
HOUSING AUTHORITY.**

On January 12 Frederick A. Cronin of 87 Moraine street, Jamaica Plain, was appointed by the Mayor to be a member of the Boston Housing Authority, succeeding Joseph J. Benkert, term expired. Mr. Cronin will serve for a five-year term.

Frederick A. Cronin is the retired manager of the Dudley Street Branch of the First National Bank, where he was employed for 43 years. He is a registered Republican; a member of Washington Lodge of Masons of Roxbury; President of the Roxbury Historical Society; former President of Roxbury Board of Trade; Vice President of the Joseph Warren Co-operative Bank; Treasurer of the Roxbury Home for Aged Women; Treasurer of Dennison House; and Corporator of the Eliot Savings Bank.

CODE OF ETHICS FOR CITY MANAGERS APPROVED.

A revised code of ethics for city managers was approved recently by vote of the members of the International City Managers' Association.

The new code strengthens the professional aspects of the manager's job. The code also emphasizes the role of a city manager as a community leader in submitting policy proposals to the city council.

Among objectives for the city manager stressed in the code are:

1. Defense of municipal policies before the public only after adoption of such policies by the city council.
2. Crediting the city council with establishment of municipal policies.
3. Avoiding public conflict with the city council on controversial issues.
4. Dealing frankly with the council as a unit rather than with its members.
5. Handling all matters of personnel on the basis of merit.

The new code also stresses the city manager's duty to improve his ability and his usefulness and to develop the competence of his associates in the use of management techniques.

\$500,000,000 FOR FEDERAL AID HIGHWAYS.

Apportionment of \$500,000,000 authorized as federal aid to the states for highways in the fiscal year beginning July 1, 1952, was announced by Secretary of Commerce Charles Sawyer. The funds were authorized by the Federal Aid Highway Act approved September 7, 1950.

The Act provides \$225,000,000 for projects on the federal aid highway system, \$150,000,000 for projects on the federal aid secondary system, and \$125,000,000 for projects on the federal aid highway system in urban areas.

Funds for urban projects are apportioned in proportion to population in municipalities and other urban places of 5,000 or more. The funds will be available for expenditure until June 30, 1955.

* Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with commercial houses, contractors, etc., for furnishing labor, supplies, etc. Communications from heads of the departments interested were as follows:

INSTITUTIONS DEPARTMENT.

BOSTON, December 29, 1952.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your authorization is respectfully requested to dispense with public advertising for proposals and to award a contract to the Eastern Massachusetts Street Railway Company, a local corporation with branch offices at No. 945 Hancock street, Quincy, Mass., providing for the furnishing of daily bus service from the Fields Corner Rapid Transit Station to Long Island Hospital, Long Island, to cover the period January 1, 1953, to March 31, 1953, at a maximum cost of \$9,133.26.

This firm, whose existing contract expires on December 31, 1952, and which has the franchise over the route, has been regularly engaged in providing this bus service to patients, employees and visitors to Long Island Hospital since its inception in August of 1951, except during a strike period.

The Eastern Massachusetts Street Railway Company has carried on the subject transportation services in an efficient, commendable manner and has fully cooperated with this department.

In view of the above, and since this company proposes to furnish the bus service to Long Island Hospital at its existing charges and to perform its operations under the same terms and conditions as heretofore, it is my opinion that nothing would be gained by public advertising for bids for the subject transportation services.

Respectfully yours,

JOHN R. MCGILLIVRAY,
Commissioner.

LIBRARY DEPARTMENT.

Boston, December 29, 1952.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

In accordance with our communication of December 1, 1952, a copy of which is affixed hereto, you authorized on December 8, 1952, the expenditure of an additional \$3,670 under an existing contract dated April 22, 1952, between the Trustees of the Public Library of the City of Boston, acting for the city, and Messrs. Ames, Child, and Graves, architects, to cover the cost of services performed by that architectural firm over and above the originally estimated contract cost of \$7,000.

There did not appear in our communication of December 1, 1952, a request also that for this additional expenditure of \$3,670 there be authorized as well the dispensing with of the customary public bidding procedure just as had been done for the original approval of expenditures in the estimated sum of \$7,000 under this contract as approved on July 28, 1952.

Public advertising would appear to serve no useful purpose or be to the advantage of the city in this instance. Accordingly your authorization of the procedure indicated above is respectfully requested.

Respectfully,

TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
by MILTON E. LORD,
Director.

MAYOR'S OFFICE.

Boston, October 10, 1952.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

I respectfully request your authorization to dispense with public advertising and to award a contract to the Donnelly Electric and Manufacturing Company, 35 Pontiac street, Boston, Mass., in a sum not to exceed \$6,257 for the building and erecting of a fully illuminated Christmas festival display of considerable size, containing letters 2 to 5 feet high, reading "and there was no room", and having a center display for statues.

In view of the artistic nature of the undertaking, it is felt that nothing would be gained by publicly inviting bids.

Furthermore, this firm is particularly well equipped to perform work of this nature.

Respectfully yours,

PAUL H. HINES,
Festival Director.

Boston, October 10, 1952.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

I respectfully request your authorization to enter into a contract in the sum of \$4,349, without the customary public bidding procedure, with George A. Girone Studio, 850 Washington street, Boston, providing for (a) the repairing and re-finishing of numerous religious and festive figures of the City of Boston Festival Committee, including the making of an addition to the center of the stable; (b) the furnishing of a number of new pieces to be used in connection with the contemplated 1952 Christmas festival display, and (c) the manufacture and installation of a 3-foot, celastic painted, Nativity set and grotto.

In my opinion, public advertising would not be of advantage in the present instance. The contractor is a specialist in this kind of work and, in addition, this company designed and created the original display. Furthermore, we have found its work and productions highly satisfactory.

Respectfully yours,

PAUL H. HINES,
Festival Director.

PRINTING DEPARTMENT.

Boston, January 12, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your Honor's permission is respectfully requested to permit the Printing Department to award a contract, without advertising, to Remington Rand, Inc., 857 Commonwealth avenue, Boston, Mass.

This request is being made in order that we may furnish the Auditing Department (Central Payroll Division) with payroll cards in the sum of \$1,934 as follows: 1,200,000 payroll cards, Form P14299, Manila, left-hand corner cut, 500,000 to be delivered February, 1953, at \$1.20 per M, \$1,440; 200,000 payroll cards, Form P14299, left-hand corner cut, red stripe, at \$1.24 per M, \$248; 200,000 accounts payable cards, Form P17234, left-hand corner cut, Manila, at \$1.23 per M, \$246; total, \$1,934.

The above materials are to be used on key punch card machines manufactured by the Remington Rand, Inc., and it would therefore seem that the best service could be rendered by purchasing these cards from the same company, and in my opinion no advantage could be gained by public advertising for bids.

Respectfully,

JOHN J. TWOMEY,
Superintendent.

PUBLIC WORKS DEPARTMENT.

Boston, January 5, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On November 7, 1952, a contract was awarded to Underground Construction, Inc., 429 Hyde Park avenue, Roslindale, for the construction of a sanitary sewer and surface drain in Metropolitan avenue, Huntington avenue, and an outlet through private land between Metropolitan avenue

and Huntington avenue, to accommodate about 20 new houses, at an estimated cost of \$17,619.95.

The work in Metropolitan avenue and Huntington avenue has been completed. To construct the outlet through private land it will be necessary to drive foundation piles as the peat is much deeper than was anticipated.

There will be required about 2,000 linear feet of spruce piles at \$3.60 per foot and 3,000 pounds of reinforcing steel at 20 cents a pound, or a total cost of \$7,800. The unit prices are based on a proposal submitted by the contractor and are considered fair, taking into consideration the circumstance under which the work is to be done.

As the cost of the above work, namely, \$7,800, exceeds the bid price of \$17,619.95 by more than 25 per cent, your approval is requested to amend the contract by inserting Item 14, for 2,000 linear feet of spruce piles at \$3.60 per linear foot, and Item 21, for 3,000 pounds of reinforcing steel at 20 cents per pound, and to increase the estimated cost of the work from \$17,619.95 to \$25,419.95.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

Boston, January 12, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Acting in accordance with the provisions of section 29 of chapter 486 of the Acts of 1909, as amended, I have placed an advertisement in the *City Record*, inviting proposals for the disposal of certain garbage and refuse. The work to be done and the service to be rendered under the provisions of the contract involve, in general, the garbage and refuse now being hauled to Spectacle Island and the Calf Pasture site by the Coleman Disposal Company.

This is the first time in over 21 years that publicly advertised bids have been invited for this service, and I am anxious, therefore, that we reach as many prospective bidders as possible. In my opinion, we should—in addition to the advertisement in the *City Record*—place advertisements in the four Boston daily papers, and also in the *New York Times*, because there is a possibility that we shall be able to attract out-of-state contractors to bid on this contract. Incidentally, the Brooklyn Ash Removal Company submitted the low bid in the last advertised proposal for this service in 1931.

Again, acting in accordance with the provisions of the above-referenced section 29, I respectfully request your approval to place advertisements inviting bids for the above-referenced service, in the *Boston Post*, *Boston Herald-Traveler*, *Boston Globe*, *Boston Record-American*, and the *New York Times*.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

REAL ESTATE COMMISSION.

Boston, January 7, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Board of Real Estate Commissioners proposes to engage the services of Mr. Wallace B. Orpin of 7 Mamelon Circle, Mattapan, as engineer, in connection with the proposed construction of an

open-air off-street parking facility at Brighton Center, Brighton.

The estimated cost of the proposed parking facility is approximately \$24,000, and the engineer shall be paid a fee equal to 5 per cent of the full amount of the cost of the construction, not to exceed \$1,200 for said services.

In view of the nature of the professional services involved, no benefit would be gained by advertising for bids, and it is respectfully requested that permission be given to award the contract to Wallace B. Orpin, without public advertising.

Respectfully yours,

HERMAN CARP,
Chairman.

SUPPLY DEPARTMENT.

Boston, January 8, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Paving Division of the Public Works Department has submitted a requisition for 2,000 tons of rock salt to be delivered immediately.

Because of the imminent need of rock salt authority is requested to dispense with publicly advertising for prices and award contracts, without public advertisement, to the previous suppliers on the basis of the prices submitted by them on the last publicly opened bid. It is my opinion that, in this way, the best interests of the city will be served.

Each company will be awarded a contract for 1,000 tons at \$13.80 per ton. Approximate total amounts of contracts will be as follows:

The Chemical Corporation, \$13,800, net.

Eastern Salt Company, \$13,800, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

SUFFOLK COUNTY.

SHERIFF'S OFFICE.

Boston, January 2, 1953.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

In providing for the feeding of inmates of this institution, it is our practice to purchase all staple foods through the Supply Department. In the case of perishable foods like meat, fish, fresh vegetables and potatoes, we have found it advantageous, due to constant daily changes in population, to order these perishable food supplies direct by telephone from wholesale concerns three or four times weekly.

From checks we have made with the Supply Department from time to time, we are certain that the prices for grade "A" meats and vegetables charged by these firms are comparable to prices secured by the Supply Department. I believe our procedure with regard to perishable foodstuffs saves money for the county since the daily count of the jail determines the amount of food ordered, and we have direct control with the concerns relative to quality and quantity and quick delivery.

The wholesale firms we buy from are: Charles Govoni & Son, Inc., 10 Faneuil Hall Market, Boston; D. J. Halloran & Sons, Inc., 28 B & M Produce Market, Boston.

As our purchases during the course of the year will exceed one thousand dollars, I respectfully request that authority be granted to me to dispense with public advertising, insofar as the particular

commodities are concerned, and that I be authorized to approve whatever contracts or agreements may be required under existing statutes with the two firms named above.

Respectfully yours,

WILLIAM J. McMORROW,
Special Sheriff.

SUPERIOR COURT.

(Civil Business.)

Boston, January 2, 1953.

HON. JOHN B. HYNES,

Mayor of Boston.

MY DEAR MR. MAYOR:

In accordance with provisions of section 1, chapter 156, of the Acts of 1930, I request your approval to dispense with the contract formality of such act, and assign as reasons thereof the following:

It is impossible for the clerk to anticipate the amount and kind of printed forms, lists, books, and office supplies necessary for the proper maintenance of his office. The many forms and lists are subject to change without notice, and it would be unwise to place orders in anticipation of a year's supply, as it would result in vast overstocking of many items and a shortage of others.

In addition, it is the duty of the clerk to prepare and promulgate the orders of court and to prepare and mail the various weekly trial lists; also to keep the court and sessions thereof supplied with forms and stationery as needed.

As it is impossible to foresee what supplies are necessary to carry out this duty, I believe the continuance of the practice of ordering supplies as needed should be followed. I call your attention to the fact that I have been granted this permission each year since I have been clerk.

Respectfully yours,

THOMAS DORGAN,
Clerk.

MUNICIPAL STANDARDS IMPROVED.

It is to be observed that municipal employees feel more secure in their jobs because of the extension of the merit system.

The competence of the individual municipal employee has continued to improve over a period of years.

Technical methods of accomplishing the tasks of the city have gone forward just as they have in private industry.

Specialists and technicians have been developed in the public service to carry forward the work of our municipalities.

The over-all administration of municipalities has become better as the years go by. This is particularly noticeable when comparisons are made between the situation in the early part of the century and the present day. Municipal government has gone forward with respect to efficiency, honesty, and public morality.

WORKMEN'S COMPENSATION.

The workmen's compensation acts of most states contain provisions relative to the state and its political subdivisions as employers. One group of acts excludes the state and its political subdivisions from coverage unless they elect to come under and become subject to the terms of the act. Another group of acts deals with the problem exactly the opposite, making the act compulsory upon the state and its political subdivisions, and not permitting them the right to reject coverage under the act.

PROCEEDINGS OF CITY COUNCIL.

Monday, January 5, 1933.

First meeting of the City Council for the year 1933 held in the Council Chamber, City Hall, at 11 A.M., Councillor Hurley, senior member, presiding and all the members present.

The Venerable Monsignor Ralph J. Gallagher of the Cathedral of the Holy Cross, Boston, was escorted to the rostrum.

INVOCATION BY VERY REV. MONSIGNOR RALPH J. GALLAGHER.

In the Name of the Father and of the Son and of the Holy Ghost. Amen. O God, grant us, in these troubled and uncertain times, that leadership of the affairs of our city, and of the world in the present may be characterized by clearness of vision, honesty of purpose, and steadfastness in pursuit of what is best for the community. Let those in public office, we pray Thee, employ their authority not for their own benefit but to the advantage of society.

O Lord, give to these present that perfect combination of justice and charity so necessary for the well-being of our social-economic order. Give us, O Lord, the spirit of devotion to the dignity of all humans made in the image of Thyself and destined to enjoy the happiness of the world to come, regardless of difference in color, culture or religion. In all that we do, let us be actuated by supernatural motives: I was hungry and you gave me to eat; I was thirsty and you gave me to drink; I was a stranger and you took me in; I was naked, I say to you, as long as you did it for one of these, the least of my brethren, you did it for me. Amen.

The meeting was opened with the salute to the Flag.

REGISTRAR OF DEEDS AND ASSISTANT REGISTRAR OF DEEDS FOR SUFFOLK COUNTY.

The City Clerk read a communication from the Board of Election Commissioners certifying the election of Leo J. Sullivan as Registrar of Deeds for Suffolk County.

Registrar of Deeds Leo J. Sullivan and Assistant Registrar of Deeds Joseph D. Coughlin were in attendance.

The oath of office was administered to the Registrar of Deeds and the Assistant Registrar of Deeds for the County of Suffolk by Chairman HURLEY.

ESCORT TO MAYOR HYNES.

Chairman HURLEY—His Honor Mayor John B. Hynes will deliver his annual address at 11.15 A.M. The Chair will therefore appoint Councillors Kerrigan and Ward to escort the Mayor to the Council Chamber.

The Chair now declares a short recess while we await the arrival of His Honor the Mayor. (Short Recess.)

The committee appointed to escort Mayor Hynes to the Chamber retired and presently returned in company with the Mayor who was greeted with applause upon his entrance.

Chairman HURLEY—Members of the City Council, invited and honored guests, I am pleased to present his Honor Mayor John B. Hynes who will now deliver his annual address. Mayor Hynes.

ANNUAL ADDRESS OF HON. JOHN B. HYNES, MAYOR OF BOSTON.

Mayor HYNES—Chairman Hurley, Monsignor Gallagher, gentlemen of the City Council, and invited guests, in the annual message to the City Council, it has been customary for the Mayor to enumerate and recount the activities and accomplishments of the municipal government during the preceding year.

Today, to a great extent, I shall depart from that custom in order that I may give emphasis to those matters which have a strong influence in the present and future course of the city government.

However, it can be stated that advances have been made and substantial progress has been made in various branches and functions of the city. Brief references will be made in this talk to a few of the advances we have achieved.

At the outset of this discussion, let me report that the current situation of our municipality, on the whole, is fairly good.

The required municipal services are being provided with improved efficiency; our structures and plant are in reasonably good condition; our expenditures are being made with regularity; our credit rating is good.

The gross and the net debt of the city have been substantially reduced.

Unless there is a decided change in general economic conditions, we can expect no decided change in our current economic condition as a municipality.

It is obvious, however, that the gray clouds which hover above us have neither disappeared nor

grown smaller. They are still there, an ominous warning that we be prepared for the showers, the rains, or the floods, which might, at any time, descend upon us.

Almost every large city in America which is an urban center is beset with many difficulties, some old, and some of recent development. In none of these metropolitan cities are the difficulties more numerous than in Boston, and in none more numerous than those which face our old city.

Unlike most large cities, our area is small. Consequently, the process of decentralization is more quickly felt in Boston than in these cities whose areas still include space for expansion.

Unlike most large cities, our income base is narrow. Three-quarters of the cost of our municipal government is met by the owners of real estate. Consequently, our tax rate is higher than in other large cities whose tax base may include a sales tax, a payroll tax, occupational utility or other taxes. When comparisons between Boston and other large cities are made, it must be kept in mind that, in almost every case, Boston operates within a lesser area, and without the sources of income available to these other cities.

If the artificial boundary lines between Boston and Greater Boston were removed, as some day they will be, and if Boston did not have to rely on real estate for its chief source of income, our tax rate would be comparable to that of any other large city, and our competitive position greatly strengthened.

I strongly recommend to the Legislature and to all civic organizations serious consideration of the problem of the artificiality of the boundary lines between Boston municipality and the possibility of an equitable broadening of the present unfair base.

Until either of these possibilities becomes a reality, the most prudent, efficient and careful management of the city's affairs will avail but little. Boston's basic problems are of major proportions. The call for action on a major scale. They call for the concerted support of all those who realize that a sound, healthy, progressive Boston is essential if we are to have a sound, healthy, and progressive Commonwealth.

While we await the major assistance which must be forthcoming, it is our obligation to strive constantly to improve the services of a municipal corporation with efficiency, with an eye to present and eventual costs, and necessarily with consideration for the taxpayer.

With these policies in mind, we have entered upon a period of changes in municipal administration. I can only hope to produce good results. For example, we have broadened the powers of the City Planning Board so that the recommendations of the plan of the Board, a very fine, civic-minded citizens may guide our expenditures of a capital nature. In that respect, a capital outlay budget, necessarily of some flexibility, will be followed. Major expenditures, to be paid for in the future, will not receive approval until first given the approbation of the City Planning Board.

The first long step in the problem of personnel relations has been taken in the adoption of the Classification and Compensation Plan, which has brought some order and justice out of a chaotic personnel situation, must be, and will be, rigidly adhered to. Any attempt to break it down, or circumvent it, by individuals or groups should, and will, receive little encouragement. Personnel costs now represent, by far, the predominant charges of municipal government. Their upward climb must be checked.

We must always remember that government is not conducted for the benefit of employees, but, at the same time, we must give to employees a fair return for their services. The present plan is a fair one. It is beneficial, if not generous, to the great majority of city workers. It is, therefore, expedient of all employees that they produce in accordance with the requirements of their individual positions.

The city is to maintain the present scales of compensation, and if the present plan is to remain worthwhile, it is obvious that we must get along with a smaller number of city employees. The diminution of the number of employees necessary for efficient municipal administration is the second, and perhaps, more important factor in the problem of personnel costs. It is the problem to which we will devote considerable attention in the immediate future. It is not my intention, incidentally, to discuss the lesser employees.

In this connection, the proposed reorganization of city departments and functions will result in the need for fewer employees. This proposed reorganization of city departments, substantially as recommended by the Finance Commission administratively, will be submitted to the City Council when enabling legislation is adopted by the 1933 Legislature. The reorganization contemplates the reduction of the number of existing departments from more than thirty to ten or twelve major departments. The prime purpose of such reorganization is greater efficiency at lesser cost.

During 1933 we shall go forward in the program of reevaluation of all city properties. Never in the history of the city has there been a logical, scientific basis for property valuations. We believe that a comprehensive revaluation is not only imperative in the light of equity to all parties, but we also believe that the result will be reflected in the petitions for abatements which are now, and have been for some time, the bane of city administrations.

The year 1933 presents many problems, some of which we can meet and solve within our own authority, and others about which we can, by and of ourselves, do little.

The MTA, for instance, continues to be a growing source of expense to the city. In the 1933 tax computation, we will be required to provide some \$3,500,000 for MTA deficits. This deficit is greater than the appropriation made for any but the very largest city departments.

Certainly, the time has come for a more realistic attitude towards the transportation of the Mass. transportation is a necessity, a daily necessity for some and an occasional necessity for others. It must be maintained.

It is inconceivable, however, that the taxpayers of Boston should continue to pay 64 per cent of the actual deficit of the road.

I call upon the incoming governor and legislature to give the present and future status of mass transportation prompt consideration. The annual MTA deficits growing in proportion is one of the chief obstacles to a lower tax rate in Boston.

The combined problem of traffic and parking, a most pressing and acute problem, will receive our close study during the year. To improve the present traffic situation may call for the adoption of drastic remedies. More on-street parking facilities, similar to the one completed and in operation at Winthrop square, will be constructed.

With the approval of the City Council, and from the receipt of parking meters, parking areas in local shopping communities will be laid out in various sections. There is no better way, in my estimation, to retain and attract business to our city than by providing these much-needed facilities.

It is also my expectation that the construction of the long-awaited Metropolitan garage at Boston Common will begin this year.

In concluding this message, let me state that I have not attempted to refer to the problems of the activities of the departments of the city government. Suffice it for me to report that our No. 1 problem is a forbidding high tax rate which is the main reason for the dearth of many new constructions.

taxable construction in our city. In happier days, the ordinary increases in municipal costs were met by the returns from such new construction. No longer is this so. In fact, we are losing, by way of nontaxable improvements, more than we gain each year.

Manifestly, and in the absence of any substantial new revenues, we must cut our cloth so that the already high tax rate will not go higher.

Means must be found to curtail many of our city expenditures. It means economies such as those now being made at the City Hospital. It means dispensing with the plan of the Board at Boston Ferry, which no longer serves their original purpose. It means we must look with coolness upon any and all proposals for an increase of cost of government, regardless of who sponsors such legislation. It means watching the minor expenditures, as well as the major expenditures.

It means the continued cooperation of the City Council with the Mayor, and the active cooperation of all our citizens.

By doing our best with the tools at hand, by eternal watchfulness, by constant effort, and by stout resistance to pressure groups, organized or not, we can guide our city through this period of anxiety and transformation, so that it will be in position to go forward to a more encouraging future.

The sum total of our common efforts can, and will, result in a better Boston.

To all of you members of the City Council, I wish the coming year to be a very happy one, a very fruitful one, and a healthy one for each of you. Thank you. (Applause.)

Chairman HURLEY—Thank you Mr. Mayor, for a very fine address. The Chair now appoints Councillors Kerrigan and Ward to escort his Honor from the rostrum.

Chairman HURLEY—The Council will be in order. The Chair awaits the pleasure of the Body.

On motion of Councillor Ahearn the Council recessed at 12.45 A.M.

The members reassembled in the Council Chamber and were called to order by Chairman HURLEY at 2 P.M.

APPOINTMENT OF TEMPORARY EXECUTIVE COMMITTEE.

Coun. HURLEY offered the following: Ordered, That all the members of the City Council compose a temporary Executive Committee, the chairman to be designated by the presiding officer; said chairman to serve until permanent committees are appointed.

Passed upon suspension of the rules.

Chairman HURLEY appointed Councillor White as temporary chairman of the Executive Committee.

ELECTION OF MEMBERS OF OLD SOUTH ASSOCIATION IN BOSTON.

Coun. HURLEY offered the following:

That Ordered, That a majority be proceeded to the election of two members of the City Council as managers of the Old South Association in Boston. Passed upon suspension of the rules.

The question came on the election of two members of the Council as managers of the Old South Association, and the Clerk called the roll with the following result:

For Councillors Foley and Kerrigan—Coun. Ahearn, Hurley, Joyce, Piemonte, Ward, White—6.
For Councillor Foley—Coun. Kerrigan—1.
For Councillor Kerrigan—Coun. Foley—1.
Councillors Foley and Kerrigan each received 7 votes and were declared elected as managers of the Old South Association in Boston for the year 1953.

PRINTING OF MUNICIPAL REGISTER, ETC.

Coun. HURLEY offered the following:

Ordered, That the Statistics Department be authorized, under the direction of the Committee on Rules, to prepare and have printed the Municipal Register for the current year; and that the Clerk of Committees be authorized to prepare and have printed a pocket edition of the organization of the city government; the expense of said register and organization to be charged to the appropriation for City Documents.

Referred to the Executive Committee.

ELECTION OF PRESIDENT.

On motion of Councillor Ward the Council voted to proceed to the election of a president for the municipal year 1953.

The roll was called as follows:

For Councillor Ahearn—Coun. Ahearn, Hailer, Joyce, White—4.

For Councillor Foley—Coun. Ward—1.

For Councillor Hurley—Coun. Hurley—1.

For Councillor Kerrigan—Coun. Kerrigan—1.

For Councillor Piemonte—Coun. Piemonte—1.

For Councillor Ward—Coun. Foley—1.

Before the result was announced, Councillor Hurley changed his vote from Councillor Ahearn to Councillor Ahearn, Councillor Ward changed his vote from Councillor Foley to Councillor Ahearn, Councillor Kerrigan changed his vote from Councillor Kerrigan to Councillor Ahearn, Councillor Piemonte changed his vote from Councillor Piemonte to Councillor Ahearn, and Councillor Foley changed his vote from Councillor Ward to Councillor Ahearn.

Chairman HURLEY announced that Councillor Ahearn having received the most votes was elected President unanimously for the municipal year 1953. Chairman HURLEY appointed Councillors Ward and Hailer to escort President AHEARN to the rostrum.

President AHEARN expressed his thanks to the members of the Council in electing him as President for the year 1953. (Applause.)

APPOINTMENT BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointment:
Constable, with authority to serve civil process upon filings of bond, for the term ending April 30, 1953: Francis Xavier Zuffante, 79 Westland avenue, Boston.

Referred to the Committee on Confirmations.

FINANCIAL AID FROM STATE FOR FRANKLIN PARK ZOO.

The following was received:

City of Boston,
Office of the Mayor, January 5, 1953.
To the City Council.
Gentlemen:

I transmit herewith communication from the Chairman of the Park Department relative to your order of December 22, 1952, in which you directed that a draft be prepared for legislation whereby the Franklin Park Zoo may receive financial aid from the Commonwealth of Massachusetts.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Park Department, December 30, 1952.
Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I am in receipt of a memo from your office with attached enclosure, City Council order filed by Councillor Ahearn relative to obtaining assistance from the Commonwealth for the Franklin Park Zoo.

I have noted in the order the request of the Councillor, that his Honor the Mayor direct the Corporation Counsel to consult with the Park Commissioner and prepare and draft desirable legislation with adequate provisions whereby the Franklin Park Zoo would receive financial aid from the Commonwealth of Massachusetts.

This matter will receive your consideration.

Very truly yours,

FRANK R. KELLEY,
Chairman.

Placed on file.

ELECTRIC LIGHTS ON BUENA VISTA AND FENNO STREETS.

The following was received:

City of Boston,
Office of the Mayor, January 5, 1953.
To the City Council.
Gentlemen:

I transmit herewith communication from the Commissioner of the Public Works Department relative to your order of December 22, 1952, concerning the request for the installation of electric lights on Buena Vista street, between Fenno street and Walnut avenue, near St. Richards Church, and on Fenno street, between Buena Vista and Rockland streets, near the rectory.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
December 31, 1952.
Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

This is in reference to the following order that was passed in the City Council under date of December 22:

"Ordered, that the Commissioner of Public Works be requested, through his Honor the Mayor, to install electric street lights on Buena Vista street, between Fenno street and Walnut avenue, near St. Richards Church, and on Fenno street, between Buena Vista and Rockland streets, near the rectory."

We are pleased to comply with the provisions of the above, and arrangements will be made to have modern electric street lighting installed. A survey has been made to determine the most desirable locations for the new lights.

Very truly yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

LOAN OF \$75,000,000 IN ANTICIPATION OF REVENUE.

The following was received:

City of Boston,
Office of the Mayor, January 5, 1953.
To the City Council.
Gentlemen:

I am in receipt of the attached communication from the City Auditor. In accordance with the recommendation contained therein I submit herewith an order authorizing the issuance during 1953 of temporary notes in anticipation of revenue to an amount not exceeding \$75,000,000. I respectfully recommend adoption of this order by your Honorable Body.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Auditing Department, January 5, 1953.
Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

It is customary to submit to the City Council at its first meeting in the New Year an order authorizing the issuance as needed during the year of temporary loans in anticipation of revenue receipts. This method of financing is made necessary by the fact that under the Massachusetts municipal tax calendar the bulk of the city's revenue receipts are received late in the year.

Under existing law, the city could issue in 1953 in anticipation of revenue receipts temporary notes in the approximate amount of \$116,500,000. In my opinion it is desirable that an authorized amount of \$75,000,000 be made in order to cover requirements as they now appear for the financial year 1953. In 1952 an amount of \$60,000,000 was made and it was necessary to issue during the year temporary notes to this full amount. It is estimated, however, that the total authorized cash requirements will exceed those of 1952, first because of the operation of the new compensation plan in city and county departments and the single year schedule in the State Department, and second, because of an anticipated substantial increase in the Metropolitan Transit Authority

deficit assessment. It is also anticipated that certain items of revenue will not approach in the current year the totals actually received in 1952. It should be emphasized that the actual issuance of temporary notes under this authorization by the City Treasurer will be made only as required to finance without interruption departmental services and operations. I therefore respectfully recommend that an order in the amount previously stated be submitted to the City Council for consideration and adoption.

Respectfully,
CHARLES J. FOX,
City Auditor.

Ordered, That to provide temporarily money to meet the appropriations for the financial year 1953, the City Treasurer be, and hereby is, authorized to issue and sell, at such times and in such amounts as he may deem best, notes or certificates of indebtedness of the City of Boston not exceeding \$75,000,000 in the total, in anticipation of the revenue of the financial year; that all such notes or certificates of indebtedness be made payable with the interest thereon within one year of their date and bear interest from their date until the same are made payable at such rate as the City Treasurer and the Mayor may determine. The said City Treasurer is hereby further authorized to renew or refund any such notes issued for a shorter period than one year, under the provisions of section 17 of chapter 44 of the General Laws. Referred to the Executive Committee.

PROTECTION OF CITIZENRY FROM LAWLESSNESS.

Coun. JOYCE offered the following:

Be it resolved by the City Council of Boston, as follows:

Whereas, An increasing number of brutal crimes in the City of Boston has aroused the citizenry to the danger of life, limb, and property from robbers lurking in city streets at night; and

Whereas, These crimes were elicited recently with the sadistic robbery and murder of an eminent citizen, whose entire lifetime's teaching constituted a sharp antithesis to the conduct of the terroristic lawlessness that struck him down in our city streets; and

Whereas, These incidents constitute grave warrants of that no citizen is free from danger; now therefore, be it

Resolved, That the Mayor is hereby requested to call an immediate conference with the Police Commissioner of the City of Boston, the chairman of the Massachusetts State Youth Service Board, the commissioner of the Massachusetts Department of Correction, a representative of the Boston Juvenile Court, and/or any other municipal or state officials he may request, in order to make an immediate study and investigation of the conditions cited herein, looking toward protection of our citizenry from such crimes and the general preservation of the order in the City of Boston.

The resolution was adopted under suspension of the rules.

HEARING ON CITY MILK CONTRACTS.

Coun. PIEMONTE offered the following:

Ordered, That the Boston City Council hold a public hearing at which the Superintendent of the Boston Sanatorium, the representatives of the two milk companies now under contract to supply milk to the said sanatorium, and representatives of the two companies actually supplying the milk, be requested to appear in order that the Council determine the practices involved in the letting-out of contracts for and the delivery of milk to agencies of the City of Boston; all with a view to determining whether the best interests of taxpayers and patients are being served.

Passed under suspension of the rules.

TRIBUTE TO LOUIS J. BREMS.

Coun. HURLEY offered the following:

Whereas, Louis J. Brems has served the City of Boston for a period of fourteen years as City Greeter and as Director of Public Celebrations; and

Whereas, Mr. Brems has been commended on many occasions for his outstanding accomplishments in his assigned positions; and

Whereas, He has always been ready and willing to lend of his time and exceptional talent to all worth-while charitable and civic affairs which have brought benefits to the city as a municipality, and to the Mayor and undersigned, who have received from the funds raised by the Annual Mayor's Field Day, or from the March of Dimes campaign, and countless other similar charities; and

Whereas, As Mr. Brems has been ill for some time and confined to the hospital; and

Whereas, His countless friends in the city employ, as well as all members of the City Council wish him a speedy recovery; therefore, be it

Resolved, That the members of the Boston City Council be and they are assembled, commencing on the new year—1953—extend their sincere greetings and best wishes for his speedy recovery and return to his duties.

The resolution was adopted under suspension of the rules.

OPERATION OF BOOKMOBILE SERVICE.

Coun. HAILER offered the following:

Ordered, That his Honor the Mayor request the trustees of the Boston Public Library to operate the Bookmobile Service directly with municipally-owned equipment rather than by private contract. Passed under suspension of the rules.

LAND AT BROOKLINE AVENUE, FENWAY, RIVERWAY, PARK DRIVE, AND BOYLSTON STREET.

Coun. PIEMONTE offered the following:

Whereas, The Sears Roebuck Junction of Brookline avenue, the Fenway, the Riverway, Park Drive, and Boylston street has been recommended by the City of Boston Planning Board as far back as 1933 for the erection of a traffic circle to relieve the extremely bad traffic situation; and

Whereas, The need of a traffic circle at this junction was reiterated in the 1946 report of the City of Boston's Planning Board; and

Whereas, The recommendation for a traffic circle and other relief was incorporated in the Master Highway Plan authorized by the Massachusetts Legislature and which has since then been carried out by the Department of Public Works of the Commonwealth; and

Whereas, The City of Boston has already expended a sum of money in excess of \$100,000 to divert the flow of Muddy River, in anticipation of the construction of said traffic circle; and

Whereas, There is pending a proposed sale or lease of this city-owned land to a private firm for use as parking for their patrons; and

Whereas, Such a conveyance might seriously affect the taxpayers in so far that the City of Boston or the Commonwealth would be compelled to repurchase the land it now owns in order to carry out plans for the relief of traffic that is has continuously recommended for about 20 years or else be put to great monetary loss in altering the plans for relief of traffic; now therefore be it

Resolved, That his Honor the Mayor request the Corporation Council to refrain from executing any binding agreement for sale or lease of said city-owned land; and

Further, That there be submitted to this Honorable Body a report of the studies of the City of Boston Planning Board, State Planning Board, and other agencies for the past twenty years covering the suggested improvement for the area at the junction of Brookline avenue, the Fenway, the Riverway, Park Drive, and Boylston street; and for such other pertinent information relative to the proposed transaction involving the lease or sale of city-owned land. The resolution was adopted under suspension of the rules.

MARTIN F. McDONOUGH GYMNASIUM.

Coun. FOLEY and KERRIGAN offered the following:

Ordered, That his Honor the Mayor be requested to name the municipal building in South Boston the Martin F. McDonough Gymnasium, in honor of the memory of Martin F. McDonough, a South Boston veteran and athlete, who lost his life in the service of our country in World War II.

Passed under suspension of the rules.

LIBRARIES IN UNITED STATES.

Today there are 7,408 public libraries in the United States. The American Library Association estimates that since 1945 more than \$100,000,000 has been spent on the construction and remodeling of libraries. Public libraries in American cities today enjoy a prestige and support seldom challenged.

The construction costs of these new public libraries have spiraled. For instance, among the large public libraries which have announced plans for construction is the Cincinnati Public Library. The estimated cost of the proposed building is \$4,500,000, compared to the actual cost of \$2,400,000 for the Enoch Pratt Free Library (really the public library of Baltimore), built in 1932, and \$2,026,243 for the Toledo Public Library, built in 1940. Yet both the Enoch Pratt and the Toledo buildings have floor space comparable in number of square feet to the public library proposed for Cincinnati—*American City Magazine*.

FOOD INSPECTION IN BOSTON.

During 1950 the supervision of the food supplies of Boston and of all processing plants, restaurants, and other eating and drinking establishments continued unabated as part of the program of food inspection of the Health Department. Approximately 150,000 inspections were made, and over 1,500,000 pounds of food were condemned and destroyed, most of which consisted of decomposed fruits and vegetables. Among the shipments of food to Boston embargoed or condemned were seven carloads of onions that had been held too long in storage in Chicago by speculators and that arrived in Boston in a decomposed condition. Another shipment consisted of 76 boxes of dressed poultry weighing 4,950 pounds and originating in Belfast, Maine.

MORE CITIES ADOPT RETIREMENT PLANS.

Retirement systems now are in effect for some or all municipal employees in 981 of the 1,072 cities over 10,000 population. During the past five years the number of cities covering all their employees has increased from 341 to 649, according to *The 1949 Municipal Year Book*. Of the cities over 10,000 with no retirement plans, 97 per cent have less than 25,000 population. The survey in the *Year Book* reveals a marked shift away from retirement plans for special groups such as policemen or firemen towards general plans for all city employees.

NEW ENGLAND IN FEDERAL SAVINGS ASSOCIATIONS.

All of the 54 Federal savings associations in New England are part of a nation-wide thrift system which includes some 1,500 institutions whose total resources exceeded \$8,000,000,000 as of December 31, 1950. Each association is a truly mutual institution owned by its members. All members share in the net earnings of the association in proportion to their holdings, after operating expenses and legal reserves have been allocated in accordance with charter regulations.

Funds in these Federal savings and loan associations are legal investments for trusts and are widely used by trustees, conservators and attorneys, as well as by credit unions, cemetery associations, and municipal fund investors. No fines or fees or any other assessment may be levied against savings funds in these institutions.

BOSTON MAY HAVE WORLD'S LARGEST POOL.

Construction of the world's largest outdoor swimming pool in Pleasure Bay, South Boston, is closer to realization. New plans were submitted by Senator John E. Powers, Democratic floor leader, and the Metropolitan District Commission. At a hearing before the Port of Boston Authority at Commonwealth Pier previous Navy Department objections to the project were eliminated.

The new plans for the huge pool call for moving the island end of the causeway shoreward 100 yards. This met the Navy's objections that navigation at a pier at the tip of Castle Island would be hampered. One of the spillways which will change the water in the pool will be moved 700 feet toward the center of the causeway.

The water in the huge bathing lagoon will be maintained permanently at 17 feet above the low tide mark by the causeway and spillway system, thus bathing throughout the day will be provided for an estimated million people.

REORGANIZATION OF BOSTON HEALTH DEPARTMENT.

Health Department activities beyond routine functions were unusually numerous during 1950. Reorganization was carried out in accordance with the new ordinance, with consolidation of administrative functions and the clear delineation of responsibility.

The department has four main sections, i.e., General Services, Medical Services, Environmental Sanitation, and Local Health Services. Administration of a section is assigned to the Section Director who is responsible directly to the Commissioner or to the Assistant Commissioner. Three divisions make up the Section of General Services: Vital Statistics, Administration, and Health Education. Four divisions—Communicable Disease, Tuberculosis, Public Health Nursing, and the Diagnostic Laboratory form the Medical Services Section while the Health Units and Dental Division make up the Section of Local Health Services. All sanitation is concentrated in the Section of Environmental Sanitation and includes the Milk Inspection Division, the Laboratory of Chemistry and Sanitary Biology, Food Division, Housing and General Sanitation.

BOARD OF REAL ESTATE COMMISSIONERS.

INVITATION FOR PROPOSALS FOR LEASING OF PUBLIC PARKING FACILITY ON PEARL STREET, FRANKLIN STREET AND HARTFORD STREET.

The Board of Real Estate Commissioners of the City of Boston, hereinafter called the Board, invites from individual citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one-half thereof is owned by a citizen or citizens of the United States, proposals for leasing for a term of six (6) months beginning February 2, 1953, and ending August 1, 1953, unless earlier terminated in accordance with the conditions as more fully set forth in the form of lease, the public parking facility situated in Boston on the northeasterly side of Pearl street, south-easterly side of Franklin street, and the south-easterly side of Hartford street, and containing approximately thirty-four thousand five hundred ninety-five (34,595) square feet of land, upon the covenants, agreements and conditions contained in the form of lease, which, with the form of proposal, may be obtained daily (except Saturdays, Sundays and holidays), between 9 A.M. and 5 P.M., at the office of the Board, Room 809, City Hall Annex, Court street, Boston.

Proposals shall be submitted in duplicate on forms obtained as aforesaid. Each copy of the proposal shall be properly filled out, signed, enclosed in an envelope, sealed, and marked "Proposal for Public Parking Facility on Pearl, Franklin and Hartford Streets, Boston." One copy of the proposal, accompanied by bid deposit of \$2,000, made under the terms stated in the form of proposal, in the form of cash or a certified check, or a certificate of deposit issued by a reserve bank or trust company authorized to do business in Massachusetts, payable to the City of Boston, shall be filed with the Board at its said office on or before 3 P.M., January 22, 1953, at which time and place all proposals will be publicly opened and read. The other copy of the proposal shall be filed by the bidder before said day and hour at the office of the City Auditor, City Hall, School street, Boston.

No proposal shall be withdrawn after the day and hour hereinbefore set for the opening of proposals.

The Board reserves the right to reject any and all proposals.

No. 4

MAYOR JOHN B. HYNES SENDS CONGRATULATORY MESSAGE TO NEW PRESIDENT.

Upon January 20 Mayor John B. Hynes addressed the following congratulatory message to President Dwight D. Eisenhower:

President Dwight D. Eisenhower,
White House,
Washington, D. C.

MAY THE SPIRIT OF TRUTH, RIGHT, AND JUSTICE INSPIRE AND GUIDE YOU IN THE TREMENDOUS BURDENS OF THE PRESIDENCY.

BOSTON EXTENDS THE PRAYERFUL HOPE THAT YOUR EFFORTS WILL RESULT IN A BETTER LAND AND PEACE WITH HONOR.

John B. Hynes,
Mayor of Boston.

MAYOR HYNES APPEALS TO COMMITTEE ON PUBLIC SERVICE TO RENDER ADVERSE REPORTS ON BILLS NOW BEING HEARD AIMED AT RESTRICTING POWERS OF BOSTON OFFICIALS TO SET SALARIES OF POLICE AND FIRE DEPARTMENT MEMBERS — ABRIDGEMENT OF HOME RULE POLICY CHARGED.

On February 22 Mayor Hynes addressed the following letter to the Chairman of the Committee on Public Service of the Legislature:

January 22, 1953.

HON. GEORGE J. EVANS,
Chairman of the Committee on Public Service, State House, Boston.

DEAR SENATOR EVANS:

It has come to my attention that the Committee on Public Service is today hearing a series of bills involving the power to determine the compensation of firefighters and police officers, including the incidental power to fix their vacation and other leave with pay.

It has long been established by special acts constituting part of the Boston City Charter that in Boston the power to set salaries rests with the boards and officers in charge of the several departments acting subject to the general supervision and control of the Mayor. This is so even in the case of the Boston Police Department. See St. 1906, c. 291, s. 13, to the effect that the pay of the members of the Police Force other than the Police Commissioner and the Superintendent of Police shall be neither increased nor diminished except by the concurrent action of the Mayor and the Police Commissioner.

(Continued on page 75.)

EXPENDITURES FOR VETERANS' BENEFITS CONTINUE TO SHOW INCREASE FOR EACH MONTH OF 1952 OVER SAME MONTH IN 1951, ACCORDING TO REPORT BY COMMISSIONER FRANCIS X. COTTER TO MAYOR JOHN B. HYNES — \$9,395.46 FOR NOVEMBER WITH 1,508 CASES AIDED — 2,724 INDIVIDUALS AIDED.

Expenditures for veterans' benefits continue to show an increase for each month over those of the same month of the preceding year, according to the report of Francis X. Cotter, Commissioner, in his letter to Mayor John B. Hynes, for the month of November. This increase amounted to \$9,395.46 in comparison with sum for the same month of 1951. There were 1,508 cases aided during the month, representing a total of 2,724 individuals. There were 149 cases closed. The complete report reads as follows:

Boston, January 16, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

SIR:

I have the honor to submit the report of the Department of Veterans' Services for the month of November, 1952.

Very truly yours,

FRANCIS X. COTTER, *Commissioner.*

MAYOR HYNES PRAISES PRESIDENT EISENHOWER'S INAUGURAL ADDRESS FOR ITS FUNDAMENTAL AMERICANISM.

In commenting on President Eisenhower's inaugural address, Mayor Hynes spoke as follows:

President Eisenhower has delivered a message through which runs the bright threads of faith, hope, courage, and nobility of purpose.

Free of recriminations, President Eisenhower's message brings up to date the basic principles which must be observed and followed if our nation is to remain strong, and if there is to be honorable peace in the world.

President Eisenhower's inaugural message could well be given as a required lesson in fundamental Americanism by every high school and school of higher education.

Undoubtedly America has a good, inspiring, and God-fearing leader in President Dwight Eisenhower.

Expenditures for veterans' benefits for November, 1952, show an increase of \$9,395.46 in comparison with expenditures for the corresponding period of 1951.

The 1,508 cases aided during the month of November, 1952, represent a total of 2,724 individuals benefited through the financial facilities of the Department of Veterans' Services.

There were 149 cases closed during the month of November, 1952, because of obtaining employment, having been awarded unemployment compensation, receiving social security, and becoming ineligible to receive financial assistance for miscellaneous other reasons.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-
teeming plain of the ocean;
May thy future be bright, thy skies beam
with light all serene,
Ensured by thy sons' and thy daughters' un-
selfish devotion."

EMERGENCY SNOW REMOVAL REGULATIONS ANNOUNCED BY BOSTON TRAFFIC COMMISSION.

The Boston Traffic Commission at a meeting on January 15 voted to establish rules and regulations applicable to emergency periods occasioned by heavy snowstorms.

An emergency will be considered to exist wherever snow falls during any period of 24 hours or less to a depth of 3 inches or more, inasmuch as such a snowfall constitutes a serious public hazard impairing transportation, the movement of food and fuel supplies, medical care, fire, health, and police protection, and other vital facilities of the city.

Such an emergency will be identified by the Commissioner of Public Works, who shall have caused an announcement thereof to be made by at least two radio stations whose normal operating range covers the city and by whatever other means of publicity are available.

When such an emergency has been declared it shall be unlawful for any person to park any vehicle in important traffic arteries, or parts thereof, or upon any street upon which there is operated a trackless trolley, motor bus, or streetcar line, except that this regulation shall not apply to passenger vehicles stopped temporarily during the receiving or discharging of passengers, nor to commercial vehicles stopped for not more than one hour continuously while loading or unloading materials.

Included among important traffic arteries, bus and streetcar lines are the following: Dorchester avenue, South Boston and Dorchester; Massachusetts avenue, Harrison avenue, Washington street, downtown, Roxbury, and West Roxbury; Northampton street, Shawmut avenue, Tremont street, Columbus avenue, Huntington avenue, Boylston street, Commonwealth avenue, Park Drive, Beacon street, Columbia road, Blue Hill avenue, Warren street, Roxbury; Quincy street, Washington street, Dorchester; Norfolk street, Dorchester; Talbot avenue, Adams street, Dorchester; Neponset avenue, Gallivan Boulevard, Morton street, Dorchester and West Roxbury; River street, Dorchester and Hyde Park; Hyde Park avenue, Cummins Highway, Corinth street, Roslindale; South street, Roslindale Square area; Belgrade avenue, Centre street, Roxbury and West Roxbury; Brighton avenue, Cambridge street, Brighton; Washington street, Brighton; North Beacon street, Brighton; Western avenue, Brighton; Chestnut Hill avenue, Brighton; Market street, Brighton; Beacon street and Cleveland Circle, Brighton; Warren street, Charlestown; Chelsea street, Charlestown; Cambridge street, Charlestown; L street, South Boston; West Broadway, South Boston; D street, South Boston; Dorchester street, South Boston.

On other streets, wherever parking is permitted, vehicles may be parked during a snow-removal emergency, as above defined, on the side of the street having even house numbers from 6 P.M. on even dates of the month to 6 P.M. on the following date, and on the side of the street having odd house numbers from 6 P.M. on odd dates of the month to 6 P.M. on the following date.

The state of emergency shall be considered to exist until the Commissioner of Public Works shall have caused announcement to be made of the ending of the emergency on at least two radio stations.

CONTRACT FOR NEW ENGLAND'S LARGEST PUBLIC HOUSING DEVELOPMENT TO BE AWARDED BY MAYOR HYNES AND HOUSING AUTHORITY—TO CONTAIN 1,504 APARTMENTS AND 7,572 ROOMS—TOTAL COST TO APPROXIMATE \$19,700,000.

Mayor John B. Hynes and the Boston Housing Authority have announced that the Public Housing Administration has given clearance to an award of contract for the erection of the superstructures on the federally-aided development at Columbia Point in the Cow Pasture area of Dorchester at a cost of nearly \$19,700,000.

The foundations for this development are in place, having been erected under a previous publicly bid contract by Coleman Brothers Corporation.

The contract to be awarded is for the building of the superstructures and the site and grounds work on this development, and will go to John Bowen Company, Inc., the low bidder for the work, in the sum of \$15,198,375.

There will be 1,504 apartments in this development, containing 7,572 rooms. The 1,504 apartments will consist of 196 one-bedrooms, 584 two-bedrooms, 496 three-bedrooms, 180 four-bedrooms, 48 five-bedrooms, with an average of 5.03 rooms to an apartment, which is the greatest average room size ever built by the Authority. There will be 29 dwelling

buildings in all, 12 of which will be the three-story walk-up type and 15 will be seven-story elevator equipped. The buildings will all be of Type I, fire-resistant construction throughout, and the outside walls will be of red brick. There will be a central heating system. Present plans call for the Authority to furnish all utilities to the tenants in an all-inclusive rent which is estimated to average \$39. The area will be traversed by a series of streets and courts, and parking areas will be provided, as well as play areas for small children.

The area presently devoted to this development is about 35 acres. Only 29 per cent of this area will be covered with buildings, the rest being open and devoted to streets, courts, landscaping, and parking. There will be approximately 43 families per acre in this development.

It is expected that the formalities of signing the contract will take place this week, with an order to proceed to the contractor following immediately.

The contract provisions call for completion of the development within one and one half years, but the Authority expects some of the buildings to be completed, and ready for occupancy before that time.

Rents will be fixed according to the income of the tenants, as is the practice in all low-rent, low-income developments. Top income ranges from \$2,300 for a two-person family with no minors to \$3,300 for a family consisting of husband, wife, and five children.

The total development cost, which includes the acquisition of the land, the improvement of it, the erection of the buildings and foundations, together with all incidental fees and costs, including architectural and engineering fees, will approximate \$19,700,000.

MAYOR HYNES APPEALS TO LEGISLATIVE COMMITTEE FOR ADVERSE REPORT ON POLICE AND FIRE SALARY INCREASES.

(Continued from page 73.)

All the bills being heard today would remove the power in question from the department head and place it in either the City Council and Mayor or the City Council alone (House No. 375) or a Board of Arbitration (House No. 376). In the latter two cases, the public officer who is responsible to the voters for the administrative policies of the city and the tax rate would be entirely by-passed.

Your attention is further respectfully called to two other factors. First, every one of the bills being heard today involves matters of local concern in which under the Home Rule doctrine the state should not interfere. Second, except insofar as House No. 376 would nullify the basic provisions of the Municipal Finance Act every one of the bills being heard today relates to a subject with which, under existing law, local authorities have adequate power to deal.

Accordingly, I earnestly hope that your Honorable Committee will make an adverse report on each and every one of these bills.

Respectfully,
JOHN B. HYNES, Mayor.

MAYOR HYNES URGES ALL PARENTS TO COOPERATE WITH POLICE AND CITY OFFICIALS TO CURB VANDALISM AND HOODLUMISM.

Mayor John B. Hynes has urged all parents to cooperate with police and city officials in their efforts to curb vandalism by keeping children off the streets at night and discouraging them from traveling in groups, especially after dark.

"The many inquiries coming to my office indicate that parents are eager to cooperate to curb the current wave of vandalism," Mayor Hynes said. "Parents may assist effectively by keeping children off the streets at night, except for valid reasons approved by the parents."

"They may also help by discouraging their children from traveling in groups, gathering on street corners, and associating with questionable companions. Beyond these suggestions, it is extremely important that parents know at all times where their children go, what they do, and with whom they associate."

"It is a well-known fact that youngsters, normally well-behaved, frequently step out of character when members of an unsupervised group or with undesirable companions, and participate in disorders or acts of vandalism."

"Constant vigilance on the part of parents is necessary to see that their children spend their time in wholesome activities. It is particularly important that children of school age attend school regularly. Parents should be greatly concerned over reported truantcies and should give full cooperation to school officials in removing the causes and assisting in any necessary adjustment of the individual child."

"Youth activities sponsored by churches and civic groups, the schools, neighbor-

hood houses, and boys' and girls' clubs offer many after-school and evening programs for children whose recreational needs are not readily met in the home. Parents may easily obtain information about the programs of this type in their home neighborhoods and thus direct their children to profitable activities under supervision.

"I realize fully how eager parents are to prepare their children for happy and useful adult citizenship. It is with this thought in mind that I assure them of the fullest measure of assistance from the city government and ask their cooperation with my present suggestions."

FENCE VIEWERS APPOINTED.

The Mayor has approved the following request of the Building Commissioner:

Boston, December 30, 1952.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

As your Honor is aware, section 1, chapter 49, of the General Laws provides that "the Mayor of each city, subject to confirmation by the city council . . . shall annually appoint two or more fence viewers, to hold office for one year and until their successors are qualified." For Boston, this chapter is further modified by chapter 76 of the Acts of 1911, which provides that "the fence viewers in the city of Boston shall hereafter be two inspectors in the building department of the city, to be designated by the mayor. . . ."

There is at the present time one fence viewer in this department, Mr. Josephat C. Blain, whose appointment has been of long standing. Under the Classification Plan Mr. Blain has been designated legal assistant and has been assigned appropriate duties. Accordingly, I should like to relieve him of the duties incidental to fence viewing.

I, therefore, pursuant to the above laws, request your Honor to designate the following two inspectors of this department as fence viewers for the City of Boston: Joseph F. Bannon, William P. Riley.

Very truly yours,

HARRY J. KEEFE,
Building Commissioner.

REQUEST FOR A TOWING LAW.

The Boston Traffic Commission at a meeting on January 15 voted to submit to his Honor the Mayor for submission to the Massachusetts Legislature a bill to empower the Boston Traffic Commission to cause to be removed vehicles parked or standing on the streets in downtown Boston in violation of the law. An outline of the proposed act is as follows:

The Boston Traffic Commission may, by any rule or regulation adopted hereunder, authorize one or more officials of the city, including in such term the Police Commissioner, to remove, or cause to be removed, to some convenient place, including in such term a public garage, any vehicle parked or standing on any street, way, highway, road or parkway, under the control of the city, within the district bounded by the southwesterly line of Massachusetts avenue, the Roxbury Canal, South Bay, Fort Point Channel, Boston Harbor, Charles River, and Charles River Basin in violation of any rule or regulation adopted

by the Boston Traffic Commission, and impose liability for the cost of such removal, and of the storage charges, if any, resulting therefrom, upon the owner of such vehicle.

This, in substance, is the restoration of chapter 362 of the Acts of 1949, section 1, and will make definite the powers of the Boston Traffic Commission to tow vehicles which are in flagrant violation of parking rules in the downtown area.

NO PARKING IN CERTAIN STREETS IN THE MARKET DISTRICT.

Because of the traffic problem created by construction work on the John F. Fitzgerald Expressway, the following regulations have been voted by the Traffic Commission:

No parking from 7 A.M. to 6 P.M. in the following streets:

Commercial Street.

Both sides, from Atlantic avenue to State street.

Fulton Street.

From Cross street to Lewis street, both sides.

North Street.

Both sides, from Cross street to Fleet street.

South Market Street.

South side, from Commercial street to Merchants Row.

North side, from Atlantic avenue to Commercial street.

Clinton Street.

South side, from Atlantic avenue to North street.

These regulations will be effective commencing Tuesday, February 3, 1953.

MARCH OF DIMES UNDER WAY.

CITY OF BOSTON,

TREASURER'S OFFICE, January 20, 1953.

To Heads of Departments.

DEAR SIR:

His Honor Mayor John B. Hynes has appointed me chairman of city and county employees for the 1953 March of Dimes Campaign.

This is one of our outstanding charities and should command the cooperation of everyone—I know I can count on you.

Everyone who opens up his purse strings and donates \$1 or more will receive a "key lighter." Kindly designate a charity-minded person in your department and forward his or her name to me or William L. Dowling at the treasurer's office.

The drive ends February 2, so time is of the essence.

Thank you for your unselfish assistance.

Very truly yours,

DANIEL M. DRISCOLL,
Treasurer.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of city employees have been made:

During the month of November, 1952, the department collected \$350, which represents refunds by former beneficiaries who were found to have drawn aid under circumstances which warranted its return to the City of Boston.

Very truly yours,

FRANCIS X. COTTER, Commissioner.

SUFFOLK COUNTY.

COURT HOUSE COMMISSION.

Boston, November 20, 1952.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MAYOR HYNES:

The Court House Commission requests your Honor's permission to dispense with the position of one janitor and substitute therefor the position of storekeeper, which actually reflects the work which the present incumbent, John N. Murphy, is doing.

The Commission feels that, because of his many years of service as well as his efficient work in this position, Mr. Murphy is deserving of this rating.

Respectfully yours,

COURT HOUSE COMMISSION,
by THOMAS P. McDAVITT,
Chairman.

COURT HOUSE.

Approval has been given to appoint John N. Murphy, storekeeper, Grade VI, at \$68 a week.

SHERIFF'S OFFICE.

Approval has been given for the suspension of Rule 15 of the rules for administering the list of County of Suffolk officers and positions so that the sheriff's salary under the new county plan be established at the full salary of \$9,000 a year.

* Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms, contractors, commercial houses, for furnishing labor, supplies, etc. Communications from heads of departments interested were as follows:

DEPARTMENT OF SCHOOL BUILDINGS.

Boston, January 5, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On December 31, 1951, your Honor approved a contract to the Martin J. Kelly Company, Inc., for egress alterations in various schools in Group II-S. This award was approved after public advertising.

During the life of the contract changes in the work were found to be necessary in the Dudley and George Bancroft Schools. All work in the original contract was required by chapter 143 of the General Laws; the additional work was required by the Building Department of the City of Boston.

In my opinion, the interests of the city are best served by having this work performed by the contractor already engaged under the original contract and nothing would be gained by further advertising.

I therefore respectfully request your Honor's approval to amend said contract from the amount of \$34,772 to \$48,046.06.

Respectfully yours,

JAMES H. MOONEY,
Superintendent of Construction.

HOSPITAL DEPARTMENT.

Boston, January 16, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

We respectfully request your permission to dispense with publicly advertising for bids, and to award a contract to Picker X-Ray Corporation, 920 Beacon street, Boston 17, Mass., for furnishing and installing complete the entire shockproof head on the Picker 260 PKV Unit in Main X-Ray Department, Boston City Hospital, at a cost not to exceed the sum of \$1,090.

There is a distinct advantage in having Picker X-Ray Corporation perform this work, as they are the manufacturers of the machine, are thoroughly familiar with it, and have the necessary parts and labor available to complete the work in the least possible time.

The Trustees are of the opinion, therefore, that nothing could be gained by publicly advertising for bids at this time.

Respectfully yours,

BOARD OF TRUSTEES, BOSTON CITY
HOSPITAL,
by RICHARD J. CONDON,
President.

PARK DEPARTMENT.

Boston, December 19, 1952.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

Under date of December 15, 1952, we wrote your Honor requesting permission to enter into a contract with O'Hearn's Storage Warehouse Company, in the sum of \$1,663.50, for storage, packing, and unpacking of the Christmas Festival figures used on Boston Common. Your approval was granted under date of December 18.

The amount of the contract, \$1,663.50, was the amount submitted to us by O'Hearn's Storage Warehouse Company for services covering the entire year 1952.

We are now in receipt of a communication from the company stating that a miscalculation had been made in its figures and that the correct amount should have been \$1,795.50 for the year. The rate is \$132 per month for storage plus \$211.50 for packing and unpacking. The company failed to include the monthly charge of \$132 for December, 1952. They request that we revise our contract so as to include the December bill.

As the service has been rendered and the original bill of \$1,663.50 is obviously an error, I request permission of your Honor to amend our contract with O'Hearn's Storage Warehouse Company so as to include the additional sum of \$132, bringing the total of the contract to \$1,795.50, to be charged to Item 477, Park Department.

In our previous letter we explained that it was impossible for us to advertise for bids for this service, the original arrangements having been in charge of the Christmas Festival Committee.

Respectfully yours,

FRANK R. KELLEY, Chairman.

PUBLIC WORKS DEPARTMENT.

Boston, December 17, 1952.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Civil Service Director is going to hold an open competitive examination for the position of structural engineer in the Bridge Division of this department on Saturday, January 24. This examination is being held at my request, and for the reason that there are no qualified engineers in the lower grades in this department capable of filling the position of Structural Engineer, Grade 4.

This is the first open competitive examination that has been held for any similar position in this department for a number of years, and I feel, therefore, that we should place a paid advertisement in the Boston newspapers to the effect that there are existing vacancies for structural engineers in the Bridge Division of this department, and that the civil service examination will be held on Saturday, January 24. I feel that advertisements of the latter-referenced type are essential in order to reach as many qualified engineers as possible, with particular reference to the engineers employed by consulting engineering firms. The latter-referenced employees, in general, have no knowledge of such examinations, because the notices of same are posted at the State House, City Hall, and similar locations where privately employed engineers, in general, have no occasion to visit.

It is my intention, therefore, to have double-column advertisements pertaining to this examination published in next

Sunday's issue of the Boston Herald, Boston Globe, Boston Post, and Boston Advertiser. The cost of the four advertisements will total \$240. I feel that such an expenditure will prove most beneficial to the department in that the ad will reach a large number of qualified engineers who would not be reached through the normal procedures followed by the Civil Service Director in posting notices for such examinations.

I respectfully request, therefore, that you authorize the above-described paid advertisements to appear in next Sunday's issue of the above-mentioned four Boston newspapers, and that you authorize the expenditure of \$240 to pay for the cost of same.

Very truly yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

Boston, January 19, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

For several years your Honor has granted authority to this department to purchase perishable foods, including fruits, vegetables, meats, poultry, butter, fish, and eggs, on a weekly basis and in some instances a monthly basis. This method has proved most beneficial to the city.

Inasmuch as purchases in this manner result in considerable savings to the city, authority is requested to dispense with publicly advertising for prices and award contracts, without public advertisement, to the following companies for the period from April 1, 1953, to March 31, 1954:

Armour & Co., 775 Columbus avenue.
Behen Fruit Service, Inc., 7 Charlton street, Everett.

 Bart Tribuna, Inc., 17 South Market street.
 United Beef Company, 90 South Market street.
 Wald Baram Company, 89 South Market street.
 Wilson & Co., Inc., 44 Commerce street.
 The following companies are offering a cash discount of 1 per cent for payment within ten days:
 Costa Fruit & Produce Company, Faneuil Fruit Exchange, Inc., G. Giovino Company, Northern Fruit Company, Inc., Curly Brothers, Inc.
 All other companies are net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

SUFFOLK COUNTY.

REGISTRY OF PROBATE.

Boston, January 16, 1953.

HON. JOHN B. HYNES,

Mayor of Boston,

MY DEAR MR. MAYOR:

As you are aware, it is necessary for me to purchase supplies for the Probate Court and the Registry of Probate under Item 360 in the budget. The principal expenditures from this item are for the purchase of blank forms of which we have approximately 300 types. With such a variety it is very difficult, if not impossible, to anticipate the needs of the bar, the public, and the office in that connection, and very often we find it necessary to order some items for quick delivery, so that we cannot wait until our needs would amount to \$1,000.

We do not expend as much as \$1,000 at any one time for the purchase of such blank forms and other supplies. I believe that if we were required to build up our orders to the \$1,000 mark and advertise for bids, such action would be likely to result (no matter how unintentionally) in overpricing.

In the light of the foregoing I respectfully request authority to dispense with advertising for bids for the purchase of supplies under Budget Item 360. This request is made under the provisions of chapter 156 of the Acts of 1939.

Respectfully yours,

ARTHUR W. SULLIVAN,
Register.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for the extension of the time of completion of the contract with International Business Machines Corporation for alterations to clock and signal systems at the Abraham Lincoln School, from September 5, 1952, to September 25, 1952. This extension was requested because of a delay in securing materials.

Approval has been given for the extension of the time of completion of the contract with Martin J. Kelly Company, Inc., for egress alterations in various schools in Group D-1, from November 15, 1952, to January 31, 1953. This extension was requested because of extra kalamine work to be done at the Mather School.

Approval has been given for the extension of the time of completion of the contract with Martin J. Kelly Company, Inc., for egress alterations in various schools in Group H-S, from December 31, 1952, to June 30, 1953. This extension was requested because of additional work to be done at the Dudley and George Putnam Schools.

Approval has been given for the extension of the time of completion of the contract with Martin J. Kelly Company, Inc., for egress alterations in various schools in Group E-1, from June 30, 1952, to January 31, 1953. This extension was requested because of delay of the sub-contractors in procuring the necessary materials with which to perform their work.

Approval has been given for an extension of time for the completion of the contract with National Painting Company for painting fire escapes, etc., at various schools in District 5, from December 25, 1952, to February 28, 1953. This extension was requested because of inclement weather.

Approval has been given for an extension of time for the completion of the contract with H. Piken & Co. for interior and exterior painting at the Winship School, from December 31, 1952, to January 30, 1953. This extension was requested because of a delay in the painting of corridors and stair halls until such time as classes were not in session.

HOSPITAL DEPARTMENT.

Approval has been given for an extension of time from November 1, 1952, to February 1, 1953, on the contract of Bay State York Company for furnishing and installing air-conditioning units at various locations, Boston City Hospital. This extension was necessary because of delay in the delivery of equipment necessary for the satisfactory completion of contract.

AMENDED DAMAGES.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of June 12, 1952, determining damages caused by the making of the public improvement consisting of the widening and relocation of Canterbury street, be, and the same hereby is, amended, by striking from said order the amount \$1 awarded to Tindaro and Maria Chillemi in said order and inserting in place thereof the amount \$475;

that the amount \$475 be, and the same hereby is, awarded to Tindaro and Maria Chillemi for the damages so sustained.

NO DAMAGES AWARDED.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That this Board determines that no person sustains damages in his estate by the taking of an easement for sewerage purposes in Huntington avenue and in private land between Huntington avenue and Metropolitan avenue, and the construction of sewerage works therein, under the order of the Board of December 31, 1952, and awards no damages therefor.

Owners unknown (Huntington avenue), 24,357 square feet, nothing.

City of Boston, 1,792 square feet, nothing.

City of Boston, 1,792 square feet, nothing.

BOSTON MAY HAVE WORLD'S LARGEST POOL.

Construction of the world's largest outdoor swimming pool in Pleasure Bay, South Boston, is closer to realization. New plans were submitted by Senator John E. Powers, Democratic floor leader, and the Metropolitan District Commission. At a hearing before the Port of Boston Authority at Commonwealth Pier previous Navy Department objections to the project were eliminated.

The new plans for the huge pool call for moving the island end of the causeway shoreward 100 yards. This met the Navy's objections that navigation at a pier at the tip of Castle Island would be hampered. One of the spillways which will change the water in the pool will be moved 700 feet toward the center of the causeway.

The water in the huge bathing lagoon will be maintained permanently at 7 feet above the low tide mark by the causeway and spillway system, thus bathing throughout the day will be provided for an estimated million people.

REORGANIZATION OF BOSTON HEALTH DEPARTMENT.

Health Department activities beyond routine functions were unusually numerous during 1950. Reorganization was carried out in accordance with the new ordinance, with consolidation of administrative functions and the clear delineation of responsibility.

The department has four main sections, *ie.* General Services, Medical Services, Environmental Sanitation, and Local Health Services. Administration of a section is assigned to the Section Director who is responsible directly to the Commissioner or to the Assistant Commissioner. Three divisions make up the Section of General Services: Vital Statistics, Administration, and Health Education. Four divisions—Communicable Disease, Tuberculosis, Public Health Nursing, and the Diagnostic Laboratory—form the Medical Services Section while the Health Units and Dental Division make up the Section of Local Health Services. All sanitation is concentrated in the Section of Environmental Sanitation and includes the Milk Inspection Division, the Laboratory of Chemistry and Sanitary Biology, Food Division, Housing, and General Sanitation.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

MUNICIPAL STANDARDS IMPROVED.

It is to be observed that municipal employees feel more secure in their jobs because of the extension of the merit system.

The competence of the individual municipal employee has continued to improve over a period of years.

Technical methods of accomplishing the tasks of the city have gone forward just as they have in private industry.

Specialists and technicians have been developed in the public service to carry forward the work of our municipalities.

The over-all administration of municipalities has become better as the years go by. This is particularly noticeable when comparisons are made between the situation in the early part of the century and the present day. Municipal government has gone forward with respect to efficiency, honesty, and public morality.

WORKMEN'S COMPENSATION.

The workmen's compensation acts of most states contain provisions relative to the state and its political subdivisions as employers. One group of acts excludes the state and its political subdivisions from coverage unless they elect to come under and become subject to the terms of the act. Another group of acts deals with the problem exactly the opposite, making the act compulsory upon the state and its political subdivisions, and not permitting them the right to reject coverage under the act.

PROCEEDINGS OF CITY COUNCIL.

Monday, January 12, 1933.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p.m., President AHEARN in the chair, and all the members present.

The Reverend Quentin B. Olwell of St. Gabriel's Monastery, Brighton, was escorted to the rostrum.

INVOCATION BY REVEREND QUENTIN B. OLWELL.

O great and good God who did enlighten and inspire with Thy divine spirit, who did endow and embolden with Thy divine courage the founders of our country and government to base all their plans and enactments upon belief in Thee who art the foundation of all creation, who art the preserver of all existence, grant this day to these, Thy servants, gathered here again to renew their tasks of ruling and enacting and guiding and planning for the people of this, their City of Boston, grant them to follow always in the footsteps of our forefathers.

O good Lord, in these days of organized fear, when charity is considered dangerous, when faith is looked upon as unscientific, when hope is all but lost, grant to these legislators the guidance of Thy spirit, grant to them the courage of Thy omnipotence, that all their doings may be based upon Thy justice and charity. Grant them always to realize that they who would build without Thee build in vain.

Dear Lord, preserve them from the prevalent coldness and indifference to Thy revelations. Keep in them a constant remembrance of Thy laws and commandments.

Finally, O merciful God, grant to each and every one of them health and strength. Give them understanding and courage so that all they undertake may be for Thy greater honor and glory, and for the temporal and eternal welfare of the good people of this city. Amen.

The meeting was opened with the salute to the Flag.

APPOINTMENT BY THE MAYOR.

To the City Council,
Gentlemen:

I am pleased to report that the gymnasium attached to the Municipal Building in South Boston is to be named the Martin F. McDonough Gym, as requested in the order of your Honorable Body adopted January 5, 1933.

Respectfully,

J. B. HYNES Mayor.

Placed on file.

REQUEST TO FLOOD ALL PLAY AREAS FOR SKATING.

The following was received:

City of Boston,
Office of the Mayor, January 12, 1933.
To the City Council,
Gentlemen:

I transmit herewith communication from the Chairman of the Park Department relative to

your order of December 29, 1932, concerning the request that a special effort be made to flood all the available play areas in the Hyde Park section and all other sections of Boston.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Park Department, January 6, 1933.
Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I am in receipt of a memo from your office with attached City Council order filed by Councillor Piemonte relative to the flooding of playgrounds for skating in the Hyde Park district.

There are four major playgrounds in this area, namely Smith Pond Playground, Vaux's Corner Playground, Readville Playground, and Almont Street Playground in Mattapan. Two of these areas are always flooded for skating and they are two of the largest playgrounds we have in the city, Smith Pond and Almont Street Playground. Both of these areas are extensively used and are among the finest skating areas we have in the city.

For the first time in over 25 years it was not possible to flood Smith Pond Playground because of the fact that Fox water was not. Vaux's Corner and Turtle Pond Brook in the reservation section of Hyde Park. All of our water supply for Smith Pond Playground for skating comes through the brook on which we have erected water gates.

When the water is high we open the gates, allowing the water to flow to a proper depth on the field. Because of the extremely dry weather during the recent summer and fall months the water has not risen sufficiently to allow flooding. This water, when it is high enough, is carried off through various tunnels until it meets with the Neponset River.

We were able to receive the cooperation of the Fire Department and they connected a hose with the nearest hydrant on a neighborhood street and have flooded this area for skating. All we really need is for two good rainstorms, and this area will stay flooded the entire winter as we have an excellent foundation in the field for holding the water.

The reason for the inability for flooding the playground was explained in a satisfactory manner to several groups and organizations in Hyde Park, and we do not anticipate any further complaints. Almont Street Playground is always in excellent condition.

The other two areas, the Ross and Readville Playgrounds, are not suitable for flooding for skating.

Even the playgrounds will not hold water, and secondly, with relation to Ross Playground, any flooding there in the past has been disastrous as the water flows from the playground into the cellars of various homes bordering the playground area.

It is our policy to arrange for skating in various sections of the city, but not on every playground or play area. This would not be possible or practical.

Very truly yours,

FRANK R. KELLEY, Chairman.

Placed on file.

DETAILED INFORMATION ON OFF-STREET PARKING AREAS.

The following was received:

City of Boston,
Office of the Mayor, January 12, 1933.
To the City Council,
Gentlemen:

I transmit herewith communication from the Chairman of the Board of Real Estate Commissioners relative to your order of November 17, 1932, concerning statistics on certain off-street parking areas.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Board of Real Estate Commissioners,
January 7, 1933.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.
Re: Council Order of November 17, 1932, requesting His Honor the Mayor to Instruct the Board of Real Estate Commissioners to Advise the Council as to the Number of Which Parking Areas Will Be Prepared; Together with Other Available Information Concerning an Order Requesting an Appropriation of \$275,000 for Off-Street Parking Areas.

Dear Sir:

As to the order of preparation of the respective parking area, no particular order of construction is contemplated. When funds become available, those areas which are vacated first will be constructed first, and work will be done as expeditiously as possible.

The following areas are contemplated:

	Number	Approximate
	of Cars.	Cost. per Car.
Rosindale Square (Appropriated)	115	\$75,000
Brighton Center	102	\$60,000
Hyde Park (Clearing Square)	54	\$30,000
Fields Corner	56	\$35,000
Uphams Corner, Area No. 1.	175	108,000

South Boston:		
Area No. 3	41	\$21,000
Area No. 1	33	15,000
Dudley Street (Approximately)	125	102,100
		\$375,000

Very truly yours,

HERMAN CARP, Chairman.

Referred to the Committee on Appropriations and Finance, when appointed.

APPROPRIATION FOR OFF-STREET PARKING FACILITIES IN FIELDS CORNER SECTION.

The following was received:

City of Boston,
Office of the Mayor, January 12, 1933.
To the City Council,
Gentlemen:

The Board of Real Estate Commissioners has voted to proceed with the establishment of an off-street parking facility in the Fields Corner section of Boston. In the opinion of the City Planning Board, the establishment of such a facility in the Fields Corner area is of major importance.

I send you herewith communication from the Chairman of the Board of Real Estate Commissioners in which he estimates that the cost of such a facility will be \$35,600, for the accommodation of 56 cars.

In the interest of the local shoppers and the local merchants in this area, I most respectfully request that your Honorable Body give approval to the attached order.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Board of Real Estate Commissioners,
January 7, 1933.

Hon John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

By a vote of the Board of Real Estate Commissioners, dated January 7, 1933, I have been instructed to proceed with the creation of off-street parking facilities in Fields Corner, Dorchester, as soon as funds are available. I therefore request that \$35,600 be transferred from the Parking Meter Fund to the Board of Real Estate Commissioners for such purpose.

In its determination that Fields Corner required off-street parking, an engineer of the City Planning Board was assigned to make the study for this department.

The Planning Board "General Plan for Boston" in its discussion on local shopping areas has differentiated between the various types of shopping facilities, classifying them as major, secondary or scattered. It has selected Fields Corner as one of the major types.

There are three sites at Fields Corner that were studied, but only one recommended which shall be known as Site No. 1 at Fields Corner is the most desirable of the three. In the event that Site No. 1 proves inadequate to meet the demand, after a fair trial, the Board will then recommend the construction of additional parking spaces in the area, which have already been studied.

The shopping facilities at Fields Corner are grouped about the intersection of Dorchester avenue and Adams street. Most of the shopping activity is on the western and southern side of the intersection, and the income from the existing parking meters indicates a higher parking demand along the eastern side of Dorchester avenue, between Park street and Adams street.

Site No. 1 runs between the rapid transit line and Lincoln street.

Cost Summary—Site No. 1.

Area	21,390 square feet
Capacity	56 cars
Assessed valuation	\$17,300
Approximate cost of land and buildings	21,600
Approximate cost of improvement	14,000
Total cost	\$35,600

Assuming that the average meter income in this lot is \$4 per month, it will take about 14 years to return to the city the total cost.

Respectfully submitted,

HERMAN CARP, Chairman.

Ordered, That under the provisions of section 22B of chapter 40 of the General Laws as established by chapter 776 of the Acts of 1949 the sum of thirty-five hundred dollars and no hundredths of a dollar is appropriated from the special account "Parking Meter Fees," to be expended by the Board of Real Estate Commissioners, for acquiring off-street parking area and facilities and constructing or reconstructing and resurfacing such areas and facilities in the Fields Corner section of the Dorchester district.

Referred to the Committee on Appropriations and Finance, when appointed.

APPROPRIATION FOR OFF-STREET PARKING FACILITIES IN HYDE PARK SECTION.

The following was received:

City of Boston,
By Office of the Mayor, January 12, 1933.
To the City Council.
Gentlemen:

The Board of Real Estate Commissioners has voted to proceed with the establishment of an off-street parking facility in the Hyde Park section of Boston. In the opinion of the City Planning Board the establishment of such a facility in the Cleary Square-Hyde Park area is of major necessity.

I send you herewith communication from the Chairman of the Board of Real Estate Commissioners in which he estimates that the cost of such a facility will be \$33,300, for the accommodation of 54 cars.

In the interest of the local shoppers and the local merchants in this area, I most respectfully request that your Honorable Body give approval to the attached order.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Board of Real Estate Commissioners,
January 7, 1933.
Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:
By a vote of the Board of Real Estate Commissioners, dated January 7, 1933, I have been instructed to proceed with the creation of off-street parking facilities in Hyde Park, Cleary square, as soon as funds are available. I therefore request that \$33,300 be transferred from the Parking Meter Fund to the Board of Real Estate Commissioners for that purpose.

In the determination that Cleary square, Hyde Park, required off-street parking, an engineer of the City Planning Board was assigned to make the study for this department.

The Planning Board "General Plan for Boston" in its discussion on local shopping areas has differentiated between the various types of shopping facilities, classifying them as major, secondary, or scattered. It has selected Cleary square, Hyde Park, as one of the major types.

The shopping area in Hyde Park, Cleary square, is spread out along Hyde Park avenue, River street, and Fairmount avenue. Although a good number of stores are located between Hyde Park avenue and the railroad, most attention has been given to the area east of Hyde Park avenue where the majority of the shopping facilities are located. The best site to be considered for parking is the area fronting on Winthrop street, between Hyde Park avenue and Harvard avenue. If a strip 300 feet by 54 feet were used, loading operations would not be restricted, good circulation could be maintained, and most efficient use of the land for parking could be had.

Cost Summary.

Area 300 feet x 54 feet.....	16,200 square feet
Capacity.....	54 cars
Assessed valuation, approximately.....	\$18,000
Probable cost for land and buildings.....	22,500
Probable cost for improvement.....	10,800
Probable total cost.....	\$33,300

It would take only an estimated eight years to amortize this initial cost because of the apparent large demand for parking in this area.

Respectfully submitted,
HERMAN CARP, Chairman.

Ordered, That under the provisions of section 22B of chapter 40 of the General Laws as established by chapter 776 of the Acts of 1928 a sum of thirty-three thousand three hundred dollars be, and hereby is, appropriated from the special fund for Parking Meter Fund to be expended by the Board of Real Estate Commissioners, for acquiring off-street parking areas and facilities and constructing or reconstructing and resurfacing areas and facilities in the Cleary Square section of the Hyde Park district.

Referred to the Committee on Appropriations and Finance, when appointed.

Levenson, Technical Assistant Registrar of Deeds.

The bonds were severally approved.

APPOINTMENT OF REPRESENTATIVE TO MASSACHUSETTS MID-CENTURY COMMITTEE FOR CHILDREN AND YOUTH.

COUN. AHPARN offered the following:

Whereas, There was created in January, 1952, by executive order of His Excellency, Paul A. Dever, the "Massachusetts Mid-Century Committee for Children and Youth" for the purpose of studying and evaluating facilities and services for children and youth in the state and to fill a void in the unfulfilled needs of children and youth and to promote, among other things, a high sense of spiritual values and civic obligations among our youth, said committee being comprised of industrialists, labor leaders, educators, jurists, lawyers, group workers, educators, youth specialists, and the clergy, with representatives of every race, color, and creed;

Whereas, The government of the United States, acting through the Federal Security Agency, has made certain funds available for the purposes of such a committee; and

Whereas, There has been an outbreak of lawlessness and crime in our community in which our youth, in gangs and individually, have become involved; and

Whereas, The Mid-Century Committee for Children and Youth has expressed a desire to have a representative of Boston on its committee; and

Whereas, His Honor, John B. Hynes, Mayor of Boston, has created the City of Boston Civic Improvement Committee, engaged in activities and projects to improve human relations among the citizenry generally, and youth in particular, and other offenses among youth by a policy of cooperation and coordination with existing private and public agencies and organizations;

Whereas, It would be to the mutual advantage of the City of Boston Civic Improvement Committee and the Massachusetts Mid-Century Committee for Children and Youth for the two organizations to work together in planning constructive programs, exchanging information and otherwise aiding one another; now, therefore, be it

Resolved, That his Honor the Mayor is hereby requested to appoint a representative of the City of Boston Civic Improvement Committee to be a member of and work with the Massachusetts Mid-Century Committee for Children and Youth. The resolution was adopted under suspension of the rules.

GROUP INSURANCE PLAN FOR MUNICIPAL EMPLOYEES.

COUN. FOLEY offered the following:

Whereas, It appears that by the institution of a group insurance plan for the municipal employees of the City of Boston approximately 15 per cent of the municipal employees, who would otherwise be members of individual insurance companies, would be given the opportunity of purchasing \$2,000 worth of life insurance; and

Whereas, It appears that a very great number of employees in the older age brackets, to whom the cost of private insurance would be prohibitively high, would be given the opportunity of purchasing a small amount of insurance at a price they can afford; and

Whereas, It appears that the approximate cost to the city would not be excessively high; be it therefore,

Resolved, That the institution of a plan for municipal group insurance for employees of the City of Boston is most desirable, and the Boston City Council hereby requests his Honor the Mayor to institute such a plan. The municipal group insurance for the fiscal year of 1953.

The resolution was adopted under suspension of the rules.

OPEN MEETING ON AREA REHABILITATION.

COUN. FOLEY offered the following:

Ordered, That his Honor the Mayor be requested to hold an open meeting at his convenience for the purpose of discussing the subject of area rehabilitation; that notice of this meeting be given publicly, and that all groups interested in the subject of area rehabilitation be invited to attend. Passed under suspension of the rules.

REPORT ON REDEVELOPMENT OF BOSTON & ALBANY RAILROAD YARDS.

COUN. FOLEY offered the following:

Ordered, That under the provisions of section 17-F of the City Charter the Boston City Council makes inquiry as to the progress made by the Mayor's Committee for the Redevelopment of the Boston & Albany Railroad Yards since inquiry was last made on this subject. Such inquiry to be answered not later than February 1, 1953. Passed under suspension of the rules.

EQUIPMENT OF PARKS AND PLAY- GROUNDS WITH FLOODLIGHTS.

Coun. HAILER offered the following:
Ordered, That the Park Commissioner, through his Honor the Mayor, be authorized to equip all public playgrounds and public parks with floodlights of similar lighting.

Passed under suspension of the rules.

CONTRACTS FOR PURCHASE OF MILK AND MILK REFRIGERATION EQUIP- MENT.

Coun. PIEMONTE offered the following:
Resolved, That his Honor the Mayor advise the Trustees of the Boston City Hospital to reappraise the contract and specifications for the installation of milk refrigeration equipment contemplated in the remodeling of the cafeterias at the Boston City Hospital and Sanatorium with a view of preventing the creation of a milk monopoly; and, further, that the trustees be requested to so alter the contract and specifications to provide for the installation of milk equipment capable of dispensing the milk in the type of package as put up by the lowest bidder in order that the spirit of competitive bidding be followed and that private enterprise be encouraged and so that all milk dealers so desirous may have an equal opportunity to bid for the city's business and so that the contract for the purchase of milk by the City of Boston be consummated at the lowest possible price.

The resolution was adopted under suspension of the rules.

NOTICES OF PROPOSED SALES OF CITY-OWNED LAND.

Coun. PIEMONTE offered the following:
Ordered, That his Honor the Mayor advise the Board of Real Estate Commission to reappraise their present policy in regard to advertising and the giving of notice of proposed sales of city-owned real estate and that said Board of Real Estate Commission be advised to provide for adequate notice in the "City Record" and Boston newspapers and for personal notice of the time and place of the proposed sale to each person who has by letter made inquiry with regard to the parcel to be sold and to the shutters and to such other persons and in such other manner as in the opinion of his Honor the Mayor may be desirable for the best interests of the City of Boston.

Passed under suspension of the rules.

LEGISLATION RE PAYMENT OF SUM OF MONEY TO RITA SULLIVAN.

Coun. KERRIGAN offered the following:
Resolved, That the City Council of Boston hereby favors the consideration by the Legislature of the petition under Rule 7B providing for the payment of certain compensation to Rita Sullivan, a former employee of the Boston Sanatorium, who is permanently disabled by reason of sickness contracted by her in the performance of her work at said sanatorium; provided that any such legislation, if enacted, includes a referendum to the Mayor and City Council.

The resolution was adopted under suspension of the rules.

Adjourned at 3.30 p.m., on motion of Councillor Kerrigan, to meet on Monday, January 19, 1933, at 2 p.m.

Note: All debate of City Council eliminated from proceedings in accordance with Chapter 447, Acts of 1925.
(Stenographic copy of such debate on file in office of City Clerk.)

MORE CITIES ADAPT RETIREMENT PLANS.

Retirement systems now are in effect for some or all municipal employees in 981 of the 1,072 cities over 10,000 population. During the past five years the number of cities covering all their employees has increased from 341 to 649, according to *The 1949 Municipal Year Book*. Of the cities over 10,000 with no retirement plans, 97 per cent have less than 25,000 population. The survey in the *Year Book* reveals a marked shift away from retirement plans for special groups such as policemen or firemen towards general plans for all city employees.

PROCEEDINGS OF SCHOOL COMMITTEE.

Dec. 1, 1952.

A meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 8:30 P. M., the Chairman presiding.

Present: Mr. Carr, Miss Fitzgerald, Dr. Foley, Mrs. Lyons, and Mr. Muchnick.

APPROVAL AND AMEND- MENT OF MINUTES

The reading of the minutes of the meeting of Nov. 13, 1952, was omitted, the Committee approving them as printed.

The following was offered:

ORDERED, That the minutes of the meeting of Jan. 21, 1952, on page 10, are hereby amended to provide that the appointment of William T. Gabele, senior instructor, mechanic arts, Boston Technical High School, shall read "instructor, mechanic arts."

On roll call the order passed by the following vote:

YEAS—Mr. Carr, Miss Fitzgerald, Dr. Foley, Mrs. Lyons, and Mr. Muchnick—5.

NAYS—0.

APPROVAL OF APPOINTMENTS

The question came on approving the appointments, as reported by the Superintendent at the meeting of Nov. 13, 1952, and laid over.

Mr. Muchnick: The motions passed in conference take care of that, Miss Reynolds.

Superintendent: These nominations, Mr. Chairman, were made at a previous meeting.

Mr. Muchnick: I understand that, Mr. Superintendent, and the motion said that no further nominations be made or confirmed.

Superintendent: Well, excuse me. Just to clear it up, these nominations were made back in November, and they have been lying over for confirmation at this meeting.

Mr. Muchnick: I understand that.

Superintendent: Now, if you want it to include this group, then I would say that you will have to make that motion, Mr. Chairman, retroactive to include all the nominations that were made prior to a certain date.

Mr. Muchnick: Mr. Superintendent, the motion read that no nominations be made or confirmed.

Mr. Superintendent: Excuse me. I don't think it said "confirmed."

Mr. Muchnick: I said it, and I know what I said.

Superintendent: Mr. Chairman, I certainly hope that this Committee doesn't go back now and undo the nominations that were made and that are lying over for

the past two weeks. It is true that none of these teachers who were nominated two weeks ago should have given up a position until the nominations were confirmed, but some of them, I believe, reading of their appointments in the paper, have given up their positions to accept these appointments as of December 1st, 2nd, or 3rd as the case may be.

Mr. Muchnick: Miss Reynolds, will you hold that for the next meeting?

Mr. Daley: Mr. Chairman, there is a young man here tonight who has to make his decision whether or not he will present his resignation to a city school system outside of Boston.

Mr. Muchnick: And there are five people here tonight, Mr. Daley, who are charged with the duty of seeing whether these nominations should be confirmed based on the number of pupils and various other items, including the rules and regulations.

You read just as well as I did, Mr. Daley, the report of the Municipal Research Bureau last year which pointed out the excess teachers that we had. I for one want to study that list in relation to the number of pupils that we have this year and their various locations and also in relation to the rules and regulations, similar to that Boston Clerical School situation.

Mr. Daley: I can assure you that the requirements have been fulfilled in every instance. In this list of appointments there are three heads of departments who are already on the job. Never in history have appointments failed of approval.

Mr. Muchnick: I must disagree with the statement that these meet all the requirements. There are some vice principals, if my memory serves me correctly, and a submaster who are in there. Those positions should have been filled under the rules by transfer.

If these people are already on the job without having been confirmed, that is something that this School Committee has told the administration several times not to do. You don't put people to work until they are hired and then say, "Well, nobody will have the gumption not to confirm it."

Mr. Daley: Mr. Muchnick, for myself, I am speaking for the needs of the youngsters in our secondary schools. We need these teachers.

Mr. Muchnick: We all know about that, and we are as interested up here as you are in the needs of the secondary schools and the primary schools and everything else.

Mr. Daley: I happen to see these needs every day, Mr. Muchnick, as I go into the schools.

Mr. Muchnick: The law says, Mr. Daley, that it's up to the School Committee to satisfy itself that the teachers are proper people and that they are needed; and now, having received this

about a half hour ago for the first time, I am going to satisfy myself on my examination, not yours or anybody else's, that we need these people; and you and nobody else had any right to put these people to work before their nominations were confirmed.

Mr. Daley: When these nominations were made, there was no objection from any member of the School Committee

The appointments were again laid over.

PUBLIC SCHOOL MEMBERSHIP

A communication was received from the Superintendent, under date of Dec. 1, 1952, submitting a statement of the number of pupils belonging in the Boston public day schools, exclusive of the Continuation School, on September 30, 1952, together with a comparative statement of the number belonging on September 30, 1951, as follows:

The total number belonging in the Boston public schools on September 30, 1952 was 92,043 which is 10 more than were enrolled in the schools on September 30, 1951. The Teachers College of the City of Boston was transferred to the Commonwealth of Massachusetts Aug. 31, 1952. Latin and day high schools show an increase of 309 pupils: in grades VII, VIII, and IX there is a decrease of 599 pupils; in grades I to VI, there is an increase of 1282 pupils; in the kindergarten, there is a decrease of 343 pupils; and in the special schools, an increase of 7.

In the Continuation School, the membership on September 30, 1952 was 102 as against 90 on September 30, 1951, an increase of 12.

An analysis of the changes in membership for 1951 and 1952 is shown by the following table:

APPROPRIATION OF ACCURED INTEREST FOR PAYMENT OF PENSIONS

A communication was received from the Secretary, Board of Trustees, Permanent School Pension Fund, under date of Dec. 1, 1952, reporting that under the provisions of Section 5 of Chapter 206 of the Special Acts of 1919, the Board of Trustees of the Permanent School Pension Fund, at a meeting held in the office of the City Treasurer, Oct. 29, 1952, passed the following vote:

VOTED, That this Board of Trustees of the Permanent School Pension Fund hereby approves the transfer during the current year of the sum of one hundred twenty-five thousand dollars (\$125,000) from the balance in the Income Account of the Permanent School Pension Fund to the School Committee of the City of Boston, for appropriation and payment of pensions to teachers, said transfer being in accordance with the provisions of Section 9 of Chapter 468 of the Acts of 1951.

Placed on file.

The following was offered:

ORDERED, That the sum of one hundred twenty-five thousand dollars (\$125,000) be and hereby is appropriated for Pensions to Teachers, said sum to be made available under the provisions of Section 9 of Chapter 468 of the Special Acts of 1951 from unexpended accrued interest in the Permanent School Pension Fund.

On roll call the order passed by the following vote:

YEAS—Mr. Carr, Miss Fitzgerald, Dr. Foley, Mrs. Lyons, and Mr. Muchnick—5.

AMENDMENT TO RULES

Mrs. Lyons offered the following:

ORDERED, That the rules are hereby amended as follows:

Section 84, paragraph 1. In the twenty-seventh line, strike out

the word "five" and substitute in place thereof the word—three—so that the paragraph shall read as follows:

Sect. 84. 1. Certificates shall cease to be valid as follows:

Certificates issued on examination after June 1, 1906, and up to and including examinations of August - September 1948, shall cease to be valid on the thirty-first day of December of the sixth year following the date of issue. Certificates issued on examination after January 1, 1949, shall cease to be valid on the thirtieth day of June of the third year following the date of issue; provided, that no certificate shall remain valid after the thirty-first day of December next following the fiftieth birthday of the holder thereof, except as hereinafter provided, and that this limitation as to age shall not affect the validity of certificates issued to persons under fifty-five years of age who have been in temporary and/or permanent substitute service continuously and successfully for a period of at least three years prior to taking the certificate examinations or of certificates which do not render the holder eligible for appointment to permanent positions in the day school service, or of certificates issued to re-enfrants, or of certificates hereafter issued to members of the supervising staff or teachers in permanent day school service.

Section 86, paragraph 1. In the twenty-second line of the third paragraph, strike out the word "five" and substitute in place thereof the word—three—so that the paragraph shall read as follows:

No person, except as otherwise provided in this section, shall be appointed whose service is to begin later than the thirty-first day of December following his fiftieth birthday, provided, however, that the restrictions of this section shall not apply to the promotion of a permanent teacher to a higher rank in a school of the same class as that in which such teacher is already employed; and provided, further, that the limitation as to age shall not apply to the promotion of permanent teacher to any position in the public schools, or the appointment of a persons under fifty-five years of age who has been in temporary and/or permanent substitute service continuously and successfully for a period of at least three years prior to taking the certificate examinations.

The members, as their names were called, respectively stated that they voted as follows:

YEAS—Dr. Foley, Mrs. Lyons, and Mr. Muchnick—3.

NAYS—Mr. Carr and Miss Fitzgerald—2.

Secretary: Failed of passage.

Mr. Muchnick: Miss Reynolds, if you will refer to the meeting of January 7th of this year, you will find, I believe, that until the rules are adopted completely as revised, this will require only a majority vote.

Mr. Carr: Where does that appear, Mr. Chairman?

Mr. Muchnick: On page 5 of this year's records, and it read as follows, Miss Reynolds. I happen to be the one doing the speaking:

"May I make an observation, Miss Reynolds? Those (referring to the order about adopting the rules and regulations for the current year) should be adopted only until such time as the plan suggested a few moments ago is adopted, if it is adopted, and it should then take only a majority vote rather than a four-fifths vote to make the necessary changes.

Dr. Foley: I move that amend—

Mr. Carr: Mr. Chairman."

And the order as amended was read and was passed by unanimous vote. So it only requires three votes to make changes this year until we have the revision that we have been unsuccessfully trying to get since then.

Mr. Carr: Mr. Chairman, in that paragraph it says that those should be adopted only until such time as the plan suggested a few moments ago is adopted.

Mr. Muchnick: Right.

Mr. Carr: Where is that plan? Did we adopt that plan?

Mr. Muchnick: That is—

Mr. Carr: The eighteen points?

Mr. Muchnick: Yes.

Mr. Carr: Well, we haven't adopted all those, have we?

Mr. Muchnick: Exactly; and therefore, it's a three-fifths vote that is required until we have a permanent change in the regulation, as I read it.

Superintendent: Excuse me, Mr. Chairman. Doesn't your conversation there refer back to the previous order: "ORDERED: That the Rules of the School Committee, and the Regulations of the Public Schools of last year which involve the expenditure of money, are hereby adopted for the present year until otherwise ordered"?

Mr. Muchnick: Correct, and it is subsequent to that, as I pointed out to Miss Reynolds, that I made the amendment that it should take only a three-fifths vote. Just look at the top of page 5: "You are completely right, Mrs. Lyons, and that is why I made the suggestion which Dr. Foley put in the form of a motion—that it should require only a majority vote for amendment rather than the four-fifths vote that is called for by the current rules."

Dr. Foley: Mr. Chairman, this was the time of organization, was it not?

Mr. Muchnick: Yes.

Superintendent: Mr. Chairman, just for the sake of the record, doesn't your statement there say "if it is adopted"?

Mr. Carr: That's right.

Superintendent: "... and it should then take only a majority vote." In other words, once the new rules and revised rules are adopted, it should then take only a majority vote rather than

a four-fifths vote to make the necessary changes.

Mr. Muchnick: It seems to me, Mr. Superintendent, that if you read the entire matter with the questions that were asked and the sentence that I just read, there can be no question but that it was only a three-fifths vote—a majority vote for amendment rather than the four-fifths vote called for by the current rules. It was after that explanation; and only after that explanation, that Mrs. Lyons voted Yes.

The order amending Sections 84 and 86 of the Rules was declared passed.

In connection with the foregoing, Mrs. Lyons asked that the following statements, which she read at the preceding Conference, be printed in full in "the minutes of the meeting":

At a Conference of the School Committee held at 15 Beacon Street, Wednesday, Nov. 19, 1952, I recommended the following Amendment to the Rules and Regulations of the Public Schools of the City of Boston:

(Section 86.)

"... No person, except as otherwise provided in this section, shall be appointed whose service is to begin later than the thirty-first day of December following his fiftieth birthday, provided, however, that the restrictions of this section shall not affect the promotion of a permanent teacher to a higher rank in a school of the same class as that in which such teacher is already employed; and provided, further, that the limitation as to age shall not apply to the promotion of a permanent teacher to any position in the public schools, or the appointment of a person under fifty-five years of age who has been in temporary service and/or permanent substitute service continuously and successfully for a period of at least three years prior to taking the certificate examinations, and continuous service to mean 140 days a year."

Under the state teacher tenure law approved by the Legislature in 1948, a temporary teacher cannot serve longer than three years. At the end of the three-year period a temporary teacher either must be permanently appointed, at which time she becomes a permanent teacher under the law,—or she must be dismissed from the service for a period of one year, at the end of which time she may apply for reinstatement.

The Amendment, as recommended by me, is to revise the Rules and Regulations—which currently state that a temporary teacher must serve "continuously and successfully for a period of at least five years prior to taking the certificate examination"—so as to eliminate an inconsistency which, in effect, now exists between the Rules and Regulations of the School Committee and the General Laws of the Commonwealth.

Further, I now challenge the good faith of the Superintendent who has charged, in recent statements to the press, that Mrs. Edna F. Devlin was not qualified to take the teacher examination as given by the Board of Examiners in August of this year and under the current Rules and Regulations governing teacher appointments.

The majority of the School Committee believes that Mrs. Devlin was qualified to take the examination, and evidently the Board of Examiners thought that Mrs. Devlin was qualified to take the examination when it accepted from her the fee of \$5.00, said sum being charged all applicants who apply for the teacher examination.

Mrs. Devlin, who was a temporary teacher in our Boston schools for the three-year period from 1946 to 1949, took the written examination in August and was rated first on the list. Under the state teacher tenure law, and consistent with the adoption by this Committee of the Amendment, and pending the outcome of her personal qualities rating, Mrs. Devlin is more than qualified to teach in the Boston school system.

The fantastic charge made by the Superintendent that the proposed Amendment may have "a detrimental effect" on our school system was repudiated ipso jure when the Legislature approved and passed the teacher tenure law in 1948.

The Rules and Regulations of the School Committee are currently being revised to provide adequately for the proper admittance and examination of teachers into the system, and the conclusion of the Committee specifically relating to the Amendment to Section 86 of the Rules and Regulations are supported by the General Laws previously adopted by the Massachusetts Legislature.

The majority of the School Committee deplores the lack of ethics and the methods employed by the Superintendent to portray that the Amendment is in any way detrimental to the teacher rating system, and statements giving this impression are untrue and are thoroughly unfair.

The charges by the Superintendent are so clearly a departure from the facts and so repugnant to the traditions of the Boston school system as a whole—and to the School Committee in particular—as to invalidate his entire remarks.

PETITION FOR ADDITIONAL LEGISLATION

The following was offered:

ORDERED, That the Chairman is hereby authorized for and in behalf of this Committee, to petition the General Court for legislation as follows:

To transfer to the School Committee the power and duties of

the Board of Commissioners of School Buildings and of the Superintendent of Construction.

To authorize the City of Boston to borrow fifteen million dollars outside its debt limit for school construction purposes.

To give the School Committee unlimited power to make appropriations for school purposes.

To provide for the issuance of complaints against the parents of wayward or delinquent children.

To provide that the nominating power be vested in the School Committee or any member thereof, as well as in the superintendent of schools, for any position or appointment.

To provide increased appropriating power for the School Committee.

On roll call the order passed by the following vote:

BOARD OF COMMISSIONERS OF SCHOOL BUILDINGS

November 7, 1952.

The following communication was presented:

School Committee of the City of Boston,
15 Beacon Street,
Boston, Mass.
Gentlemen:

On December 1, 1952, I will have completed ten years service as the appointee of the School Committee on the Board of Commissioners of the Department of School Buildings. I have been honored by being unanimously elected to this position by four separate School Committees. Seven years ago I was elected Chairman and have held that position since. I feel that I have kept the faith that was placed in me.

My fellow Commissioners over these years have been excellent appointees and we have always worked together harmoniously for the best interest of the School Department.

Not only because my various business and professional activities are requiring more of my time but also because I believe that ten years in this appointive position is long enough, I am advising you that I am not a candidate for re-appointment.

However, because of the experience I have acquired while on this Commission, I will be very glad in the future to give any advice and assistance that you feel I can give.

I assume you will arrange a meeting between your Committee and our Commission before my term expires.

Very truly yours,
Robert A. MacLellan

The communication was placed on file and the following offered:

ORDERED, That, the term of Robert A. MacLellan as a member of the Board of Commissioners of School Buildings having ex-

pired and he having indicated a desire not to continue, the resignation of Mr. MacLellan as the representative of the School Committee on said Board of Commissioners is hereby accepted, effective at once.

On roll call the order passed by the following vote:

YEAS—Mr. Carr, Miss Fitzgerald, Dr. Foley, Mrs. Lyons, and Mr. Muchnick—5.

NAYS—0.

REPORTS REQUESTED BY SCHOOL COMMITTEE

Mr. Muchnick offered the following:

ORDERED, That all items that have been asked for in the meeting of this Committee on Jan. 7, 1952, and all subsequent meetings up to this date be complied with, and that all the necessary material, revisions, plans, and projects as called for in all meetings prior to this date be prepared completely and presented to the School Committee before Dec. 15, 1952.

On roll call, the order passed by the following vote:

YEAS—Mr. Carr, Miss Fitzgerald, Dr. Foley, Mrs. Lyons, and Mr. Muchnick—5.

NAYS—0.

SALE OF SCHOOL COMMITTEE SUPPLY ROOM

Mr. Muchnick offered the following:

ORDERED, That it is the desire of this Committee to discontinue the use of the Supply Room, 440 Brookline Avenue, Boston, and to transfer all supplies to some other available space.

On roll call the order passed by the following vote:

YEAS—Miss Fitzgerald, Dr. Foley, Mrs. Lyons and Mr. Muchnick—4.

NAYS—Mr. Carr—1.

Mr. Muchnick offered the following:

ORDERED, That it is advisable to sell the following-named property in accordance with the provisions of Chapter 259 of the Acts of 1906:

Supply Room of the School Committee, 440 Brookline Avenue, Boston: Land and Building.

On roll call the order passed by the following vote:

YEAS—Miss Fitzgerald, Dr. Foley, Mrs. Lyons and Mr. Muchnick—4.

NAYS—Mr. Carr—1.

APPOINTMENT TO STATE BOARD OF EDUCATION

The Chairman asked that the following statement, which he read at the preceding Conference,

be printed in full in the minutes of the meeting:

Mr. Muchnick: Recently I read in the newspapers that the Governor had selected for appointment as a member of the Massachusetts Board of Education one of our associates on the School Committee.

I would like, as a citizen, to commend the Governor for a very fine choice; and I would like, as a citizen, as a friend, and as a member of this School Committee to congratulate Mrs. Lyons on her appointment.

At the meeting tonight I plan to offer a resolution conveying the congratulations of the School Committee, not only to Mrs. Lyons, but to the Commonwealth on the Governor's choice of Mrs. Lyons as a member of the State Board of Education.

Dr. Foley: Mr. Chairman, without going into a personal eulogy, I think that is a splendid resolution, and I would be glad to go along with it. I feel that it should be spread upon our records.

Mr. Muchnick: Any objections?

Miss Fitzgerald: No objections.

Mr. Carr: No objections.

Mrs. Lyons: Thank you, Mr. Chairman. I feel highly honored to be chosen by the Governor for such a responsible position, and I certainly will do my very best to merit his belief in me as a person who knows something about education.

Dr. Foley: How much salary is there to that?

Mrs. Lyons: None.

Dr. Foley: No salary?

Mr. Muchnick: That seems to be the usual run of things around here.

Mr. Muchnick offered the following:

WHEREAS, The Governor of this Commonwealth has selected for appointment as a member of the Massachusetts Board of Education, Mrs. Alice M. Lyons, one of our associates on the School Committee; therefore, be it

RESOLVED, That we, as citizens, wish to commend the Governor for this appointment; and as citizens, friends and members of the School Committee, wish to congratulate Mrs. Lyons on her appointment to this position; and be it further

RESOLVED, That this Committee conveys its congratulations, not only to Mrs. Lyons but to the Governor on the choice of our fellow member for service on the Massachusetts Board of Education.

On roll call the preamble and resolutions were adopted by the following vote:

YEAS—Mr. Carr, Miss Fitzgerald, Dr. Foley, and Mr. Muchnick—4.

PRESENT—Mrs. Lyons—1.

APPOINTMENTS OR CONFIRMATION OF APPOINTMENTS NOT TO BE MADE

Mr. Muchnick offered the following:

ORDERED, That no promotions be made or confirmed until such time as this Committee receives the report of the School Plant Study from The Center for Field Studies; and that no initial appointments to the school system be made until such time as this Committee is furnished with the public school membership as of Sept. 30, 1952.

Mr. Carr: Mr. Chairman, on this particular matter, it is beyond my comprehension how the Chairman and the majority of this Committee can sit here and vote for this order when it is pointed out by our Superintendent and Assistant Superintendents that the school system has an immediate need for the appointment of these teachers, not only from the teachers' viewpoint but also for the children's viewpoint and the school system's viewpoint.

These are the recommendations of professional men. They are in constant and immediate touch with the schools, and I cannot see how anyone can vote for this order. Therefore I vote No.

Mrs. Lyons: Mr. Chairman; in view of the fact, Mr. Carr, of some records that were given to us by the Superintendent stating the number of submasters and heads of departments who were in excess, I could not vote anything else but Yes.

Mr. Carr: I just want it on the record, Mr. Chairman, that I am amazed and it is beyond my comprehension.

Mrs. Lyons: We have eleven or thirteen excess submasters now, and I think the request of the School Committee was that where the numbers in the school do not warrant two submasters, when numbers have dropped, then those submasters should be changed to a school where they do need one.

Mr. Carr: Mr. Chairman, I am very confident that if there was a need for these people in the schools, the Superintendent and the Assistant Superintendents would not recommend it. They are not interested in placing surplus help on the rolls, in my opinion, and that is how I feel about this matter.

Mr. Muchnick: Mr. Carr—

Mr. Carr: Mr. Chairman, I am not looking for any answer. I just want it on the record that this is how I feel about the particular matter.

Mr. Muchnick: I am not attempting to make any answer. I merely want to point out a few facts. The School Department is and should be governed by the statutes and by the rules and regulations of the School Committee.

Just taking one example, the rule relative to the Boston Clerical School says that, exclusive of the principal, there shall be one teacher for every twenty-five pupils. That rule has not been amended at any time.

Mr. Carr: Mr. Chairman, at the time that rule was adopted, that could very well have meant the minimum for the pupils. If we are able to give the pupils added service and added instruction so that they may turn out to be better graduates and we can afford it in our budget, then I think we ought to give it to them.

Mr. Muchnick: Correct, once the rules have been amended. You don't do it just because some one or two people think it ought to be done without changing the regulated method of doing it.

We have 292 pupils at the Boston Clerical School, and we have twenty-two teachers, and that's one teacher for every fifteen or so pupils: Obviously, almost twice as many as the rules call for.

Mr. Carr: Mr. Chairman, would you object to the Secretary's calling the rest of the roll, and prior to calling your name could you make the statement?

Mr. Muchnick: I didn't think we made statements when voting.

Mr. Carr: It is before voting.

Mr. Muchnick: Correct, and before the vote is taken I would like to clear up one or two things.

Mr. Carr: I think it is highly improper to interrupt the calling of a roll in any parliamentary body. I can see doing it before you vote if you wanted to make a statement.

Mr. Muchnick: And that is exactly what I am trying to do—clear up the situation before the vote is taken. There were furnished to us tonight—

Mr. Carr: I am sure Miss Fitzgerald is next in line and she is anxious to vote. I should think you would give her that opportunity, Mr. Chairman.

Mr. Muchnick: I expect to, and when a vote is called for, I assume that everybody will vote without a compaining statement.

Now, if there is no objection, I would like to point out that we received tonight for the first time the statistics telling us the pupil population in the schools as of September 30th. The statutes require that we satisfy ourselves as to the need for teachers and as to the capacity and the quality of teachers. On several occasions in the past this year, and in prior years, information has been furnished to members of the School Committee that did not seem to be in keeping with the statistics that were available and that were published on other occasions.

You may be perfectly willing, Mr. Carr, to take the word and the say-so of the Superintendent or anybody else on appointments, statistics, or related matters. I, for one, having had good reason given to me in the past to be

skeptical, intend to check into whatever information is furnished me before I vote for or against. Miss Reynolds, will you call the roll?

Miss Fitzgerald: No.

Dr. Foley: Yes.

Mrs. Lyons: Yes.

Mr. Muchnick: Yes.

Superintendent: Mr. Chairman, may I make a statement?

Mr. Muchnick: Mr. Superintendent, you may make all the statements you like.

Superintendent: I would like to say that there are some inaccuracies in what Mr. Muchnick has said.

LAND-TAKING IN EAST BOSTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following-described lands, exclusive of any interest in trees, buildings, or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings, or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within thirty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston known as East Boston and are bounded as follows:

A parcel of land, supposed to belong to Max Yorks, bounded:

Southerly by Waldemar avenue, 10 feet; westerly by other land supposed

to belong to said Yorks, 90 feet; northerly by land hereinafter described as taken from Eastern Racing Association, Inc., 10 feet; and easterly by land supposed to belong to Boston Port Development Company, 90 feet; containing 900 square feet, more or less.

A parcel of land, supposed to belong to Eastern Racing Association, Inc., bounded:

Southerly by land hereinafter described as taken from Yorks, 10 feet; westerly by other land supposed to belong to said association, 124.88 feet; northerly by the same, 1207 feet; and easterly by the same, 169.47 feet; containing 1,741 square feet, more or less.

The sewerage works to be constructed are as follows: 265 linear feet of 15-inch pipe surface drain, at an estimated cost of \$3,577.50.

Voted, That this Board determines that the undermentioned persons sustain damages in their estates by the taking of an easement for sewerage purposes and the construction of sewerage works in private land on Waldemar avenue and William F. McClellan Highway, East Boston district, under the order of the Board of January 12, 1953, in the amounts hereinafter mentioned, and awards said amounts therefor.

Max Yorks, 900 square feet, \$1.
Eastern Racing Association, Inc., 1,741 square feet, \$1.

LAND-TAKING IN HYDE PARK.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following-described lands, exclusive of any interest in trees, buildings, or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings, or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within thirty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly Hyde Park and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Huntington avenue, bounded:

Easterly by land supposed to belong to City of Boston and Bessie McLeod, 609.30 feet; southerly by another part of Huntington avenue, 40.01 feet; westerly by land supposed to belong to Prague Realty Trust and City of Boston, part of said land hereinafter described as taken from City of Boston, 608.53 feet; northerly by sewer easement taken February 28, 1927, and another part of Huntington avenue, 40 feet; containing 24,257 square feet, more or less.

A parcel of land supposed to belong to City of Boston, bounded:

Easterly by land hereinafter described as taken from owners unknown (Huntington avenue), 10 feet; southerly by other land supposed to belong to City of Boston, 179.19 feet; westerly by land hereinafter described as taken from

City of Boston, 10 feet; northerly by other land supposed to belong to City of Boston, 179.19 feet; containing 1,792 square feet, more or less.

A parcel of land supposed to belong to City of Boston, bounded:

Easterly by land hereinafter described as taken from City of Boston, 10 feet; southerly by land supposed to belong to Prague Realty Trust, 179.20 feet; westerly by Metropolitan avenue, 10 feet; northerly by other land supposed to belong to City of Boston, 179.20 feet; containing 1,792 square feet, more or less.

The sewerage works to be constructed are as follows:

In Huntington avenue, 600 linear feet of 12-inch pipe sanitary sewer and 562 linear feet of 12-inch pipe surface drain, at an estimated cost of \$3,600 for the sanitary sewer and \$4,700 for the surface drain.

In private land, 358.39 linear feet of 12-inch pipe sanitary sewer and 358.39 linear feet of 12-inch pipe surface drain, at an estimated cost of \$2,100 for the sanitary sewer and \$2,600 for the surface drain.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting parcels of land situated on both sides of Huntington avenue, beginning at a point approximately 200 feet north of Thatcher street and extending northerly for a distance of approximately 608 feet, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said parcels in the amount hereinafter respectively set against it; said parcels and the supposed owners thereof being shown on the plan hereinafter referred to and on file in the office of this department.

DISCONTINUANCE OF HIGHWAY IN HYDE PARK.

The Mayor has approved the order of the Board of Street Commissioners for a public improvement consisting of the discontinuance of Badger road, Hyde Park district, as a highway easterly from Truman Highway for a distance of approximately 225 feet, bounded and described as follows:

A part of the highway named Badger road is hereby discontinued easterly from Truman Highway for a distance of approximately 225 feet.

Said part as hereby discontinued is bounded:

Westerly by Truman Highway, 42.55 feet; northerly by the northerly line of said Badger road as it existed prior to this order and by another part of said Badger road, by two measurements, 187.40 feet and 45.51 feet; easterly by Cranmore road, 45.51 feet; and southerly by the southerly line of said Badger road as it existed prior to this order, 225.72 feet; containing 9,173 square feet, more or less.

Said discontinuance to be subject, however, to all rights of the City of Boston to lay, maintain, operate, repair, and renew sewerage and water works and their adjuncts and all rights of public utility companies for their structures existing therein at the date of this order.

Voted, That the part of the order of the Street Commissioners and Mayor of July 18, 1951 (the laying out and construction of Badger road, from Washington street to Truman Highway), providing for the laying out and construction of the above-described part of Badger road, be revoked.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the discontinuance of a part of Badger road, Hyde Park district, as a highway easterly from Truman Highway for a distance of approximately 225 feet, under the order of the Board of January 12, 1953, and awards no damages therefor.

STREET IMPROVEMENT ORDER CANCELED.

The Mayor has approved the following order of the Board of Street Commissioners:

Ordered, That due notice be given, that this Board is of the opinion that, in said city, a public improvement should be made, consisting of the abandoning of the order of the Street Commissioners and Mayor of November 8, 1952, which provided for the laying out and construction of Cranmore road, Hyde Park district, as a highway, from Truman Highway northeasterly for a distance of approximately 600 feet, substantially as shown on a plan in the office of this Board, that it intends to pass an order for making said improvement, and that it appoints 11 o'clock a.m., of December 24, 1952, and the office of this Board, 401 City Hall Annex, as the time and place for a public hearing in the matter.

\$500,000,000 FOR FEDERAL AID HIGHWAYS.

Apportionment of \$500,000,000 authorized as federal aid to the states for highways in the fiscal year beginning July 1, 1952, was announced by Secretary of Commerce Charles Sawyer. The funds were authorized by the Federal Aid Highway Act approved September 7, 1950.

The Act provides \$225,000,000 for projects on the federal aid highway system, \$150,000,000 for projects on the federal aid secondary system, and \$125,000,000 for projects on the federal aid highway system in urban areas.

Funds for urban projects are apportioned in proportion to population in municipalities and other urban places of 5,000 or more. The funds will be available for expenditure until June 30, 1955.

FOOD INSPECTION IN BOSTON.

During 1950 the supervision of the food supplies of Boston and of all processing plants, restaurants, and other eating and drinking establishments continued unabated as part of the program of food inspection of the Health Department. Approximately 150,000 inspections were made, and over 1,500,000 pounds of food were condemned and destroyed, most of which consisted of decomposed fruits and vegetables. Among the shipments of food to Boston embargoed or condemned were seven carloads of onions that had been held too long in storage in Chicago by speculators and that arrived in Boston in a decomposed condition. Another shipment consisted of 76 boxes of dressed poultry weighing 4,950 pounds and originating in Belfast, Maine.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited with the Auditor and City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2 for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the prevailing rate of wages. Before commencing performance of this contract, the Contractor shall provide for insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

FINANCE COMMISSION PROTESTS TO LEGISLATURE AGAINST BILL SEEKING TO STRIP FROM SUPERINTENDENT OF SCHOOLS RIGHT TO NOMINATE SCHOOL PERSONNEL BELOW GRADE OF SUPERINTENDENT—INIMICAL TO BEST SERVICE BECAUSE OF POSSIBLE POLITICAL SWAY.

The Finance Commission has protested to the Legislature against passage of a measure aimed at stripping the Superintendent of Schools of exclusive right to nominate to School Committee the personnel below the grade of Superintendent. The protest is contained in the following letter:

January 26, 1953.

To the Committee on Cities of the Massachusetts Legislature.

Your Committee has again before you for consideration a bill to strip the Superintendent of Schools in Boston of the exclusive right to nominate to the School Committee the school personnel below the grade of Superintendent. It is House Bill 1345 which gives to any

MAYOR HYNES CONTINUES TO RECEIVE LETTERS OF THANKS FROM KOREAN VETERANS FOR CHRISTMAS BASKETS—1,180 SENT BY CITIZENS.

The 1,180 Christmas boxes sent to Boston men in Korea by the Christmas Festival Committee in the name of "The Grateful People of Boston" were more than welcome and gratefully received, judging by the steady flow of letters of thanks received by Mayor John B. Hynes from Korea and from the parents of men in Korea.

Among the many received yesterday came one from the Reverend Felix N. Mysliwiec, former curate at St. Mary's Polish Catholic Church in South Boston, now on duty with the 25th Evacuation Hospital in Korea. He writes, in part, as follows:

"May I express my sincere thanks to you, sir, and all the people of Boston, for the wonderful gift parcel which I have received. It was shared by many unfortunate boys from cities other than Boston who have received no gifts.

"Rest assured, sir, the wonderful gesture of the people of Boston toward us here 9,000 miles away from home, living under most unusual conditions, will never

The citation reads:

CITY OF BOSTON.
DEPARTMENT OF CIVIL DEFENSE.

CITATION.

Whereas, The President of the United States on December 6, 1950, did issue a proclamation stating the existence of a national emergency, which requires that the military, naval, air, and civilian defenses of the nation be strengthened as quickly as possible, to the end that we may be able to repel the threats now imminent against our lives, liberties, peace, security, and the fulfillment of our solemn obligations to the United Nations; and

Whereas, The General Court by enacting chapter 639 of the Laws of the Commonwealth did legalize the establishment of Civil Defense organizations at state and local levels in the interest of public safety; and

Whereas, The Governor of the Commonwealth on December 16, 1950, declared by proclamation that a state of emergency did exist by reason of the fact that the peace and security of the Commonwealth are endangered by the imminent threat of

belligerent acts of the enemies of the United States; and

Whereas, Business, industrial, and patriotic organizations in response to these declarations have pledged their cooperation to provide additional manpower and womanpower necessary for Civil Defense during this period of national emergency; and

Whereas, (Name of Company) promptly responded to the request of local authorities for assistance in Civil Defense by pledging its membership as a group and as individuals to serve in Civil Defense in the City of Boston and organized its facilities in a manner worthy of commendation and high praise; now, therefore

The City of Boston Department of Civil Defense hereby awards this citation of merit in the hope that it will inspire continued effort and active participation in the interest of Civil Defense in Boston.

FINANCE COMMISSION PROTESTS TO LEGISLATURE.

(Continued from page 105.)

member of the School Committee the right to make such nominations.

This is the third occasion, in as many years, on which the Finance Commission has opposed an attempt to undo the progress which was made by the enactment of chapter 497 of the Acts of 1946 which placed nominations in the hands of the Superintendent. The reasons now offered by the Finance Commission in opposing the bill before your honorable committee are the same as those offered on February 1, 1950 (in opposition to Senate Bill 4), and repeated on February 15, 1951 (in opposition to House Bill 1252). These reasons were summarized in a communication to the legislative committee, dated February 1, 1950, as follows:

"The change proposed in this new bill will amount, if adopted, to a complete reversal of the legislative intention following the Finance Commission's 1944 Strayer Survey of Public Education. One of the outstanding recommendations of that survey was that the Superintendent should be made superintendent in fact as well as in name; in other words, that he should have complete control of administration through the right to nominate employees and assign to them their duties. This reform was pro-

vided by Chapter 497 of the Acts of 1946 practically without expressed opposition. It has proven its value in the few years of its operation. In the opinion of the Finance Commission it would be a distinct step backward if it (the proposed legislation) should become law."

The Strayer Survey held:

"The executive must be able to hold responsible those to whom he delegates authority and on whom he must rely for results. It is therefore of primary importance that he shall nominate for appointment all staff members and more especially those upon whom he must place the greatest reliance."

Therefore the Survey recommended: "That the Superintendent of Schools should be made the chief executive officer of the School Committee and of the school system with power to nominate his immediate assistants, including an assistant superintendent in charge of business management, and, through appropriate agencies, all other employees of the School Committee."

Under the terms of the bill now before you, it is not the School Committee as a whole which shares authority with the Superintendent in the nomination right. It is each individual member. It therefore could happen that for any position in the school system there might be six nominations: one by the Superintendent and one by each of the five members of the School Committee.

In the opinion of the Finance Commission this bill, if adopted into law,

would throw appointments in the Boston school system back into the political sphere. Obviously it would do great harm to the idea of keeping the schools free from political manipulation.

be forgotten. They have added greatly to the cheer of many who, though severely wounded at the front, have smiled heartily upon a presentation of an item or two of the contents of the parcel.

"May God bless the people of Boston. This will be my prayer as I stand on this Korean soil celebrating daily Mass."

The Christmas stockings sent in the boxes for Korean children were also apparently well received. A number of the letters tell about how happy the children were when they received them. One from Sergt. V. Licciardi, 45 Alexander street, Dorchester, says, in part:

"I also send to you the thanks of a little Korean girl who shared my box with me. She was very happy when I gave her the stocking. Her eyes sparkled and she became shy, as only little Korean girls can become, then smiled her thanks. She perhaps does not know the story behind our Christmas but she does know, as I know, the friendship and good will represented by the gift."

CIRCULAR LETTER NO. 4.

CITY OF BOSTON,
MAYOR'S OFFICE, January 21, 1953.

To All Department Heads.

GENTLEMEN:

In the preparation of this year's budget, I have instructed the Budget Commissioner to make every possible effort to keep the allowances for each department at the amount granted last year. No departure from that policy will be permitted unless justified by the most extenuating circumstances in order to maintain essential public services.

Because personnel charges now comprise about 55 per cent of the city budget, it is imperative that any further rise in the appropriation for personnel be prevented that, wherever possible, these expenditures be reduced.

Personnel costs have risen tremendously and even alarmingly since 1945. The introduction of the five-day week, general salary increases to meet higher living costs, the institution of the Compensation and Classification Plan all have contributed to the greatly increased expenses, as have various fringe benefits, including more liberal vacation and sick leave privileges.

It is vitally necessary, therefore, that each department official cooperate on the following official orders:

1. In almost every department the number of employees must be decreased. Vacancies resulting from deaths, retire-

ments, and resignations are to be left unfilled and the positions abolished except in the most extraordinary circumstances and unless you are specifically authorized to fill them. Retirements which will occur in your department during the year should be anticipated and a reduction made in your budget.

2. Overtime costs now exceed \$1,000,000 annually. In some emergencies, such as a snowstorm, overtime expenses obviously are unavoidable. Special laws also require the payment of overtime in some cases. But in the routine operation of your department the work load must be planned so that overtime service is unnecessary. Department heads are hereby directed to organize their departments so that a minimum of overtime expense will result.

3. The employment of seasonal, temporary workers has grown to the point where it is now a very expensive feature of city maintenance. Some seasonal workers must be employed, and I recognize that in many instances it is more economical to appoint a temporary employee than a permanent employee who will be on the payroll 12 months of the year. But department heads are hereby ordered to plan their vacation schedules so that the number of temporary employees hired by their agencies can be sharply reduced. It is my intention to eliminate from the budget all but the most essential allowances for seasonal temporary help.

The City of Boston this year is confronted with staggering increased expenses such as the MTA deficit which are beyond the control of municipal officials and will make an increase in the tax rate inevitable. Because of that situation and the fact that we have been unable to obtain any new source of revenue, it is of the utmost importance that city officials operate their departments as economically and efficiently as is possible. Every avenue where savings can be made should be explored. Increased costs must be passed on to the taxpayers. We have a responsibility not to add any unnecessary expense to the burden the taxpayers must assume.

Please re-examine your budget and make every feasible and practicable economy.

Respectfully,

JOHN B. HYNES, Mayor.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60) days, effective February 10, 1953, the Traffic Rules and Regulations of the City of Boston are amended as follows:

Article VI, Section 17 (Isolated "Stop" Streets), is amended by adding the following:

Hyde Park Avenue, West Roxbury.

At Canterbury street.

WORKMEN'S COMPENSATION.

The workmen's compensation acts of most states contain provisions relative to the state and its political subdivisions as employers. One group of acts excludes the state and its political subdivisions from coverage unless they elect to come under and become subject to the terms of the act. Another group of acts deals with the problem exactly the opposite, making the act compulsory upon the state and its political subdivisions, and not permitting them the right to reject coverage under the act.

FINANCE COMMISSION POINTS OUT TO SCHOOL COMMITTEE DEFECTS IN PROPOSAL TO REVISE METHODS OF CONSTRUCTION WORK.

On January 19 the Finance Commission addressed the following letter to the School Committee:

To the Honorable the School Committee.

Your Committee has given the Finance Commission formal notice that it has invited the Board of Commissioners of School Buildings and the Superintendent of Construction to a meeting with the School Committee "for an open and frank discussion regarding all matters relating to the Department of School Buildings." The presumption of the Finance Commission is that you thereby invite participation by the Finance Commission in such a conference when and if held. In this instance the Commission prefers to follow its usual custom, which is to submit any comments it may have in writing. However, the Commission will be pleased to assign a representative to attend the conference, and at this time it desires to make a few comments relating to the subject announced.

These suggestions concern the methods followed in the award of contracts in the School Buildings Department. Since the department does not maintain its own force of mechanics, its extensive program of repair work, costing as much as \$2,000,000 per year, must be carried out by the award of contracts to various firms in many lines of endeavor.

Advertised competition must be had, under the law, for contracts for work which costs more than \$1,000. It is the observation of the Finance Commission that the letter of this law is respected. However, the spirit of it is sometimes ignored because it happens occasionally that a work which might, in complete form, run well above the \$1,000 mark is cut up into segments, the cost of each of which is less than \$1,000. Award is made of these segments without competition.

It is often charged that this splitting of a work into segments is done for the purpose of giving contracts to favorites. Whether it is due to this reason, or is done simply for want of intelligent businesslike operation, the fact remains that improvement in this sphere is needed. Therefore the Finance Commission suggests that in school repair work the School Buildings Department adopt a method which many other governmental agencies use and was recently suggested by the Finance Commission to the Mayor and Council for the conduct of the business in other city departments.

Since the Board of Commissioners of School Buildings appoints the Superintendent of Construction of the School Buildings Department and under the creating statute has the power to remove him, it may be assumed that the Board can establish a code for his administration of the department. A code of performance to be promulgated by the Board of Commissioners of School Buildings is therefore recommended. In the award of contracts this code should provide:

On all orders and contracts involving \$300 or more which are not regulated by statute, it should be required that bid invitations be (a) mailed to at least five prospective bidders; (b) publicly posted in or near the office of the School Buildings Department; and (c) kept readily accessible for public inspection in the City Auditor's office. It should provide that no order or contract shall be valid unless (a) bids are invited as prescribed; (b) they are publicly opened and posted; (c) and the order or contract is awarded to the lowest eligible and responsible bidder on the basis of the bids submitted. To make the order feasible, in view of its stringency, certain situations where compliance would be impracticable are expected; but every time exceptions are invoked, the reasons therefor must receive the approval of the Mayor. Similarly, contracts over \$1,000 in amount would require formal bid procedure, or approval for expressed reasons, by the Mayor.

If the course described in this code is followed, in the opinion of the Finance Commission, to a great extent it would benefit school administration and eliminate a sore spot in regard to contract award.

However, there is another matter to be considered in this connection. A review of contracts and work orders for school buildings repair indicates the desirability of grouping similar repair projects. It would have the effect of increasing the number of contracts of biddable size. However, this grouping presupposes a more frequent comprehensible inspection of buildings to detect repair necessities before they become emergencies.

As to the suggestion that a staff of mechanics be retained by the School Buildings Department and thus obviate the necessity for contract repair work on school buildings, certain difficulties attend such a recommendation. The occurrence for repairs arises simultaneously in many of Boston's 230 school buildings. Much of the work must be accomplished in those periods in which the pupils are not in the schools. For the volume of work envisioned, necessarily it would require a large staff of mechanics. This large staff moving among the 230 buildings under the jurisdiction of the School Department would call for a supervisory staff to control and supervise their work. This would add greatly to its expense.

Likewise it would add heavily to the expense to establish and maintain a warehouse for the countless items of materials which it would be necessary to keep on hand for use by mechanics.

Another consideration at the present time is that it is not always possible to obtain highly competent mechanics from the civil service lists because of opportunities in private business. The effect of the five-day week for city employees, of the paid vacations and sick leaves, and of the pensions, together with the lack of tight control in public work, would, in the opinion of the Finance Commission, make it undesirable to adopt that policy now.

"Y. M. C. A. WEEK" DECLARATION.

Whereas, The Young Men's Christian Association of the City of Boston is opening a period of commemoration in which to pay tribute to the volunteer lay leadership which has served and is serving the Y.M.C.A. here and elsewhere in North America; and

Whereas, The Y.M.C.A. in the City of Boston and around the world has become synonymous with unselfish organized effort for the mental, spiritual, physical and social betterment of youth; and

Whereas, The Y.M.C.A. of the City of Boston since its founding, December, 1851, has worked unceasingly to guide the young toward balanced maturity and conscious citizenship; and

Whereas, The Y.M.C.A. of the City of Boston is a living monument to the democratic way of life, and to the self-sacrificing character of the association's volunteer lay leadership; and

Whereas, This city and its citizenry are indebted to the Boston Y.M.C.A. for the rich spiritual contributions the association has made; and

Whereas, The Y.M.C.A. of the City of Boston is a community organization which opens its doors to the youth of all races and creeds, with but one objective—the betterment of mankind in the name of Christ, now, therefore,

I, John B. Hynes, Mayor of the City of Boston, do hereby declare the week of January 25 through February 1, 1953, as "Y.M.C.A. Week" in Boston, and I urge all citizens to participate in the observance.

JOHN B. HYNES, Mayor.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of city employees have been made:

PARK DEPARTMENT.

Cemetery Division.

Approval has been given to allow the temporary grave diggers, Grade 12, to have a starting salary one increment above the minimum starting salary, or \$55.50 a week.

PUBLIC WORKS DEPARTMENT.

The emergency employment of Joseph P. Gately, laborer at \$50.50 a week in the Sanitary Division, has been approved for a period of 30 working days.

Approval has been given for the payment of \$1.85 an hour for the following employees of the Sanitary Division, while assigned to sanding, snow plowing, and snow removal work, in the operation of heavy motor equipment, only when performing these duties:

Samuel Rotondo, heavy motor equipment operator and laborer; Frank D. Donlan, motor equipment operator and laborer, on temporary promotion to heavy motor equipment operator and laborer.

Approval has been given for the payment of \$1.85 an hour for the following employees, whose names were inadvertently omitted from letter of December 8, 1952, for repairing snow plowing equipment after the regular working day which ceases at 5 P.M., from December 9, 1952, to March 31, 1953, inclusive:

DEPARTMENT CHANGES.

(Continued from page 109.)

Frank Connolly, welder, John Gallagher, Gennino Iannetti, Patrick Devlin, John Donovan, William Mahoney, blacksmiths, Edward Marseghia, motor equipment repairman, Neal McGillaway, Domenic Pasquale, blacksmiths, Daniel Scully, heavy motor equipment operator and laborer, Celestino Vozzello, blacksmith, John Murphy, temporary foreman blacksmith, Ignazio Giglio, blacksmith.

It is further approved that the following-named employees be granted the rate of \$1.85 an hour when operating heavy-duty equipment only when assigned to sanding, snow plowing, and snow removal work:

Frederick A. John, motor equipment operator and laborer, John A. Ryan, heavy motor equipment operator and laborer.

The following-named employee of the Automotive Division has been granted a step-rate increment:

Anthony Rizzotti, motor equipment repairman, Grade 15, from \$63 to \$65.50 a week.

The following-named employee of the Bridge Service has been granted a step-rate increment:

Charles F. McCoy, first assistant drafter, Grade 14, from \$65.50 to \$68 a week.

The following-named employees of the Water Division have been granted step-rate increments:

Joseph V. Hanbury, Jr., water service inspector, Grade 17, present rate, \$76.50 a week, proposed rate, \$80 a week.

William F. McManus, plumber, Grade 15, present rate, \$63 a week, proposed rate, \$65.50 a week.

Thomas Whelan, laborer, Water Service, Grade 11, present rate, \$55.50 a week, proposed rate, \$58 a week.

Rocco V. Raffaele, laborer, Water Service, Grade 11, present rate, \$55.25 a week, proposed rate, \$55.50 a week.

Joseph M. Finneran, clerk and typist, Grade 8, present rate, \$45.50 a week, proposed rate, \$48 a week.

James M. Doherty, clerk and typist, Grade 8, present rate, \$45.50 a week, proposed rate, \$48 a week.

Paul P. Colella, water meter reader, Grade 15, present rate, \$62.53 a week, proposed rate, \$65.50 a week.

Approval has been given to continue the temporary promotion of the following employees of the Sanitary Division to heavy motor equipment operators and laborers at \$60.50 a week, for a period of three months, to fill vacancies due to illness:

Thomas M. Brooks, Jr., motor equipment operator and laborer, \$58.25 a week; George L. Dexter, laborer, \$53 a week.

Approval has been given for the following adjustment in compensation of Thomas J. O'Rourke, highway construction inspector, Highway Service, from \$75.95 a week to \$73 a week. Due to an error in computing the length of service for purposes of establishing pay grade, Mr. O'Rourke was granted an increase of \$9.55 a week over his previous salary of \$66.37. Inasmuch as his position is in Grade 17, and he has not completed 10 years of service, his correct salary rate should be \$73 a week.

Approval has been given to continue the temporary promotion of the following employees of the Water Division, from laborers to motor equipment operators and laborers, for a period of three months, to fill vacancies due to illness:

MORE CITIES ADOPT RETIREMENT PLANS.

Retirement systems now are in effect for some or all municipal employees in 981 of the 1,072 cities over 10,000 population. During the past five years the number of cities covering all their employees has increased from 341 to 649, according to *The 1949 Municipal Year Book*. Of the cities over 10,000 with no retirement plans, 97 per cent have less than 25,000 population. The survey in the *Year Book* reveals a marked shift away from retirement plans for special groups such as policemen or firemen towards general plans for all city employees.

CONTRACTS AWARDED WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with commercial houses, contractors, etc., for furnishing labor, supplies, etc. Communications from heads of the departments interested were as follows:

CITY MESSENGER.

BOSTON, January 20, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

In accordance with chapter 11 of the Revised City Ordinances of 1947, it is the duty of the City Messenger, in compliance with Council orders, to award the contracts for the roping off of streets for parades, races, public celebrations, installation and maintenance of 43 flagpoles and displaying flags.

I have, for the past eight years, due to the emergency nature of the work, awarded these contracts to the F. C. Dolan & Sons, Inc., 18 Aldworth street, Jamaica Plain. Mr. Dolan has a capable working force and the work has been at all times done efficiently and to the last letter of the contract. He has proven that he is able to cope with any emergency which might arise, many of the contracts being awarded with only two or three days' notice, and for the reasons mentioned I respectfully request permission to award these contracts, as in previous years, without public advertising. The cost of this work will be approximately \$16,000, and the charges will be at the same rate as previous years despite increased labor costs.

Respectfully,
WILLIAM J. O'DONNELL,
City Messenger.
FRANCIS AHEARN,
President of City Council.

INSTITUTIONS DEPARTMENT.

BOSTON, January 23, 1953.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

On December 31, 1952, the City of Boston entered into a contract in the sum of \$94,943 with M. Solimando, 584 Columbia road, Dorchester, Mass., the low bidder, following the publicly invited bids, for alterations to Wards AA and BB, Long Island Hospital, Boston, Mass.

All general contractors in submitting their proposals for the work were required to submit with their bid the added cost for furnishing and installing hollow metal doors, if the work of refinishing the existing doors as provided in the specifications was omitted.

The contract was awarded in the sum of \$94,943, the contractor's proposed contract sum, without adding the proposed charge of \$7,821 for the furnishing and installation of the hollow metal doors, as the inclusion of this work would have made the contract cost in excess of the available appropriation.

The installation of these doors would greatly improve the above wards both from the standpoint of sanitation and safety for which reasons and so that the whole work may be pursued as expeditiously as possible, I respectfully request your permission to dispense with further public advertising and to amend the aforesaid contract to include the above-described extra work in the contractor's original price therefor, of not in excess of \$7,821, conformably with the Acts of 1909, chapter 486, section 3a, as amended,

SUFFOLK COUNTY.

MUNICIPAL COURT, DORCHESTER
DISTRICT.

DORCHESTER, January 14, 1953.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR SIR:

In accordance with chapter 156 of the Acts of 1939 which requires contracts for work or purchase exceeding one thousand dollars to be advertised, I hereby request that this court be exempt from compliance with that provision of Item 2-280 in the budget of this court relative to the transportation of persons to and from correctional institutions.

Very truly yours,

WILLIAM G. LYNCH,
Justice.

CHANGES IN CONTRACTS.

PARK DEPARTMENT.

Martin J. Kelly Company, Inc., has been ordered to make the following changes in the contract for constructing a sanitary and locker building at the William Gary Walsh Playground, Dorchester, signed December 14, 1951:

Item A.—Construct entrance driveways and walks around the proposed building, according to the lines and grades given and deliver and spread loam on adjacent areas. The above work to be done as follows:

1. Excavate the existing loam from the area within the proposed driveway and walk area and spread on adjacent areas where directed. For this work, estimated at 52 cubic yards, will be paid the unit price of 80 cents per cubic yard as set forth in Item 1, of paragraph 24, Unit Prices, under section 2 of the contract, and the estimated amount of \$41.60 will be added to contract price.

2. In the proposed driveway and walk area between the excavated grade and a grade 1½ inches below the finish grade, construct a gravel bed (bank gravel) in place. For this work estimated at 40 cubic yards will be paid the unit price of \$2.50 per cubic yard as set forth in Item 23, of paragraph 24, Unit Prices under section 2 of the contract, and the estimated amount of \$100 will be added to contract.

3. Furnish, deliver to site and spread, loam to the proposed grades of the lawn areas adjacent to the building and proposed driveway and walks. Fine grade and rake surface free from all stones. For this work, estimated 150 cubic yards, will be paid the unit price of \$4 per cubic yard as set forth in Item 24, of paragraph 24, Unit Prices, under section 2 of the contract, and the estimated amount of \$600 will be added to contract price.

4. In the proposed driveway and walk area, prepared under the above-mentioned paragraphs 1 and 2, furnish and lay complete a 2½-inch thick two-course asphalt pavement with a 9-inch thick gravel base. After the 9-inch thick gravel base has been properly compacted, the asphalt pavement shall be laid in two courses, consisting of a ½ inch in depth asphaltic

binder course mixture and a 1 inch in depth asphaltic surface course mixture of a close granular Type I-1 mix. For this work, estimated at 413 square yards, will be paid the unit price of \$2.50 per square yard as set forth in Item 26, of paragraph 24, Unit Prices, under section 2 of the contract, and the estimated amount of \$1,132.50 will be added to contract price.

5. Replace existing manhole frames to the proposed grade of the new work. For this work estimated at two each, you will be paid the unit price of \$15 each and the estimated amount of \$30 will be added to contract price.

All work shall comply in all respects to the standard specifications for this type of work on file in the Engineer's Office of the Park Department, 33 Beacon street, Boston, Mass.

Item B.—Substitution of white toilet seats and concealed chair carriers. The preceding to be as follows:

1. Substitute the six black toilet seats with white seats. The amount of \$13.20 will be added to contract for this substitution.

2. Substitute Type F-357, 20-inch x 18-inch "Buena" lavatories with No. 12 concealed chair carriers in lieu of those specified. The sum of \$51.15 will be added to your contract price for this substitution.

Item C.—Supply hardware for the entire project as specified under "cash allowances." Competitive bids were received with the lower bidder agreeing to supply the required hardware for the sum of \$290 which is \$115 over the allowance of \$175 as carried in contract.

1. The sum of \$115 will be added to contract price.

Item D.—Additional cost of lighting fixtures.

Competitive bids were received for supplying lighting fixtures as specified. The amount of the bid was \$73.25 over the amount of the allowance of \$600.

1. The sum of \$75.25 will be added to contract price.

Item E.—Furnish and install one 1½-inch Type "T" adjustable Taco tempering valve, range from 130° F. to 200° F. on the 1½-inch line from boiler to lavatories. This will include all labor and material together with the extra cold water line to this valve.

1. The amount of \$108.52 will be added to the contract price for this item.

Item F.—For concrete testing of floor slabs and beams, test numbers E852-1-2-3 at \$3.50.

1. The amount of \$10.50 will be added to the contract price for this item.

Item G.—Competitive bids were received for supplying the bronze plaque as specified under "Cash Allowances." The amount of the bid was \$55 less than the amount of \$350 allowance or \$295 for the plaque.

1. The amount of \$55 will be deducted from contract price.

Item H.—Reduce the size of the hot water storage tank from 4 feet x 15 feet to 3 feet x 12 feet as a result of change in the heating requirements.

1. The sum of \$75 will be deducted from contract price.

Summary.

Item A.—Construct entrance drive-ways and walks around building:

- 52 cubic yards excavation at 80 cents, \$41.60.
- 40 cubic yards gravel bid at \$2.50, \$100.

3. 150 cubic yards loam at \$4, \$600.
 4. 413 square yards asphalt pavement at \$2.50, \$1,132.50.

EXTENSION OF CONTRACTS.

BOSTON TRAFFIC COMMISSION.

Approval has been given for the extension of the time of completion of the contract with R. A. Buccella & Sons, Inc., for installing underground conduit and for furnishing and installing concrete bases for traffic signal posts in fourteen (14) intersections in the City of Boston from December 27, 1952, to May 1, 1953. This extension was requested for the reason that the advent of winter weather has closed the hot-top plants and the contractor is, therefore, unable to complete the permanent resurfacing at various intersections until next spring.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for the extension of the time of completion of the contract with Corona Construction Company for egress alterations in various schools in Group C-3 from December 31, 1952, to March 31, 1953. This extension was requested because of difficulty in obtaining hardware and other materials.

Approval has been given for the extension of the time of completion of the contract with John W. Egan Company for painting fire escapes, etc., at various schools in District 6 from December 5, 1952, to February 25, 1953. This extension was requested because of a delay due to inclement weather.

Approval has been given for the extension of the time of completion of the contract with P. J. Cantwell & Son for alterations at the Elihu Greenwood School from November 30, 1952, to January 31, 1953. This extension was requested because of delays in getting materials.

Approval has been given for the extension of the time of completion of the contract with Powers & Mehegan Company for plumbing and gas work at the Norcross School from December 31, 1952, to January 31, 1953. This extension was requested because of inability to obtain drinking fountains and additional work.

Approval has been given for the extension of the time of completion of the contract with Powers & Mehegan Company for plumbing and gas work at the Harvard School from December 31, 1952, to January 16, 1953. This extension was requested because of inability of tile contractor to obtain the specified tile.

Approval has been given for the extension of the time of completion of the contract with S. M. Levin Company, Inc., for furnishing and delivering furniture for various schools from December 31, 1952, to February 1, 1953. This extension was requested because of delay in shipping from factory.

Approval has been given for the extension of the time of completion of the contract with S. M. Levin Company, Inc., for furnishing and delivering miscellaneous furniture, etc., to 26 Norman street for various schools from November 29, 1952, to April 30, 1953. This extension was requested because of delays at factory.

Approval has been given for the extension of the time of completion of the contract with D. A. Rossano Construction Company, Inc., for egress alterations in various schools in Group E-2 from October 30, 1952, to February 20, 1953. This extension was requested because of delay in delivery of heating equipment and extra work performed.

Approval has been given for an extension of time for the completion of the contract with W. A. Shephard Company for installing new horizontal return tubular boilers and additions and alterations to heating system at the Dearborn School, from December 15, 1952, to January 31, 1953. This extension was requested because of a delay in securing the necessary material to fabricate the wire grill partitions, due to its scarcity.

Approval has been given for an extension of time for the completion of the contract with City Building Wrecking Company for demolition of the Frederic W. Lincoln School, from December 16, 1952, to February 28, 1953. This extension was requested because of a delay due to inclement weather.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the extension of the time of completion of the contract with J. D'Amico, Inc., 49 Eliason avenue, Dorchester, for bituminous concrete pavement in Boston street, Massachusetts avenue, Sidlaw road, Vale street and Proctor street, from December 15, 1952, to June 30, 1953. This extension was requested because the contractor was delayed by late delivery of edgestone and was obliged to suspend work under the contract until next spring.

Approval has been given for an extension of time for the completion of the contract with the Central Construction Company, 228 Southampton street, Boston, for sheet asphalt pavement in Albano street, Bradwood street, Corey street, Rockland street, and Spring

street, from June 30, 1951, to June 19, 1952. This extension was requested because the contractor was required to perform additional work in Albano street after the expiration of the time limit of the contract.

IV. ESTABLISHMENT OF NEW FIRE ALARM BOXES.

In the near future, the following fire alarm boxes will be installed:

12-2166, Elm Hill Nursing Home, 237-241 Walnut avenue.

12-2954, Altenheim, 2222 Centre street. Company commanders will add Box 12-2166 to the assignment card for Box 2166 and place a star alongside Box 12-2166 and Ladder 23 to indicate the response of Ladder 23 on first alarm.

Company commanders will add Box 12-2954 to assignment card for Box 2954 and place a star alongside Box 12-2954 and Ladder 10 to indicate the response of Ladder 10 on first alarm.

The circuit number for these two boxes will be announced when the boxes are put into service.

V. CHANGE IN DESIGNATION OF FIRE ALARM BOXES.

Fire Alarm Box 12-3855 was established in General Orders, No. 6, dated January 23, 1952, and installed as given in General Orders, No. 8, dated February 5, 1952.

The designation of this fire alarm box was given as "Boston Public School." This school has now been given the name "Hemenway School."

The designation of this fire alarm box will be changed to read as follows:

12-3855, Hemenway School, 30 Millstone road.

Company commanders will make the above change on assignment card for Box 3855.

Fire Alarm Box 3853 now reads as follows:

3853, Wolcott street, opposite Hemenway School.

The Hemenway School on Wolcott street has been abandoned. Company commanders will correct the designation on assignment card for Box 3853 by deleting the words "opposite Hemenway School."

VI. A.D.T. ASSIGNMENTS.

Company commanders will add the following signal number to running cards of the American District Telegraph Company in this department:

Apparatus to respond: Engine 41, Ladder 14, District Chief 11. Nearest box is 5114.

By order of Fire Commissioner

MICHAEL T. KELLEHER,
JOHN V. STAPLETON,
Chief of Department.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, effective January 16, 1953, to April 1, 1953, inclusive, the Traffic Rules and Regulations of the City of Boston are amended by adding the following:

EMERGENCY SNOW REMOVAL REGULATIONS.

Declaration of Emergency During Heavy Snowstorms and Establishing Parking Regulations.

(a) There is hereby declared an emergency to exist in the City of Boston by reason of a heavy snowstorm wherever snow falls during any period of twenty-four (24) hours or less to a depth of three (3) inches or more, in that such storm constitutes a serious public hazard, impairing transportation, the movement of food and fuel supplies, medical care, fire, health, and police protection, and other vital facilities of the city.

(b) Whenever such an emergency exists and the Commissioner of Public Works shall have caused announcement thereof to be made by not less than two (2) radio stations whose normal operating range covers the City of Boston, the following parking prohibitions become effective immediately:

No driver shall stop, stand, or park any vehicle in important traffic arteries, or parts thereof, nor in any street upon which there is operated a trackless trolley, public transportation bus, or streetcar line, provided that this regulation shall not apply to passenger vehicles stopped temporarily during the actual receiving or discharging of passengers nor to commercial vehicles stopped for not more than one (1) hour continuously while actually loading or unloading materials.

Included among important traffic arteries, trackless trolley, bus, and streetcar lines are the following:

L street, South Boston.

West Broadway, South Boston.

Belgrade avenue, West Roxbury.

Corinth street, West Roxbury.

South street (upper), West Roxbury.

On streets other than those defined in the preceding paragraphs, no driver shall stop, stand, or park any vehicle in the side of the street having even house numbers from 6 p.m. on the odd dates of the month to 6 p.m. on the following date, nor in the side of the street having odd house numbers from 6 p.m. on even dates of the month to 6 p.m. on the following date, provided that this regulation shall not apply to passenger vehicles stopped temporarily during the actual receiving or discharging of passengers nor to commercial vehicles stopped for not more than one (1) hour continuously while actually loading or unloading materials.

The state of emergency shall exist until the Commissioner of Public Works shall have caused announcement of the end of the emergency to be made by not less than two (2) radio stations whose normal operating range covers the City of Boston.

Voted, That as urgently required by considerations of public safety and convenience, occasioned by the occupancy of a portion of Elm street, Boston Proper, by a mobile crane owned and operated by C. F. Hall & Sons, Inc., under authority of permit granted by the Public Works Department of the City of Boston, the following temporary traffic regulations are effective January 28 and January 29, 1953:

Vehicles are excluded from the following street:

Elm Street, Boston Proper.

From a point eighty (80) feet northwest of Dock square to Dock square.

The one-way rule in the following street is suspended and it is a two-way street:

Elm Street, Boston Proper.

From Washington street to a point eighty (80) feet northwest of Dock square.

PROCEEDINGS OF CITY COUNCIL.

Monday, January 19, 1953.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p.m. President ALLEN in the chair and all the members present.

Monsieur Henry J. O'Connell of St. Ambrose Catholic Church, Dorchester, was escorted to the rostrum.

INVOCATION BY MONSIEUR HENRY J. O'CONNELL.

In the name of the Father, and of the Son, and of the Holy Ghost. Amen.
 Almighty God, look down with favor upon the members of the City Council today assembled to conduct deliberations for the benefit of Thy people. Enlighten them with the wisdom of Thy holy spirit, that they may ever be alert and prudent in the enactment of just laws. May their own personal lives be so filled with Thy grace that a pure conscience will be their most brilliant guiding light in shaping the course of action that will conform to Thy commandments and counsel. Let the people of this city realize the difficulties that beset these councillors in trying always to act on the side of righteousness and virtue with so many obstacles against it being from time to time placed in their paths. Let the citizens observe the necessity of supporting and upholding the persons and acts of this Council, and let them pray the old prayer of the citizens of Boston, that holy petition embossed on the seal of our great city, "May God be with us as He was with our fathers." Amen.

In the name of the Father, and of the Son, and of the Holy Ghost. Amen.

The meeting was opened with the salute to the Flag.

DEVELOPMENT OF BOSTON & ALBANY RAILROAD YARDS.

The following was received:

City of Boston,
 Office of the Mayor, January 14, 1953.
 To the City Council.
 Gentlemen:

The order adopted by your Honorable Body on January 12, 1953, requests information as to the progress of the Mayor's Committee on the Development of the Boston & Albany Railroad Yards. I have information which indicates that there is progress being made of a nature which cannot, at this time, be disclosed.

I wish to assure the City Council, however, that I am thoroughly satisfied that important developments will soon be forthcoming.

Respectfully,
 J. B. HYNES, Mayor.

Placed on file.

NOTICES OF PROPOSED SALES OF CITY-OWNED LAND.

The following was received:

City of Boston,
 Office of the Mayor, January 19, 1953.
 To the City Council.
 Gentlemen:

I transmit herewith communication from the secretary to the Board of Real Estate Commissioners relative to your order of January 12, 1953, concerning the request to reexamine the present policy in regard to advertising and the giving of notice of proposed sales of city-owned real estate and that other particular recommendations be followed.

Respectfully,
 J. B. HYNES, Mayor.

City of Boston,
 Board of Real Estate Commissioners,
 January 16, 1953.

Mr. Thomas G. J. Shannon,
 Chief Clerk, Mayor's Office.
 Subject: City Council Order of January 12, 1953, Requesting Reappraisal of the Present Policy in regard to Advertising and the Giving of Notice of Proposed Sales of City-Owned Real Estate and That Other Particular Recommendations of the City Council Be Followed.

Dear Mr. Shannon:
 In the matter of sales of city-owned real estate, the Board of Real Estate Commissioners has always maintained a policy which includes the strict observance of the various provisions of law pertaining to these sales, and also all the suggestions contained in the Council order of January 12, 1953, regarding said sales.

Very truly yours,
 JOSEPH B. BURKE,
 Secretary to Board.

Placed on file.

CITY-OWNED PROPERTY NEAR HOUSING PROJECTS.

The following was received:

City of Boston,
 Office of the Mayor, January 19, 1953.
 To the City Council.
 Gentlemen:

I transmit herewith communication from the Real Estate Custodian, Board of Real Estate Commissioners, relative to your order of December 22, 1952, concerning the request for a list of all properties to which the City of Boston has title which lie within a radius of one mile from any housing project now being built or contemplated.

Respectfully,
 J. B. HYNES, Mayor.

City of Boston,
 Board of Real Estate Commissioners,
 January 14, 1953.

Mr. Thomas G. J. Shannon,
 Chief Clerk, Mayor's Office.
 Subject: City Council Order of December 22, 1952, Requesting a List of All Properties to Which the City of Boston Has Title Which Lie Within a Radius of One Mile from Any Housing Project Now Being Built or Contemplated.

Dear Mr. Shannon:
 Referring to your communication dated December 20, 1952, in regard to the above-captioned Council order, we shall be glad to cooperate in submitting a list of properties as specified in said order; but, however, we ask that the Boston Housing Authority be requested to forward to this department a list of present or contemplated housing projects.

Very truly yours,
 EUGENE F. LALLY,
 Real Estate Custodian.

Placed on file.

EQUIPMENT OF PARKS AND PLAY- GROUND WITH FLOODLIGHTS.

The following was received:

City of Boston,
 Office of the Mayor, January 19, 1953.
 To the City Council.
 Gentlemen:

I transmit herewith communication from the Park Commissioner relative to your order of January 12, 1953, concerning the request that all public parks and public playgrounds be equipped with floodlights or similar lighting.

Respectfully,
 J. B. HYNES, Mayor.

City of Boston,
 Park Department, January 16, 1953.
 Thomas G. J. Shannon,
 Chief Clerk, Mayor's Office.

Dear Sir:

I am in receipt of a memo from your office with attached enclosure, City Council order requesting that all public playgrounds and public parks be equipped with floodlights or similar lighting.

What Councilor Hailer requests is a major project that would involve a considerable amount of money, as floodlighting is a very expensive proposition.

The games that we now floodlight are done under contract, and it is much cheaper to bring in a person with proper equipment for one occasion than it would be for permanent installation, which in most instances would be destroyed.

However, we will give this matter further consideration.

Very truly yours,
 FRANK R. KELLEY, Chairman.

EXECUTIVE COMMITTEE REPORTS.

Coun. WHITE, for the Executive Committee, submitted the following:

1. Report on message of Mayor and order (referred January 5) for temporary loan of \$75,000,000 in anticipation of revenue—recommending passage of the order and adoption of the accompanying resolution, viz:

Resolved, It appears to the Executive Committee, after bearing and deliberation on the matter, that a clear and definite saving of approximately \$350,000 annually might be realized if legislation should be passed by the General Court under which the municipal fiscal year would run from July 1 of each year.

It also is the opinion of the Executive Committee that budgetary procedure could be both more efficient and effective under such a procedure.

Your Executive Committee, therefore, urgently recommends that legislation be immediately filed and vigorously supported in the General Court officially sponsored by the City of Boston toward the end that the municipal fiscal year begin July 1 of each year.

The report was accepted.

The order was given its second reading and passed, yeas 9.

Yeas—Councilors Ahearn, Foley, Hailer, Hurley, Joyce, Kerrigan, Piemonte, Ward, White—9.

2. Report on appointment by the Mayor (referred January 12) of Frederick A. Cronin as member of Boston Housing Authority for term expiring January 8, 1958—recommending that appointment be confirmed.

The report was accepted.

Coun. FOLEY moved that the matter of confirmation of the appointment of Frederick A. Cronin to be a member of the Boston Housing Authority be referred to the Executive Committee for the purpose of holding a public hearing on the matter Tuesday, January 20, 1953, at 2 p.m.

The motion was defeated. The question then came on confirmation of the appointment, and the appointment was confirmed, yeas 5, nays 3.

Yeas—Councilors Ahearn, Hailer, Hurley, Piemonte, White—5.

Nays—Councilors Joyce, Kerrigan, Ward—3.

Voting Present—Councilor Foley—1.

OPPOSITION TO PROPOSED PLAN FOR INCREASED REVENUE FOR MTA.

Coun. HURLEY offered the following:

Resolved, That the Boston City Council, in meeting assembled, go on record forthwith as opposed to the suggested plans of MTA General Manager Edward L. Dana to:

First, increase MTA fares to 174 cents per ride, or two rides for 35 cents through the purchase of tokens.

Second, increase fares within a limited zone to 15 cents, to supplant the present 10-cent zone fare.

Third, levy a surcharge per capita on the 83 communities of metropolitan Boston.

Fourth, place an additional \$1 tax on every automobile in the 14 cities and towns served by the MTA, plus the 15 communities on the fringe of the MTA area.

The resolution was adopted under suspension of the rules.

PROVISION FOR PARKING FACILITIES IN APPLICATION FOR NEW BUILDING PERMITS.

Coun. JOYCE offered the following:

Whereas, The movement of motor vehicles within the city and parking of said vehicles has in recent years constituted a grave municipal problem affecting commerce and traffic through the city; and

Whereas, The movement of trucks and other mercantile vehicles in loading and unloading goods has created vexatious traffic problems and the orderly flow of traffic vital to the preservation of commerce and industry within the city; and

Whereas, Additional parking facilities are vital to the preservation of an orderly traffic flow now, therefore, be it

Ordered, That the building code of the City of Boston be amended so as to require hereinafter that all applicants for building permits be required to provide in said applications provisions for suitable driveway, parking, and loading facilities; and in the case of applicants for com-

mmercial buildings provisions shall be made for drivers' or suitable recesses for trucks, so as to provide that in both instances all applicants for building permits, private and commercial, shall be required to make provision for parking facilities to relieve the city streets from the intolerable congestion of recent years.

Referred to the Committee on Ordinances, when appointed.

Adjourned at 7:25 p.m., on motion of Councilor Hurley, to meet on Monday, January 26, 1953, at 2 p.m.

Note: All debate of City Council eliminated from proceedings in accordance with Chapter 447, Acts of 1947.

STATEMENT OF THE CHAIRMAN

At the request of the Chairman and with the approval of the other members, the following statement, which the Chairman read at the Conference, was ordered spread upon the records of this meeting:

During the last few days, the Boston School System has been the victim of a completely unwarranted and seemingly planned attack.

In order to set the record straight, some fundamental observations must be made. In accordance with the established law of the Commonwealth of Massachusetts, the control of a public school system is vested in lay bodies called school committees, boards of education, and similar names. The law is clear in Massachusetts that the School Committee is the employer and that all school personnel are the employees. Further, the law is clear that school committees are the bodies responsible for the proper operation of school systems.

In an attempt to discredit the Boston School Committee, or several members thereof, the Boston Post has deliberately printed deceiving and deceitful editorials; news stories and photographs.

In this morning's Boston Post on page 8 there appears a photograph entitled: "Patchwork for school windows," with a statement under the photograph stating—and I quote: "Replacement of glass awaits the signature of School Committee chairman Isadore H. Y. Muchnick."

This statement is a despicable lie. The truth is that the requisition for the repair of broken windows for the Sherwin School was submitted to the Superintendent of Schools under date of November 10, 1952, and was approved by him. This requisition did not require the approval of the Chairman or any member of the School Committee.

On the same page is a picture captioned, "Requisitions for

School repairs pile up," and the legend under the picture reads as follows, "Boston School Department Clerical Employees Prepare Requisitions for Repairs to Schools to be signed by School Committee Chairman Isadore H. Y. Muchnick, an estimated \$10,000 in vital repairs was awaiting his signature."

This again is a deliberate despicable lie; 324 requisitions out of 325 requisitions were approved and initiated by the Chairman on December 2, 1952, within 24 hours after being given that responsibility by the School Committee.

The truth further is that on December 1, 1952, when this matter was discussed at the meeting of the School Committee, the Superintendent of Schools stated that the preparation and processing of requisitions for repairs was not within the province of the clerical employees of the School Department, but was solely within the province of the clerical employees of the Department of School Buildings.

The clerical employes shown in the picture are not employes of the School Buildings Department but are employes of the School Department assigned to the office of the Superintendent of Schools.

On page 1 of the Boston Post is a picture captioned, "Debris blocks school stairway," and from the legend under the picture and from the news columns on pages 1 and 8, the reasonable inference to be drawn is that the work of repairing the ceiling would have been done had a requisition been approved by me and that failure on my part to approve a requisition resulted in a condition of danger for the children of the Sherwin School. This again is a deliberate twisting of the facts.

The truth is that no requisition concerning repairs to a ceiling at the Sherwin School was presented to me until this morning after the ceiling had fallen. This requisition which is required to be made out by the principal of the school, was made out on December 2, 1952, was presented to me for approval today, December 3, 1952, and was approved.

The truth further is that many emergency repairs are telephoned. Oral approval is given and the work is often begun prior to the presenting of confirmatory written requisitions.

The true fact is, as common knowledge indicates, that ceilings don't just fall suddenly without any warning. By a proper process of inspection and supervision, it would have been apparent weeks ago or months ago that this ceiling was in a state of disrepair.

I assume from looking at a requisition from the Sherwin School dated February 6, 1952, that improper ceilings were known to the people charged with the responsibility of repairing them, because under date of February 6, 1952, by requisition No. 1973, which was

forwarded to the Department of School Buildings, it states as follows:

"To the Superintendent of Construction:

I request that the following work be done. Check leak in ceiling of Room 16 and over stairway outside Room 16. School, Sherwin.

John F. Meade, Principal."

Whether that was ever done, I don't know. That requisition was in February of this year.

To this observer, it is more than a coincidence that the ceiling fell the same day that untruthful statements were being published about members of the Boston School Committee, and that somehow the information was given by the School administrators to reporters and photographers of the Boston Post, although nothing was mentioned to the Chairman of the School Committee concerning an emergency situation—this, despite the fact that the Superintendent of Schools spoke to the Chairman of the School Committee on the telephone at about 4 p. m., almost two hours after the event took place.

It would further appear that the photograph was planned. The normal process for a custodian would have been, unless instructed to wait for photographers, to clean up the debris prior to posting barriers and danger signals rather than to wait to pose for a picture.

The attempt is further made by innuendoes and inference on page 8 to make the Chairman responsible for the fact that 24 children sat shivering in overcoats in 23-degree temperature at the Curtis Guild School, a portable building. This again is a despicable lie. This work was requisitioned for on November 4; Requisition No. 9590, weeks before the responsibility of approval was given to the Chairman of the School Committee.

The inefficiency of the School Buildings Department, the failure on the part of the Superintendent of Schools to follow up approved requisitions, and the general laxness of both departments were among the reasons that impelled the School Committee to add this burden to the many other burdens of the unpaid members of the Boston School Committee.

The Strayer Report vigorously recommended the abolition of the School Buildings Commission, and the transfer of the functions of that department to the School Committee, where it belongs. The action of the School Committee, in turning over the responsibility to the Chairman, is a partial step in the direction recommended by the Strayer Survey in 1944.

I don't know the source of the Boston Post's misinformation, half truths, and untruths. I don't know whether there is an information line between the office of the Superintendent of Schools and the office of the Boston Post. I do, however, know that Mr.

Griffin, who, I believe, is editor-in-chief of the Boston Post, was present at most and possibly all of the meeting of the School Committee of December 1st.

I also know that John Griffin and Superintendent Dennis Haley are related. I do not know how close the degree of kinship, but I am informed they are first cousins. I wonder how much this has to do with the sudden attack on the School Committee and its chairman. It has been stated and insinuated that the Chairman of the School Committee talks too much at meetings, and that too much times is spent in asking questions.

Let me make it clear that so long as I am charged with any portion of responsibility of running the school system, and so long as our schools are run in their present slipshod, inefficient and irresponsible manner, so long as administrators refuse to answer questions directly and evade giving information on every possible occasion, I will continue to talk and ask questions.

Until the deceit is eliminated, I will seek the truth. Let there be no question about that. The truth further is that although there may have been a trifling increase spent on stenographic work by the process of meetings and through the system of questioning administrators, this School Committee succeeded in cutting the submitted budget in 1952 approximately \$1,000,000 and at the same time almost tripling the amount provided to be spent for books, the tools for the education of our children.

The truth also is that this School Committee undertook to straighten out and did straighten out with almost no co-operation on the part of the Superintendent, a most horrible salary mess bequeathed to it by the former School Committee. The truth further is that this School Committee has taken the first step in the establishment of single salary, hailed by educators nationally as the proper method of salary administration.

The truth further is that despite road blocks thrown in its way by the administration, this School Committee has contracted for a survey tending to lead to a consolidation of schools and school districts, which, upon its completion, should save the City annually hundreds of thousands and maybe millions of dollars, while at the same time improving the educational facilities including an improved physical plant which will be necessary to house our children properly.

It seems to me that to attack five public-spirited citizens, who are serving as an unpaid board, in the vicious manner displayed by the Boston Post, is a disservice of the worst kind to our city.

If this kind of abusive, falsified reporting is to continue, it will be necessary to exclude the press from future meetings.

To castigate the School Committee because its meetings do

not always or even ever start promptly when called for, is going out of one's way to be unnecessarily nasty. The unpaid members of the School Committee, similar to superintendents, teachers, editor writers, reporters and all others, also have to earn a living.

In connection with the foregoing, Miss Fitzgerald stated she has always received very fine co-operation from the Superintendent.

The Committee adjourned.

STATEMENT RELATING TO FILING OF LEGISLATION

Miss Fitzgerald: In order to keep the record straight, Mr. Carr and I wish to make the following statement with regard to the order passed at the meeting of Dec. 1, 1952, relating to the filing of legislation by the Chairman on behalf of the School Committee:

In the public meeting—and I think all of you have seen the minutes—there was one order only covering all six legislative bills which were to be filed by the Chairman. All five members

were recorded as being in favor of the filing of these legislative bills. It is my feeling—and I believe that it is Mr. Carr's as well—that although we might be in favor of the Chairman's filing the bills, it need not necessarily mean that we approved of the content of each bill, and I just wish to have that included in the minutes of the public meeting.

Dr. Foley: No objection to the statement of Miss Fitzgerald? Hearing no objections, it will be a matter of record.

NOMINATIONS TO BOARD OF COMMISSIONERS OF SCHOOL BUILDINGS

Dr. Foley: I would like to place in nomination the name of Richard V. Barry, 270 Beech Street, Roslindale, for the vacancy now existing on the Board of Commissioners of School Buildings.

However, I do not want the Committee to feel at this particular time that Mr. Robert MacLellan should go unnoticed for the time that he has given to this particular position. I believe it is ten years.

I think that an appreciative vote of thanks should be given to Mr. MacLellan for the work that he has done as a member of the Board of Commissioners, elected by the Boston School Committee.

The matter of election, I understand, is held over, but I would like it to be spread upon the record at this particular time.

Mr. Carr: Mr. Chairman, how many nominations have been submitted for that particular position?

Dr. Foley: I would like Mr. Carr to place his nomination also.

Mr. Carr: In the conference there were nominations made?

Dr. Foley: There were.

Mr. Carr: There is a Matthew T. Connolly in nomination?

Secretary: It will not be unless you place it in nomination now.

Dr. Foley: This is the public meeting, and it is necessary for you to nominate at this time.

Mr. Carr: I now nominate Matthew T. Connolly for the position of Schoolhouse Commissioner vacated by Mr. Robert MacLellan, who has done an outstanding job for the last ten years.

As a member of this Committee I would like to commend him for his fine service.

Dr. Foley: Inasmuch as there is not a full Board, this matter will be held in abeyance until the next meeting.

UNFINISHED BUSINESS

December 11, 1952

Miss Agnes E. Reynolds
Secretary, School Committee of the City of Boston
15 Beacon Street
Boston 8, Massachusetts

Dear Miss Reynolds:

Under date of December 3, 1952, you informed us of a proposed transfer order as follows:

"ORDERED, That of the amounts appropriated by the School Committee under date of Apr. 7, 1952 (see p. 79), the following amount is hereby transferred to the 1952 item of school accommodations as listed below:

The following is the article in the Christian Science Monitor referred to:

By Robert C. Bergenheim
Staff Writer of
The Christian Science Monitor

Clear evidence of "waste and inefficiency and favoritism" has been found in the Boston school system by the School Committee this year," the New Boston Committee charged today.

"This evidence came to light 'despite the iron curtain raised by the administration around their management of a budget now at \$26,000,000,'" said the civic committee in its official publication, New Boston Comments.

Dr. Dennis C. Haley, superintendent of the School Department, was frankly surprised at the adverse comment. When asked to answer the New Boston Committee, however, he pointed out that the NBC "is a political organization, and I do not wish to get into a controversy with them for that reason."

"The records which are available to the public show clearly who is right on this issue and who is seeking favoritism in the system," he said.

'IRON CURTAIN'?

As for the "iron curtain of secrecy," Dr. Haley said he sent the New Boston Committee "as a matter of courtesy," a detailed six page, single-space report on his administrative plans for this school year, and was complimented by NBC leaders for its comprehensiveness.

"In fact," said Dr. Haley, "I was given to understand that they intended to publish it."

Four of the five school committee members—Isadore H. Y. Muchnick, chairman; Mrs. Alice Lyons, Miss Mary K. Fitzgerald, and William F. Carr—were en-

dorsed by the NBC. The fifth member, Dr. Patrick J. Foley, has been cooperative on a majority of issues.

Many of the 75 School Committee meetings held this year to date have been marred by clashes between Mr. Muchnick and Dr. Haley.

'UNCOMMON ENERGY'

"Both are men of uncommon energy and pride," commented the New Boston Committee. "Neither will give in to the other, now that lines are drawn. If Muchnick says, 'Yes,' Haley says, 'No,' and vice-versa," added the committee. Neither man would agree to this generality.

The NBC praised Mr. Muchnick's "terrier-like tenacity. . . ."

"It is refreshing to have a School Committee that errs, if at all, on the side of aggressiveness," continued the NBC.

The present committee will never be remembered for a reduced budget, however, conceded the civic committee.

"What it will be noted for— even more than for consolidating schools or streamlining salary plans—is dogged insistence on getting a dollar return for a dollar spent. Never before has a Boston School Committee pried so exhaustively into the maze of channels through which school disbursements circulate," reported the NBC.

One of the most frequent criticisms of the current School Committee has been the length of the meetings. They have averaged four hours a meeting.

"If the questions asked by the committee were not met by indirection and evasiveness, the meetings would not last half as long," said Chairman Muchnick. Long meetings mean higher stenographic charges, point out the critics.

"They may add a couple of thousand dollars, but the tenacity of a majority of committee members has saved approximately \$1,000,000 this year," said Mr. Muchnick.

Since School Committee members receive no salaries, the NBC said they should be commended for devoting so much of their time to a public service.

FIVE MAJOR RESULTS

In addition to its role as a "dedicated watchdog," the School Committee has five major accomplishments to its favor, according to the NBC:

1. A single salary schedule under which teachers of equal educational background all start from the same salary base, regardless of what level class they teach—high school or elementary—has been initiated.

2. The title and administration of the city's Teachers College was turned over to the state.

3. They have started an extensive program of school consolidation.

4. The annual expenditure for textbooks has been tripled by this School Committee.

5. They have called in the Harvard Education School's Center for field studies to make a thorough study of Boston's requirements for school plant for the next 20 years.

The following is the article in the Boston Globe referred to:

Boston school administrators have placed an "iron curtain around their management of a budget now at \$26,000,000," the New Boston Committee charged yesterday.

In the December issue of "New Boston Comments," the N. B. C. praised the Boston School Committee for racking up a "longer string of accomplishments for the improvement of the Boston school system than any other School Committee in the city's history."

The school board, four of whose members were endorsed by the N. B. C., "discovered in its initial probing, what, to it, was clear evidence of waste, inefficiency and favoritism through a system that had been allowed to operate for years without a dedicated watchdog," the N. B. C. declared.

School Supt. Daniel C. Haley admitted he was "very much surprised" by the N. B. C. criticism. He pointed out that the N. B. C. is "a political organization and I do not wish to get into a controversy with them for that reason."

"The records available to the public show clearly who is right on this issue and who is seeking favoritism in the system," Dr. Haley said.

Commenting on the "iron curtain" statement, Haley said he had sent the N. B. C. a detailed six-page single-spaced report on his administrative plans for this school year, "as a matter of courtesy," and was complimented by N. B. C. officials for its comprehensiveness.

"In fact I was given to understand that they intended to publish it," the superintendent said.

The probe into the School Department by the School Committee "has left the majority of the committee with little faith in the motives and capacity of the administration," the N. B. C. charged.

"The administration resists the attempts of the voters' School Committee to reappraise and review school management policies. These policies reflect the views of a relatively small group of professional educators and administrators whose political adroitness in the past has succeeded in placing an iron curtain around their management of a budget now at \$26,000,000," the report continued.

"Focus of the conflict is in the personalities of the superintendent of schools and chairman of the committee, Isadore H. Y. Muchnick. Both are men of uncommon energy and pride. Neither will give in to the other now that the lines are drawn."

"If Muchnick says 'Yes,' Haley says 'No' and vice versa. Of the

other four members of the committee, two tend to side with Muchnick in his terrier-like tenacity—Mrs. Alice M. Lyons and Dr. Patrick J. Foley. The other two members, Miss Mary K. Fitzgerald and William F. Carr are more gentle," the report continued.

It pointed out that the committee will never be noted "for saving the taxpayers money; its 1952 budget of over \$26,000,000 is the biggest in the city's history. . . . What it will be noted for is its dogged insistence on getting a dollar return for a dollar spent. Never before has a Boston School Committee pried so exhaustively into the maze of channels through which school disbursements circulate."

The report praised the committee for instituting a single salary schedule; for selling Teachers College; for starting the consolidation of schools; and for tripling the annual expenditure for textbooks.

The Committee adjourned.

Miss Agnes E. Reynolds
Secretary, Boston School Committee
15 Beacon Street, Boston, Massachusetts

Dear Miss Reynolds:

Under date of December 22, 1952 you forwarded to the Board of Commissioners of Schools the following proposed order making an appropriation by transfer for 1952 for land and buildings under the provisions of Chapter 513 of the Acts of 1945, and Chapter 224 of the Acts of 1936, as amended by Chapter 117 of the Acts of 1949:

ORDERED, That of the amounts appropriated by the School Committee under date of Apr. 7, 1952 (see p. 79), the following amount is hereby transferred to the 1952 item of school accommodations as listed below:

FROM

Item 2, 1952—Reserve for such items of land, plans and construction of school buildings as are or may finally be approved \$734,453.66

TO

Item 4, 1952—Martin District, Roxbury: Land, plans, construction and furnishing of elementary school \$734,453.66

At a special meeting held this date with Chairman Robert A. MacLellan and Commissioner Thomas A. Cronin present and voting, it was voted to report

favorably upon the above transfer order, all as provided in Chapter 351 of the Acts of 1929.

Very truly yours,
Board of Commissioners of
School Buildings:—
(Signed)
ROBERT A. MACLELLAN,
Chairman.

Placed on file.

The following was offered:

AMENDMENT TO SECTIONS 84 AND 86 OF REGULATIONS

The following communication was received:

City of Boston Law Department
December 22, 1952.

Mr. Dennis C. Haley
Superintendent of Schools
15 Beacon Street
Boston, Massachusetts
Dear Superintendent Haley:

This is in reply to your letter of December 16, 1952, concerning the person who, prior to August, 1952, had been a temporary teacher in the Boston public schools continuously and successfully for a period of three years, and who, in August, 1952, when she was over fifty, but under fifty-five years of age, took, along with others, an examination for a certificate as a teacher of physically handicapped children. When this examination was taken, paragraph 1 of section 84 of the Rules of the School Committee provided in part as follows:

"Certificates issued on examination after January 1, 1949, shall cease to be valid on the thirtieth day of June of the third year following the date of issue; provided, that no certificate shall remain valid after the thirty-first day of December next following the fiftieth birthday of the holder thereof, except as hereinafter provided, and that this limitation as to age shall not effect the validity of certificate issued to persons under fifty-five years of age who have been in temporary and/or permanent substitute service continuously and successfully for a period of at least five years prior to taking the certificate examinations or of certificates which do not render the holder eligible for appointment to permanent positions in the day school service, or of certificates issued to reentrants, or of certificates hereafter issued to members of the superintending staff teachers in permanent day school service." (Underscoring supplied), and paragraph 1 of section 86 of said Rules provided in part as follows:

"No person, except as otherwise provided in this section, shall be appointed whose service is to begin later than the thirty-first day of December following his fiftieth birthday, provided, however, that the restrictions of this section shall not apply to the promotion of a permanent teacher to a higher rank in a school of the same class as that in which such teacher is already employed; and provided, further, that the limitation as to age shall not apply to the promotion of a permanent teacher to any position in the public schools, or the appointment of a person under fifty-five years of age who has been in temporary and/or permanent substitute service continually and successfully for a period of at least five years prior to taking the certificate examinations." (Underscoring supplied.)

On December 1, 1952, the School Committee, by a three-fifths vote, amended both provisions quoted above from the Rules by substituting the word "three" for the underscored word "five". Your inquiry, as I understand it, is essentially this: What is the effect of this action of the School Committee upon the case in question?

What we are concerned with here is not a suspension of a rule or regulation of the School Committee, but an amendment thereof. By Section 23 of the Rules of the School Committee it is provided: "Amendments to the rules and regulations shall be read at two different meetings of the School Committee, and after such second reading may be adopted by the affirmative vote of three members." An examination of the minutes of the January 7, 1952 meeting of the School Committee has disclosed nothing overriding the requirement that amendments to the rules and regulations shall

be read at two different meetings of the School Committee. There is no evidence that the rule imposing that requirement was suspended at the December 1, 1952 meeting; but it does appear that the amendment was first offered at that meeting, and was purportedly adopted forthwith. In the circumstances, the amendment is in my opinion void. The action at the December 1, 1952 meeting, however, undoubtedly constituted a first reading, so that by the affirmative vote of three members at a subsequent meeting the amendment can be made effective. It, therefore, would not seem improper to consider the effect of the proposed amendment.

By its express terms, the rule first quoted above relates to the expiration dates of certificates, not to eligibility for taking certificate examinations. It may well be that the amendment of the Rule will be effectuated before the issuance of the certificates resulting from the examination involved. In such case, the amendment will be wholly prospective in operation, simply prescribing the expiration date of such certificates. Accordingly, no question as to the validity of a retroactive operation has as yet arisen.

The same is true with respect to the second provision quoted above. That provision is concerned solely with appointments. Undoubtedly, an appointment made in contravention of its terms as they now stand will not be validated by the proposed amendment; but no such appointment is involved. In fact, the matter of appointment has not yet been reached because certificates resulting from the examination have not yet been issued. The power of the School Committee to change its policy with respect to future appointments would seem indisputable.

If you have any further question, please do not hesitate to communicate with me again.

Yours very truly,

(Signed) William H. Baxter,
Corporation Counsel.

Placed on file.

The order presented at the meeting of Dec. 1, 1952, amending Sections 84 and 86 of the Regulations was taken up.

Mr. Muehnick: I move that the reading of the amendments be waived.

Dr. Foley: It has already been read.

Mr. Muehnick: It has been read once.

Secretary: This is the vote on confirmation of it.

On roll call the order passed by the following vote:

YEAS—Dr. Foley, Mrs. Lyons, and Mr. Muehnick—3

NAYS—Mr. Carr, and Miss Fitzgerald—2

INSPECTION OF BOOKS AND RECORDS, DEPARTMENT OF SCHOOL BUILDINGS

Mr. Muehnick offered the following:

ORDERED, That the School Committee request the Massachusetts Department of Education to analyze the books and records of the Department of School Buildings, and also to make available to the School Committee the services of its construction experts to go through the buildings on which repairs have been made, in order to determine which costs are reasonable and those which are excessive.

On roll call the order passed by the following vote:

YEAS—Miss Fitzgerald, Dr. Foley, Mrs. Lyons, and Mr. Muehnick—4.

NAYS—Mr. Carr—1.

APPOINTMENT OF JANITRESS

A communication was received from the Secretary, under date of Dec. 29, 1952, reporting that the Division of Civil Service has certified the following-named persons as eligible for appointment as permanent female janitress:

Mabel D. Whitney, Emily M. Roehc, Anna A. O'Leary.
Placed on file.

The following was offered:

ORDERED: That Anna A. O'Leary, the candidate standing highest on the Civil Service list who is willing to accept appointment, be appointed to the position of janitress, Administration Building, to take effect Jan. 7, 1953.

On roll call the order passed by the following vote:

YEAS—Mr. Carr, Miss Fitzgerald, Dr. Foley, Mrs. Lyons, and Mr. Muehnick—5

DEATH OF CUSTODIAN

A communication was received from the Superintendent, under date of Dec. 29, 1952, reporting the death on Dec. 18, 1952, of Frederick N. Eaton, senior building custodian, who had been retired under the provisions of the Veterans' Pension System.

Placed on file.

The following was offered:

ORDERED, That any pension due Frederick N. Eaton, late retired senior building custodian, be paid to his widow, Mary J. Eaton.

On roll call the order passed by the following vote:

YEAS—Mr. Carr, Miss Fitzgerald, Dr. Foley, Mrs. Lyons, and Mr. Muehnick—5.

NAYS—0.

ENDORSEMENT OF DRIVES

The following was offered:
ORDERED, That this School Committee heartily endorses voluntary participation by the administrative, supervising, and

teaching personnel in the coming March of Dimes and the coming Heart Fund Drive.

On roll call the order passed by the following vote:

YEAS—Mr. Carr, Miss Fitzgerald, Dr. Foley, Mrs. Lyons, and Mr. Muehnick—5.

NAYS—0.

Dr. Foley: I would like to add that this participation is to be purely voluntary and that there is to be no pressure whatsoever on any member of the teaching service.

UNFINISHED BUSINESS

The order laid over at the meeting of Dec. 22, 1952, making a change in the List of Authorized Text Books, was taken up.

On roll call, the order passed by the following vote:

YEAS—Mr. Carr, Miss Fitzgerald, Dr. Foley, Mrs. Lyons, and Mr. Muehnick—5

STATEMENTS OF MEMBERS

Mr. Muehnick: Prior to adjournment, this being the last meeting of the year, it seems proper that, as Chairman, I should make some observations concerning the progress during this year and the possibilities and expectations for the future.

As I see it, the motivating force behind the School Committee activity in 1952 has been to stabilize the School Department, eliminate waste, patronage, nepotism, and inefficiency.

Despite an unfortunate lack of cooperation on the part of administrators, by the action of a majority of the School Committee many objectives undertaken in January of this year were accomplished.

The following are a partial list of those completed objectives:

1. The transfer of the Boston Teachers College to the Commonwealth of Massachusetts, resulting not only in a financial savings of approximately \$400,000 annually but also in a potentially better training ground for teachers for Boston and vicinity.

2. Expenditure of a sum in excess of \$200,000 for the purpose of bringing the supply of textbooks up to a proper level.

3. Elimination of unnecessary temporary employees.

4. Arrangements for a survey of schools and school districts under the auspices of the Harvard Graduate School of Education with a view towards consolidations and elimination of unnecessary old school buildings.

5. Stabilization of an inequitable salary mess bequeathed by the previous School Committee.

6. Introduction of a single salary schedule and the adoption of basic professionally equitable salary levels.

7. Elimination of the system of multiple authority and unnecessary and archaic boards and committees.

There still remain many items under the plan adopted by the School Committee in January and February of 1952. With greater cooperation on the part of paid personnel, these plans could have come into force before the end of this year.

I look forward, however, with confidence to greater cooperation and the elimination of any further hindrances by administrators and to the early accomplishment in 1953 of the stated objectives of the School Committee.

I wish to express my gratitude to all who have cooperated in the attempt to improve our school system. I would like to pay special tribute to Mrs. Lyons and to Dr. Foley, whose services in behalf of the 90,000 school-children of Boston were far above and beyond the call of duty.

Is there any further business? Mrs. Lyons: Yes, Mr. Chairman. I would like to ask that that part of the conference notes which had to do with newspaper references to taxi fares and restaurant charges be incorporated in the public records.

Mr. Muchnick: Is there any objection? Will you incorporate that in the record?

If there is no further business, this meeting will be adjourned. The next meeting of the Committee will be a public meeting at 12 o'clock on Monday, January 5th, and I assume that that meeting should be followed by a conference rather than vice versa. Is that correct, Miss Reynolds?

Secretary: Yes, it will have to be. The public meeting will be for organization and such other purposes as may be necessary.

Miss Fitzgerald: May I ask if the services of only those members who have agreed with your plan are above and beyond the call of duty, Mr. Chairman?

Mr. Muchnick: I was stating solely, Miss Fitzgerald, my opinion of what things had transpired.

Miss Fitzgerald: I would like that question to be added to the public record: If the services of only those School Committee members who have agreed with Mr. Muchnick's policies are above and beyond the call of duty?

STATEMENTS RELATING TO TAXI FARES AND RESTAURANT CHARGES

In accordance with the request of Mrs. Lyons, the following Conference notes referring to the newspaper references to taxi fares and restaurant charges are incorporated in the public record:

Mr. Muchnick: Under the question of new business there is one item I would like to bring up for clarification.

During the last few days—two or three—possibly four days—there appeared some newspaper stories concerning certain ex-

penditures by members of the School Committee, primarily for food and travel.

I would like to get some information concerning those stories if I may. Mr. Smith, were you contacted by the newspapers and asked—

Business Manager: I was contacted. I had a call at my home Saturday afternoon. I was in Worcester at Holy Cross College and did not get the telephone call.

I got a telephone call yesterday afternoon, Sunday afternoon, from the newspaper asking certain questions: first, whether or not such an expenditure was legal, and I assured them that such an expenditure was legal in my opinion. It had been going on for years. I told them that I had been formerly a member of the School Committee fifteen years ago, and we ate and rode in taxicabs at the expense of the city on meeting nights, and the reason for it was that as you could not get home to your own meal that was ready you were entitled to dinner and shouldn't have to pay for it out of your own pocket.

I was then asked whether the officers of the Committee or the Board of Superintendents paid for their own meals or charged their meals against the city, and I said, No, they didn't charge them to the city. I said, "I don't know whether they eat or not. Personally I have a late lunch around two o'clock in the afternoon and a very hearty lunch that carries me through till I get home at night."

I further said, "On rare occasions either a member of the Committee or maybe the Committee itself might ask certain officers of the Committee to go to dinner with them to continue a discussion of school business. That happens only on very rare occasions."

I said, "The clerks who are asked to work late at night are paid \$1.50 out of the petty cash fund for their supper allowance." I believe that was the gist of my conversation which occurred Sunday afternoon—yesterday—with a reporter from one of the Boston newspapers.

Mr. Muchnick: Mr. Superintendent do they consult you at all?

Superintendent: Mr. Chairman, Sunday I had a similar call to the one that Mr. Smith spoke of, and I was asked if the officers of the Committee—that would be the Board of Superintendents, the Business Manager, Miss Reynolds, and Mr. Reardon—were entitled to charge meals to the city, and I answered, as Mr. Smith did, that I felt that they did not. That was the essence of the conversation, Mr. Chairman.

Mr. Muchnick: Did they consult you prior to yesterday at all?

Superintendent: I don't think so, Mr. Chairman. I am called frequently at all hours of the

night by the press, and I don't recall any previous conversation with the press.

Mr. Muchnick: Concerning this item?

Superintendent: That is true.

Mr. Muchnick: Well, I think the whole thing ought to be cleared up quickly not only for the purposes of the record but for the purposes of public information. Some people with whom I spoke over the week-end drew the inference that it wasn't the proper thing to eat on occasion or to ride in cabs on occasions.

Fortunately, by far the great majority of people with whom I happened to speak were surprised that any newspaper would print anything of that nature and wondered what the purpose was and were surprised that the amounts were as small as they were, especially when it was pointed out to them, and as many of them knew themselves, that the members of the School Committee were serving in an unpaid capacity.

Now I would like to read—and I am not going to read them all—some of the charges of members of previous committees and compare them with the charges of the members of this Committee and also compare some of the charges of paid personnel with charges of members of this Committee.

The first bill I have is August, 1950, for the Checker Taxi Company for the previous Chairman of the School Committee: \$34.50 for one month's cabs.

August 1, twice; August 2, twice; August 3; August 4; August 8; August 9 twice; August 10 August 11; August 14; August 15 twice; August 17, three times; August 18 once; August 21, once; August 22; August 23; August 24; August 25; August 30, twice; August 31; and then they forgot August 31 and it's down at the bottom of the page.

As a matter of fact, I don't remember a meeting every day in August of 1950, and that is about what this adds up to.

March of 1950: Beacon Street to Commonwealth Avenue—90 cents; Beacon Street to City Hall—and this is also cabs—50 cents. That is from this building down to City Hall. Statler to Beacon Street; Bellevue to Statler; Tremont Street to Faneuil Hall; Faneuil Hall to Tremont; Beacon to English High and return; and that was in March of 1950 with the Checker Taxi Company for the Superintendent, not in an unpaid capacity.

A former member of the School Committee and a former Chairman, currently a member of the City Council:

Kenmore to West Roxbury; Commonwealth Avenue to State House; Gaffney Street to Cambridge; Copley to West Roxbury; Ruskin Street to State House; Copley to Gardner; Tremont Street to South Station—\$15.60 in April, 1950.

Mr. Carr: Mr. Chairman, a question of the Business Manager. Mr. Smith, on these Checker Cab fares, we are entitled to ride in them on days that we have meetings?

Business Manager: Yes, and on other days on official school business.

Mr. Carr: Like graduations and things like that?

Mr. Muehnick: Right. Members of a previous School Committee charged for two meals each at the Parker House in April of 1950 for the member and the member's secretary. Another one of a previous Chairman for May of 1950 for cabs: \$49.55.

A previous member of the School Committee; June of 1950, \$22.45, and different places that don't seem to have much to do with school business: Beacon Street to West Roxbury, \$5.00. It may have been a school meeting night. I don't know. However, that is an awful lot of money to West Roxbury from here. Bellevue to Puritan. Puritan to Novack, Copley to Somerset. Roxbury to Massachusetts and Huntington. Huntington to Copley, and so forth.

Then at the Statler by the same particular member at that time: in January and February of 1950, these are restaurant charges: \$11.07, one meal \$11.31, \$8.09, and \$10.32; a far cry from some of the items that I noticed in the paper of \$2 and \$3 for meals by members of this committee.

I don't know how many people on this School Committee have any sort of a taxi bill like this, but a male member and former Chairman in April of 1949: 15 Beacon Street to Back Bay on the 1st; 15 Beacon Street to Massachusetts Avenue on the 4th; and on the same day, South Station, I guess it is, to Garden; Garden to Dorchester Avenue; then on the 8th of April in 1949, Milk Street to City Square; on the 14th of April of 1949—that's the day that the Red Sox opened their home stand in Boston, if I remember correctly—Ball Park to State House.

On the 19th, Vendome to Airport; and on the 19th, that was when the Braves came in, Braves Field to Parker House; and then Tremont Street to West Roxbury.

If the story of such items must be told, there is no reason why it shouldn't be told, but it seems to me that the whole story should be told.

May of 1950, a meal of \$19.69 at the Statler. A member of the School Committee, the Superintendent, and an Assistant Superintendent. A former member of the School Committee: Cabs all over the city. Another former member for one month, \$33.50.

The Parker House in 1950: a member of the School Committee and his secretary; another member of the School Committee and her secretary; then another member and his secretary; a member

of the School Committee and the Superintendent; a member of the School Committee and her secretary.

Mr. Carr: Mr. Chairman, are those meals or cab fares?

Mr. Muehnick: Those are meals at the Parker House.

Mr. Carr: You're a piker!

Mr. Muehnick: In July of 1950 various cab fares by the Superintendent: Bowdoin Street to Brookline; Beacon Street—Back Bay; Beacon Street to Columbus Avenue; Tremont Street to Dorchester; Beacon Street to Tremont Street; Commonwealth Avenue to Beacon Street.

A former member of the School Committee for one month: in June of 1950, \$68.45 for cabs.

Hotel Bellevue, June of 1950: Several members of the School Committee, and one has listed Mr. X, a former member of the School Committee, and the Superintendent.

In August of 1950, again the Superintendent: Massachusetts to State House; Boston to Boston; Newbury Street to Beacon; Beacon to Back Bay; Beacon to Back Bay; Beacon to Beacon; Beacon to West Newton; Beacon to Back Bay, and then Boston to Boston, Boston to Boston; Boston to Boston, and Boston to Boston for varying amounts.

In one month in 1950, \$167 worth of meals at the Bellevue alone, one member eating two meals on one day, two meals and a taxi on another day, and there are several items—as a matter of fact, on one day it has four items for one member of the School Committee at that time.

Taxis: Huntington Station to West Roxbury, \$3.00; Tremont Street to West Roxbury, \$3.60; Ruskin Street to State House, \$3.50; State House to West Roxbury, \$2.75; and a member in May of 1950, \$22.70.

I can go through many of these, but I'd like to compare them with the bills of this year by members of this Committee and the change is rather startling.

The previous Chairman of the School Committee for December of 1951, has \$42.85 worth of cab fares, but for the entire month of January, according to these bills, Miss Fitzgerald has \$2.45 worth of cab fares. Mr. Carr has only \$3.25 worth of cab fares, and I think the records will indicate that the School Committee met many times during the month of January.

Dr. Foley has \$1.05 worth of cab fares. Mrs. Lyons has \$6.00 worth of cab fares. The Superintendent has \$21.30. Miss Reynolds' office for secretaries has \$18.80.

I would like to point out the difference in amounts between members of the School Committee and previous School Committees and the difference in amounts for meeting nights and other school purposes between unpaid members of this School Committee and members of the

paid personnel whose salaries go all the way up to \$18,264 per year.

For February, Dr. Foley, \$3.15. Mr. Carr, \$2.30. For Mrs. Lyons, including salary committee discussions, \$14. For Miss Fitzgerald, \$9.80. The Superintendent, \$24.40. Miss Reynolds' office, \$14.45; and all the way down the line.

For March, Mr. Carr, \$1.50. Dr. Foley, \$5.25, and so forth all the way through. The big bill again, the Superintendent, \$15.35, and again \$9.45. And many of those are city to West Roxbury—a terrific number to the Back Bay and similar such items.

We can go all the way through, and you find that the minor items are for the members of the School Committee who are giving their time, their effort, their energy, for nothing. The paid personnel and, if I may say so, very well paid personnel—charging the large amounts.

To take one for the month of June: Superintendent, total \$21.75, including such items as Boston to West Roxbury, Airport to Beacon Street, Beacon Street to Airport, and so forth.

Mr. Carr; Mr. Chairman, on what days are the school personnel entitled to cab fares? Is it just on meeting days or every day in the week?

Mr. Muehnick: I don't know. I assume that if they are out on school business, they are entitled, if it calls for transportation, to have the city pay for transportation, but frankly I think it's the height of something or other to take a cab from 15 Beacon Street to City Hall.

Superintendent: In answer to your question, Mr. Carr, I think the amount of money put in the budget each year for the Superintendent is approximately \$200. Is that true, Mr. Smith?

I think you will find that is true. I would like to point out, Mr. Chairman and Members, that when I became Superintendent the School Committee was very nice to me. Shortly afterward they increased the base salary, for which I was grateful, and at that time I think Dr. Foley will bear me out —

Business Manager: That is correct.

Superintendent: Dr. Foley said, and I certainly appreciated it: "Superintendent, if you feel that you should have a car, let us know."

And I said, "Thank you, Doctor, but I prefer for the time being to use taxicabs for emergency purposes and to get around the city to save time—not for myself but for the School Department."

Now, Mr. Chairman and Members, I have my own car which I use in about 95 per cent of my travelling throughout the city—mornings and nights—and there are occasions when I must get to certain spots quickly in fairness to people, to the School Committee, and the School Depart-

ment, and there are many times that I get telephone calls on things that are happening in the city that no one knows anything about. I call a cab and I go there in the best interests of this school system.

Now I want to point out to the School Committee that every Superintendent in every city as big as Boston has at his disposal either a Cadillac or a Buick car and a full-time chauffeur.

Now, if you put the amount of money that the Superintendent of Schools spends on taxicab hire against the cost of a big Buick or a Cadillac and the cost of a chauffeur, you will see that it's insignificant.

I want to point out, too, Mr. Chairman, that it should be the Superintendent's office and not the Superintendent alone. There are many occasions when I must send an assistant superintendent immediately to a spot, and I pull out the Checker taxicab book and call them and send the assistant superintendent to that spot for the best interests of the service. There are many times that I have sent secretaries quickly on certain errands that are emergency in nature and extremely important, and I want to point out, Mr. Chairman, that if this School Committee doesn't want me to use a Checker taxicab during the year 1953, all they have to say is: "We shall not appropriate any money for you, Superintendent, for the use of a taxicab," and they will find no objections from me any more than the offer of having a car and a chauffeur full-time at my disposal.

Mr. Muehnick: Mr. Superintendent, you missed the point of the whole thing.

Superintendent: No, Mr. Chairman, I am pointing out to you: all you have to say to me, Mr. Chairman and Members, is, "Mr. Superintendent, please don't use a Checker taxicab," and certainly, Mr. Chairman, I will respect your wishes.

It has been the policy of previous School Committees to allow the Superintendent of Schools to use his judgment on the use of a taxicab where he felt it was necessary to save time not for himself but for the system; and certainly, Mr. Chairman, all you have to do is to say that. I wish to point out that the \$200 or \$300 which is spent by the Superintendent's office for taxi hire is a long, long way from the salary of a chauffeur and the maintenance of a substantial car.

Mr. Muehnick: Mr. Superintendent, if I can break in on you, I want to point out that you have missed the point of the whole thing.

Superintendent: No, I haven't.

Mr. Muehnick: In nothing that I have said, Mr. Superintendent, have I said, nor can it be inferred, that I say that you or any assistant superintendent or Miss Reynolds or anybody else who needs transportation for school purposes

shouldn't have that transportation paid for. There is no question about that; and if you are here, you should get supper money or meals and so should everybody else the same as any member of the School Committee or the clerks or anybody else who wants to have supper money or the meal.

All I say is that I think it's not quite cricket for a newspaper or any other organ of public information to pick on unpaid people and write articles which in the minds of some members of the community, at least, tended to create the inference that there was something improper being done by unpaid people and that they were living off the city and so forth and so forth, when the facts indicate that these people on this School Committee have taken the rights and privileges to which they are entitled in far smaller measure than people who are paid by the city and who are entitled to a similar right but who have been taking those rights in greater measure than the unpaid people and that the unpaid people on this Committee have taken far less advantage, if advantage is the word, of their rights and privileges as unpaid people than other members of previous School Committees.

And as one illustration, there is one bill in here that I just fingered through: For 1951, for taxicabs on school business for a former chairman of the School Committee.

In June of 1951 it has almost every day. In December I think it is, although I can't find it, there is a bill of over \$50 for cab fare alone. I assume that was on school business because it says so, and that was at a time when that particular chairman claimed to have been serving a number of days as chairman of a commission for the state hearing certain cases.

It doesn't seem to be possible that they could have been in two different places at the same time charging the state a number of dollars per day of hearing and having cabs into the City of Boston to the amounts that are listed here.

Superintendent: Mr. Chairman, then I assume—and I think I am assuming the right thing—that you approve of my use of Checker taxis to cover emergencies and in the best interests of the school system?

Mr. Muehnick: I approve of anything you do, Mr. Superintendent, that will improve the school system, increase its efficiency, and make it a better school system than it now is. Whether that means using Checker cabs or MTA or twenty more teachers or \$50,000 more worth of textbooks, you have my approval.

Superintendent: Thank you, Mr. Chairman.

Mr. Muehnick: And I think you have that approval of everybody in the City of Boston. If what you do tends to improve our school system, you have the approval.

Just using cabs for the sake of using cabs you don't want to do any more than anybody else wants to do, but the major point is that I think it's a dirty shame to pick out three, four or five people who have been doing their darndest to help the City of Boston and then to hit them with the kind of thing that they were hit with over this past week-end and create the impression that was created.

Mrs. Lyons: Mr. Chairman, Saturday there was a picture in the paper of a bill for \$6 for the month of July with my name on it. It was picked by the Post. I want to explain that bill, and I think our records will justify what I say.

I had accepted the chairmanship of the salary committee. At that time we had several meetings, the Salary Committee itself did, and I sat in on some of the meetings. In July, and I think that day it was over 90, we had meetings, and I do feel sure that the people of Boston would not expect me to take a street car or to walk up a hill at 90 degrees or more.

I came in to work on the Salary Committee in connection with the salary schedule with one of the members of the Committee.

The salary schedule was put into effect the first of the school year. When we first talked about that salary schedule, we determined to have a paid specialist come in and help us with it. I talked to Dr. Alfred Simon, and he suggested Dr. John Tilton of Tufts College. Dr. Tilton came in and sat with me and the group and he said he would let us know what his decision was. His decision was that there should be a survey made to the tune of \$40,000.

I took it upon myself to work with that Committee, and because I had a \$6 cab fare, the Post published a picture of that cab bill, I would like the Post to do the same thing—to picture some of these bills of the Superintendent. I think that is only a fair way to show what has happened.

Therefore, if that \$40,000 was to be charged for the specialist to work on the salary committee, I feel that I saved the city \$39,994; so I think \$6 was very little to pay for the effort to save almost \$40,000; and I think that a person who has been subjected to a thing that I have been subjected to by the Post has a right to think that in fairness they should publish a picture of one of the taxi bills of the Superintendent.

Mr. Muehnick: There is just one further observation that I would like to make and I don't want to belabor the point, particularly. This matter came up either a year and a half ago or two and a half years ago during budget time. I recall distinctly, although I haven't been able to find that particular bill here, that there was one bill for \$25 for three meals, two members of the School Committee and the Superintendent at the Statler.

That bill for \$25, if my memory serves me correctly, either was for one steak and two lobsters or two steaks and one lobster.

In addition to that, it also had as part of the \$25 charge a certain number of dollars that was listed as federal amusement tax, and I forget what the amount of it was as part of the \$25 obligation that the city paid.

Now, that can mean only one thing, if I know the Statler as well as I think I do. That was for dining in what I believe is known as the Terrace Room where the floor show and the music was.

Now, while I am perfectly content that people should eat reasonably at the expense of the city if their duties, whether paid or unpaid, require them to work late at night or beyond the normal working hour or dinner hour or supper hour, depending on which part of the city they live in, but I don't believe that that should include entertainment and floor shows and orchestras and so forth, and I think it is only fair, and I repeat: maybe even to the point of being boring, it is only fair that if a piece of the story is being given to the citizens of Boston, a piece which tended at least in part to damage the reputations or futures of all or some of the members of this School Committee, then the comparisons should be given between the use that this School Committee makes of these rights or privileges or whatever you want to call them against the use made of similar rights and privileges by members of previous committees and against the use made of similar rights and privileges of food and transportation by the paid personnel of the department.

Superintendent: Mr. Chairman, I would like to ask you a question.

Mr. Muehnick: You can ask me any question you wish.

Superintendent: And I will follow your advice. To my knowledge I have not eaten with any member of this School Committee except possibly once. I think we had a recessed meeting and we went to the Bellevue. I was sitting down, and I think I was asked to come over to the table where the members of the School Committee were eating. That is the only occasion that I can recall.

Now, you have answered me, Mr. Chairman—very properly, and I am grateful to you for it—on the use of taxicabs, and you approved that.

Now does the Committee object if any member of the Committee asks me to go with him, let's say this evening, to talk business? Do they object to my going with them, and if the Committee member feels that he wants to do it, take me as his guest for the city to pay?

Do you want to say to me, "No. Superintendent, you should-

n't do that." I will follow your wishes, Mr. Chairman, whatever they are.

Mr. Muehnick: Mr. Superintendent, it seems to me that that is clearly a matter for your conscience and the conscience of that particular member of the School Committee who asks you to dine with him or with her. I don't see how I can settle the problem for you any more than you can settle it for me, or any more than any one of the people around here can settle for each other or for you or for anybody else.

Incidentally, some of these bills by members of previous School Committees—and this is really ironical—state on them: "Mr. or Mrs. So and So, and member of press; and if my memory serves me correctly, the reporter who was reputed to have contributed in part to one of the articles that appeared—and I say if my memory serves me correctly—himself on some occasions was a guest of the city.

That is rubbing it in a little bit, to put it mildly.

Superintendent: Mr. Chairman, you have answered that question for me—that if any member invites me to go with him for school business, then it is perfectly proper?

Mr. Muehnick: That is my opinion of it. I don't know what the others think.

Mr. Carr: A matter of conscience.

Dr. Foley: I wouldn't say that this is a "kiss and tell" Committee by any means. I don't think that any member of this Committee would ever list the Superintendent or list any of his guests.

I know I have had many numbers of guests whether they are educators or labor men or whatever they happened to be, and naturally I have signed my name. I certainly would never have signed the name of the party who was with me because after all it is no affair of anybody else, and I don't think that this Committee would sign anybody's name other than his own.

Mr. Muehnick: You are right. You are completely right, Doctor.

Dr. Foley: If I ate \$14.10 worth of food, I am a glutton, I am a stupid individual, in the first place, so there must have been somebody with me. I haven't checked up with the Parker House. I am fearful of getting the goat because after all I don't wish to be impaired because I have another year on the School Committee so that it's fearful to think that I would do that. If there were somebody with me, I would sign my name, and I certainly wouldn't sign anybody else's name because it is of no avail to anyone.

Mr. Muehnick: Well, I would like to make one further observation. It seems completely ridiculous to raise this kind of an issue, as has been raised by one of the newspapers over the expenditure of what I imagine will

be less than \$2000 during the course of 1952, concerning people who are entrusted by the City of Boston with the expenditure of close to thirty million of dollars and who are entrusted with an even more valuable asset or property, the care and education of close to 90,000 children.

As a matter of fact, my guess is that the bills for 1952 for this type of item will be far less, compared to the number of meetings had this year, especially with other years, than have been the bills of 1951 or 1950 or any of the immediately preceding years.

Is that a fair statement, Mr. Smith? That the food and transportation bill will be less?

Business Manager: I would have to go back and go over the costs, Mr. Chairman. There is no doubt that this Committee has had more meetings than probably any committee in my memory.

Mr. Muehnick: And fewer bills. Business Manager: But I mean to compare the expenditures I would not want to do till I had a chance to check up on them.

Mr. Muehnick: Of course, on many meeting nights some of the members haven't eaten at the expense of the city. They have, in the main, gone home to their families.

Mrs. Lyons: Nor have we used the taxicabs. We have used our own cars.

The Committee adjourned.

POLICE DEPARTMENT ORDERS.

General Order No. 1,726.

Patrolmen Daniel E. Donahue and Peter J. Donovan of Division 15 are commended and each is granted two days' extra vacation for meritorious police work performed on January 20, 1953.

On December 29, 1952, the proprietor of a variety store in the Charlestown district was held up and robbed by a man armed with a black automatic pistol, and on January 10, 1953, the manager of a package store was similarly held up and robbed by a man answering the same description.

On January 20, 1953, Patrolmen Donahue and Donovan, while patrolling their sector in a cruising car, observed a man walking along the street who fitted the description of the wanted holdup man. The officers picked him up and upon being searched he was found to have a fully loaded automatic pistol in a shoulder holster.

This man was later identified by both victims as the one who had held them up and committed the robbery.

The Commissioner is pleased to commend these officers for their alertness and devotion to duty in apprehending this criminal with only the meager descriptions furnished, as his arrest undoubtedly prevented a series of crimes which would have followed.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

CIVIL SERVICE EXAMINATIONS.

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

POLICE ENTRANCE, MARCH 14, 1953.

Last date for filing applications, Tuesday, February 24, 1953.

This examination is held to establish eligible lists for all cities, except Boston, and for such towns as are classified under civil service.

Salary: Inquiry concerning salaries in the various cities and towns should be made at local departments.

Duties: The duties are those of a regular patrolman.

Entrance Requirements: Applicants shall not be less than twenty-one nor over thirty-five years of age at the time

of filing application. A certificate of date of birth must be filed with the application unless one has been filed with a previous application.

Any veteran who will have attained the age of twenty-one within six months of the date of any scheduled examination for police service shall not be deemed ineligible for examination and appointment because of established minimum age requirements to take such examination. (See chapter 287, Acts of 1947.) Veterans who had not reached the maximum age limit at the time of entering military or naval service will not be disqualified by reason of age within five years after the date of honorable discharge. (Chapter 179, Acts of 1950.)

Applicants must not be less than 5 feet 7 inches in height and must meet minimum weight requirements according to the following table, in which height is given in inches in bare feet and weight in pounds without clothing:

67 inches—135 pounds
68 inches—135 pounds
69 inches—140 pounds
70 inches—145 pounds
71 inches—150 pounds
72 inches—155 pounds
73 inches—160 pounds
74 inches—165 pounds
75 inches—170 pounds
76 inches—175 pounds

Subjects and Weights: Training and experience, 3; practical questions, including memory tests and general information, 7; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination and qualifying strength test. To become eligible, applicants must obtain at least 70 per cent in the strength test, but the mark will not be included in the general average mark.

The practical questions will be based largely upon information contained in the current edition in the manual known as the "Blue Book." This manual may be obtained from the Public Document Division, Room 116, State House, Boston, at 25 cents a copy. It is necessary that applicants obtain a copy of this manual and study it carefully.

Applicants must not bring manuals to the examination room.

MUNICIPAL STANDARDS IMPROVED.

It is to be observed that municipal employees feel more secure in their jobs because of the extension of the merit system.

The competence of the individual municipal employee has continued to improve over a period of years.

Technical methods of accomplishing the tasks of the city have gone forward just as they have in private industry.

Specialists and technicians have been developed in the public service to carry forward the work of our municipalities.

The over-all administration of municipalities has become better as the years go by. This is particularly noticeable when comparisons are made between the situation in the early part of the century and the present day. Municipal government has gone forward with respect to efficiency, honesty, and public morality.

STATEMENT OF THE OWNERSHIP, MANAGEMENT, AND CIRCULATION REQUIRED BY THE ACT OF CONGRESS OF AUGUST 24, 1912, AS AMENDED BY THE ACTS OF MARCH 3, 1933, AND JULY 2, 1948 (Title 49, United States Code, Section 263), OF CITY RECORD, PUBLISHED WEEKLY AT BOSTON, MASS., FOR OCTOBER 1, 1952.

MAYOR NAMES NEW MEMBER TO SINKING FUNDS COMMISSION.

Mayor Hynes announced on February 9 the resignation of Harry J. Blake as a member of the Sinking Funds Commission. To fill the vacancy, the Mayor has appointed Joseph F. Birmingham, 94 Fletcher street, Roslindale, an assistant vice president of the First National Bank.

Mr. Birmingham is a graduate of Boston College, class of 1929. He is a member of the American Institute of Bankers and of the Graduate School of Banking.

CHELSEA SOUTH BRIDGE TO BE CLOSED.

Commissioner Hyland of the Public Works Department has announced that the Chelsea South Drawbridge, over the South Channel of the Mystic River, Charlestown, will be closed to all vehicular and pedestrian traffic for the five-day period commencing at 8 A.M., Sunday, February 8, and ending at 6 P.M., Thursday, February 12.

This action is necessary because the submarine cables which supply power for the operation of the bridge are to be removed temporarily to permit dredging by the Port of Boston Authority in the waterway of the bridge.

There will be no interference with navigation during this period.

Mayor John B. Hynes has submitted to the City Council, for their consideration, the budget allowances for the year 1953 for city and county maintenance. In his letter accompanying the allowances the Mayor explains that the figures arrived at were achieved only after careful and painstaking scrutiny of appropriations asked for by the various city departments.

In his letter to the Council the Mayor calls attention to the fact that 300 positions in the city service have been eliminated by not filling vacancies. He also calls attention to the fact that the maintenance requirements for 1953 exceed those of 1952 by only \$891,437.66. The total budget, including \$1,000,000 for salary increases to Fire, Police, and Library Departments, which will come later, will still leave the budget requirements for 1953 only 2 per cent greater than those of 1952. Over 57 per cent of the demands are due to personnel requirements. The letter of the Mayor and the budget allowances read as follows:

OFFICE OF THE MAYOR,
CITY HALL, February 2, 1953.

To the City Council.

GENTLEMEN:

I submit herewith the tax and appropriation orders for the year 1953. These appropriation orders, plus those which will be presented to your Honorable Body at a later date, will provide for the maintenance requirements of city and county departments for a twelve-month period.

It will be noted that the 1953 maintenance requirements for city and county departments exceed those for 1952 by \$891,437.66. However, the salary increases to members of the Fire, Police, and Library Departments, to be submitted as a supplementary appropriation, will further increase maintenance requirements by approximately \$1,000,000. The total budget requirements for 1953 will be less than 2 per cent greater than those for 1952.

Were it not for wage and salary adjustments, due in the main, to the institution of the Classification and Compensation Plan, the total budgetary needs for 1953 would be lower than those for 1952. Personnel requirements now represent over 57 per cent of the total maintenance budget of city and county departments. Obviously, if this high percentage for personnel needs is not reduced the ordinary maintenance requirements of the city will suffer. For this reason, in this year's budget, some 300 positions have been eliminated. This policy of not filling vacancies will, of necessity, be continued except in extraordinary cases.

Budget allowances herewith submitted have been arrived at after careful and painstaking scrutiny. Undoubtedly, some departments will find it difficult to maintain present operations within the amounts allowed. However, the present financial means of the city call for the exercise of the strictest economies. It has been necessary, therefore, to trim the budget allowances to the lowest point consistent with acceptable public service.

Accompanying this communication is a detailed explanation of the budget allowances. I trust that your Honorable Body will give approval, as promptly as is possible, to the tax and appropriation orders submitted this date.

Respectfully,

JOHN B. HYNES, Mayor.

FINANCE COMMISSION PROTESTS SCHOOL BILL IN LEGISLATURE.

(Continued from page 149.)

filed by the Chairman of the School Committee of the City of Boston providing for "the transfer to the School Committee of the City of Boston of the powers and duties of the Board of Commissioners of School Buildings and the Superintendent of Construction of said city."

The Commission appreciates that it is unusual among American cities for the School Committee to be completely divorced from control of the work of repair, alteration, and construction of its school buildings. This unorthodox situation was immediately spotted by two groups of survivors of public education who have been engaged by the Finance Commission in the last 25 years, both of whom expressed the belief that the School Committee should be restored to control. On neither occasion did the Finance Commission agree with its survivors. Ideally, perhaps, the control should be in the School Committee, but experience in Boston has dictated otherwise.

The justification for the unusual in the present situation may be found in the reasons for its creation. The School Committee had complete control until 1901, exercised through subcommittees of a school board of 24 members. The Legislature of 1901, however, took that control away because of representations that in the interest of good school administration, the members of the School Committee should be removed from the opportunity of obtaining political patronage through orders and contracts for work for the upkeep of the school plant.

METHOD IN DISFAVOR.

From 1901 to 1929, by legislative enactment, the Mayor of Boston exercised that control. He appointed the School-house Commissioners and they were given complete authority to build, repair, and maintain the school plant. This board was responsible only to the Mayor. However, that method fell into disfavor eventually. It was charged that the change from control by the School Committee had merely transferred the political patronage involved to City Hall and the Mayor.

In 1929 the question of how to avoid waste and extravagance and political pressure in school plant expenditure became again a subject of study, this time by a survey group of the School Committee's own choosing. The group contained a former School Committee chairman, a former president of Harvard University, two eminent Boston businessmen, a representative of organized labor, three of the top educational executives of the school system, and a representative of the Boston Home and School Association. Out of this survey came the establishment of school plant administration as it now exists. The legislation recommended by this group was authorized in chapter 351 of the Enactments of 1929. Subsequently it was passed upon favorably by the voters by referendum by an overwhelming margin.

It was established, therefore, by expert opinion, by legislative enactment, and by vote of the people that in Boston neither the Mayor nor the School Committee should have exclusive control of

the department which would spend millions every year in a large program of work directed toward the provision of suitable housing for school children.

It is the conclusion of the Finance Commission, again, that in order to obtain satisfactory administration of school repairs, alterations, and construction, it is not necessary to abolish the Board of Commissioners of School Buildings. Hence the Finance Commission does not favor such abolition.

CHANGE IN STATUTE.

Nevertheless, there is a material change needed in the statute which created the board. The intention of the sponsors of this act was that the Mayor appoint one member, the School Committee another, and those two appointees the third. Yet it has already happened that a Mayor has controlled the selection of all three. This circumvention of the intent of the statute was accomplished simply by a Mayor's being able to influence a majority of the School Committee in the selection of its own member, whereupon the Mayor dictated the third member as well as appointed his own representative.

At the present time, the Governor only appoints the third member of the commission when the Mayor's representative and the School Committee's representative cannot agree upon choice of a third member. To guarantee the selection of a third member who is independent of both the Mayor and the School Committee, the Finance Commission suggests that the original idea of the 1929 survey committee in this respect be adopted. This was to have the Governor regularly appoint the third member, not simply when there is a deadlock in the commission over the third member. It is of significance in this situation that Francis C. Gray, the Chairman of the School Committee, was the petitioner for the legislation which resulted in chapter 351 of the Acts of 1929.

NO CONFLICT WITH RIGHTS.

This present setup of the School Buildings Department does not conflict with the obvious right of the School Committee to concern itself with the expenditures of the School Buildings Department. The 1929 Act left with the School Committee the responsibility of determining the appropriation needs for schoolhouse maintenance and construction. Obviously, to appropriate intelligently for the School Buildings Department, the School Committee must have a thorough understanding of the plans, programs, and practices of the School Buildings Department.

In fact, to facilitate its continued study of School Buildings Department expenditures, the School Committee years ago created the position of school engineer whose duty was intended to be to act as liaison man between the School Committee and the School Buildings Department. This position is still in existence and is capably filled at the present time. The Finance Commission believes that through this agent, the School Committee can become sufficiently informed of the situation in the School Buildings Department so as to act intelligently in School Buildings Department matters.

It is the recommendation of the Finance Commission at this time that your committee reject the proposal to restore

control of the School Buildings Department to the School Committee, but amend chapter 351 of 1929 to authorize appointment of the third member of the Board of Commissioners of School Buildings by the Governor.

MAYOR JOHN B. HYNES SUBMITS 1953 BUDGET TO CITY COUNCIL.

(Continued from page 149.)

Statement by Budget Commissioner John A. Sullivan.

CITY OF BOSTON,
BUDGET DEPARTMENT,

44 CITY HALL, January 30, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

SIR:

There is submitted herewith an analysis of the 1953 budget recommendations for City Maintenance, County Maintenance, and Income Departments, which are being submitted by you to the City Council on Monday, February 2, 1953.

The grand total of the proposed over-all budget is shown in the following table:

	1952 Appropriations	1953 Department Estimates	1953 Allowances
CITY MAINTENANCE	\$92,357,232 59	\$99,730,075 26	\$92,925,838 04
COUNTY MAINTENANCE	6,189,221 41	7,020,636 25	6,512,053 62
TOTAL	\$98,546,454 00	\$106,750,711 51	\$99,437,891 66

(Raised in tax levy)

The following amounts for Income Departments, which are self-supporting, do not require appropriations in the tax levy:

	1952 Appropriations	1953 Department Estimates	1953 Allowances
INCOME DEPARTMENTS	\$4,290,630 64	\$4,559,279 24	\$4,301,821 09

The amount of this budget to be raised by taxation is \$891,437.66 in excess of that raised in 1952.

The amounts recommended for City Maintenance total \$92,925,838.04, which represents a reduction of approximately \$7,300,000 in the estimates as originally submitted by the department heads and is \$568,605.45 greater than the total appropriation for 1952 as indicated in the following table:

PERSONAL SERVICES

The appropriation for permanent employees shows an increase of \$1,318,858.73 over the same appropriation for 1952. Actually this increase should have been \$1,880,000 because of the necessity for providing additional sums as indicated below:

PUBLIC WELFARE DEPARTMENT	\$100,000
In 1952, the Public Welfare Department received federal grants of approximately \$1,400,000 for salaries but it is anticipated that only approximately \$1,000,000 will be received for this purpose for 1953. This situation accounts for \$400,000 of the increase in this item.	
FULL-YEAR REQUIREMENT FOR COMPENSATION PLAN	400,000
This additional sum is necessary to provide sufficient funds for the full year for the establishment of the Compensation Plan which was effective for only nine months of 1952.	
1953 STEP-RATE INCREMENTS	750,000
This amount is necessary to provide sufficient funds for the payment of the current increments established by the new Compensation Plan.	
ADJUSTMENT IN LIKE OF MEALS	300,000
This additional amount is necessary to provide for the additional increments granted late in December to Hospital and Sanatorium employees upon establishment of the pay cafeteria system.	
INCREASES TO DEPARTMENT HEADS	30,000
This additional amount is necessary to provide for a full year for increases granted department heads on the last day of 1952.	

By readjustment of quota numbers, particularly in the City Hospital, Sanatorium Division, and Long Island Hospital, and by further eliminating existing vacancies in other departments, the number of employees listed in the budget will be 988 less than in 1952. Further drastic reductions in appropriations for temporary employees and overtime resulted in a net increase for personal services of only \$718,641.39.

CONTRACTUAL SERVICES

It is difficult to further reduce the appropriation for this group, which shows an increase over 1952, because the allowances for the following purposes, which are a major factor in causing the increase, are deemed essential:

PRINTING REVISED BUILDING CODE	\$10,500
This additional sum will be necessary for printing a revised edition of the building code.	
DEMOLITION OF UNSAFE BUILDINGS	30,000
For demolition of unsafe buildings for which no appropriation was made in 1952 because of a carry-over.	
FOOD SURVEY	60,000
An additional \$40,000 is necessary in the Hospital Department and an additional \$20,000 in the Sanatorium Division in order to continue and extend the survey being conducted by the Crotty Brothers in connection with the food service at these institutions.	
VISITING STAFF AT LONG ISLAND HOSPITAL	25,000
This additional sum provides for payment to the visiting staff at Long Island Hospital which was charged last year to personal services.	
ELECTRICITY	20,000
\$20,000 for increased cost of electricity due to installation of additional street lights.	

SUPPLIES AND MATERIALS

While this item shows a decrease, a further decrease could have been made had not the following appropriations been deemed essential:

PRINTING BALLOTS	\$15,000
The expense of printing the ballots which must be borne by the city in the coming municipal election.	
FIRE DEPARTMENT SUPPLIES	30,000
This additional sum is necessary for supplies in the Fire Department, mainly for new cable in connection with the relocation of fire alarm facilities due to the construction of the new Express Way, and also an increase in the item for uniform allowances.	
LIBRARY BOOKS	55,000
This additional sum has been allowed over last year's appropriation for the purchase of books for the branch libraries.	
PAVING MATERIAL	25,000
This additional sum over last year's appropriation has been allowed for the purchase of patching material for the Paving Service.	

CURRENT CHARGES AND OBLIGATIONS

This appropriation shows an increase over 1952 which is due to the increased cost of old age assistance, aid to permanently and totally disabled, and for veterans' benefits.

(Continued from page 153.)

EQUIPMENT

In order to make this reduction, equipment items have been reduced very drastically in every department. However, if it were not for the fact that the following essential increases were provided, the amount of this reduction would have been greater.

X-RAY EQUIPMENT	This sum has been allowed for the purchase of X-ray equipment for the City Hospital.	\$20,000
LIBRARY BOOKS	This sum has been allowed for the purchase of books of a permanent nature for the Central Library.	30,000
GAS MASKS	This sum has been allowed for the purchase of gas masks for the Police Department to be used in emergencies.	6,500

STRUCTURES AND IMPROVEMENTS AND LAND AND IMPROVEMENTS

These groups show a substantial reduction due to the postponement of major improvements.

SPECIAL APPROPRIATIONS

These special appropriations show an increase which is entirely due to the increase in the estimated expenditures for Workmen's Compensation payments and for non-contributory pensions and annuities.

COUNTY MAINTENANCE

The amounts recommended for County Maintenance total \$6,512,053.62. This total represents a reduction of approximately \$500,000 in the estimates as originally submitted and is \$322,832.21 greater than the total appropriations for 1952 as shown in the following tabulation:

* Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with commercial houses, contractors, etc., for furnishing labor and supplies. Communications from heads of departments interested were as follows:

LIBRARY DEPARTMENT.

BOSTON, January 27, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Trustees respectfully request that you approve the signing of a lease, without public advertising, with Toffe G. Kando for the rental of the premises located at 275 Washington street, Dorchester. These premises have served as quarters for the Mt. Bowdoin Branch Library since 1929. The lease will be for the period January 1, 1953, through December 31, 1953, and the rental will be in the sum of three thousand dollars (\$3,000). It is not possible to obtain competitive bidding by public advertising for this purpose.

Inasmuch as the total rental will exceed one thousand dollars (\$1,000), your permission to enter into this lease without publicly advertising for bids is hereby requested.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
by JOHN CONNOLLY,
*Assistant to the Director, and Chief
Executive Officer.*

BOSTON, January 27, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Trustees respectfully request that you approve the signing of a lease, without public advertising, with the Woodside Realty Corporation for the rental of the premises located at 18 Barnes avenue, East Boston. These premises have served as quarters for the Orient Heights Branch Library since 1929. The lease will be for the period January 1, 1953, through December 31, 1953, and the rental will be four thousand dollars (\$4,000), plus "additional rent" of two hundred dollars (\$200). It is not possible to obtain competitive bidding by public advertising for this purpose.

For the purpose of this lease the "additional rent" referred to is defined as that sum of money by which the real

estate taxes on the premises assessed for the year 1953 exceed the 1949 real estate tax. It is further agreed that, until such time as the real estate tax rate for the year 1953 is finally determined, the sum of two hundred dollars (\$200) shall represent the "additional rent." Further, if the 1953 real estate tax as finally determined should be less than the 1949 real estate tax, no "additional rent" shall be payable, and the lessor covenants and agrees to pay lessee the difference.

Inasmuch as the total rental will exceed one thousand dollars (\$1,000), your permission to enter into this lease without publicly advertising for bids is hereby requested.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
by JOHN CONNOLLY,
*Assistant to the Director, and Chief
Executive Officer.*

SUPPLY DEPARTMENT.

BOSTON, January 26, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On June 16, 1952, your Honor approved a contract between the City of Boston and Clough & Shackley for furnishing drugs to the various city departments.

Although this contract does not expire until March 31, 1953, deliveries have exceeded the quantities specified in the contract, plus the allowable 25 per cent over the amount indicated.

Authority is therefore requested to dispense with publicly advertising for bids at this time and award a contract, without public advertisement, to Clough & Shackley for furnishing drugs for the period from February 1, 1953, to March 31, 1953, at the same prices as their current contract.

Approximate total amount of contract will be \$7,000, less 2 per cent discount, time of payment.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, January 26, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On June 10, 1952, your Honor approved a contract between the City of Boston and Hailer Drug Company, Inc., for furnishing drugs to the various city departments.

Although this contract does not expire until March 31, 1953, deliveries have exceeded the quantities specified in the contract, plus the allowable 25 per cent over the amount indicated.

Authority is therefore requested to dispense with publicly advertising for bids at this time and award a contract, without public advertisement, to Hailer Drug Company, Inc., for furnishing drugs for the period from February 1 to March 31, 1953, inclusive, at the same prices as their current contract.

Approximate total amount of contract will be \$6,000, less 2 per cent discount, time of payment.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, January 27, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Each year the Franklin Park Zoo requires several thousand pounds of stale bread for the animals at the zoo.

In the past, Gentles Baking Company, Inc., has supplied the stale bread and at all times has rendered most satisfactory service to the Park Department. In view of this fact, authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Gentles Baking Company, Inc., for furnishing approximately 75,000 pounds of stale bread to the Franklin Park Zoo at 4 cents per pound, for the period from April 1, 1953, 1953, to March 31, 1954, inclusive. It is my opinion that in this way the best interests of the city will be served.

Approximate total amount of contract will be \$3,000, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, January 27, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On June 19, 1952, your Honor approved a contract between the City of Boston and Hoffman LaRoche, Inc., for furnishing drugs to the various city departments.

This contract does not expire until March 31, 1953. However, deliveries have exceeded the quantities specified in the contract, plus the allowable 25 per cent over the amount indicated.

Authority is therefore requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Hoffman LaRoche, Inc., for furnishing drugs to the various city institutions until March 31, 1953, at the same prices as their current contract.

Approximate total amount of contract will be \$7,000, less 2 per cent discount for payment within ten days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, January 27, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On July 28, 1952, your Honor approved a contract between the City of Boston and S. S. White Dental Manufacturing Company for furnishing medicinal cases to the various city institutions.

This contract does not expire until March 31, 1953. However, deliveries have exceeded the quantities specified in the contract, plus the allowable 25 per cent over the amount indicated.

Authority is therefore requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to S. S. White Dental Manufacturing Company for furnishing cases to the various city institutions until March 31, 1953, at the same prices as their current contract.

Approximate total amount of contract will be \$2,500, less 2 per cent discount for payment within ten days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

Boston, January 27, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

For several years this department has been purchasing doughnut mix for the various city institutions from the Doughnut Corporation of America. This company, in turn, loans their doughnut-making machines to the city for use in the institutions. It is my understanding that no other company maintains a similar policy.

Authority is therefore requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Doughnut Corporation of America for furnishing doughnut mix to the various city institutions for the period from April 1, 1953, to March 31, 1954, inclusive, at the following prices: 15 cents per pound, 100-pound bags in lots of ten or more; 16 cents per pound, 100-pound bags in lots of five to nine; 17 cents per pound, 100-pound bags in lots of less than five bags.

Approximate total amount of contract not to exceed \$6,000, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

Boston, January 27, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Boston City Hospital has submitted a requisition to this office for one (1) circuit breaker as per specifications.

Westinghouse Electric Corporation, which is the manufacturer of the equipment requested, has submitted an informal quotation and can make immediate delivery. Owing to these facts, authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Westinghouse Electric Corporation. It is my opinion that in this way the best interests of the city will be served.

Approximate total amount of contract will be \$1,520, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

Boston, January 28, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On May 1, 1952, your Honor approved a contract between the City of Boston and Neptune Oil Corporation for furnishing No. 2 fuel oil to Long Island Hospital.

Although this contract does not expire until March 31, 1953, the entire quantity of fuel oil specified in the contract, plus the allowable 25 per cent over the amount indicated, has already been delivered by the vendor. Long Island Hospital has now submitted a request for additional No. 2 fuel oil.

Authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Neptune Oil Corporation at the same price as their current contract. The expiration date of the new contract will be March 31, 1953.

Approximate total amount of contract will be \$2,000, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

DEDUCTION FROM CONTRACT.

DEPARTMENT OF SCHOOL BUILDINGS.

Powers & Mehegan Company have been ordered to make the following deduction in the contract for the Norcross School:

Substitute a 40-gallon Allcraft hot water storage tank for a 50-gallon tank as called for in specifications, for the sum of \$40, and the amount of \$40 will be deducted therefor, making the account as follows: contract price, \$4,160; total additions, \$153; total deductions, \$40; amount of contract, \$4,273.

PROCEEDINGS OF CITY COUNCIL.

Monday, January 26, 1933.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M., President AHEARN in the chair. Absent, Councillor Hurley. The Right Reverend Charles D. McFurnis of Our Lady of the Presentation Catholic Church, Brighton, was escorted to the rostrum.

INVOCATION BY

RIGHT REV. CHARLES D. McINNIS.

In the name of the Father, and of the Son, and of the Holy Ghost.

Our Father, Who art in heaven, hallowed be Thy name. Thy kingdom come. Thy will be done on earth as it is in heaven. Give us this day our daily bread, and forgive us our trespasses as we forgive those who trespass against us, and lead us not into temptation, but deliver us from evil. Amen.

O God, give us the grace to be wise and the strength to be fine, so that we will not add fuel to the cold fires of cynicism that are destroying the world in which we live today.

Our Lady of Wisdom, pray for us.

In the name of the Father, and of the Son, and of the Holy Ghost. Amen.

The meeting was opened with the salute to the Flag.

APPOINTMENT OF COMMITTEES.

President AHEARN announced the appointment of Council committees as follows:

Referred to the Committee on Confirmations.

GROUP INSURANCE PLAN FOR MUNICIPAL EMPLOYEES.

The following was received:

City of Boston,
January 22, 1933.
To the City Council.

Gentlemen:
On January 12, 1933, your Honorable Body adopted a resolution requesting that a group insurance plan for municipal employees be instituted for the year 1933.

With relation thereto, there are two serious objections to the acceptance of the group insurance plan:

1. The initial cost of \$100,000 to the city, which the city, at this time, should not be expected to assume.

2. The mechanical arrangements concerning payroll deductions, which, if possible of changing, would result in the expenditure of considerably more money.

For these reasons I do not deem it wise to adopt the provisions of the group insurance act of 1932.

Respectfully yours,

J. B. HYNES, Mayor.

PARKING ON CERTAIN STREETS BY BOSTON RESIDENTS.

The following was received:

City of Boston,
Office of the Mayor, January 26, 1933.
To the City Council.

Gentlemen:
I transmit herewith communication from the Traffic Commissioner relative to your order of January 19, 1933, concerning the allowance under chapter 366 of the Acts of 1932 of parking motor vehicles on certain streets, avenues, and ways, by residents of the City of Boston.

Respectfully yours,

J. B. HYNES, Mayor.

Boston Traffic Commission.

January 23, 1933.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

With reference to the Council order of January 19, 1933, requesting that action be taken under chapter 366 of the Acts of 1932, relative to the allowance of parking motor vehicles on certain streets in the City of Boston, I wish to report that early last fall action was taken in response to the passage of this law.

A number of streets in the City of Boston were selected to be made subject to revised parking regulations under the law. These revisions were submitted to the State Department of Public Works, as required by law, and to date have not been approved by that body. We have no power to act until the State Department of Public Works approves of our actions, and, therefore, until we learn the outcome of our present petition, no further action can be taken properly under chapter 366 of the Acts of 1932.

Respectfully yours,

WM. ARTHUR REILLY, Commissioner.
Referred to the Executive Committee.

PARKING PRIVILEGES FOR RESIDENTS OF FAIRMOUNT HOUSING PROJECT.

The following was received:

City of Boston,
Office of the Mayor, January 26, 1933.
To the City Council.

Gentlemen:
I transmit herewith communication from the Commissioner of the Boston Traffic Commission relative to your order of January 19, 1933, concerning the request for parking privileges for the residents of the Fairmount Housing Project and on the streets in that area. I wish to report that the Traffic Commission has no authority to grant permission for parking on public streets.

Our powers are limited to restrictions of parking, prohibitions of parking, and other such activities, but there is no authority available which can legally give permission for parking. By common law the highways belong to the people and are used for travel. Stopping and standing of vehicles, incidental to travel, is authorized, but storage of vehicles in the street for an unlimited period of time is not authorized.

The problem of parking by residents of large apartment houses is universal throughout the city, and apartments are built with no provisions for parking facilities and tenants are required to find their own parking spaces wherever possible. In many instances available off-street parking spaces cannot be found in the area of large apartment houses or projects. The net result is that the owner of an automobile who resides in one of these apartments is harassed and appeals to the Traffic Commission for relief.

Indeedy, the state legislation prevents us from doing what the people want done, so that it is impossible at this time to grant the request of the above-mentioned Council order.

Respectfully yours,

WM. ARTHUR REILLY, Commissioner.
Referred to the Executive Committee.

FISCAL YEAR TO START JULY 1.

The following was received:

City of Boston,
Office of the Mayor, January 26, 1933.
To the City Council.

Gentlemen:
I transmit herewith copy of note on file in the Mayor's office, answer to City Council recommendation of January 19, 1933, that legislation be filed immediately and supported in the General Court, officially sponsored by the City of Boston, toward the end that the municipal fiscal year begin July 1 of each year.

Respectfully,

J. B. HYNES, Mayor.

January 26, 1933.

Copy of note received this date—on file in the Mayor's office.

Answer to City Council recommendation of January 19, 1933, that legislation be filed immediately and supported in the General Court, officially sponsored by the City of Boston, toward the end that the municipal fiscal year begin July 1 of each year.

A resolve is being filed today providing for a study of the various elements and contingencies involved in the proposal to change the municipal fiscal year. (From Mr. Fox, City Auditor.)

FLOODING OF JOHN H. L. NOYES PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, January 26, 1933.
To the City Council.

Gentlemen:
I transmit herewith communication from the Chairman of the Park Department relative to your order of January 19, 1933, concerning the request for the flooding of John H. L. Noyes Playground, Orient Heights section of East Boston.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,

Park Department, January 21, 1933.
Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I am in receipt of a memo from your office with attached enclosure, City Council order of Councillor Foley, requesting the flooding of the John H. L. Noyes Playground to provide skating for children of the Orient Heights section of East Boston.

We have recently spent considerable money extending this playground, laying out for future recreational activities.

As some of our playgrounds are not suitable for flooding, I am having an immediate inspection made by the Chief Engineer and the Deputy Commissioner as to the suitability of this area for skating.

If it is possible to comply with the request of this order, you may be sure we will be only too willing to help out.

Very truly yours,

FRANK R. KELLEY, Chairman.

MODERN LIGHTING FACILITIES IN ROXBURY CROSSING BUSINESS AREA.

The following was received:

City of Boston,
Office of the Mayor, January 26, 1933.
To the City Council.

Gentlemen:
I transmit herewith communication from the Commissioner of Public Works relative to your order of January 19, 1933, concerning the request for modern lighting facilities in the Roxbury Crossing business area.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,

Public Works Department,
January 21, 1933.
Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Mr. Shannon:

This is in reference to the following order that was passed in the City Council under date of January 19:

That the Commissioner of Public Works be requested, through his Honor the Mayor, to make a survey of the street lighting facilities in the Roxbury Crossing business area, with the view of replacing the present lighting equipment with modern lighting facilities.

Immediate steps will be taken to comply with the provisions of the above-referenced order, and I trust that we shall be able to provide a modern system of street lights in the Roxbury Crossing area before the close of the current year.

In order to attain such a goal, it will be necessary for the department to obtain the full cooperation of the Boston Business Community and it is my intention, therefore, to take up this matter with its representative.

Respectfully yours,

GEORGE S. HYLAND,
Commissioner of Public Works.

Placed on file.

TRANSFER OF LAND ON WASHINGTON STREET, ROXBURY.

The following was received:

City of Boston,
Office of the Mayor, January 26, 1953.
To the Honorable City Council.
Gentlemen:

I transmit herewith communications received from Michael T. Kelleher, Fire Commissioner, and Frank R. Kelley, Chairman, Board of Park Commissioners, relative to the city property at 3089 Washington street, Roxbury, until recently occupied by the Fire Department for fire purposes.

Since the premises are now owned by the Fire Department, and since the Park Department can make good use of the premises as a laundry, I recommend the adoption of the accompanying order transferring the property from the care, custody, control, and management of the Fire Department to the care, custody, control, and management of the Board of Park Commissioners.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Fire Department, January 19, 1953.
Honorable John B. Hynes and Honorable City Council.
Gentlemen:

The land and building at 3089 Washington street, Egleston Square district, Roxbury, formerly occupied as a fire station by Engine Company 42 and Ladder Company 30, have been abandoned, inasmuch as said land and building are no longer required for Fire Department purposes.

It is my understanding that the Park Department desires to take over this building, and, since this department is anxious to be relieved of a further responsibility for the premises, I recommend that the land and building be transferred to the custody of the Park Department by the Fire Commissioner.

Respectfully,
MICHAEL T. KELLEHER,
Fire Commissioner.

City of Boston,
Park Department, January 26, 1953.
Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

Under date of December 19 the Fire Department is to vacate its fire house at Egleston square and move to a new one on Columbus avenue. The Boston Park Department very much interested in obtaining the old fire house at Egleston square as the new location for our Laundry Division.

Since the Fire Department moved from Bristol street to its location at Southampton street, this department has been charged with the operation of the steam plant at Bristol street so that the city has steam to properly operate our laundry and bathroom at Dover street.

Our engineering staff has made a complete survey of the Egleston Square Firehouse, a first-class building in good condition, centrally located, and with certain repairs will make a most excellent permanent location for our laundry.

Accordingly, it is requested that you immediately take the necessary steps to effect a transfer of this property from the Fire Department to the care, custody, and control of the Park Department.

Respectfully,
FRANK R. KELLEY, Chairman.

Whereas, The City of Boston is the owner in fee of approximately 3,848 square feet of land, together with the building thereon, situated on the northwesterly side of Washington street and being numbered 3089 in the numbering of said Washington street, West Roxbury district of the City of Boston, now held by said city for Fire Department purposes; and

Whereas, The Fire Commissioner of the City of Boston has determined that said parcel of land is no longer needed for Fire Department purposes; now, therefore, it is hereby

Ordered, That the above-described parcel of land, together with the building thereon, be transferred from the care, custody, control, and management of the Fire Department to the care, custody, control, and management of the Board of Park Commissioners.

Referred to the Committee on Public Lands.

AMENDMENT TO COOPERATION AGREEMENT RE OLD HARBOR VILLAGE HOUSING PROJECT.

The following was received:

City of Boston,
To the Office of the Mayor, January 26, 1953.
To the City Council.
Gentlemen:

Transmitted herewith is a self-explanatory letter recently received by me from James J. Malloy, Chairman of the Boston Housing Authority, concerning the execution of an amendment to the existing cooperation agreement between the Authority and the city with respect to the Old Harbor Village Housing Project. (For the terms of the existing cooperation agreement see the

Minutes of the June 25, 1951, meeting of the City Council.) Also enclosed is an order which I recommend be adopted by your Honorable Body to enable the immediate execution of the amendment in question and facilitate the collection by the city of the sums involved.

Respectfully,
J. B. HYNES, Mayor.

Boston Housing Authority,
January 23, 1953.

Hon. John B. Hynes,
Mayor of Boston.
Re: Project H-3302, Old Harbor Village.

Dear Mr. Mayor:
On June 25, 1951, the Authority entered into a Cooperation Agreement with the City of Boston covering various aspects of the above project, among them the payment in lieu of taxes. Paragraph 8 reflected an adjustment of such payment for the years 1948, 1949, and 1950.

It has been found that the Agreement did not properly reflect the situation at that time relative to an actual payment made to the city. The Public Housing Administration has requested an amendment to the original agreement.

The amendment is to correct the sum to be paid to the City of Boston and reflect an actual payment made by the Authority on the corrected amount. The sum of \$48,736.15 is deleted by the Amendment and the sum of \$65,406.04 is shown as the actual amount to be paid in lieu of taxes. This latter sum is shown by the unpaid balance of \$32,066.27 and the payment on account of \$33,339.77.

These payments are for the years 1948, 1949, and 1950.

If these documents meet with your approval, it is requested that you submit them to the City Council for its approval.

Very truly yours,
JAMES J. MALLOY, Chairman.

Ordered, That the City of Boston enter into an Amended Cooperation Agreement with the Boston Housing Authority in the following form, and that the Mayor of the City of Boston be, and he hereby is authorized and empowered to execute and deliver such Agreement in the name and behalf of the City of Boston:

This Agreement entered into this day of January, 1953, by and between the Boston Housing Authority (herein called the "Authority") and the City of Boston (herein called the "City") witnesses:

That the Cooperation Agreement entered into on the twelfth day of June, 1951, by and between the Authority and the City with respect to the low-rent housing project located within the corporate limits of the City of Boston, and known as Old Harbor Village, be, and the same hereby is, amended by striking out subparagraph (a) of paragraph 8 and inserting in place thereof the following:

(a) Promptly after the execution of this Agreement there shall be paid, for and on account of the federal fiscal year 1951, the sum of \$32,066.27 (being the balance remaining after deducting \$33,339.77 from a total of \$65,406.04), after the end of such federal fiscal year 1951 there shall be paid, for and on account of such fiscal year, an additional amount equal to ten per cent (10%) of the aggregate Shelter Rent charged by the Authority in respect to the project during such federal fiscal year 1951.

In Witness Whereof, the City and the Authority have respectively caused this Agreement to be duly executed as of the day and year first above written.

City of Boston
by Mayor,
Boston Housing Authority
by Chairman.

Coun. FOLEY offered the following:

Ordered, That under section 17-4 of the City Charter the City Council makes the following inquiries of his Honor the Mayor to be answered within two weeks:

1. Whether a market analysis of the Boston and Albany Railroad yard area has been initiated.
2. Whether private agencies have been engaged to promote the sale of the land.

Passed under suspension of the rules.

ACQUISITION OF BOSTON ARENA BY CITY.

Coun. JOYCE submitted the following:

Whereas, The possibility has been brought to public attention that the Boston Arena, so called, located on St. Botolph street, Boston, is to be closed to the youth of Boston for their participation in interscholastic and other sports; and

Whereas, The closing of said arena would be a detriment to the development of our youth and impede measures to combat juvenile delinquency, and would be against the public policy; and

Whereas, The city has been long in need of additional facilities to accommodate conventions, or any type of similar events; therefore, be it

Resolved, That his Honor the Mayor be directed to investigate the advisability of the city's acquiring and operating said arena, and further, investigate ways and means to keep the arena open to the youth of Boston, and the advisability of possible supplementary use of said arena as a Convention Hall to obtain additional self-supporting revenue, and that, for this purpose, the President of the Boston City Council is hereby authorized to appoint three members of the Boston City Council to meet with the Mayor forthwith and consider ways and means to effectuate the purposes of this resolution.

The resolution was adopted under suspension of the rules.

President AHEARN announced that he would appoint the committee later.

SPECIAL POLICE OFFICER TO DEAL WITH JUVENILE DELINQUENCY.

Coun. JOYCE offered the following:

Whereas, The increasing number of juvenile crimes, many of violent nature, has been called to public attention; and

Whereas, The disposition of many of these cases and the control of juvenile delinquency require specialized supervision; therefore, be it

Resolved, That his Honor the Mayor be requested to confer forthwith with the Police Commissioner to consider the advisability of assigning in each division of the Boston Police Department a special officer to be in charge of all juvenile cases occurring in the division.

The resolution was adopted under suspension of the rules.

Adjourned at 3:37 p.m., on motion of Councillor Ward, to meet on Monday, February 2, 1933, at 2 p.m.

Note! All debate of City Council eliminated from proceedings in accordance with Chapter 44A, Acts of 1932.
(Stenographic copy of such debate on file in office of City Clerk.)

DISCONTINUED STREETS.

The Mayor has approved the following orders of the Board of Street Commissioners:

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON.

October 2, 1952.

Ordered, That due notice be given that this Board is of the opinion that, in said city, public improvements should be made, consisting of:

The discontinuance of Bromley park, Roxbury district, as a highway;

The discontinuance of Bromley street, Roxbury district, as a highway, from Heath street to beyond Bromley park;

The discontinuance of Albert street, Roxbury district, as a highway, from Heath street to Bromley park;

The discontinuance of Parker street, Roxbury district, as a highway, from Heath street to Centre street;

substantially as shown on plans in the office of this Board, that it intends to pass orders for making said improvements, and that it appoints 11 o'clock A.M., of October 15, 1952, and the office of this Board, 401 City Hall Annex, as the time and place for public hearings in the matters.

A true copy of an order passed by said Board on said day.

Attest:

LAWRENCE W. COSTELLO,
Secretary.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON.

January 3, 1953.

Ordered, That this Board, having passed the order of notice relating to the public improvement hereinafter described, and having caused a copy of said order to be published October 3, 4, 6, 7, 1952, in the *Boston Post* and *Boston Globe*, two daily newspapers published in the City of Boston, and having given the public hearing, notice of which was given in said order, and being of the opinion that public convenience so requires, does hereby order the making, in said city of the public improvements shown on a plan marked "City of Boston, Albert Street, Bromley Park, Bromley Street, Parker Street, Roxbury, December 22, 1952, James W. Haley, Chief Engineer, Street Laying-Out Department," deposited in the office of the Street Laying-Out Department of said city, and named, bounded, and described as follows:

The highway named Bromley park is hereby discontinued, between Bickford street and Parker street.

Said highway as hereby discontinued is bounded:

Northwesterly by Bickford street, one hundred feet; southwesterly by the southwesterly line of Bromley park, as hereby discontinued, one hundred sixty-four and 95/100 feet; southeasterly by Parker street, one hundred feet; and northeasterly by the northeasterly line of Bromley park, as hereby discontinued, one hundred sixty-four and 91/100 feet; containing sixteen thousand four hundred and ninety-three square feet, more or less.

SIX-YEAR PROGRAM OF CAPITAL IMPROVEMENTS FOR BOSTON APPROVED BY MAYOR JOHN B. HYNES — DRAFTED BY PLANNING BOARD TO COMPRISE \$66,000,000 WORTH OF NEW INVESTMENT OVER A PERIOD OF SIX YEARS — BOND ISSUES TO CARE FOR TWO THIRDS OF COST — BALANCE OUT OF CURRENT FUNDS.

A six-year program of capital improvements submitted by the City Planning Board has been made public by Mayor John B. Hynes. This program is the first to be developed by the Planning Board under the provisions of a new ordinance adopted in 1952. The program comprises \$66,000,000 worth of new capital investment over a period of six years, beginning with 1953. Of this sum approximately two thirds would be raised by bond issues and one third out of current funds.

The program represents an increase of about 10 per cent over the sums expended during the last six years. The borrowing recommended will not result in any appreciable increase in the city's net debt

FINANCE COMMISSION GOES ON RECORD AT STATE HOUSE HEARING AS SUPPORTING MAYOR HYNES' PLAN FOR REORGANIZATION OF EXECUTIVE DEPARTMENTS AND BOARDS — SAYS PRESENT SETUP VIOLATES PRINCIPLE OF GOOD ORGANIZATION.

The Finance Commission has addressed the following communication to the Committee on Cities of the Legislature:

Boston, February 9, 1953.

To the Committee on Cities of the Massachusetts Legislature.

The Finance Commission desires to be recorded in favor of House Bill 824, being a petition of Mayor Hynes relative to the establishment, reorganization, and abolition of executive departments and administrative boards and officers of the City of Boston. The Commission is particularly interested in this legislation because the necessity of reorganizing the municipal administrative machinery was emphasized in the final report of the over-all Administrative Survey conducted by the Finance Commission. NEGOTIATIONS COMPLETED FOR SALE OF BACK BAY YARDS OF BOSTON & ALBANY RAILROAD — EFFORTS OF MAYOR JOHN B. HYNES SUCCESSFULLY CONCLUDED AT MEETING OF INTERESTED PARTIES IN HIS OFFICE IN CITY HALL THURSDAY AFTERNOON — TO BRING MUCH TAXABLE PROPERTY VALUE INTO CITY REVENUE DOMAIN — EXPECTED TO BE MORE THAN \$75,000,000 — CONVENTION HALL AND OTHER STRUCTURES ENVISAGED — PRICE PAID \$4,500,000.

Mayor John B. Hynes has brought to a successful conclusion his efforts to effect the sale of the Boston & Albany Railroad yards in the Back Bay. On Thursday afternoon, after negotiations started in New York and concluded at the Mayor's office, the sale was announced.

On Friday afternoon, February 6, from New York, Mayor Hynes made an announcement of progress which culminated in the meeting on Thursday in his office. Mayor Hynes' statement gave the following information:

The prospective purchaser of the property is represented by Albert B. Ashforth, Inc., a prominent real estate concern in New York City, acting as cobrokers with R. M. Bradley & Co., Inc., of Boston.

The sale of the 28 acres of railroad property will result in a development which should bring, within a few years, upwards of \$75,000,000 worth of new valuations. It should be a stimulus to other improvements within the inner city.

The proposed development will, perhaps more than anything we can envision, stay the present debilitating effects of decentralization which is the bane of Boston and other large cities.

Roger L. Stevens, head of a syndicate which owns the Empire State Building in New York, was announced as the leader of a real estate group purchasing the 28-acre tract of Boston & Albany Railroad Yards in the Back Bay which is to be the site of a \$75,000,000 development along the lines of New York's famed Rockefeller Center.

The agreement for the purchase of the railroad property by the Stevens group was signed in Mayor Hynes' office on Thursday night.

One of the group associated with Stevens in the purchase of the railroad property is Alfred R. Glancy, Jr., of Detroit, a prominent member of the syndicate which bought the Empire State Building.

The syndicate in which Stevens and Glancy are associated has extensive real estate holdings, such as the 2,200-room Taft Hotel in New York, the Williamson Building in Cleveland, the Neil House in Columbus, Ohio, and the new \$10,000,000 Evergreen Park Shopping Center in Chicago.

Stevens came to Boston from New York Thursday afternoon to sign an agreement for the purchase of the property from the New York Central System and the Boston & Albany Railroad. The plans for the development of the property will be in the tentative stage for some time to come, pending conferences with business, hotel, financial, banking, and theatrical groups which may establish in the development which will consist of a convention hall, a hotel, at least two office buildings, a professional building for doctors, surgeons, and dentists, a theater, a huge underground garage, and stores and shops.

The purchaser pointed out that the railroad yards cover more than twice the land area of New York's Rockefeller Center. The Back Bay property includes more than 1,200,000 square feet of land space. The

MAYOR HYNES APPROVES SIX-YEAR PROGRAM OF CAPITAL IMPROVEMENTS.

(Continued from page 173.)

to be met out of taxes, nor will it increase the annual sums required to meet debt obligations. This policy has set a ceiling upon the amounts which can be expended for capital improvements and, as a consequence, the program comprises only about two thirds of the recommendations actually submitted by department heads to the Planning Board.

The Planning Board's report points out that two or three decades ago Boston was investing its capital outlays mostly for transportation, education, recreation, and public utilities. Public housing and slum clearance, civil defense, and certain public welfare services either did not exist as municipal responsibilities or did not exist at all. At that time the city was spending annually on new projects a sum equivalent to about 25 per cent of its yearly income from property taxes. Today, new capital outlays account for only 11 per cent of city property tax income. At the same time Boston's responsibilities are in many respects greater than ever before in the face of a period of inflation which has forced the city to increase the proportion of its income devoted to maintenance and operation of existing services, while reducing materially its investment in new wealth.

FOR PAY-AS-YOU-GO POLICY.

The Planning Board points out that the time is now opportune to consider the possibility of steering Boston toward a pay-as-you-go policy in financing its capital improvements. This is true because of the impending trend in liquidation of the net debt of the city. However, the six-year program recommended by the Board at this time calls for an expenditure of only about \$2,000,000 each year out of general revenue funds, with the effect of adding only \$1 or less to the tax rate (since the entire \$2,000,000 would not be charged to the tax on realty).

The program recommends an allocation of \$750,000 to complete the acquisition of voting machines necessary to mechanize completely the voting procedure in Boston. If this recommendation is carried through, the coming municipal election in the fall of 1953 will be the first one in which manually marked ballots will no longer be necessary. With some consolidation of precincts, this will materially reduce the cost of future elections.

Several new fire stations are recommended, to eliminate duplication of obsolete facilities, and the purchase of a new diesel-powered fireboat is proposed, which can be operated at about one tenth the cost of the present steam fireboat.

The Planning Board recommends expansion of the hospital plant at Long Island by erection of a 500-bed hospital building for treatment of patients who are chronically ill. Such a facility will relieve the City Hospital of the necessity for treating 250 chronically ill patients and make possible the admission of other patients. However, the Board urges that, before any building be commenced, a long-term general plan for the development of the island be prepared.

(Continued on page 176.)

NEGOTIATIONS COMPLETED FOR SALE OF BACK BAY PROPERTY OF BOSTON & ALBANY RAILROAD.

(Continued from page 173.)

eventual value of the development will be between \$75,000,000 and \$100,000,000. It will take the Boston & Albany Railroad about six months to move its tracks after plans are perfected.

In addition to Stevens and Glancy, those participating in the closing negotiations of the sale were Vice Presidents Donald B. Callender and Charles T. Upjohn of Albert B. Ashforth, Inc., New York City real estate firm; George F. Oakes, vice president of the R. M. Bradley & Co., Inc., of Boston; Charles H. Morton, general land and tax agent of the New York Central System; John P. McQuade and John P. Burke, assistants to Morton; Allan Forbes, President of the Boston & Albany Railroad Company; and Chairman Edmund J. Burke of the Boston Board of Assessors. The Ashforth and Bradley firms are cobrokers in the sale of the property.

Mayor Hynes announced that, to encourage the development, the city has agreed to fix the tax assessment on the property at the amount of the sale price, which is \$4,500,000. The railroad yards are now assessed for \$8,000,000.

In return for the concession made by the city, Mayor Hynes and Chairman Burke stated that the railroad systems will withdraw abatement petitions that have been pending before the State Appellate Tax Board.

The Mayor cautioned that a tremendous amount of planning and detail must be completed before even a shovel of dirt can be turned. He promised that the city will cooperate to the fullest extent to make it possible for plans to be carried forward without undue concern or delay.

The railroad property is bounded on the north by Boylston street, on the south by Huntington avenue, on the east by Exeter street, and on the west by Dalton and Belvidere streets.

It includes 1,789 feet on Boylston street, 549 on Huntington avenue, 388 on Exeter street, 508 on Dalton street, and 231 on Belvidere street. Subways run beneath Boylston street and Huntington avenue.

According to present plans, the development of the site will permit of the construction, in a most desirable location, of a convention hall which is now of such prime importance to meet the requirements of convention groups which presently cannot be accommodated in Boston.

The purchaser intends to have a nationwide architectural competition for the most attractive and most utilitarian use of the site.

Officially, the City of Boston will cooperate with both the seller and the buyer of the site so that the proposed development can begin without undue concern or delay.

Present at the conference held at New York were: H. Adams Ashforth, President of Albert B. Ashforth, Inc.; Donald B. Callender, Vice President of the Ashforth Company; George F. Oakes, Vice President of the R. M. Bradley Company; Charles H. Morton, General Land and Tax Agent of the New York Central System; John P. McQuade, assistant to Mr. Morton, and John F. Burke, Real Estate and Tax Agent of the Boston & Albany Railroad Company. Mayor Hynes and Edmund J. Burke, Chairman of the Boston Board of Assessors, represented the city.

As a result of the conference, Mayor Hynes expressed himself as "greatly encouraged" that the "impending sale of the Boston & Albany yards will be a major step in advancing the position of Boston as one of the great metropolitan centers of the country."

STATEMENT BY MAYOR JOHN B. HYNES.

Involved in the sale of the B & A Yards is an understanding between the City of Boston and the participants in the sale that the real estate valuation on the property will be reduced to the sale price, namely, \$4,500,000. The present valuation is \$8,000,000. Obviously, the sale price, establishing a new market value on the land, would make it impossible for the City of Boston to maintain the present valuation of \$8,000,000.

The Boston & Albany Railroad Company and the New York Central System, the owners of the land, have agreed with the Board of Assessors to withdraw the pending petitions for abatement for the years 1950 and 1952. This is a concession in favor of the city, for it is undoubtedly true that the valuation of \$8,000,000 for these two prior years could not be held in the face of the sale price of \$4,500,000.

The following is a copy of a communication from the Chairman of the Board of Assessors, setting forth the vote taken by the Board in this matter:

DEAR MR. MAYOR:

Enclosed is a copy of a vote of the Board of Assessors executed on February 9, 1953, regarding the so-called Boston & Albany Railroad Yards property. The city has made no tax concession in this case. The assessed value is \$8,000,000 at the present time and the purchase price is \$4,500,000. In view of the sale price the city would be eventually obliged to reduce the assessment to something approximating the sale price figure. This would either be done by action of the Board of Assessors or upon appeal by the company as a result of trial by the Massachusetts Appellate Tax Board.

Reduction in assessment involves approximately \$250,000 a year in tax money. Present owners of the property, namely, the Boston & Albany Railroad and the New York Central System, have agreed to withdraw applications pending for the years 1950 and 1952 now on file at the Appellate Tax Board. In view of the sale price it is obvious that the company would receive abatements of approximately \$3,500,000 in value for each year; therefore, it would appear that the city would save about \$500,000 by this action and is agreeing to reduce the assessment, which it would eventually be called upon to do.

As you will note from the enclosed letter directed to the New York Central System, the action by the city is contingent upon the execution of the agreement for the sale of the property.

EDMUND J. BURKE,
Chairman.

NEW COURSE IN AUTOMOTIVE DRIVING FOR CITY EMPLOYEES BEGINS.

Fire Commissioner Michael T. Kelleher announced on February 6, in cooperation with the Mayor's Automotive Advisory Committee, under the chairmanship of J. Leo McGrath, Division Engineer, Automotive Division, Public Works Department, that Driver Training-Education classes would start on Monday, February 9, 1953, for all drivers of department-owned vehicles.

The entire project of training the first 400 drivers is under the direction of John V. Stapleton, Chief of the Department, and his staff, including Dennis Coughlin, Deputy Chief, and David I. Driscoll, Assistant Engineer-Motor Apparatus, who have worked intensively to conclude preliminary arrangements.

The course itself will run for a 14-week period, with both morning and afternoon sessions, and will be given by Theodore J. Hoppe, Director of Traffic Safety Education for the City of Boston, assisted by guest lecturers from the Registry of Motor Vehicles and insurance company safety engineers, all members of the National Committee for Motor Vehicle Fleet Supervisor Training.

Mayor John B. Hynes has made driving classes for all drivers of city-owned vehicles compulsory, to bring the city fleet in conformity with highest national commercial standards.

Twenty-four more drivers of city-owned vehicles have successfully fulfilled the requirements of an intensive seven weeks' training course given by the Driver Training-Education Institute of the City of Boston, under the direction of Theodore J. Hoppe.

The graduates are members of the personnel of the Election Department,

Health Department, Institutions Department, Public Works Department, Motor Pool, School Buildings Department, School Department, Sheriff's Office, Weights and Measures and Welfare Departments.

DECLARATION BY MAYOR HYNES ON HEART DISEASE WEEK.

Whereas, The diseases of the heart constitute a health problem that is everybody's concern, and despite the constant and intensive battle being waged against them by medical science, they remain the principal causes of disability and death in the United States, taking three quarters of a million lives each year; and

Whereas, The Massachusetts Heart Association, an affiliate of the American Heart Association, devotes itself during the month of February in an effort to enlist the aid and cooperation of the people, science, government, health agencies, and social agencies in devising means to fight heart disease; now, therefore,

I, John B. Hynes, Mayor of the City of Boston, do hereby order that the week of February 8 to 14 be observed in the City of Boston as "Heart Week" and respectfully call upon all schools, churches, scientific bodies, civic associations, business establishments, social and fraternal organizations, and the people of the City of Boston, generally, to fully cooperate wholeheartedly in the Heart Fund Campaign with the Massachusetts Heart Association in its activities, designed to improve the public health.

By his Honor the Mayor.

JOHN B. HYNES.

MAYOR HYNES APPROVES SIX-YEAR PROGRAM OF CAPITAL IMPROVEMENTS.

(Continued from page 175.)

For the Library Department, new branch buildings are proposed for South Boston, Roslindale, Allston, Orient Heights, and in the Mt. Bowdoin section of Dorchester. Priorities are being given to those projects which involve replacements of quarters now being rented for library purposes.

The Planning Board points out that there is unanimity of opinion that the attractiveness of Boston as a convention city is impaired by lack of an auditorium large enough to provide for national conventions. The Board proposes to study carefully this matter during the current year, with a possibility that a feasible plan may be presented for cooperation between the municipality and private investors in the erection of an adequate auditorium.

TRAFFIC IMPROVEMENTS.

Among the traffic improvements included in the program is the rotary treatment of the critical intersection at Park Drive and Avenue Louis Pasteur, a proposal which will cost \$100,000, and which the Board suggests may be integrated with the state's plans for an inner circumferential belt highway around the Boston metropolitan core.

The largest allocation is given to the school program, \$15,400,000 for new buildings and additions. Many of the proposals are necessitated by the building of housing projects, and include two elementary schools at Calf Pasture in Dorchester, a new building at Mission Hill, one at Orient Heights, and one in the South End. Other new buildings are proposed as part of a long-range plan for consolidating existing school facilities and replacing obsolete structures.

A new item appearing in the city's capital budget is the \$3,000,000 proposed as the city's share toward a slum clearance and redevelopment project in the South End. This project is currently being developed by the Urban Redevelopment Division of the Boston Housing Authority in the so-called "New York Streets" area. It is intended that the land after clearance will be used for private development of commercial and industrial enterprises.

Among the more or less self-liquidating projects included in the program are a number of district shopping center municipal parking lots to be financed out of accumulated parking meter funds. Such lots are proposed for 1953 at Roslindale square, Brighton Center, Cleary square, and Fields Corner. In the following two years additional lots are proposed for the Dudley Street business center, Uphams Corner, and Jamaica Plain Center.

Other projects include a new incinerator in the South Bay area at a cost of \$2,700,000; \$3,800,000 is allocated for bridges; \$13,100,000 for street construction; \$1,600,000 for new high pressure water lines; and \$3,600,000 for sewerage works.

MAYOR HYNES ORDERS AMENDMENT TO RULES REGULATING REGULAR AND OVERTIME SERVICE.

The Mayor has approved the following amendment to Rule OT-6 of the rules relative to "Regular and Overtime Service," set forth in Circular Letter No. 26, issued by the office of the Mayor, under date of August 5, 1932:

Strike out the entire proviso which follows the semicolon (;) in the fifth line of Rule OT-6 and insert in its place the following:

provided, however, that the rate of overtime compensation under this rule shall not exceed in any case three dollars per hour.

so that the entire rule, as amended, shall be as follows:

RULE OT-6. If the appointing authority, with the written approval of the Mayor, determines that the position held by any person who is excluded by Rule OT-5 from the operation of Rules OT-1 to OT-4, inclusive, solely because he is compensated for his regular services on an annual salary basis of \$4,000 or more, or on a weekly salary basis of \$77 or more, is such as to warrant compensation for overtime, said person shall be compensated for overtime service on the basis set forth in Rules OT-3 and OT-4; provided, however, that the rate of overtime compensation under this rule shall not exceed in any case three dollars per hour.

The provisions of this amendment shall be deemed to be effective as of January 20, 1933.

FINANCE COMMISSION APPROVES MAYOR'S PLAN TO REORGANIZE CITY DEPARTMENTS.

(Continued from page 173.)

fact, the Finance Commission may be considered to be a cosponsor of this bill. As the result of the studies made by the Finance Commission its conclusion is that "the existing organization structure of the executive branch of Boston's city government at some point violates every recognized principle of good organization." The Commission believes that the defects are such as to limit seriously the possibility of securing effective economical administration. It is apparent that the Mayor could never confer frequently enough with the heads of the thirty-four agencies and departments under his supervision to enable him to become conversant with the important problems facing these organization units.

Duplication of effort and in many instances of excessive overhead, results from the diffusion of responsibility for municipal functions among these many agencies. Many important duties are not adequately discharged because more than one agency is responsible and, consequently, neither assumes full authority. On frequent occasions the public is unnecessarily inconvenienced in seeking service by being referred back and forth, as each of two partially responsible agencies seeks to have the other perform the particular service desired.

Operating activities, consisting of direct services rendered to the public, and staff activities, consisting of services to

operating organizations, are decentralized and, in many instances, are performed jointly by the same agency or department. This decentralization is believed to result in an unnecessarily high cost in the rendering of staff services.

LEGISLATION NEEDED.

Twenty of the 34 separate agencies reporting to the Mayor have been created by statute. Therefore, almost any fundamental changes in the present organizational structure of the executive branch would require changes in existing legislation.

Obviously, therefore, the first and foremost need in the present situation is for the reorganization of the municipal services and the consolidation of the departments in which they are now scattered into a smaller and more cohesive group.

Until the present Council of nine became the legislative branch of the city government, the Finance Commission believed that reorganization should be permitted by the Mayor alone. However, as stated in a report to the Legislature last year, the new Council has taken a greater interest in the problems of the city than did the old Council of twenty-two, and consequently there is now more likelihood of cooperation between the Mayor and Council in a reorganization effort than there was formerly. In view of this fact and because the Council always previously has had a voice in shaping the administrative structure, the Commission believes this new Council should share authority in reorganization with the Mayor.

The Finance Commission recommends that your committee act favorably on this bill.

Respectfully submitted,

EDWARD F. MULLEN, *Chairman*,
LEO J. DUNN,
FREDERICK DEANE,
EDWARD U. LEAE,
ROGER J. ABIZAID, M.D.,
The Finance Commission.

ROBERT E. CUNIFF,
Secretary.

CODE OF ETHICS FOR CITY MANAGERS APPROVED.

A revised code of ethics for city managers was approved recently by vote of the members of the International City Managers' Association.

The new code strengthens the professional aspects of the manager's job. The code also emphasizes the role of a city manager as a community leader in submitting policy proposals to the city council.

Among objectives for the city manager stressed in the code are:

1. Defense of municipal policies before the public only after adoption of such policies by the city council.
2. Crediting the city council with establishment of municipal policies.
3. Avoiding public conflict with the city council on controversial issues.
4. Dealing frankly with the council as a unit rather than with its members.
5. Handling all matters of personnel on the basis of merit.

The new code also stresses the city manager's duty to improve his ability and his usefulness and to develop the competence of his associates in the use of management techniques.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of city employees have been made:

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with business firms and contractors for furnishing labor, supplies, etc. Communications from heads of the departments interested were as follows:

BOSTON CIVIL DEFENSE.

Boston, February 5, 1953.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MAYOR HYNES:

I hereby request your written authorization to dispense with public advertising and to take the steps necessary for the execution of an agreement, providing for the furnishing, during the period April 1, 1953, to March 31, 1954, at 14 Somerset street, to the City of Boston, Department of Civil Defense, by the United Community Services of Metropolitan Boston, a Massachusetts corporation, of heat, light, complete custodial services, office furnishings, and approximately 5,000 square feet of floor space, consisting of office and conference areas, at a cost of not in excess of \$5,000.

This department has used the aforementioned office and conference areas continuously since the beginning of 1951 and the arrangement has proven highly satisfactory. Furthermore, such highly suitable quarters and facilities would be much more costly to the city if we had to obtain them from some other source.

Respectfully submitted,

JOSEPH L. MALONE,
Director of Civil Defense.

CITY PLANNING BOARD.

Boston, February 5, 1953.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

At a meeting of the City Planning Board on Tuesday, January 27, the following vote was taken:

"That Leo Schwartz, an attorney of 234 Washington street, Boston, be engaged by contract covering a period of six months at a total cost of \$1,820 to provide for legal consultation services to the Board in connection with the Rezoning Study of the City now being conducted."

It is contemplated that the services of Leo Schwartz will be continued for an additional 18 months after this contract runs out.

When additional funds become available, your permission will be requested to renew this contract. Therefore, if

this meets with your approval it is respectfully requested that your authorization be given for the awarding of the proposed contract, without public advertising, to Leo Schwartz, to cover the period February 16 to August 15, 1953, for the furnishing of the above-mentioned services at a cost not to exceed \$1,820. It is felt that in view of the nature of the professional services involved, nothing would be gained by publicly advertising for bids for this work.

Very truly yours,

THOMAS F. McDONOUGH,
Chairman.

PARK DEPARTMENT.

Boston, February 9, 1953.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR SIR:

The Board of Park Commissioners respectfully requests your permission to enter into a contract with O'Hearn's Storage Warehouse Company, 1444 Dorchester avenue, Dorchester, for the trucking, storage, packing and unpacking of all the Christmas festival figures used on Boston Common, for the year beginning January 1, 1953, and ending December 31, 1953.

These figures have been stored at this warehouse for several years, since the advent of the Christmas festival celebration in Boston. Previous to 1952 the cost of storage, trucking, etc., had been borne by the Christmas Festival Committee. In 1952, however, the Park Department was charged with this expense, which amounted to \$1,795.50.

Additional figures have now been added to the collection and this places an extra charge for handling, trucking, etc., and there may possibly be a charge for unpacking the figures sometime during the year for inspection by the Christmas Festival Committee to determine if any repairs are necessary, all of which will add to the labor cost for 1953.

Accordingly, it is requested that we be allowed to enter into an agreement with O'Hearn's Storage Warehouse Company, without publicly advertising for bids. The Board of Park Commissioners feels that nothing would be gained by advertising, as the O'Hearn Company is familiar with the handling of these figures and has the proper bonded facilities and personnel for doing the work.

The amount of the contract will be approximately \$2,000, to be paid in two installments, one on July 1, 1953, and the other on December 31, 1953, to be charged to Item 477 in the Park Department budget.

Respectfully yours,

FRANK R. KELLEY,
Chairman.

PUBLIC WORKS DEPARTMENT.

Boston, December 22, 1952.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

Following each snowstorm, it is necessary for this department, in connection with keeping the highways and streets of the city open for travel, to supplement departmental forces and equipment by utilizing the services and equipment of outside firms and individuals.

The equipment we hire consists of trucks for plowing and hauling, loaders, tractors, etc., and the service includes the manpower necessary to operate such

equipment. The employment of this extra equipment is of an emergency nature, and the cost cannot be reasonably estimated in advance since the extent and nature of winter storms is not predictable. In the event of a heavy or protracted storm, payments for these supplementary services may, in the aggregate, exceed \$1,000.

In view of this possibility, and as the rates to be paid for services and the rental of equipment are established by this department, nothing would be gained by advertising.

I therefore respectfully request your authority to dispense with public advertising and to pay all bills incurred on snowstorms during the winter season 1952-1953 without issuing service orders therefor, and also ask that I be authorized to pay such bills as may exceed \$1,000.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

Boston, February 4, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Automotive Division of the Public Works Department has submitted a requisition for three spiral assemblies for Barber-Greene snow loaders.

Perkins-Milton Company, Inc., the sole distributor for Barber-Greene equipment, has submitted an informal quotation on the above. Authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Perkins-Milton Company, Inc. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be as follows:

Three spiral assemblies at \$672 each,
\$2,016, plus freight charges from Aurora, Illinois, \$75—\$2,091, net, 10th proximo.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

Boston, February 4, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

From time to time, this department has many opportunities to purchase wearing apparel for the various city departments at exceptionally low prices. The method of purchasing results in considerable savings to the city.

In order to take advantage of these opportunities, it is respectfully requested that authority be granted me to dispense with publicly advertising for prices and award contracts, without public advertisement, to the following companies for the period from April 1, 1953, to March 31, 1954, inclusive:

Frances Allen, doing business as Allen Trading Company, 52 Chauncy street.

Brown-Durrell Company, 75 Cambridge Parkway, Cambridge.

William Carter Company, 963 Highland avenue, Needham Heights.

Jerry Goldberg, doing business as Jerry Goldberg Company, 75 Kneeland street.

Joseph Goldberg, doing business as Elru Sportswear Company, 21 Beech street.

M. Hamilt, 75 Kneeland street.

Handicraft Import Company, 1333 Broadway, New York.

M. Hoffman & Co., Inc., 63 Bedford street.

Katz-Hymoff Company, 72 Essex street.

Regent Company, 1330 Broadway, New York.

M. Sandler, 40 Washington street.

Sherman Mills, Inc., 77 Bedford street.

Wellesley Coat Company, 75 Kneeland street.

L. Wohl & Co., 1333 Broadway, New York.

Barnet Zelmyer, doing business as Zelmar Mills, 370 Atlantic avenue.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

Boston, February 10, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On January 27, 1953, your Honor granted authority to award a contract to Mechanics Iron Foundry Company for furnishing iron castings to the Sewer Division of the Public Works Department. This company was the lowest bidder on publicly opened bids of January 23, 1953.

The Law Department has recommended that an additional paragraph, which did not appear on the original proposal form, be included in the contract form. Owing to this fact, authority is requested to award the contract to Mechanics Iron Foundry Company, without further publicly advertising for prices. It is my opinion that, in this way, the best interests of the city will be served.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

SUFFOLK COUNTY.

MUNICIPAL COURT, ROXBURY DISTRICT.
ROXBURY, December 31, 1952.

HON. JOHN B. HYNES,
Mayor of Boston.

MY DEAR MR. MAYOR:

In past years the various Mayors have granted us permission to expend sums of money under Items B-4 (Transportation) and B-1 (Office Supplies, Stationery, Printed Forms, etc.), without advertising. The reason for this, of course, has been explained and has been satisfactory, namely:

The transportation is done on a trip payment basis, i.e., some days we may have four or five trips and other days, none. By arrangement with the auditor, the price per trip has been agreed upon. The stationery and form are items that cannot be anticipated and as a general rule the lowest price is sought commensurate with good work and materials unless certain articles are needed in an emergency. The transportation has always been done to our complete satisfaction, as has the printing.

So, I request of you written permission to expend the sum for the Items B-4 (Transportation) and D-1 (Office Supplies, etc.), for the year 1953, without advertising for bids.

Thank you for giving this your kind attention and may I take this occasion to wish you a Happy, Healthy, and Prosperous New Year.

Cordially yours,

THOMAS J. SPRING,
Justice.

REGISTRY OF DEEDS.

Boston, February 6, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your approval is respectfully requested to dispense with public advertising and, following the effective date of the 1953 budget, to enter into a contract with Graphic Microfilm of New England, Inc., 806 Massachusetts avenue, Cambridge, Mass., to deliver to the Suffolk Registry of Deeds 50,000 Tabulating, size 1 1/35 c.l. Filmstort Card Jackets at \$52.40 per thousand, as required and requested during the period April 1, 1953, to March 31, 1954, at a total cost not to exceed \$2,620.

The subject "card jackets" are to be used to store film prints which will make for a more efficient use of the prints by the public and in addition, by employing them, we will save considerable space which is a most important factor in entering into the proposed contract. Furthermore, Graphic Microfilm of New England, Inc., is the only concern manufacturing these items and as a result public advertising would appear to serve no useful purpose.

Respectfully,

LEO J. SULLIVAN,
Register of Deeds.

Boston, February 6, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

I hereby respectfully request from your Honor written authority to dispense with publicly advertising for bids and, following the effective date of the 1953 budget, to enter into separate contracts with the Recordak Corporation, 99 Bedford street, Boston, Mass., for the furnishing of microfilm in rolls at a cost of \$6.47 per roll and positive film print at 51 cents per foot to the Suffolk County Registry of Deeds, and with the Haloid Company, 141 Milk street, Boston, Mass., for the furnishing to this Registry of photocopy Duplex paper, in rolls, at \$45.45 per roll, and Record paper, in rolls, at \$31.90 per roll, both contracts being for the period commencing with April 1, 1953, and ending March 31, 1954.

The approximate total amounts contemplated for expenditure under the proposed contracts are, in the case of Recordak Corporation, based on an estimated requirement of 400 rolls of microfilm, 46,200 feet positive film print, plus up to a \$100 return shipping charge, a total cost of \$5,229, and in the case of the Haloid Company, based upon an expected need of 150 rolls of Duplex paper and 60 rolls of Record paper, \$8,731.50.

The aforementioned firms have supplied the Registry with most of these same materials for the past several years and their products have consistently been of the very highest quality. Furthermore, it has been found advantageous to use materials supplied by these firms as two photocopy machines in use at the Registry were acquired from the Haloid Company and a microfilm machine in use was purchased from the Recordak Corporation. In respect to the positive film prints, our experience has been that these prints whenever received from the Recordak Corporation have been most satisfactory as this firm has superb

equipment and personnel highly skilled in carrying out all the necessary operations in producing positive film prints.

Respectfully yours,

LEO J. SULLIVAN,
Register of Deeds.

OMIT AND SUBSTITUTE WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

D. A. Rossano Construction Company, Inc., has been directed to omit and substitute the following work under the contract for safety barriers in Wards 1, 3, 6, 13, 16, 18, 19, 20 and 22, dated November 3, 1952:

In South street, opposite No. 375, omit the furnishing and erecting of approximately 12 linear feet of chain link fence, 4-feet high, at \$2.80 per linear foot, and substitute the furnishing and erecting of two 3-inch end fence posts, for the sum of \$32.

Estimated cost of omitted work, \$33.60; estimated cost of substituted work, \$32; estimated decrease in cost, \$1.60.

EXTENSION OF CONTRACTS.

BOSTON CIVIL DEFENSE.

M. Solimando has been granted an extension of time for the completion of the contract for the alterations at the Civil Defense Control Center, George Robert White Schoolboy Stadium, by striking out the following date, August 31, 1952, wherever the same may appear in said contract or its specifications, and in place thereof insert January 21, 1953.

All other parts and provisions of the said contract will remain in full force and effect.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for an extension of time for the completion of the contract with S. M. Levin, Inc., for furnishing and delivering furniture to various schools, from February 1, 1953, to April 30, 1953. This extension was requested because of delays in completion of work due to adjustments having to be made.

Approval has been given for an extension of time for the completion of the contract with Johnson Painting and Construction Company for painting fire escapes, etc., at various schools in District 3, from December 31, 1952, to February 28, 1953. MUNICIPAL STANDARDS IMPROVED.

It is to be observed that municipal employees feel more secure in their jobs because of the extension of the merit system.

The competence of the individual municipal employee has continued to improve over a period of years.

Technical methods of accomplishing the tasks of the city have gone forward just as they have in private industry.

Specialists and technicians have been developed in the public service to carry forward the work of our municipalities.

The over-all administration of municipalities has become better as the years go by. This is particularly noticeable when comparisons are made between the situation in the early part of the century and the present day. Municipal government has gone forward with respect to efficiency, honesty, and public morality.

PROCEEDINGS OF CITY COUNCIL.

Monday, February 2, 1953.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p.m. President AHEARN in the chair. Absent, Councilors Hines and Ward.

The Reverend James H. Flanagan of St. Elizabeth's Catholic Church, Milton, was escorted to the rostrum.

INVOCATION BY REV. JAMES H. FLANAGAN.

Most High and Eternal Almighty God, Thy law, O Lord, is perfect, refreshing our souls; Thy commandments are firm, instructing our ignorance; Thy precepts are right, delighting our hearts; Thy commandments are clear, enlightening our eyes; fear of Thee is pure, enduring forever; Thy judgments are true and all just, more merciful than gold and sweeter than honey. May the words of our mouths and the meditations of our hearts be acceptable to Thee, O God. Upon Thy wisdom and love do we depend to fulfill the office Thou hast entrusted to us. By Thy doctrine, teach us. By Thy wisdom, enlighten us. By Thy charity, inflame us. By Thy patience, bear with us. By Thy meekness, draw us on. By Thy counsel, govern us. By Thy advice, may we direct all our actions in Thy holy inspiration to carry them out by Thy gracious assistance so that every prayer of ours may be always for thee and pray and by Thee be happily ended. Amen.

The meeting was opened with the salute to the Flag.

The following was received:

City of Boston.

The Mayor, February 2, 1953.

To the City Council.

Gentlemen: I transmit herewith communication from the Superintendent of the Boston City Hospital relative to your order of January 12, 1953, concerning the installation of milk refrigeration equipment contemplated in the remodeling of the cafeterias.

Respectfully,

J. B. HYNES, Mayor.

The Boston City Hospital,

January 30, 1953.

Hon. John B. Hynes,

Mayor of Boston.

Dear Mr. Mayor:

With reference to the order of the City Council of January 12, concerning the installation of milk refrigeration equipment which we contemplate buying for the storage of milk containers in the Cafeteria at the Main Hospital and the Sanatorium Division, this equipment is capable of dispensing milk in any type of package; therefore, it will be possible to use it for any type of package, and anyone will be able to bid and supply this milk.

Sincerely yours,

JAMES J. MANARY, Superintendent.

TRAFFIC LIGHTS IN ROSLINDALE AND WEST ROXBURY.

The following was received:

City of Boston.

The Mayor, February 2, 1953.

To the City Council.

Gentlemen: I transmit herewith communication from the Traffic Commissioner relative to your order of January 26, 1953, requesting a study for the installation of traffic signals and safety signs along Washington street in Roslindale and West Roxbury.

Respectfully,

J. B. HYNES, Mayor.

Boston Traffic Commission,

112 Southampton street,

January 29, 1953.

Hon. JOHN B. HYNES,

Mayor of Boston.

Dear Mr. Mayor:

With reference to the Council order dated January 26, 1953, requesting the installation of traffic signals at Beech street, Walworth street and Washington street, South street and Washington street at Irving W. Adams Park, and Archdale road and Washington street, I wish to report that it is the intention of the Traffic Commission to make an installation of signal lights during the coming year at Beech street, Walworth street and Washington street, and at Archdale road and Washington street.

An investigation will be made concerning the need for signalization of South street and Washington street at Irving W. Adams Park.

Respectfully yours,

WM. ARTHUR REILLY, Commissioner.

Placed on file.

SPECIAL POLICE OFFICER TO DEAL WITH JUVENILE DELINQUENCY.

The following was received:

City of Boston.

The Mayor, February 2, 1953.

To the City Council.

Gentlemen: I transmit herewith communication from the Police Commissioner relative to your order of January 26, 1953, requesting that a special police officer be assigned to be in charge of all juvenile cases in each division.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,

Office of the Police Commissioner,

January 30, 1953.

Thomas G. J. Shannon,

Chief Clerk, Mayor's Office.

Dear Mr. Shannon:

I am returning herewith order of the City Council dated January 26, as follows:

Whereas, the increasing number of juvenile crimes, many of violent nature, has been called to public attention; and
Whereas, the disposition of many of these cases, and the control of juvenile delinquency requires specialized supervision; therefore, be it resolved, That the Mayor be and he is requested to confer forthwith with the Police Commissioner to consider the advisability of assigning in each division of the Boston Police Department a special officer to be in charge of all juvenile cases occurring in the division."

I wish to state that there is nothing in connection with juvenile crimes that any regular police officer is not trained to handle. In addition, every division has detectives assigned, and they work with the Homicide Squad of our Bureau of Criminal Investigation whenever crimes of a homicidal nature occur. To specifically appoint a special officer to be solely charged with juvenile cases would, in reality, require three officers for that purpose in each division because of days off, vacations, sick or injured leave, etc.

Very truly yours,

T. F. SULLIVAN, Police Commissioner.

Placed on file.

LEASE OF SPACE IN CURTIS HALL TO U. S. GOVERNMENT.

The following was received:

City of Boston,
Office of the Mayor, February 2, 1933.
Gentlemen:

Through the efforts of the Superintendent of Public Buildings, George P. Donovan, the General Services Administration of the United States Government has agreed to pay an annual rental of \$1,462.50 for use of the third floor of Curtis Hall in Jamaica Plain. This space is now being used as a local draft board and heretofore has not paid any rent.

I transmit herewith the proposed order authorizing the making of a lease of the premises for the sum stated above.

I recommend adoption of the order by your Honorable Body.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Office of Public Buildings Department,
February 2, 1933.

HON. JOHN B. HYNES,

Mayor of Boston.

Dear Mr. Mayor:

One of the rooms on the third floor of Curtis Hall, 20 South Street, in Jamaica Plain, is presently occupied by the local draft board. The General Services Administration of the United States of America has requested that it be permitted to lease this room for draft board purposes for a term of one (1) year, commencing January 1, 1933, at the annual rental of \$1,462.50, and has forwarded to this department a printed form of lease for execution by the City of Boston.

An order of the City Council, approved by your Honor, is required to authorize this department to execute the lease.

Respectfully,

George P. Donovan,
Superintendent of Public
Buildings Department.

Whereas, The City of Boston is the owner in fee of premises at 20 South Street in the Jamaica Plain district of the City of Boston, known as Curtis Hall, in the care, custody, control, and management of the Superintendent of Public Buildings of the City of Boston; and

Whereas, The United States of America desires to lease a room in said building for office space and related uses; now, therefore, it is hereby

Ordered, That the Superintendent of Public Buildings of the City of Boston be, and he hereby is, authorized, with the approval of the Mayor of the City of Boston, to execute and deliver to the United States of America an indenture of lease whereby the City of Boston leases to the United States of America approximately six hundred fifty (650) square feet of space comprised in one un-numbered room at the northwest corner of the third floor in the building known as Curtis Hall, located at 20 South Street in the Jamaica Plain section of the City of Boston, Massachusetts, for the term of one (1) year beginning on the first day of January, 1933, for a yearly rental of fourteen hundred sixty-two and 50/100 (1,462.50) dollars renewable from year to year by the United States of America at the same rental, and The City of Boston to provide heat, water, and general janitor service, said lease to be terminable by the United States of America at any time upon thirty (30) days' notice. Said lease may contain such further terms and conditions as in the opinion of the Superintendent are required and not inconsistent with the foregoing.

Referred to the Committee on Public Lands.

NOTICE FROM STATE DEPARTMENT OF PUBLIC WORKS.

A communication was received from the State Department of Public Works transmitting copy of layout and order of taking for alterations in locations of sections of State Highway (John F. Fitzgerald Expressway).

Referred to the Committee on Licenses.

BUDGET FOR 1933.

(See issue of *City Record*, February 7, 1933 for balance of 1933 Budget detail.)

PERSONAL SERVICES

The increase in the item for Permanent Employees is due entirely to the recent amendment revising the County Classification and Compensation Plan for which an overlay of approximately \$30,000 is required. The balance is necessary to provide for the annual increments provided in the plan payable during the current year.

GENERAL ITEMS

The net increase in all other groups of the County Budget, with the exception of the Personal Services group, is approximately \$50,000 over 1932. This is accounted for by the increase in the Superior Civil Court budget for payments to jurors and masters and auditors. Provision has also been made for the additional requirements needed for expenditures for noncontributory pensions.

INCOME DEPARTMENTS

The Income Departments are self-supporting and do not require appropriations in the tax levy, and the amounts recommended are necessary to efficiently operate these departments.

PERSONAL SERVICES

The increase in the Personal Services item in these departments is due to the establishment of the Classification and Compensation Plan for which approximately \$30,000 overlay is necessary and the balance for the payment of the current increments payable in 1933 under the Compensation Plan.

GENERAL ITEMS

In the General Items in these departments reductions have been made in three groups and increases in two. The increases are necessary because of the estimated increases in cost for the payment of damages by the Water Division of the Public Works Department and the increased costs of noncontributory pensions.

APPROPRIATIONS AND TAX ORDERS FOR THE FINANCIAL YEAR 1933.

Ordered, That to meet the current expenses payable during the financial year beginning with the first day of January 1933, for performing the duties herein exercising authority by statute or ordinance, or by vote of the City Council during the year, upon the City of Boston, or County of Suffolk, the departments or officers thereof, the respective sums of money specified in the tables and schedules hereinafter set out, and the same are, hereby appropriated for the several departments and for the objects and purposes hereinafter stated.

Ordered, That the appropriation for Water Service, current expenses, and the payment to the state, under the provisions of chapter 488 of the Acts of 1895, and acts in addition or amendment thereto, and for the interest and debt required for requirements or for loans issued for water purposes, be met by the income of said works and any excess over income from taxes; that the appropriation for Printing Department be met by the department income and any excess over income from taxes; that the appropriation for the Summer Traffic Tunnel be met by the income from tolls and any excess over income from taxes, in accordance with the provisions of section 11, chapter 297, of the Acts of 1929, as amended by chapter 74 of the Acts of 1935; that appropriations for the maintenance and operation of parking meters and the regulation of parking and other traffic activities incident thereto, be met by the income from parking meter fees; that the other appropriations hereinafter specified be met out of the money remaining in the treasury at the close of business on December 31, 1932, exclusive of the money raised by loan or needed to carry out the requirements of any statute, gift, trust or special appropriation; by the income of the financial year beginning January 1, 1933; by taxes on the polls and estates in the City of Boston; and by the proceeds of any duly authorized loans.

Ordered, That all sums of money which form no part of the income of the city, but shall be paid for services rendered or work done by any department or division for any other department or division, or for any person or corporation other than the City of Boston, be paid into the general treasury, and that all contributions made to any appropriation be expended for the objects and purposes directed by the several contributors thereto.

Ordered, That all taxes raised to meet the appropriations of the city, and all taxes assessed for meeting the city's proportion of the state tax for the year 1933, or for any other taxes or assessments payable to the Commonwealth, shall be due and payable on July first, 1933. Interest shall be charged at the rate of 4 per cent per annum and computed from October first, 1933, on all real estate and personal property taxes remaining unpaid after November first, 1933, and assessed and payable in the year 1933, before said November first, 1933, until such taxes are paid. All interest which shall have become due on taxes shall be added to and be part of such taxes.

Ordered, That except as the appropriation for any purpose or item shall be increased by additional appropriations or transfers lawfully made, no money shall be expended by any department for any of the purposes or items designated in the tables and schedules hereinafter set out in excess of the amount set down as appropriated for such specific purpose or item.

Referred to the Committee on Appropriations and Finance.

The reports were accepted.

Report on order (referred January 16, 1950) that the Mayor study feasibility of setting up a new city department to be known as the City Architect Department—recommending no further action necessary.

On motion of Councillor Piemonte the order was referred to the Executive Committee.

INCREASED RAILROAD PASSENGER SERVICE FOR HYDE PARK.

Coun. JOYCE and PIEMONTE offered the following:

Ordered, that his Honor the Mayor be requested to contact the officials of the New York, New Haven & Hartford Railroad and urge them to increase passenger service over the Hyde Park line from Boston, to care for the increased population in that section of the city over recent years.

Passed under suspension of the rules.

STAIRWAY AT HYDE PARK RAILROAD STATION.

Coun. JOYCE and PIEMONTE offered the following:

Ordered, That the Building Commissioner be requested to direct the officials of the New York, New Haven & Hartford Railroad to repair, reconstruct and reopen the stairway leading from the outbound platform of the Hyde Park Station which has been closed for the past 18 months, so that this hazard to passengers using the facilities of the station may be eliminated.

Passed under suspension of the rules.

ADDITIONAL STORAGE OF INFLAMMABLE FLUIDS IN SOUTH BOSTON.

Coun. FOLEY offered the following four orders:

Ordered, That under section 17-F of the City Charter the City Council directs that the Director of Civilian Defense prepare and submit a report as to the advisability of permitting additional storage of inflammable fluids in the South Boston district, East First street area, as requested by the petition of the MTA—White Fuel Company—and that such report be submitted by February 9, 1953.

Ordered, That under Section 17-F of the City Charter the Boston City Council directs that the Boston Planning Board prepare and submit a report concerning the advisability of permitting additional fuel storage in South Boston, at East First street, as petitioned for by the MTA—White Fuel Company—and that said report particularly concern the question of the wisdom of the further encouragement of heavy industrial business in what is presently considered to be a residential area; and the advisability of such encouragement in an area within a short distance of extensive recreational facilities of Marine Park, and that such report be submitted by February 9.

Ordered, That his Honor the Mayor be requested to direct the Board of Street Commissioners to hold public hearing in the South Boston Municipal Building on some evening during the week of February 2 on the petition of the MTA—White Fuel Company for the additional storage of inflammable fluids on East First street, South Boston.

Whereas, There is presently before the Board of Street Commissioners a petition for the storage of additional oil in the East First street area of South Boston; and

Whereas, There has been testimony presented to the Board by competent military authority that such additional oil storage would be a serious military mistake; and

Whereas, Permission for additional oil storage in this area would go far toward converting a predominantly recreational and residential area into industrial uses; and

Whereas, Such grave planning and civilian defense questions transcend the usual responsibilities of the Board of Street Commissioners in the matter of permitting additional fuel storage; be it therefore

Resolved, That the Boston City Council requests his Honor the Mayor to personally interest himself in this matter; and to bring it to the attention of the Director of Civilian Defense and the Planning Board for such advice as they may have to offer in the matter within their respective areas of responsibility.

Severally passed under suspension of the rules.

STATUS OF NOYES PLAYGROUND, EAST BOSTON.

Coun. FOLEY offered the following:

Ordered, That the Board of Park Commissioners direct to prepare and submit a report to the Boston City Council concerning the present and future status of the Noyes Playground in East Boston, such report to be particularly directed toward informing the Council as to:

1. When such construction as is contemplated will be completed on the playground.

2. When the actual maintenance of the playground will pass from the hands of the Commonwealth of Massachusetts.

Resolved, That what part of body such care and maintenance will be assigned.

Passed under suspension of the rules.

APPLICATION OF REVENUE FROM PARKING METERS.

Coun. FOLEY offered the following:

Ordered, That the Corporation Counsel be requested to furnish an opinion as to the interpretation of the following phrase in section 22-A, chapter 40 of the laws of the Commonwealth of Massachusetts: "the regulation of parking and other traffic activities thereto" that particular attention be given in such report to the question as to whether such phrase or any other language in chapter 40, section 22-A, would permit the application of revenue from parking meters toward the operating expenses, in whole or in part, of the Boston Traffic Commission and the Traffic Division of the Boston Police Department.

Passed under suspension of the rules.

DISCONTINUANCE OF MUNICIPAL EMPLOYMENT BUREAU AND STATISTICS DEPARTMENT.

Coun. PIEMONTE offered the following:

Whereas, Some of the members of the City Council at the budget hearings of last year suggested the advisability of discontinuing the Municipal Employment Bureau and the Statistics Department; and

Whereas, The Mayor has indicated by recent press releases that no impairment of services would be effected by the discontinuance of said departments; and

Whereas, Under the provisions of the charter and practice, the City Council does not take action on the budget before April, even though the fiscal year begins in January; therefore be it

Resolved, That in the interest of economy his Honor the Mayor discontinue the aforesaid departments forthwith.

Coun. PIEMONTE moved to suspend the rules. The motion was lost. The resolution was assigned to the next meeting.

ANNUAL LIST OF CONSTABLES, NOT AUTHORIZED TO SERVE CIVIL PROCESS.

Coun. HAILER called up, under unfinished business, No. 1, on the Calendar, viz.,

Annual list of appointments by the Mayor of constables not authorized to serve civil process and to serve without bond.

On motion of Councillor White the list of appointments was referred to the Executive Committee.

FINANCIAL EXPERT TO AID COUNCIL IN STUDY OF BUDGET.

Coun. FOLEY moved that the order referred February 29, 1952, providing for the services of a financial expert to assist the Council in its examination of the annual budget, be recalled from the Committee on Rules.

The motion was lost.

Adjourned at 4.45 P.M., on motion of Councillor White, to meet on Monday, February 9, 1953, at 2 P.M.

Note: All debate of City Council eliminated from proceedings in accordance with Chapter 447, Acts of 1947.

(Stenographic copy of such debate on file in office of City Clerk.)

POLICE DEPARTMENT ORDERS.

General Order No. 1729.

RULES AND REGULATIONS RELATING TO HACKNEY CARRIAGES.

Office of the Police Commissioner,
154 Berkeley Street,
February 12, 1953.

In accordance with provisions of section 1 of chapter 392, Acts of 1930, as amended, Rule 65 of the Police Rules and Regulations relating to hackney carriages established by the Police Commissioner for the city of Boston is hereby amended as follows:

STRIKE OUT SECTION 8 as it now appears on pages 95 and 96, and insert in place thereof the following new section; effective FEBRUARY 16, 1953.

RATE OF FARE.

8. Every licensed hackney carriage, operating as a taxicab, shall contain a card showing the rate of fare that the particular cab is operated under and approved by the police commissioner and recorded in the office of the inspector of carriages. The card shall be displayed on the interior of the vehicle in clear view of the passenger and so placed or secured in the frame in which it is enclosed that it may not be easily muted or destroyed. Said rate shall be uniform for all licensed taxicabs, namely:

Thirty-five (35) cents for the first two-sixths mile or fraction thereof; five (5) cents for each additional one-sixth mile or fraction thereof.

Waiting time shall include all time during which the vehicle is not in motion, beginning after its arrival at the place to which it has been called, and the party engaging same has been notified.

A charge of ten (10) cents for each three minutes may be made. But no charge shall be made for time lost through the inefficiency of the vehicle or its driver, or for time between premature arrival in response to a call and the hour for which the vehicle was ordered.

Hand baggage may be carried by passengers without charge.

The carriage of trunks shall be optional with the person in charge of the vehicle, but if carried, the charge shall be fifty (50) cents for each trunk.

An additional charge in an amount equal to a single vehicle toll may be made when operating through the Summer Tunnel or over the new Mystic River Bridge.

All rules and regulations inconsistent herewith are hereby repealed.

BOARD OF ELECTION COMMISSIONERS.

PROPOSALS FOR TRANSPORTATION OF VOTING MACHINES WITHIN THE CITY OF BOSTON.

The Board of Election Commissioners of the City of Boston, Room 111, City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest, to the extent of at least one-half thereof, is owned by a citizen or citizens of the United States, for the transportation of voting machines within the City of Boston. A bond will be required for doing the work by a surety company approved by the Board in the sum of \$1,000, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 111, City Hall Annex. Each proposal should be enclosed in an envelope, sealed and marked "Proposal for Transportation of Voting Machines," and left at Room 111, first floor, City Hall Annex, before 12 M. on Tuesday, February 24, 1953, with a certified check for two hundred (200) dollars, payable to and to become the property of the city if the proposal, after acceptance, is not carried out. The proposal will then be publicly opened and read in Room 111, City Hall Annex.

The proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor, previous to the time named for opening the bids.

The Contractor must prove to the satisfaction of the Board that he has complied with all the laws and regulations of the Department of Public Utilities relating to the carrying on of the work under the contract. Before commencing the performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (Worcester's Compensation Law, so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as it deems best.

PROPOSALS FOR SEWERAGE WORKS AND WATER MAINS IN ALWIN STREET, ALWIN COURT, ALWIN TERRACE, PRIVATE LANE, AND OUTLET IN TURTLE POND PARKWAY, HYDE PARK.

The Commissioner of Public Works of the City of Boston, office 508 (Contract Office), City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least one half thereof is owned by a citizen or citizens of the United States for sewerage works and water works in Alwin street, etc., Hyde Park. A bond will be required for doing the work of a surety company approved by the Commissioner of Public Works to the amount of the contract, to secure the due performance of the contract and the full protection of the city.

Forms of proposal may be obtained at Room 508 (Contract Office), City Hall Annex. Each proposal must be enclosed in an envelope, sealed, and marked "Proposal for Sewerage Works and Water Works in Alwin Street, etc." and left at Room 508, fifth floor (Contract Office), City Hall Annex, before 12 M. of THURSDAY, MARCH 5, 1935, with a certified check for TWENTY-FIVE HUNDRED (\$2,500) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

MAYOR JOHN B. HYNES INAUGURATES CAMPAIGN FOR AID TO BLIND BY SETTING ASIDE A "BE THANKFUL YOU CAN SEE WEEK"—ADDRESSES BOSTON LIONS CLUB ON NEEDS OF AFFLICTED FELLOW CITIZENS AND APPEALS TO ALL TO AID IN SECURING FUNDS TO CARRY ON GREAT AND NEEDED WORK.

During the "Kick-off" luncheon on Wednesday, February 11, to start the campaign for a "Be Thankful You Can See Week," Mayor John B. Hynes was the guest speaker. At this meeting, also, a mailing list of some 38,000 names was selected for an appeal for funds for eye research by means of sight-saving seals.

In his address Mayor Hynes spoke as follows:

Fellow Lions:

I am especially happy to be with you at your luncheon today, since, as an honorary member of the Boston Lions Club, I have been pleased to officially declare the week of February 15 "Be Thankful You Can See Week."

I am well aware of the fact that work with the blind has long been a primary project with Lions Clubs all over this

MAYOR HYNES HEADS DELEGATION OF MEMBERS OF AMERICAN MUNICIPAL ASSOCIATION AT CONFERENCE WITH PRESIDENT EISENHOWER ON PROBLEMS OF RELATIONSHIP BETWEEN FEDERAL AND MUNICIPAL GOVERNMENTS.

Mayor Hynes was the principal speaker during the conference in Washington on February 9 with President Eisenhower on topics pertaining to the relationship of the municipalities of the country with the federal government.

Representing the Association at the conference also were: Mayor William B. Hasfield, Atlanta, Georgia, president; Mayor A. E. Cobo, Detroit, Michigan, past president; Mr. Carl H. Chatters, executive director; and Mr. Randy H. Hamilton, director of the Washington office.

The American Municipal Association, through its direct and federated membership, represents 12,000 municipalities from 42 states. The Association was established in 1924. With respect to certain federal-city problems, the As-

BUILDING CONSTRUCTION IN BOSTON FOR 1952 OVER \$7,000,000 LESS THAN IN 1951—BUILDING DEPARTMENT MAKES FIGURES PUBLIC IN REPORT TO MAYOR JOHN B. HYNES—REVENUES, HOWEVER, WERE \$6,000 MORE, DUE TO INCREASE IN FEES—GRAND TOTAL IN 1951 WAS \$68,183,386—IN 1952, \$60,953,152—405 SINGLE-FAMILY DWELLINGS ON LIST—GARAGES AND MANUFACTURING BUILDINGS AND OTHER STRUCTURES LISTED.

According to figures compiled by the Building Department and submitted to Mayor John B. Hynes there was over \$7,000,000 less construction in the City of Boston during the year 1952 than in 1951 though the department revenue amounted to \$6,000 more in 1952 than in 1951. This is attributed to the increase in the fees for last year over those of the year preceding.

In 1951 the grand total of all construction work amounted to \$68,183,386 for 1951, as against \$60,953,152 for last year. For 1952 there were 5 amusement or recreation places, theaters, halls, or movies constructed or rebuilt, 2 churches, 405 single-family dwellings, 29 two-family structures, 71 buildings for four or more families, 97 garages or repair shops, 11 lodging houses, 11 manufacturing buildings, 47 mercantile buildings, consisting of stores, restaurants, etc., 11 office and bank buildings, and other miscellaneous structures, bringing the grand total to 751.

The list of building construction projects involving an expenditure of \$100,000 or more for which applications were filed with the Building Department of the City of Boston during the year ending December 31, 1952, and their costs were as follows:

MAYOR PROCLAIMS "BE THANKFUL YOU CAN SEE WEEK."

(Continued from page 193.)

great nation of ours. I am also aware of the fact that right here in the greater Boston area we have outstanding facilities and institutions for work with the blind. Our Massachusetts Eye and Ear Infirmary is one of the world's greatest centers for the treatment of diseases of the eye and for the training of the eye doctors of the future.

The splendid work done at Perkins Institute in Watertown is well known to us all. We hail the efforts of the selfless generous people who work with the Protestant and Catholic Guilds for the Blind and with the Boston Jewish Aid to the Blind Guild.

Let us look for a moment at this crushing problem of blindness. Imagine what it would mean to spend the rest of our lives without the blessing of sight. To be sure, many people can and do make fine adjustments to this burden, as we have seen from the heartening example given by the talented group of young musicians from the Perkins Institute. Let's give our orchestra from Perkins Institute a rising and rousing vote of thanks.

Let us face a few facts—disturbing as they may seem. Sometimes it does us good to be disturbed about facts. Then we do something about them. To me, and to many others, it is an alarming fact that last year it was necessary to spend some \$120,000,000 for rehabilitation work with the blind. At the same time, the relatively small sum of \$400,000 was spent on that type of eye research

which could do so much to prevent blindness in the future. Eye research simply has not kept pace with research in the other fields of medicine, and the reason for this shocking lag becomes apparent when one studies the problem. So much emphasis has been laid on the rehabilitation work that funds have been woefully lacking for urgently needed research.

Let us face a few more facts. Rehabilitation work will always be needed. There are certain types of blindness which we may never be able to conquer. But, by the same token, it was only a few short years ago that medical men felt the same way about many medical problems which have since yielded to strong research programs. Modern techniques in the treatment of blindness, both medical and surgical, offer great promise. But think of the promise that we might hold out to the generations of the future if we were able to spend more time and more money in attacking the basic causes of blindness and seeking lasting or at least temporary relief from this heart-rending disability.

Within recent years a new threat has appeared on the horizon—infant blindness, which strikes 2,500 new babies each year. There are not more than ten men in the whole United States doing half-time research on this problem, and yet the cost to government and charitable institutions for caring for these babies over their life span reaches staggering proportions.

It is just plain good economy to spend money now so that it will be possible to spend far less money in the future for the care of these blind babies. It has been estimated that it could cost as much as \$1,250,000,000 on the part of

the government and local charities to care for the children born blind over a ten-year period.

So we have faced some facts. You fellow Lions know these facts. And together we are going to do something about these facts. Your Sight-Saving Seal Committee can be seen as the entering wedge in what must be a far-reaching campaign that will produce the finest type of results. You Lions who are so conversant with the problem will, of course, give generously to this most worthy of causes. You will help too, to persuade your many friends and acquaintances to do likewise. Through the efforts of your Sight-Saving Seal Committee you will be reaching thousands of others who have been generous givers to like causes in the past. You are on the right track. You have the right idea and, I am sure, the determination to carry it through. With all of my heart I wish you Godspeed and good results.

MAYOR HEADS DELEGATION AT CONFERENCE WITH PRESIDENT.

(Continued from page 193.)

sociation expressed its belief during the interview with President Eisenhower on the following items:

1. *A Commission on Intergovernmental Relations.* Municipal officials want the Commission. For years they have considered it as the only solution to federal-state-local problems. In discussions on this subject they must be represented directly by municipal officials.

2. *Impact of Defense Activities on Local Communities.* Many local communities are overrun by armed service installations or defense plants. Federal fiscal help has been given to the schools in such areas, but other local services such as police, fire, health, and water need aid just as badly. Two other problems are related. The defense establishment is extending the amount of property exempt from local taxation. Many large defense plants had been paying taxes for many years until 1951; payment has stopped without notice in 1952 and 1953. This throws a heavy burden on some places—none on others. This movement, and exemption of other federal property from local taxes, needs careful study. Some places need immediate action.

3. *Civil Defense.* Municipal officials are willing to assume their share of responsibility but they believe civil defense is an integral part of national defense and cannot be properly considered otherwise. Municipalities want (1) better federal leadership, (2) direct dealings between the Federal Civil Defense Administration and the target areas and (3) an indication that the federal government considers civil defense important.

4. *Highway Construction.* The highway and traffic problem is most urgent in the cities. Federal funds collected from motor vehicle users should be spent in greater proportion on the federal aid highway system, particularly on the bottlenecks in the cities. In 1952 there were 38,000 persons killed in highway accidents. States and localities are primarily responsible, but continued improvement of the federal aid highway system will help.

5. *Social Security.* The American Municipal Association believes that federal old age and survivors' insurance should

be available to all municipal employees who want to come into the system. Legislation is needed.

6. *Airport Construction and Operation.* The federal interest in a national system of airports is strong enough to warrant continued encouragement of local airport construction and operation according to a national plan.

7. *Tidelands.* The American Municipal Association has consistently taken the position over a long period of years that title to such lands and the underlying natural resources belong to the states and local governments. Legislation is urged similar to the Holland Bill adopted by the 82nd Congress.

CIRCULAR LETTER NO. 6.

CITY OF BOSTON,
MAYOR'S OFFICE, February 16, 1953.
To All Department Heads.
GENTLEMEN:

On Monday, March 9, 1953, and also on Monday, March 16, 1953, small groups of students and their faculty advisers from ten Boston high schools and from ten high schools in surrounding towns will participate in the Massachusetts Schools Student Government Exchange. As an essential part of this intensive study of municipal government, these students will visit certain City of Boston departments between the hours of 2:30 P.M. and 4 P.M. on the above-named dates.

In preparation for these visits, I urge your cooperation with Mr. Thomas J. Curtin, Director of American Citizenship, of the Massachusetts Department of Education, and Mr. William J. Reid, of the Boston School Department. They will ask your assistance in planning the schedules and in making any other necessary arrangements. I have assured them of my approval of this highly interesting educational program.

Sincerely yours,

J. B. HYNES,
Mayor.

AMENDED DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of August 23, 1951, as amended, determining damages caused by the making of the public improvement consisting of the laying out of Fowle street, be, and the same hereby is, amended, by adding to said order the amount \$225, as an award to Gertrude F. and Wilhelmina C. Orrall; that the amount \$225 be, and the same hereby is, awarded to Gertrude F. and Wilhelmina C. Orrall for the damages so sustained.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor has approved contracts with commercial houses, supply houses, contractors, etc., for furnishing labor, supplies, etc. Communications from the heads of departments interested were as follows:

HOSPITAL DEPARTMENT (Sanatorium Division).

Boston, February 12, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

We respectfully request your permission to dispense with publicly advertising for bids and to award a contract to F. S. Payne Company, 291 Congress street, Boston, Mass., for maintenance of two Payne dumb-waiters and one Payne push-button passenger elevator, located at the Sanatorium Division of the Boston City Hospital, for the period commencing on April 1, 1953, to March 31, 1954, inclusive, at a monthly cost of \$107, the total cost for the contract period not to exceed the sum of \$1,284.

This company is in the unique position of having both manufactured and installed the elevator and dumb-waiters and has access to all the necessary parts, material, and employs the skilled personnel essential to properly carry out its services as provided for in the proposed contract.

It is the opinion of the Board of Trustees that the interests of the city will best be served by awarding the contract, without advertising, to the F. S. Payne Company, and the Board is further of the view that, in the light of all of the circumstances, nothing would be gained by publicly advertising for bids for this work.

Respectfully yours,

MARY MOORE BEATTY, M.D.,
Assistant Superintendent.

Boston, February 12, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

We respectfully request your permission to dispense with publicly advertising

for bids and to award a contract to Otis Elevator Company, 130 Clarendon street, Boston, Mass., for maintenance of two Otis push-button electric passenger elevators, one Otis car switch electric passenger elevator and one Otis push-button electric dumb-waiter, located at the Sanatorium Division of the Boston City Hospital, for the period commencing April 1, 1953, to March 31, 1954, inclusive, at a monthly cost of \$198, the total cost for the contract period not to exceed the sum of \$2,376.

This company is in the unique position of having both manufactured and installed the elevators and dumb-waiter and has access to all the necessary parts, material, and employs the skilled personnel essential to properly carry out its services as provided for in the proposed contract.

It is the opinion of the Board of Trustees that the interests of the city will best be served by awarding the contract, without advertising, to Otis Elevator Company, and the Board is further of the view that, in the light of all of the circumstances, nothing would be gained by publicly advertising for bids for this work.

Respectfully yours,

MARY MOORE BEATTY, M.D.,
Assistant Superintendent.

OVERSEERS OF PUBLIC WELFARE.

Boston, February 11, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

Referring to my letter of January 13 wherein you approved this department negotiating a contract with Mrs. Rose Weston Bull to write and edit the annual report in addition to other duties which may be assigned to her, I inadvertently omitted a request that public advertising in connection with this contract be dispensed with for the reasons set forth in my original letter.

May this department, therefore, have approval, without advertising?

The contract is to be negotiated on a six-month basis, the total cost to be twenty-five hundred (2,500) dollars, payment to be made monthly at the rate of \$416.66.

Very truly yours,

WILLIAM G. O'HARE,
Secretary.

PUBLIC WORKS DEPARTMENT.

Boston, February 11, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Civil Service Director is going to hold an open competitive examination for the position of assistant electrical engineer in the Paving Service of this department, on Saturday, March 7.

The above-referenced position is more accurately described as a street lighting engineer, the filling of which, in my opinion, is most essential to the proper functioning of the Street Lighting Section of the Paving Service. The examination is being held at my request, for the reason that there are no qualified engineers in the lower grades in this department capable of filling said position.

In order to reach as many prospective applicants as possible, I feel that we should place an advertisement in the four Boston newspapers, calling to the attention of electrical engineers the ex-

amination that is to be held. The cost of the four advertisements will total approximately \$220. I feel that such an expenditure will prove most beneficial to the department, in that the ad will reach a large number of qualified engineers who would not be reached through the normal procedures followed by the Civil Service Director in posting notices for such examinations at the State House, City Hall, and other similar locations.

I respectfully request, therefore, that you authorize the above-described paid advertisements to appear in next Thursday's issue of the *Boston Globe*, *Boston Herald*, *Boston Post*, and *Boston Advertiser*, and that you authorize the expenditure of approximately \$220 to pay for the cost of same.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for the extension of the time of completion of the contract with S. M. Levin Company, Inc., for furnishing and delivering filing equipment to 15 Beacon street from February 28, 1953, to April 30, 1953. This extension was requested because of delay in receiving equipment from factory.

Approval has been given for the extension of the time of completion of the contract with R. Tweed & Son for exterior painting, including fire escapes, at the Roger Wolcott School from February 15, 1953, to April 30, 1953. This extension was requested because of delays on account of inclement weather.

Approval has been given for the extension of the time of completion of the contract with National Painting Company for painting fire escapes, etc., at various schools in District 5 from February 28, 1953, to April 30, 1953. This extension was requested because of delays on account of inclement weather.

PARK DEPARTMENT.

Eugene R. Eisenberg, Inc., has been granted an extension of time until March 25, 1953, for the completion of the contract for constructing a sanitary and locker building at the William J. Barry Playground, Charlestown.

AMENDED DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of August 31, 1950, as amended, determining damages caused by the making of the public improvement consisting of the laying out of Savin Hill court, be, and the same hereby is, amended, by adding to said order the amount \$275, as an award to Mary A. Behan; that the amount \$275 be, and the same hereby is, awarded to Mary A. Behan for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of January 18, 1952, as amended, determining damages caused by the making of the public improvement consisting of the laying out of Manchester street, be, and the same hereby is, amended, by adding to said order the amount \$120, as an award to Anthony D. and Ester Tieso; that the amount \$120 be, and the same hereby is, awarded to Anthony D. and Ester Tieso for the damages so sustained.

PROCEEDINGS OF SCHOOL COMMITTEE.

Jan. 5, 1953.

The meeting for organization of the School Committee of the City of Boston for the current municipal year was held in the Administration Building., 15 Beacon Street, at 12:30 P. M.

Dr. Foley: Under the provisions of Chapter 376 of the Acts of 1951—An Act Amending and Clarifying Certain Sections of the Act Providing Three Optional Plans of City Government—the membership of the School Committee for the year 1953 is: Mr. William F. Carr, Miss Mary K. Fitzgerald, Dr. Patrick J. Foley, Mrs. Alice M. Lyons, and Mr. Isadore H. Y. Muchnick.

The first meeting of the year of the School Committee is held for the purpose of organization of the body. I am presiding as Chairman pro tempore, being the member whose original election is of the earliest date. The first business before the Committee will be the election of a Chairman.

ELECTION OF CHAIRMAN

The Committee proceeded to the election of Chairman, and the Secretary was directed to call the roll.

Miss Fitzgerald: Mr. Chairman, just as a matter of clarifying the procedure, does one on this vote, when Miss Reynolds calls the roll, present the nomination?

Dr. Foley: You can nominate or you can vote as your name is called. I think we have always voted as our names are called without nominations. If that is agreeable to the Committee, we will proceed under that plan. I think the first name to be called is Mr. Carr.

Mr. Carr: Mr. Chairman, would it facilitate or clarify matters if we offered nominations previous to the vote?

Dr. Foley: You can if you see fit. It doesn't make any difference. We have always proceeded under the plan of the Secretary calling the roll and the members voting as to their choice for Chairman. Is that correct Miss Reynolds?

Secretary: Yes, as far as I recall it has always been an election without nomination.

Dr. Foley: And the member would give the name of the person whom he felt should be Chairman of the Committee; however, if it is the will of the Committee and if you wish to nominate, the Chair is open to suggestions. If not, we will proceed in the usual manner of business.

Hearing no objections, the Secretary will call the roll.

Secretary: As the roll is called, you will vote for the person whom you wish to be Chairman.

Mr. Carr: Mr. Chairman, I would like to state at the outset that inasmuch as the people of Boston a year ago saw fit to endorse my candidacy with close to 109,000 votes, which in totaling the votes was a majority of close to 9000 over the second candidate elected to this School Committee, I feel that it is an obligation upon my part.

I look upon this vote that the people gave me as a mandate of the people and as a result of that I feel obliged to allow my name to be put forth as a candidate for the Chairmanship. Therefore I take great pleasure in voting for William F. Carr.

Miss Fitzgerald: I should like to vote for Mr. William F. Carr as Chairman of the Boston School Committee and to place on the record my reasons for doing so.

He has a degree of Master of Education, making him the only professionally qualified educator on the Committee. He has faced at first hand the problems of the classroom. From his experience in the Legislature as Chairman of the Committee on Mercantile Affairs, he has a knowledge of orderly procedures and conduct at meetings.

Just a year ago, having been honored by the people of Boston with the highest number of votes ever received in the history of the School Committee by any member, my candidate modestly renounced his just claim to the Chairmanship and he himself nominated the Chairman who has acted during the past year.

I honor him for his modesty. I know him as conscientious, sympathetic, kind, understanding, and above all a man with leadership qualities.

I feel it to be my obligation to the people of Boston to vote for a man for Chairman of the School Committee who has given service above and beyond the call of duty to the school children of Boston, whose attendance record in a year when there have been a record number of school committee meetings has been practically perfect.

My friend and colleague, Mr. William F. Carr.

Dr. Foley: I am voting for Mr. Muchnick.

Mrs. Lyons: Mr. Muchnick.

Mr. Muchnick: Mr. Chairman, I am very grateful to you and Mrs. Lyons for a vote of confidence and for the chance to succeed myself in the position of Chairman of the School Committee. However, there are others on this School Committee who are at least as well qualified as I to serve in this important post, and probably more qualified.

In view of that, and in view of my feeling that it is only fair and proper that other qualified persons undertake the honor and the responsibility of the Chairmanship, and that no Chairman should succeed himself or herself

in this particular position, I would like to be recorded as voting Present.

Dr. Foley: The ruling of the Chair is that two votes are for Mr. Carr and two votes are for Mr. Muchnick. There is no majority. The Secretary will again call the roll and see if it is possible to break the tie vote and elect a Chairman for 1953.

Mr. Carr: Mr. William F. Carr. Miss Fitzgerald: Mr. William F. Carr.

Dr. Foley: Mrs. Lyons. Mrs. Lyons: Mr. Chairman, I would like to reserve my right to vote at the end of the roll.

Dr. Foley: Any objections to Mrs. Lyons' reserving her right to vote? No objection. Mrs. Lyons will vote at the end of the roll.

Mr. Muchnick: I have every confidence, based on the experiences of the past year, that Mrs. Lyons will be an excellent chairman for the School Committee. I am pleased to vote for Mrs. Lyons.

Mrs. Lyons: Mr. Chairman, I had not thought by my own vote to become Chairman of this Committee, since such an honor would better come from others; but to insure a continuance of the splendid work accomplished in this past year by the majority of the members of this Committee and to provide for the completion of a well thought out program devised to benefit the 90,000 or more children under our care, I am casting my vote, though with great reluctance to be sure, for Alice M. Lyons.

Dr. Foley: Inasmuch as the majority has voted for Mrs. Alice M. Lyons as Chairman of the Boston School Committee, I am pleased to present the gavel for the 1953 Boston School Committee to Chairman-Elect Mrs. Alice M. Lyons.

Mrs. Lyons assumed the chair.

STATEMENT OF THE CHAIRMAN

Mrs. Lyons: Thank you, Dr. Foley. I am sincerely grateful to the members of this Committee for choosing me for their Chairman, and may I ask your wholehearted support, counsel, and co-operation in solving whatever problems may confront us in the year ahead.

During the past year this Committee, under the leadership of our former Chairman, Mr. Muchnick, achieved an enviable record familiar to all.

Outstanding was the establishment of the beginning of the single salary schedule, transfer of the Boston Teachers College to State control and support, tripling the annual expenditure for text books, greatly reducing the cost of the lunch room program by carrying out suggested economies, arranging for a survey for consolidation now being conducted by the Center for Field Studies at Harvard University, which we feel will re-

sult in better educational facilities and the saving of thousands of dollars.

Truly it may be said of Mr. Muchnick that he is a leader who has given unstintingly of his time and ability in order to eliminate unsound, inefficient, and uneconomical practices in our school system; and for this effort, I, as the new Chairman, wish to express to him our sincerest thanks.

Before us is the need for certain other changes or modifications which have been apparent over the past several years. It is hoped that all personnel, both on the administrative and on the teaching level, will participate in this program whenever called for. Improvements stemming from such recommendations should benefit in the long run our entire study body, such recommendations being:

1. The next step in the single salary schedule, to be accomplished by elimination of waste and without increasing the tax burden.

2. Put into effect those recommendations of the Chairman adopted by the School Committee in January and February of 1952 which have not as yet been accomplished.

3. The survey of non-academic personnel at the earliest possible date.

4. Monthly press conference. With the beginning of the new year the Boston School Committee, in an effort to better acquaint the citizens of Boston generally with the activities, purposes, and functions of the Boston School system, will hold a regular monthly press conference. The press conference will be held just prior to a regularly scheduled School Committee conference and meeting, and representatives of all the daily and weekly newspapers in Greater Boston are cordially invited to attend.

It is hoped that all members of the School Committee will endeavor to attend the press conferences, and questions and inquiries are invited by the members of the press. The Boston School Committee will endeavor to keep the press informed on all major changes in policy affecting the School system and School Department personnel.

5. To support legislation calling for the abolition of the Department of School Buildings and placing the responsibility for the maintenance of school building directly under the School Committee where it belongs and where it is entrusted in every other major city.

6. An investigation of the Board of Commissioners of School Buildings and the Superintendent of Construction to determine whether they have been showing favoritism to certain contractors through gift contracts, splitting contracts to avoid competitive bidding, and using money appropriated by this Committee wastefully and inefficiently.

7. To support also all of the legislation affecting our schools, including legislation which will allow the School Committee a bond issue to the amount of \$15,000,000 to build new schools where they are needed and remodel and clean up our old schools which will serve us for some years to come.

8. To request all Home and School Associations to have at least one representative, and that representative a parent, at each and every School Committee meeting so that they may have a better understanding of what is being done by the Committee to improve the school system both academically and financially.

I am aware that progress in a school system of this size can be realized only when all school personnel co-operate and constantly work towards the improvement of the all over program. To them and to all others, I express the sincere hope that this coming year will contribute in no small measure to the goal of making the Boston Public School System the finest possible.

ELECTION OF TREASURER

The Committee proceeded to the election of a Treasurer and the Secretary was directed to call the roll.

The members, at their names were called, respectively voted as follows:

For DR. PATRICK J. FOLEY

—Mr. Carr and Mr. Muchnick 2

For WILLIAM F. CARR—Miss Fitzgerald, Dr. Foley, and Mrs. Lyons—3.

Mr. William F. Carr was declared elected Treasurer of the Corporation.

ADOPTION OF RULES AND REGULATIONS

The following two orders were offered:

ORDERED. That the Rules of the School Committee, and the Regulations of the Public Schools of last year which involve the expenditure of money, are hereby adopted for the present year until otherwise ordered.

ORDERED. That the Rules of the School Committee and the Regulations of the Public Schools of last year which do not involve the expenditure of money, are hereby adopted for the present year until otherwise ordered.

Mr. Muchnick: Madam Chairman, consistent with the orders adopted last year, I offer the following:

ORDERED. That until such time as the revision of the Rules and Regulations shall have been presented for final approval, they be amendable or waived or suspended by majority vote of the Committee rather than, in some instance, a four-fifths vote.

Miss Fitzgerald: Madam Chairman, I would very firmly disagree with that kind of procedure. I

think that the Rules and Regulations are tremendously important and ought not to be too easily revised before we have made a complete study of that situation. I would hope that the members would not vote for any such procedure.

Mrs. Lyons: Are there any other objections to Mr. Muchnick's motion? If not, will you call the roll, Miss Reynolds?

On roll call, the three orders relating to the Rules and Regulations passed by the following vote:

YEAS—Dr. Foley, Mr. Muchnick, and Mrs. Lyons—3.

NAYS—Mr. Carr and Miss Fitzgerald—2.

Mr. Carr: Madam Chairman, I have a question. Miss Reynolds, is there a question, in your opinion, whether that motion requires a four-fifths or three-fifths vote?

Secretary: I cannot say but I wondered if it did require a four-fifths vote. There might be something in the Rules that would require that it be a four-fifths vote, but I do not know.

Miss Fitzgerald: Miss Reynolds, if there is any doubt in your mind about that question, would you write to the Corporation Counsel for his opinion as to whether that should be enforced by a three to two vote instead of a four-fifths vote—that particular change?

Mr. Muchnick: Madam Chairman, I have no objection whatsoever to the Corporation Counsel being consulted about this; but in view of the fact that that motion, or one very similar to it, was adopted last year, that would remain in effect until changed anyway.

Mrs. Lyons: I believe that those are the rules that we proceeded under last year, and I think that if there was anything wrong with them at that time we would have been notified about it. In fact, I think there was some question last year as to that, and it was pretty well straightened out that a majority was all that was necessary.

Secretary: I questioned it because I was not sure.

Mrs. Lyons: As far as the Chair is concerned, I feel that that motion is passed.

Mr. Carr: Madam Chairman, is there any objection to getting the opinion of the Corporation Counsel, inasmuch as it might settle a doubt in the minds of some of your members?

Mrs. Lyons: No, I think that is perfectly all right, Mr. Carr, if you would like the Corporation Counsel to give us an opinion on it. Miss Reynolds can write to him and he will let us know.

Miss Fitzgerald: Madam Chairman, it seems to me that it might take some time to revise the rules and regulations. It might even take a year. It seems to me that to have the rules and regulations changed by three members only, when two members violently object to certain changes—in other words, to disenfranchise two members on a

thing which is as important as the rules and regulations governing the conduct of the schools especially in view of the fact that all members were elected to represent the people of Boston in the School Committee—is something I very seriously object to, and I would like to have my objection entered.

Mrs. Lyons: Miss Fitzgerald, I don't think that it will take anywhere near that length of time to revise the rules. It is not a major project at all. It will take some time, but it certainly will not take that length of time. I think probably a couple of months at the very most would be all, and I do not see why it could not be done in a month.

Miss Fitzgerald: I would earnestly hope that you as Chairman would try to facilitate matters and speed up this revision if there is delay.

Mr. Muehnick: Madam Chairman, I am concerned, for one, with Miss Fitzgerald's suggestion that doing it this way might disenfranchise two members of the Committee, but I am more concerned with the possibility that doing it in the manner suggested by Miss Fitzgerald might disenfranchise three members of the Committee, and on that theory it seems perfectly clear that three members should not lose their franchise or right to vote or amend or do anything else under our rules and thus in effect disenfranchise the citizens of Boston by the possibility—and I know how remote it is—of having the will of whichever three people happen to be a majority on any particular issue thwarted.

Mr. Carr: Madam Chairman, inasmuch as two members are concerned about the disenfranchising of the members of your Committee, I suggest that we leave it as it is until such time as the rules are revised and completed.

Mrs. Lyons: You mean by majority vote?

Mr. Carr: Leave it just as it is now.

Mrs. Lyons: Just as it is now? Mr. Carr: It is four-fifths now. Mrs. Lyons: It was adopted last year at the organization meeting that a majority would carry rather than the four-fifths vote. That was adopted by the entire Committee. It was by unanimous vote.

Mr. Carr: What is the question, Madam Chairman?

Miss Fitzgerald: Mr. Carr has now proposed that that still continue in effect until the revision is made, and my feeling is that I would prefer to have no action until that can be done.

Mrs. Lyons: It has always been my impression—and I think it is correct—that a majority has decided whatever issue presents itself. If three people vote on it, it makes no difference who the three people are. The majority rules on that particular issue. I do not think that this is some-

thing that has come up in this Committee only. I think it has been true in every committee.

Miss Fitzgerald: Madam Chairman, in past committees it has been a four-fifths vote on rules and regulations which have been considered to be tremendously important—in other words, changes in the rules and regulations should be more carefully and slowly done. That was my only feeling.

Mr. Muehnick: Madam Chairman, a vote having already been taken, we would normally proceed to the next order of business, if there were any; but, prior to that, may I suggest that we have a recess of five or ten minutes. There are photographers here from various newspapers, and I imagine that some of them have to make deadlines.

Being an organization meeting, I think we ought to defer to the necessities of public relations.

Mrs. Lyons: There will be a recess for five minutes.

(Recess.)

AUTHORITY OF CHAIRMAN TO EXECUTE CONTRACTS AND LEASES

The following was offered:

ORDERED. That the Chairman is hereby authorized in the name and behalf of the School Committee, to execute any contract or lease for the use of school premises, the use of said quarters having been authorized previously by the School Committee.

tinued to June 30, 1953, as provided for in Section 1 of the contract.

Dr. Foley: Why is this matter taken up at this organization meeting, Mr. Business Manager?

Business Manager: Dr. Foley, the Law Department suggested that we have two other contracts in effect from year to year with different companies that were never brought in here for extension. This contract and the contract with the Rawding Bus Lines for the transportation of pupils to the Forsyth Dental Infirmary are contracts like the fuel contracts that were written for the school year and not the calendar year. We try to have as many contracts as possible for the calendar year that do not have to be renewed.

However, it was at the suggestion of the Law Department that these two new contracts be added this year along with the fuel contracts for renewal by the School Committee at the organization meeting.

Mr. Muchnick: Madam Chairman, if there isn't any great objection, and I don't imagine there should be in view of the fact that this is the first year this is being brought in at the organization meeting, I would like to have this held until our next meeting and discuss it with the Law Department and also with the Board of Commissioners of School Buildings to see how this ties in with the contract for the same company that the City has through the Board of Commissioners of School Buildings.

Mrs. Lyons: If there are no objections to holding it until the meeting with the Board of Commissioners of School Buildings, we will defer the matter until that date.

Subsequently, Mr. Muchnick offered the following:

ORDERED, That this Committee gives P. A. Milan, Inc. assurance that regardless of whether their contract to transport films, etc., is continued until June, they will be paid for such time, beginning Jan. 1, 1953, as they actually transport films, etc.

On roll call the order passed by the following vote:

YEAS—Mr. Carr, Miss Fitzgerald, Dr. Foley, Mrs. Lyons, and Mr. Muchnick—5
NAYS—0

The order relating to the extension of the contract for the transportation of films, etc. by P. A. Milan, Inc., was laid over.

The following was offered:

ORDERED, That the contract for transportation of pupils to Forsyth Dental Infirmary between the School Committee and the Rawding Lines, Inc., under date of September 25, 1952, is hereby continued to June 30, 1953, as provided for in Section 2 of the contract.

Mrs. Lyons: Miss Reynolds, I think the same thing will apply to that contract as to the previous one. We will hold it until we can discuss it with the Law Department.

Mr. Carr: Mr. Smith, would holding this order interrupt the service taking those children to the Forsyth?

Business Manager: I think that in justice to the contractors I should notify them that there is no contract now in effect. These services, of course, are performed daily; and if they continue to perform them, I suppose they do so more or less at their own risk. That is the embarrassing part of this thing as far as I can see.

Mr. Carr: How long have they been transporting these pupils now, Mr. Smith?

Business Manager: Rawding has been transporting them for years. In fact, they are the only company we can get to bid on the business. This is the first year Milan has had the other contract. Last year a fellow named Reed had it. The year before—

Mr. Carr: What contract is that—for the films?

Business Manager: For the transportation of films.

Mr. Carr: I am not concerned about the films. I am wondering about these children who are transported to the Forsyth.

Dr. Foley: Rawding Bus Lines, in other words.

Business Manager: Rawding has had it for years.

Dr. Foley: Madam Chairman, I have no objection at all to Rawding Bus Lines. I think they do a magnificent job, and I think it is essential that this matter be continued.

Mr. Muchnick: Madam Chairman, I have no doubt but that the Rawding Bus Company does a good job, but I cannot understand why our own M. T. A. cannot do it and possibly cut down some of the deficit that we have. They have buses just as well as the Rawding people.

Mr. Carr: Mr. Chairman, I imagine the reason the Rawding people are doing it and the reason that Mr. Smith employs the Rawding Company is that they do it cheaper than the M. T. A.

Business Manager: I don't know. We have never had the M. T. A. bid on it.

Mr. Carr: We know what we paid to transport pupils in Hyde Park, and it is far from being a small item.

Dr. Foley: Mr. Smith, when does this go into effect—your contract with regard to Rawding Bus Lines?

Business Manager: It went into effect for the school year, Doctor, and it will terminate at the end of this school year, but, because of the appropriation of funds that carry from one fiscal year to another, the Law Department in going over all our contracts has suggested that these two be added along with the

others for fuel and those that carry over from one fiscal year to the other.

Dr. Foley: It is a school year, in other words, from September to June. We can hold the matter up, Madam Chairman.

Business Manager: If this was from January 1 to December 31, it would not come up, of course.

Mrs. Lyons: Mr. Smith, there will be provision made anyway no matter who is going to transport those children. I don't see where they are going to be inconvenienced in waiting until the next meeting when we discuss this matter.

Business Manager: The only thing, Mrs. Lyons, is that I suppose the contractor at the minute technically now has no contract, and he is probably proceeding at his own risk.

Mr. Muchnick offered the following:

ORDERED, That this Committee gives the Rawding Lines, Inc. assurance that, regardless of whether their contract to transport pupils to the Forsyth Dental Infirmary is continued until June, they will be paid for such time, beginning Jan. 1, 1953, as they actually transport children.

Mr. Muchnick: With the passage of this order they face no risk whatsoever, and in the interim between now and the next meeting Mr. Smith can find out what the M. T. A. would charge.

If the M.T.A.'s figures are similar to the figures of the Rawding Lines, Inc., then obviously we owe the duty to the City to use the M.T.A. rather than Rawding or any other bus line.

Business Manager: Mr. Muchnick, one of the worries that I carry in my office is the proper business relationship with outside firms. I think we owe a definite obligation to them. I do not think that in the middle of a contract, because of a technicality that it has to come up for approval because of appropriation of money, we should use that as an excuse to try to dicker with somebody else who had an opportunity of bidding and didn't bid. I think we owe a certain obligation to Rawding to continue this contract.

Now, at the end of this contract, if you would order me to go into private negotiations with the M.T.A. and see if we could work out something better than has been provided under this former contract, I think that then you would not be doing anybody any harm and would not be destroying good business relations.

Dr. Foley: Mr. Smith, is this contract from September to June that we are working on now?

Business Manager: It is dated sometime last summer.

Secretary: It is dated September 25, 1952.

Business Manager: It is for the school year; but technically, because it involves two appropriations, one in the year 1952 and one in the year 1953, it has come in here, the Law Department says,

for technical approval the same as the fuel contracts. The fuel contracts run for the school year.

Mrs. Lyons: My objection to that, Mr. Smith, is that you bring those contracts in both for fuel and for something like this and expect us immediately to O. K. them.

I think that those should be brought in before and give the Committee an opportunity to examine them and see what has been done, know what companies have bid on these various things, so that we will be sure that they have all had an equal opportunity.

Business Manager: Mrs. Lyons, these contracts have previously been signed by the Chairman for the School Committee.

Mrs. Lyons: I know. That was last June. Is that right—for fuel?

Business Manager: That is right, and all these have previously been signed by the Chairman. Ordinarily they would never come up again during that year except for the fact that it involves two appropriations, so technically these contracts have to be renewed or reaffirmed or whatever the term is.

Mr. Muchnick: Madam Chairman, I don't think anybody in the Committee wants to break faith with suppliers or contractors or with anybody else in any connection, but I do not see how anybody is in the least bit harmed if it waits for another week or thereabouts for qualification of the Law Department and also for some figures from the M. T. A.

Mr. Carr: Mr. Smith, in your opinion, how is it that Rawding gets this contract? Isn't it that he will do it cheaper than other transportation outfits—just from your experience?

Business Manager: He was the only bidder in recent years, Mr. Carr.

Mr. Carr: And I imagine they do it cheaper. They don't pay the salary that the M.T.A. is forced to pay and they haven't got the overhead. I feel fairly certain that this is probably the cheapest transportation you could get for them.

Mrs. Lyons: Before I act on it, I would want to know that it was cheaper transportation, and there is no assurance that it is.

We have the figures, Mr. Carr. That is why we are asking to have this lie over for a week.

Mr. Carr: Madam Chairman, you are also asking these people to do the work with no agreement at all. Mr. Muchnick asked if we would, in the meantime, take a vote to agree to pay them for this work regardless of whether their contract is renewed. I am agreeable to that. I see no harm that way.

Secretary: What is the roll call on Mr. Muchnick's motion?

Mrs. Lyons: On Mr. Muchnick's motion that they be assured of payment for any services performed from now until the time that we have an opportunity to look into it.

Dr. Foley: To clarify matters. That means we are carrying out the intent of the contract that was already signed, Mr. Smith. Your question is on the appropriation setup.

Business Manager: That is the reason they are in here. When you renew them, you automatically agree to appropriate the money to carry them through.

Mrs. Lyons: That is true on the contract for carrying the motion picture film from one school to another. This motion will apply to that also.

Will you call the roll, Miss Reynolds?

Mr. Muchnick: If I may add, Madam Chairman, if for some reason or other the contract is not renewed in accordance with the orders read by Miss Reynolds, the two companies involved will be paid on a pro rata basis for such work as they actually will do for us from January 1st of this year.

Secretary: This is on Mr. Muchnick's motion that the Rawding Company be assured of payment for any services performed?

Mr. Muchnick: Would you add the Milan Company in that as well? Both companies will be assured that they will be paid for actual services performed.

Secretary: I would rather have a separate order for Milan. This is for Rawding—that they be assured that they will be paid for actual services performed.

On roll call, Mr. Muchnick's order relating to the Rawding Lines, Inc. passed by the following vote:

YEAS—Mr. Carr, Miss Fitzgerald, Dr. Foley, Mr. Muchnick, and Mrs. Lyons—5.

NAYS—0.

The order relating to the extension of the contract for transportation of pupils to the Forsyth Dental Infirmary by the Rawding Lines, Inc., was laid over.

Mr. Muchnick: Madam Chairman, I move that rather than take up any of the items that appear on the agenda today, particularly in view of the hour, we adjourn subject to the call of the Chair.

STATEMENT OF MISS FITZGERALD

Miss Fitzgerald: Madam Chairman, before we adjourn I should like to have spread upon the public record a few remarks that I wish to make at this time the beginning of a new year.

I wish to say at the outset that the democratic process has operated and I wish to pledge my cooperation, as a member, to the newly-elected Chairman, Mrs. Lyons.

Mrs. Lyons: Thank you. Miss Fitzgerald: I should like to add that it has been a year of wonderful experience to serve on a committee which concerns itself with schools. Out of this experience I have learned that the human relations which are involved in the policy-making

procedure for such a complex organization as the Boston School System could be very well improved. I hope that during the coming year this will come about, and that there will be an atmosphere of good will and understanding among those people at the top who are setting an example for the developing minds of the young people in our schools.

As the boy or the girl attending our schools looks at the School Committee, he must ask himself, "If these people cannot solve their difficulties, then what hope is there for solving the difficulties of the world in general?"

Recently there has come to my attention an article from the magazine called "School Business Affairs." I should like to make a matter of public record some portions of this article which describes what the behavior of a good school committee member should be. The article says, and I quote:—

"The best board members:

"Recognize that their responsibility is not to run the schools, but to see that they are well run.

"Work through the properly appointed administrative officers according to the organization as planned.

"Function as part of a policy-forming and control board rather than as part of an administrative board.

"Try to interpret to the school staff the attitudes, wishes and needs of the people of the district, and try to interpret to the people the needs, problems and progress of the schools.

"Help to frame policies and plans only after considering the recommendations of the appropriate administrative officer, together with his reasons for making such recommendations.

"Maintain harmonious relations with other board members when harmonious relations are consistent with their obligations to the schools.

"Visit the schools to gain clearer understanding of school problems, but not to interfere in the day-by-day administration of the schools.

"Present personal criticisms of school employees only to the appropriate administrative officer.

"A good member avoids these practices:

"Interfere with the day-by-day routine details of school administration and supervision.

"Refuse to support worthwhile school programs because of personal reasons.

"Show favoritism to relatives or friends.

"Make promises and commitments before the questions are fully discussed in the board meetings.

"Join a clique to control board action.

"Use board membership for political or business advancement for themselves, their families, their relatives, or their friends.

"Indulge in petty criticism of the administration of their schools.

"Divulge confidential information.

"Assume authority in school matters when the board is not in session."

I have read this article because it has been of great help to me and it might help the general public and those persons in the School Committee itself to clarify their thinking regarding the responsibilities which they have to the school children and the public school administration in Boston

Thank you very much.

Mrs. Lyons: There is a motion before us to adjourn. Would you call the roll, Miss Reynolds?

Mr. Carr: Are there any objections to adjourning?

Dr. Foley: I have no objection. Mrs. Lyons: Did you want to object to it?

Mr. Carr: No, I don't see any objections to it.

Mrs. Lyons: As there are no objections, the meeting will adjourn. The next meeting will be at the call of the Chairman.

Attest:

AGNES E. REYNOLDS,
Secretary.

Jan. 12, 1953.

A meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 8:45 P. M., the Chairman presiding.

Present: Mr. Carr, Mrs. Lyons, and Mr. Muchnick.

LEAVE OF ABSENCE TO CUSTODIAN

Question came on the request of John H. Duffy, Jr., junior building custodian, for leave of absence without pay, for personal business, for the period Dec. 31, 1952, to Feb. 10, 1953, inclusive.

Mr. Muchnick: Madam Chairman, this is a leave of absence, as I understand it, for a month for a young man who is just starting a business venture, and he has had a leave of absence.

Now, if it was proposed to give Mrs. Donovan a further leave of absence to see how she makes out under the new gubernatorial regime around the corner, then there is absolutely no reason why a youngster who is trying to set

up a business should not also be given another month, and I was informed by the head of his department as I came in here—that was how I got the information—that he approved of it.

Superintendent: Madam Chairman, the Schoolhouse Custodian wrote me a communication, but I have not as yet presented that communication to the School Committee, so that it is not before you at the present time.

Mr. Muchnick: Madam Chairman, for the moment I will assume that there is no question that nominations of teaching personnel have to be made by the Superintendent. I will assume that for the moment, but I know of nothing in the law or the rules that requires the granting or the placing of requests for leave of absence before the School Committee by the Superintendent.

It can be done by any member. I can be done—has been done, I believe—by the people themselves coming up and asking for it.

It is a perfectly proper, normal thing, particularly where it concerns a civil service employee, where even the disputed power of nomination isn't given to the Superintendent.

Mr. Muchnick offered the following:

ORDERED, That leave of absence without pay be granted to John H. Duffy, Jr., junior building custodian, for the period Dec. 31, 1952, to Feb. 10, 1953, inclusive.

Mr. Muchnick, continuing: I feel that this leave of absence should be granted to this young man because otherwise he may be in the position of either not having a job or not having a business or both.

Mr. Carr: Madam Chairman, I think that this should have been brought up in the conference. When we spoke about custodians in the conference, it was the consensus of this Committee to hold it over until such time as Dr. Foley might have a chance to vote on it.

I know Miss Fitzgerald stayed beyond the time she intended. She had a previous engagement, and she stayed here to the completion of the conference.

Now I don't think it is fair to either Dr. Foley or, more so, to Miss Fitzgerald to bring in this matter in a public meeting when it rightfully should have been brought in at the conference, and I hope that you will hold it. I don't think a week's time will hurt this fellow, whether he will be in business or out of business in a week's time.

I would like to see it held until Monday.

Mr. Muchnick: Madam Chairman, as I understand it, his current leave is up; and if he doesn't come back, he obviously can be in trouble with the School Department; and if his coming back here is going to impede in any way his business venture, in which I assume he has invested

some money, then it's most unfair to hold this and place him in that position.

I don't know of any reason why this should come up. I conference any more than other leaves in the past have not come up in conference, and other items. It is the public meeting that counts, not the conference, and I don't see that there would be any unfairness to Dr. Foley or anybody else.

I assumed that this was a routine matter, particularly after Mr. Reardon was the one who spoke to me about it. In view of that, and in view of giving whatever protection we can under the circumstances to an employee who is currently faced with a problem of choice, and particularly in view of the fact that we did it for Mrs. Donovan who has already had a year and a half and this boy has had, I think, thirty days, I move that we grant the leave of absence as requested tonight.

Mr. Carr: Madam Chairman, I am surprised that we give leave of absence for other employment.

Mrs. Lyons: There is a motion before the Committee.

Mr. Carr: I am talking on the motion, Madam Chairman, and the roll has not started to be called yet. That is a privilege extended to any member.

My objection to this being brought into the public meeting is the fact it was not brought in during the conference when another member was here, and now that she has left, it is brought into the public meeting. I think it is highly out of order.

Mrs. Lyons: Will you call the roll, please?

On roll call, the order failed of passage by the following vote: YEAS—Mrs. Lyons and Mr. Muchnick—2.

NAYS—Mr. Carr—1.

ABSENT—Miss Fitzgerald and Dr. Foley—2.

COMMITTEE TO MOBILIZE AND UNITE RESOURCES OF THE CITY TO COMBAT JUVENILE DELINQUENCY

In accordance with the request of Mr. Muchnick, the following conferences notes are incorporated in the public record:

Mr. Muchnick: Madam Chairman, during the last two weeks the entire community has been aroused—and very properly aroused—over the brutal murder of a saintlike spiritual leader of his people. The death of Rabbi Jacob Zuber and the almost fatal beatings of several other persons during the same period constitute a serious indictment against the City of Boston.

Immediate steps must be taken to eliminate or at the very least diminish such brutality and lawlessness. The Boston School Committee, as one important community agency, must bear its proportionate responsibility in the solution of this problem. But it

is perfectly obvious that the schools alone cannot wage the fight against this menace. Therefore, I suggest that the Boston School Committee take the initiative in attempting to mobilize and unite the moral and material resources of the city, and I therefore offer the following:

1. ORDERED, That this School Committee invites the following people to a conference to be held at the earliest possible date:

The Mayor of Boston;
The Police Commissioner of Boston;

The Superintendent and Deputy Superintendents of Police in Boston;

Representatives of the clergy, to be selected by the respective leaders of the various religious denominations;

The Superintendent and Assistant Superintendents of the Boston School Department;

The Chief Justice of the Superior Court;

Judges of the Boston Juvenile Court and of the District Courts of Boston;

Three representatives of the United Community Services, to be selected by the President of that organization;

Representatives of the various Big Brother Associations;

Representatives of the Boy Scouts, Girl Scouts, Camp Fire Girls and other such recognized organizations;

A representative of the City of Boston Recreation Commission;

A representative of the Massachusetts Youth Service Board;

A representative of the Judge Baker Guidance Foundation;

A representative of the Boston Park Dept., and

Representatives of all settlement and neighborhood community houses serving the City of Boston;

And any other agencies doing social service work that you or any other member of this Committee can add to this list.

And I offer further the following:

2. ORDERED, That this conference discuss the advisability and practicability of the adoption by the various agencies of coordinated and correlated recreational programs.

That this conference discuss the advisability and practicability of establishing an integrated relationship between school activity, home activity, and recreational activity.

That this conference discuss the advisability and practicability of making available to the School Department the services of social agencies and of making available to social agencies the services of the School Department.

That the School Committee grant to all responsible agencies or community groups the use of any and, or, school buildings and equipment for use during non-school time for the recreational and other leisure-time

activities carried on by these agencies or community groups.

That the conference discuss the advisability and practicability of urging parents to join with local neighborhood, settlement, and community house personnel and the personnel of other social agencies in adopting and carrying out programs for the youth in their particular areas.

That the Mayor and City Council be requested to appropriate whatever funds may be necessary to pay the cost of providing school buildings and equipment to the agencies and community groups above referred to.

That the various committees appointed during the last several years by governors, mayors, and others be requested to furnish to this conference the results of their studies and their recommendations.

I urge the adoption of these two orders, and I further urge that the initial meeting of the conference take place before we go to work on the budget so that, if necessary and proper, sufficient sums may be allocated for the purpose of this motion.

It is completely proper that the Boston School Committee take the lead. As was said in "Juvenile Delinquency in Massachusetts as a Public Responsibility," which was a report of the Massachusetts Child Council, in 1939:

"If juvenile delinquency and its fruition into adult criminality are to be prevented, it seems that the public schools are destined to play an important role."

In all our fund-raising activities, or in most of our fund-raising activities, we have a united front. We have a united community drive for most of the agencies other than a few like the Heart Fund and the Red Cross and so forth.

If in the raising of the resources we can have a united community then it seems to me perfectly clear and perfectly elementary that we ought to be able to mobilize the community resources, whether they be social agencies or official agencies or whatever they may be, along the moral and educational lines so that the funds that are raised can, by united community action, help to eliminate or at least diminish the terrible things that have been going on even more and more in our city during the recent few weeks.

Miss Fitzgerald: Madam Chairman, I think Mr. Muchnick's concern over this question is something that should be of deep concern to all of us. I think he has brought forth an important point. I happened to be in attendance at a meeting last week — last Wednesday, I believe it was — in that area of which you speak, Mr. Muchnick, at Freedom House, at which representatives of the Mayor, the Park Department, the Recreation Department, and our own department, I believe there were some of our school people

present. I think that the head master at Roxbury Memorial High School for Boys and his assistant and one of the elementary principals in the area, Mr. Tobin, were all present at that time and all showing their concern for the same problem which you outline, and I think it is one which we should certainly take leadership in solving.

So therefore I would be very much in favor of anything we could do to further the aims you express here in your motion.

Mrs. Lyons: I think that is a splendid motion, Mr. Muchnick, and I am sure everybody on the School Committee will want to do all they can to help, along with all the other agencies you mention.

I know it is of great concern to everyone. I had a call from one of the newspapers, and they wanted to know if the School Committee would help—if they would do something about opening the schools in that section for recreational purposes, and I of course said that that is a part of one of our programs, the Extended Use of Public Schools, and we are very, very happy to open those schools and provide these programs if we can help in getting these children off the streets and keep them busy for some time under supervision.

Miss Fitzgerald: Madam Chairman, I had one more point I wanted to add, and that was that at this meeting Dr. Mahoney of the Civic Education Project and, of course, as you know, we have instituted in Boston schools a pilot project along civic education lines—stated that certainly his group was concerned over citizenship problems—and juvenile delinquency is a citizenship problem—and that he was authorized to make for his group an offer to the Mayor's Civic Improvement Committee, which had called this meeting last week, of funds and personnel—active people who could work and spark youth activity programs within that neighborhood.

In other words, I think there are some funds that are being gotten together, as you suggested. Mr. Muchnick for the very purpose of getting the young people off the streets and in constructive activities; and I certainly think that if the School Department can contribute any of its facilities to have these youth activities take place, then we certainly ought to.

They also think that any program we undertake along those lines should be very well thought out and very constructive in its form.

Mr. Muchnick: Madam Chairman, it should not only be well thought out and constructive, as Miss Fitzgerald says, and that is why I wanted the conference to include everybody who has some connection with the problem from all points of view, but it must not be localized.

The meeting at Freedom House attempts to deal with it on sort of a local plane, confining it, as I understand the results of it, to that particular area. From what I read in yesterday's paper, there is going to be a meeting out in my particular neighborhood at the Solomon Levenberg School tomorrow or Wednesday or Thursday night. I don't know the exact date. It will be a meeting in which juvenile delinquency and the fatality and the beatings and so forth are tied up in some measure with a request—and a justifiable request—for a gymnasium, which is justifiable completely apart from the events of the last couple of weeks.

The same with the various agencies. Some boys will belong to the Boy Scouts, to many settlement houses and will be in the Little League or the Park Department League or anything else of that nature, but there is no correlation, unfortunately, in the type of activity. There is no correlation, or almost no correlation between that type of activity and what is learned in school or at church or at home.

Parents have almost nothing to do with any of these recreational or educational activities. They just in too many instances let the children go out to Boy Scouts or Girl Scouts or the neighborhood house or just out on the street.

Now, if we can channel all these agencies into one overall program—at least—and if we can get the parents involved with the agencies and with the schools and with officialdom in the city, then it can't do anything but help the situation, and it will also do this particularly with the younger children.

If we keep them busy enough during the afternoon and early evening, they are going to be tired enough at 7:30 and 8:00 o'clock so that they will want to go to bed, and they won't be watching some of the stupid television programs that are on in some parts of the evening but which keep children up.

It seems to me that if this is undertaken and undertaken under the leadership of the School Committee as the catalyst or the cementing agency or whatever you want to call it, nothing but benefit can result.

It is only a question of getting the ball rolling and getting something started. Once it is started, I am sure that all of these agencies—and others—will come in and do their bit towards helping make a completely integrated and rounded-out citywide program for boys and girls of all ages, and I think help solve the problem.

Miss Fitzgerald: May I add some names to your list?

Mr. Muchnick: Yes, gladly.

Miss Fitzgerald: Those would be Dr. Mahoney of the Civic Education Project and Thomas Curtin. The Director of American Citizenship for the State Department of Education, and I think

Mr. Heffernan from the Mayor's Civic Improvement Committee might be a good addition.

Mr. Carr: Madam Chairman, I think this is a splendid project as outlined by Mr. Muchnick, and I certainly would like to see the School Committee take the leadership. I think we have taken a step in the leadership many months ago when our Superintendent set up in the School Department, the committee to curb vandalism. This committee has been selected from the outstanding public officers in Boston and those dealing with juvenile delinquency, and I would like to see that whole committee invited to participate in this project.

Superintendent: Madam Chairman, following out what Mr. Carr said, back in October I invited Mr. John B. Casey, Head Master of the Jamaica Plain High School, to serve as chairman of a committee to combat vandalism.

The committee is very representative. I feel that you will be interested to know that we have on this committee a representative of the Police Department—Deputy Superintendent McCarthy, a representative of the parochial schools, Father Maurice, Principal of the Cathedral High School, representatives of the Kiwanis Clubs, settlement houses, Home and School Associations, and several others.

It is perhaps the first time in the history of our city that we have had a committee working under the Superintendent which is a committee made up of various representatives.

I feel that you will be interested to know that this committee is really making some very forward steps. Mr. Casey is very active as chairman of the committee. He told me at the Science Museum at a meeting of the Head Masters' Association a few days ago that he had already contacted the radio stations. He is contacting the leaders of the various faiths, and in connection with this whole program of combating vandalism it is his hope and the hope of the committee and mine, certainly, that we will have talks and sermons from the pulpits of every church in Boston and that we will have directives and the cooperation of all kinds of clubs.

I feel certain that the spot announcements that will be made and given to us free of charge by the various radio stations will be very, very helpful; and I would like to recommend, too, that the chairman of this committee which is working on the problem of vandalism—and it is an excellent one—be invited to this particular committee that Mr. Muchnick has in mind.

I had a letter from the Mayor in which he says:

"I am very happy to note that you have organized a committee to combat vandalism, with respect to school properties. I realize, as you do, that this is a

growing evil and that it is resulting in excessive costs to the city."

Then he suggests that Mr. Thomas C. Heffernan, the Executive Director of his Civic Improvement Committee be put on that committee, and I certainly welcomed his suggestion and asked Mr. Casey to include Mr. Heffernan.

I think, Madam Chairman and Members, that this committee already has a great fund of information on hand and has plans under way in connection with the problem of vandalism that will be very valuable to this overall committee which includes more than vandalism. I think it can be very helpful to the general committee.

Mr. Muchnick: Madam Chairman, I had that committee in mind and the other committees that have in the past been appointed by governors and mayors in that part of the motion that the various committees be requested to furnish to the conference the results of their studies over the years, or months, as the case may be, and their recommendations; and I for one would be very happy to have asked come to this conference the type of people whom the Superintendent has mentioned, but I think that the Superintendent has brought up one point that, while it should be primarily for this conference, if and when it takes place, I would like to comment on.

From what I have seen over the last fifteen or twenty years, I don't think that the sermons, the spot announcements, the various billboards, etc., do the trick even when they come from the top people in the community—religious or civic or other lay persons in the community.

I think that the problem here is one basically of getting more parents involved in activities concerning their children; and if we can get more parents involved with the paid personnel of schools or social agencies or any other experts in the social service field or child psychology field or whatever name it goes by, if we get the parents involved, they will get as much training as the children get in the particular sphere; and once the parents get involved, informed, and interested, then that will be, as I see it, the big step towards eliminating the problem and the results of the problem.

Mrs. Lyons: Mr. Superintendent, I was going to ask if Mr. Daley, who is our legislative agent, would let us know when that bill is coming up concerning vandalism in the schools. I believe I am a member of that committee. Mr. Casey and I seem to get together on it very often, and that group that he is working with is a splendid group and deeply interested in this problem, as it is interesting to everybody.

However, they felt that, just as Mr. Muchnick just mentioned, if we can only get the parents to realize what their responsibilities are and if we can't get them

to realize it in any other way, we would get their support for this legislation.

We all know that very often legislators are apt to think that "boys will be boys," but they forget to realize they are going to grow up to be men, too. However, I think that if parents felt that they were going to be responsible for the actions of their children, and if those actions caused damage to any extent and they were required to pay for that damage, right then and there you would just hit at the core of the whole thing; and if we knew when that legislation was coming up and that was one of the things that concerned that group.

Mr. Muchnick: I will get notice, Madam Chairman, because my name was on the bill, and as soon as I get notice, I will notify you and everybody else on the Committee.

Mrs. Lyons: That is fine because all of this group are going to come right in and support that legislation.

Mr. Muchnick: I would like to say that I have received letters from eight or ten agencies asking for copies of that particular bill because they have indicated that they want to support it.

Miss Fitzgerald: Madam Chairman, as I said earlier, I have to leave.

Mr. Muchnick: I assume there is no objection to the passage of that motion?

Mrs. Lyons: None.

Mr. Muchnick: I would like, if I may, to have the entire discussion about that included in the public meeting.

Mrs. Lyons: Is there any objection?

Mr. Carr: No.

On roll call, Mr. Muchnick's two orders passed by the following vote:

YEAS—Mr. Carr, Mrs. Lyons, and Mr. Muchnick—3.

NAYS—0.

ABSENT—Miss Fitzgerald and Dr. Foley—2.

The Committee adjourned.

\$500,000,000 FOR FEDERAL AID HIGHWAYS.

Apportionment of \$500,000,000 authorized as federal aid to the states for highways in the fiscal year beginning July 1, 1952, was announced by Secretary of Commerce Charles Sawyer. The funds were authorized by the Federal Aid Highway Act approved September 7, 1950.

The Act provides \$225,000,000 for projects on the federal aid highway system, \$150,000,000 for projects on the federal aid secondary system, and \$125,000,000 for projects on the federal aid highway system in urban areas.

Funds for urban projects are apportioned in proportion to population in municipalities and other urban places of 5,000 or more. The funds will be available for expenditure until June 30, 1955.

PROCEEDINGS OF CITY COUNCIL.

Monday, February 9, 1953.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M. President AHEARN in the chair. Absent, Councilmen Kerrigan.

The Reverend Andrew Paul Gallivan of St. Paul's Catholic Church, Dorchester, was escorted to the rostrum.

INVOCATION

BY REV. ANDREW PAUL GALLIVAN.

Dear Lord, we pause for the solemn opening of this duly elected Council, and beg of You to send down Thy divine grace to illuminate their minds. Grant them increasing wisdom to see that which is for the common good. Grant them the gift of fortitude that they may have the courage to forego individual profit. Direct, O Lord, all their actions to carry them on by Thy gracious assistance that every thought, word and action shall start with Thee and by Thee be happily ended.

In conclusion, may they join with me and lift up their voices in the common prayer of all mankind. Our Father, Who art in heaven, hallowed be Thy name. Thy kingdom come, Thy will be done on earth as it is in heaven. Give us this day our daily bread, and forgive us our trespasses as we forgive those who trespass against us, and lead us not into temptation, but deliver us from evil. Amen.

The meeting was opened with the salute to the Flag.

APPOINTMENT OF JOSEPH F. BIRMINGHAM.

Notice was received from the Mayor of the appointment of Joseph F. Birmingham, 94 Fletcher street, Rosindale, to be a member of the Sinking Funds Commission for the term ending April 30, 1954, vice Harry J. Blake, resigned.

Placed on file.

REPEAL OR AMENDMENT OF McCARRAN ACT.

Coun. AHEARN offered the following: Whereas, there is a general and widespread dissatisfaction with the provisions of the new Immigration and Nationality Act, popularly known as "the McCarran Act"; and Whereas, the people of all racial and religious affiliations and renowned and respected leaders

of racial and religious groups have vehemently voiced disapproval of important provisions of the McCarran Act as presently written; and Whereas The McCarran Act as an immigration law is "tainted by the spurious and scientifically discredited doctrine of racial and ethnic superiority"; and

Whereas, President Eisenhower has said that a new immigration act should "strike an intelligent, unbiased balance between the immigration welfare of America and the rightful hopes of the unhappy and oppressed"; be it Resolved, That the City Council of Boston, in meeting assembled hereby expresses its dissatisfaction with and opposition to those provisions of the McCarran Act based on a principle of racial and ethnic superiority, as well as other discriminatory provisions of said act; and be it further

Resolved, That the City Council of Boston, in providing an Immigration and Nationality Act which will be nondiscriminatory in nature and recognize the Biblical concept of the races of mankind, namely, that all men are brothers; and be it further

Resolved, That copies of this resolution be forwarded to the President of the United States, the Speaker of the United States House of Representatives, and to all the members of the Massachusetts delegation in the House and Senate of the Congress.

The resolution was adopted under suspension of the rules.

RENT CONTROL LAW.

Coun. AHEARN offered the following:

Whereas, The Boston City Council, acting under authority of Congress, extended federal rent control in Boston from September 30, 1952, to April 30, 1953;

Whereas, Said action of the Boston City Council was unanimously approved and ratified by the people of Boston, who cast an overwhelming vote of nearly four to one favoring continued rent control;

Whereas, The indications now are that the federal law will expire April 30, 1953, and all rent control will be terminated, although there still exists a substantial housing shortage in certain areas in this state; be it

Resolved, That the City Council of Boston, in meeting assembled, urges the Great and General Court to immediately consider and pass a suitable rent control law to be made available to those cities and towns where a continuing housing shortage still exists and the continuance of rent control is necessary for the health and welfare of the people.

The resolution was adopted under suspension of the rules.

RENT CONTROL OF RESIDENTIAL PROPERTY BY CITY.

Coun. FOLEY offered the following:

Ordered, That the Corporation Counsel be requested to prepare an opinion as to the legal power and authority of the government of the City of Boston with respect to the control of rentals on residential property within the geographical confines of the City of Boston, and that said report be prepared and submitted on or before the first of March, 1953.

Passed under suspension of the rules.

ARTIFICIAL WINTER SURFACING EQUIPMENT.

Coun. FOLEY offered the following:

Ordered, That the Board of Recreation be requested to make a survey of the advisability of using, within the recreational program of the City of Boston, the artificial winter surfacing equipment now in use at the Commonwealth Country Club and elsewhere, and that a report of the results of said survey be submitted to the Boston City Council when completed.

Passed under suspension of the rules.

REORGANIZATION OF CITY DEPARTMENTS.

Coun. HAILER offered the following:

Ordered, That the City Council of Boston be recorded in favor of H. B. 824, now before the Legislative Committee on Cities.

Referred to the Executive Committee.

ESTABLISHMENT OF SPEAKERS' BUREAU IN CITY COUNCIL.

Coun. FOLEY offered the following:

Ordered, That there be established within the Boston City Council a Speakers' Bureau.

composed of all nine councilors; that civic, social, religious, and educational organizations, clubs and associations within the City of Boston be notified of the availability of the services of said Speakers' Bureau.

Referred to the Committee on Rules.

OFF-STREET PARKING FACILITIES IN POST OFFICE SQUARE AREA.

Coun. JOYCE offered the following:

Whereas, The construction of additional off-street parking facilities in an orderly and economical fashion is urgently needed to relieve traffic congestion within the city; and

Whereas, The city, on February 28, 1953, through its Board of Real Estate Commissioners, received only two bids for leases for construction of off-street parking facilities on city-owned land in the Post Office Square area, bounded by Pearl, Oliver, Franklin, and Congress streets, both of which bids propose the construction of a 700-car parking facility, for a 40-year lease on said site, which accommodations 300 cars for parking facilities; and

Whereas, The high bidder for said lease proposes to more than double present parking facilities, namely, 700 cars, while reimbursing the city a disproportionately small amount, an annual rental fee of \$83,475, as compared to \$60,000 the city now receives for rental of this land for only 300 cars; and

Whereas, The above-named corporation, the First Municipal Parking Corporation, was organized only 17 days prior to the submission of its bid to said Board of Real Estate Commissioners according to the records of the State Department of Corporations, which indicates that said corporation had organized on January 1, 1953;

Whereas, At the time the bid of said corporation was accepted by the Board of Real Estate Commissioners said corporation was not legally approved by the State Commissioner of Corporations and Taxation, creating grave questions as to the legal authority of said corporation to make any such arrangement in the absence of its approval by said Commissioner of Corporations and Taxation, and the authority of the city to enter into such negotiations with a corporation legally non-existent at the time said bid was submitted, and not authorized to act under the General Laws of Massachusetts; and

Whereas, Said First Municipal Parking Corporation proposes to construct at the above-mentioned area a parking facility estimated to cost \$250,000, which it appears would be substantially higher in cost than similar facilities constructed by other municipalities in other states; and

Whereas, The Board of Real Estate Commissioners estimates that said building will amortize its cost in a period of 17 years, while the city will not take title to said building until 23 years later, under the terms of the proposed 40-year lease, at which time said building will be relatively obsolete and the city will be deprived for 23 years of the benefit of additional revenue; and

Whereas, During the entire period of the 40-year lease the City of Boston receives no taxes whatever from this valuable land in the heart of the business district of our city; and

Whereas, This entire transaction as related in the preceding paragraphs indicates an extremely poor business proposal for the city and indicates a lack of sound municipal management, and slipshod planning and recklessness on the part of said Board of Real Estate Commissioners, against the best interests of the city and its off-street parking program; therefore, be it

Resolved, That his Honor the Mayor is hereby urgently requested to take all necessary action to prevent approval of a lease between the city and said corporation; and, further, to consult with said Board of Real Estate Commissioners forthwith and initiate steps to reject all bids for said lease, in keeping with prudent practices in other municipalities and private building.

The resolution was adopted under suspension of the rules.

TAX CONCESSIONS ON CONSTRUCTION OF COMMERCIAL PROPERTY.

Coun. FOLEY offered the following:

Ordered, That the Corporation Counsel be requested to furnish an opinion as to the legal power of the City of Boston to make commitments involving tax concessions in advance of the construction of commercial property within the City of Boston.

Passed under suspension of the rules.

On motion of Councillor Hurley, the foregoing vote was reconsidered.

On further motion of Councillor Hurley, the order was referred to the Executive Committee.

APPROPRIATION FOR NEW TRAFFIC LIGHTS.

On motion of Councillor Ward the message of the Mayor and order (referred October 20, 1952) for appropriation of \$100,000, from special account "Sales of City Property" for installation of automatic traffic control signals in various sections of the city, was recalled from the Committee on Appropriations and Finance.

The order was passed, yeas 6, nays 0:
Yeas—Councillors Ahearn, Foley, Hurley, Joyce, Ward, White—6.
Nays—0.

USE BY CITY OF NEW ZEALAND BEEF.

Coun. JOYCE offered the following:

Whereas, It has been brought to public attention that a grade of beef—New Zealand beef, so called—is available for consumption at a substantial saving in price over that paid for similar products by city institutions; therefore, be it

Resolved, That in the interest of greater municipal economy the Mayor is hereby requested to direct the City Health Department to investigate the quality of this so-called New Zealand beef and the quantities available, looking toward possible use of said products by the city, provided it is with the standards of the Health Department.

The resolution was adopted under suspension of the rules.

PURCHASE OF HARBOR ISLANDS FOR RECREATIONAL PURPOSES.

Coun. JOYCE offered the following:

Whereas, It has been brought to public attention that various islands owned by the federal government in Boston Harbor and adjacent waters are available for sale and will be disposed of by said federal government; and Whereas, Additional recreational facilities, especially summer recreational activities, are required to promote the welfare of the citizens of Boston; therefore, be it

Resolved, That the Board of Recreation be directed by his Honor the Mayor to investigate the possibility of procuring one, or more, of these islands for the use of the citizens of Boston, and, further, to determine the development possibilities of said islands for recreational purposes.

The resolution was adopted under suspension of the rules.

REVENUE OTHER THAN REAL AND PERSONAL PROPERTY TAXES.

Coun. HAILER offered the following:

Ordered, That his Honor the Mayor set up a commission for the purpose of studying ways and means of obtaining revenue for the City of Boston other than personal property taxes and real property taxes.

Passed under suspension of the rules.

OUTSTANDING PETITIONS, RESOLVES, ORDERS, ETC.

Coun. PIEMONTE offered the following:

Ordered, That on or before noon of each Monday the clerk shall cause to be made a list of all outstanding petitions, resolves, orders, or memorials which have been introduced in the City Council and that such list shall be furnished each councilor and one copy posted in a conspicuous and easily accessible post to be designated by the President of the Council, and that sufficient copies be forwarded to the Public Document Room for the use of the public and press.

Coun. PIEMONTE moved to suspend the rules. The motion was lost. On motion of Councillor Foley, the order was referred to the Committee on Rules.

ORDERS PASSED UNDER SECTION 17F OF CITY CHARTER.

On motion of Councillor Foley, the order (referred September 22, 1952) providing for the City Clerk to prepare and maintain a separate list of orders passed under the authority of chapter 17F of the City Charter, and for such list to be available in the Council Chamber during all meetings, was recalled from the Committee on Rules.

The order was passed.

On motion of Councillor White, the Council voted to take recess at 3.30 p.m., subject to the call of the Chair. The members reassembled in the Council Chamber and were called to order by President AHEARN at 5.55 p.m.

EXECUTIVE COMMITTEE REPORTS.

Coun. WHITE, for the Executive Committee, submitted the following:

1. Report on message of the Mayor (referred December 22, 1952) concerning pocket gasoline licenses prepared by the Fire Commissioner—that same be placed on file.

2. Report on message of the Mayor (referred December 29, 1952) concerning outstanding pocket gasoline licenses prepared by the Board of Street Commissioners—that same be placed on file.

The reports were accepted, and the messages were placed on file.

3. Report on message of the Mayor (referred December 29, 1952) re reclassification of employees—that same be placed on file.

The report was accepted, and the message was placed on file.

4. Report on order (referred February 2) concerning the establishing of a City Architect Department—submitting a partial report in the form of the following resolution:

Resolved, That the President of the Boston City Council be requested to appoint an attaché to make a list of all orders concerning architectural fees awarded during the past year, the list to designate the date, the amount of money allowed for fees, identification of division of city for which the contract was entered into, and an adequate description of the alterations made; also, that the Boston Housing Authority be included in this list.

The report was accepted, and the resolution was adopted.

5. Report on order (referred today) that the City Council be recorded in favor of passage of H. B. 824, now pending before the Legislative Committee on Cities—that same ought to pass.

The report was accepted, and the order was passed.

OFF-STREET PARKING FACILITIES FOR DUDLEY TERMINAL BUSINESS SECTION.

Coun. HURLEY offered the following:

Whereas, The Dudley Terminal business section of Roxbury is the largest shopping center, outside the downtown area, within the corporate limits of Boston; and

Whereas, An acute problem of off-street parking for shoppers has recently developed in that section due to the elimination, by virtue of new construction, of the district's only parking lot, he it is

Ordered, That his Honor the Mayor be requested to instruct the Board of Real Estate Commissioners to take immediate cognizance of the above-mentioned condition and consider the advisability of taking immediate steps to install adequate parking facilities there under the suburban off-street parking program instituted by his Honor the Mayor.

Passed under suspension of the rules.

Adjourned at 6 P.M., on motion of Councilor Piemonte, to meet on Monday, February 16, 1953, at 2 P.M.

Note: All debate of City Council eliminated from proceedings in accordance with Chapter 447, Acts of 1947.

(Stenographic copy of such debate on file in office of City Clerk.)

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the following vote of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Alberta street, West Roxbury district, as a highway, from Centre street to land of the Boston & Providence Railroad Company, bounded and described as follows:

A highway named Alberta street is hereby laid out, from Centre street to land of the Boston & Providence Railroad Company, and ordered constructed.

Said highway and the land, exclusive of trees and structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southeasterly by Centre street, twenty-four and 43-100 feet on a curve of seven hundred one and 40-100 feet radius; northeasterly by the northeasterly line of Alberta street as hereby laid out, by two measurements, three hundred twenty-one

and 61-100 feet, and eighty-three and 62-100 feet; northwesterly by land of the Boston & Providence Railroad Company, twenty-five and 43-100 feet; and southwesterly by the southwesterly line of Alberta street as hereby laid out, by four measurements, eighty-one and 20-100 feet, twenty-three and 1-100 feet, sixteen and 19-100 feet on a curve of ten feet radius, and two hundred ninety-seven and 51-100 feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

For the making of the aforesaid improvement, an easement is taken in the following described parcels of land.

A parcel of land supposed to belong to Jessie L. Malm, bounded:

Northeasterly by the southwesterly line of Alberta street as it existed prior to this order, forty-nine and 98-100 feet; southwesterly by the southwesterly line of Alberta street as hereby laid out, fifty feet; northwesterly by land now or formerly of Edna E. Jeffery, 61-100 feet, containing fifteen square feet, more or less.

A parcel of land supposed to belong to Jessie L. Malm, bounded:

Northeasterly by the southwesterly line of Alberta street as it existed prior to this order, fifty-five feet; southeasterly by land now or formerly of Jessie L. Malm, 61-100 feet; southwesterly by the southwesterly line of Alberta street as hereby laid out, fifty-four and 89-100 feet; and northwesterly by land now or formerly of Alice B. Fleming, one and 27-100 feet, containing fifty-two square feet, more or less.

A parcel of land supposed to belong to Alice B. Fleming, bounded:

Northeasterly by the southwesterly line of Alberta street as it existed prior to this order, fifty and 10-100 feet; southeasterly by land now or formerly of Edna E. Jeffery, one and 27-100 feet; southwesterly by the southwesterly line of Alberta street as hereby laid out, fifty and 7-100 feet; and northwesterly by land now or formerly of Mildred K. Herlihy, one and 88-100 feet, containing seventy-nine square feet, more or less.

A parcel of land supposed to belong to Mildred K. Herlihy, bounded:

Northeasterly by the southwesterly line of Alberta street as it existed prior to this order, forty and 10-100 feet; southeasterly by land now or formerly of Alice B. Fleming, one and 88-100 feet; southwesterly by the southwesterly line of Alberta street as hereby laid out, by two measurements, twenty-nine and 58-100 feet, and sixteen and 19-100 feet on a curve of ten feet radius; and northwesterly by Manson street as it existed prior to this order, twelve and 55-100 feet, containing one hundred nine square feet, more or less.

A parcel of land supposed to belong to Prospero LaMacchia, bounded:

Northeasterly by the southwesterly line of Alberta street as it existed prior to this order, forty and 7-100 feet; southeasterly by Manson street as it existed prior to this order, two and 68-100 feet; southwesterly by the southwesterly line of Alberta street as hereby laid out, forty and 16-100 feet; and northwesterly by land now or formerly of Margaret J.

Kane, one and 42-100 feet, containing eighty-two square feet, more or less.

A parcel of land supposed to belong to Margaret J. Kane, bounded:

Northeasterly by the southwesterly line of Alberta street as it existed prior to this order, forty-one feet; southeasterly by land now or formerly of Prospero LaMacchia, one and 42-100 feet; southwesterly by the southwesterly line of Alberta street as hereby laid out, forty-one and 10-100 feet; and northwesterly by land of the Boston & Providence Railroad Company, 14-100 feet, containing thirty-one square feet, more or less.

Ordered, That this Board estimates that the abutting parcels of land situated on both sides of Alberta street, from Centre street to land of the Boston & Providence Railroad Company, excluding Lot D, at the westerly corner of Alberta street and Manson street, will receive benefit or advantage beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said parcels in the amount hereinafter respectively set against it; said parcels and the supposed owners thereof being shown on the plan heretofore referred to and on file in the office of said department.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

Baker & Co., Inc., has been directed to perform the following extra work under the contract dated July 29, 1952, for bituminous concrete pavement in Bloomfield street, Elgin street, Gaylord street, Helena road, Herbert street, and King street.

In Bloomfield street, furnish and deliver one circular guttersmouth stone for the lump sum of \$28.50. From Bloomfield street, deliver 172.4 linear feet of new 5-inch straight edgestone to the District 6 Paving Yard at \$1.98 per linear foot. Hauling will be paid for under Item 5E of the contract.

Estimated cost of extra work, \$369.85.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Manson street, West Roxbury district, as a highway, from Elgin street to Alberta street, bounded and described as follows:

A highway named Manson street is hereby laid out, from Alberta street to Elgin street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken is bounded and described as follows:

Southwesterly by Elgin street, twenty feet; northwesterly by the northwesterly line of Manson street as hereby laid out, one hundred seventy-five and 13-100 feet; northeasterly by Alberta street, twenty-three and 1-100 feet; and southeasterly by the southeasterly line of Manson street as hereby laid out, one hundred sixty-three and 75-100 feet.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting parcels of land situated on both sides of Manson street, from Alberta street to Elgin street, will receive benefit or advantage beyond the general advantage of all real estate in said city, from the improvement herein ordered; each of said parcels in the amount hereinafter respectively set against it; said parcels and the supposed owners thereof being shown on the plat hereinbefore referred to and on file in the office of said department.

Forms of proposals may be obtained at the office of the Superintendent of Construction, fourth floor, 26 Norman street, Boston, Mass. Each proposal must be signed by the proposer, placed in an envelope, properly sealed, and marked "Proposal for Furnishing Elevator Inspection, Maintenance and Test on Various Elevators," and left at the office of the Superintendent of Construction, fourth floor, 26 Norman street, Boston, Mass., before 12 noon, Monday, March 9, 1953, accompanied by cash or certified check on, or a certificate of deposit issued by, a responsible bank or trust company payable to the City of Boston in the sum of \$100, to become and be the property of the City of Boston as liquidated damages, if, after an award is made to him, the bidder shall fail to enter into the contract therefor within ten days after notice of said award has been mailed to him. Bids bonds will not be accepted. Said proposals will then and there be publicly opened and read. Proposals must be made in duplicate, one with cash, certified check or certificate of deposit as above, the other without cash, certified check or certificate of deposit to be filed with the City Auditor, City Hall, Boston, before the time stated above for the opening of proposals.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract.

Specifications will be ready for distribution Tuesday, February 24, 1953, and may be obtained at the office of the Superintendent of Construction, Department of School Buildings, fourth floor, 26 Norman street, Boston.

A bond of a surety company, approved by the Superintendent of Construction, for the full amount of the contract, to secure the due performance of the contract and the full protection of the city will be required. The Superintendent of Construction reserves the right to reject any and all bids if he in the public interest so to do.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR ROADWAY REPAIRS TO CHARLESTOWN BRIDGE, OVER CHARLES RIVER.

The Commissioner of Public Works of the City of Boston, office 608 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for roadway repairs to Charlestown Bridge over Charles River. A bond is required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to become and be the property of the city, and the full protection of the city. Forms of proposals may be obtained at Room 598, City Hall Annex. Each proposal must be enclosed in an envelope, sealed, marked "Proposal for Roadway Repairs to Charlestown Bridge, over Charles River," and left at Room 506, fifth floor, City Hall Annex, before 12 M. of THURSDAY, MARCH 5, 1953, with a certified check for FOURTEEN HUNDRED (1,400) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without cash, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on the City of Boston, and the rate of wages to be paid will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally low or low, or if the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal, without prejudice. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of proposal referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

No. 9

TIME NOW TO IMPRESS ON ENEMIES OF MANKIND THAT PEACE- AND LIBERTY- LOVING PEOPLES OF WORLD ARE AROUSED — MAYOR JOHN B. HYNES, AS ORATOR AT GRADUATION EXERCISES OF MARINES, WARNS MEN OF KREMLIN AND STALIN THAT ONCE AGAIN BULLY BOYS OF WORLD WILL NOT SUCCEED IN MURDEROUS PLANS TO OVERRUN WORLD AND ENSLAVE OUR NATION — TELLS GRADUATES AT QUANTICO TO LIVE UP TO BEST TRADITIONS OF CORPS AND BE READY ALWAYS TO STAND FOR RIGHT, FREEDOM, AND JUSTICE.

MAYOR HYNES MOVES TO BRING ABOUT REHABILITATION OF EXISTING RUN-DOWN HOUSING AREAS OF CITY AND RESIDENTIAL SECTIONS — NAMES A BOSTON NEIGHBORHOOD REHABILITATION AND CONSERVATION COMMITTEE TO DEVISE A LONG-RANGE PROGRAM TO BETTER SECTIONS NOT SUBJECT TO SLUM CLEARANCE.

Mayor John B. Hynes, before his departure on his annual vacation, announced the appointment of several department heads to serve as a nucleus of a steering committee to sponsor a large-scale, long-range program designed to bring about a rehabilitation of exist-

FINANCE COMMISSION WARNS THAT THE SALES OF VETERANS' HOUSING AS PROPOSED MAY COST CITY AND TAXPAYERS A CONSIDERABLE SUM OVER AND ABOVE ALL OTHER RECEIPTS — COSTS TO MOUNT WITH EACH SUCCEEDING YEAR.

Boston, February 13, 1953.

To the Honorable the Mayor and City Council.

The Finance Commission believes it is appropriate at this time to record that the social experiment of the 1946 Legislature, chapter 372, authorizing municipalities to provide housing for veterans, by the end of 1953 will have cost the taxpayers of Boston \$2,260,898.55 over and above all other receipts. Moreover, this cost is likely to be substantially

(Continued on page 232.)

The following is the oration delivered by Mayor John B. Hynes of Boston at Graduation Exercises of United States Marines at Quantico, Virginia:

From the Mother City of the United States — from Boston, where freedom's fires gave warmth and light at the birth of our nation — I bring you greetings. I extend to you sincere congratulations on this eventful day, marking, as it does, another milestone in your respective lives.

To state that I am honored to be here today, and to have the privilege of speaking to the new officers of the oldest fighting branch of our fighting forces, is a poor description of my emotions and my sentiments.

No man, whosoever he may be, could feel less than highly honored to have this opportunity. In my case, I am doubly honored, for among you is my first-born son, who proudly wears the uniform of the United States Marine Corps, and who will, pray God, like each of you here today, be steadfast and true to the great traditions of the greatest unit of fighting men in the long and glorious history of our country.

You young officers of the graduating class stand on the threshold of a new, challenging period in your lives. Like all of us, the young and the old, you know not what tomorrow has in store. Like all of us, you gaze with unseeing eyes into an uncertain, unpredictable future.

Not Living in Normal Times.

In other days, and in other generations, your youthful enthusiasms, your gifts, your talents, your training, your will to accomplish would be undergoing their initial tests in the marts of trade, in the professions, in the myriad fields of occupation to which man turns his hands and mind.

In more normal times, many of you would have succumbed to the charms of the gentler and fairer sex. You would be, in theory at least, the head of the family. You would be the breadwinner, the anxious parent, looking forward with trepidation and concern to the first of each month, with its greetings from the doctor and dentist, the butcher, the baker, and the landlord.

But, gentlemen, we do not live in normal times, in the accepted meaning of that phrase, nor have we lived in completely normal times since the beginning of the first world war, close to 40 years ago.

It is your fortune, good or otherwise, to live in a period of the world's history when there is almost universal disgust for war and almost universal desire for peace — and yet, because of one strong, evil force loose in the world, there is no peace. Indeed, you live in a period when there can be no peace, no tranquillity, no settled future until and unless that evil force withers and dies, or is subjugated by the power of arms.

(Continued on page 231.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean;
May thy future be bright, thy skies beam with light all serene,
Ensured by thy souls, and thy daughters' unselfish devotion."

From Boston Centennial Poem by
NATHAN HASKELL DOLE

MAYOR HYNES' ORATION AT GRADUATION OF MARINES.

(Continued from page 229.)

Undoubtedly, in moments of calm reflection, you have asked yourselves the old questions, the very same questions that your forbears asked themselves. Why must there be war? Why must there be threats of war? Why cannot man live his life according to his own lights, with obedience to, and in harmony with, the eternal laws of the Eternal God?

DIABOLICAL DESPOTS.

Only by dissecting the warped, diabolical minds of today's and yesterday's tyrannical despots, could we find the illogical answer to this age-old question.

Whatever the answer may be—the inordinate desire for power, delusions of worldly omnipotence—whatever it may be, the ugly fact remains that even now, in this enlightened era of world civilization, the portentous clouds of conflict cast their shadows over the world.

Because of this ominous state of affairs, you, today, wear the uniform of battle.

You wear the uniform of our country not because our country seeks dominion over other peoples or other lands, not because the United States seeks to thrust upon an unresponsive, and unwilling world our own concepts of government, with its guarantees of freedom, liberty, and justice.

You, and hundreds of thousands of your counterparts, wear the uniform of our country, and make ready to carry our flag to distant shores, not because we willingly or wilfully ignore the wise counsel of the first President of the United States, whose birthday we celebrate tomorrow, and who warned us to avoid entangling alliances with foreign nations.

For none of these reasons does America gear itself against the threat of war.

NOT PREDATORY PEOPLE.

We are not a predatory people, seeking to devour those nations weaker than our own. We are not a warlike people, brandishing the sword at the slightest excuse.

We do not look for trouble. We are slow to anger. Only when we are stung to the quick, only when the God-given rights of man tremble in the balance, do we rise in justifiable wrath and pledge of our youth and our resources in defense of the most precious endowments the Almighty has given humanity—a mind, and a soul, and a free will.

Today the rights of man are threatened with extinction. For millions of our fellow human beings there is no freedom, no justice, no rights befitting the dignity of man.

We fool ourselves, we become cowardly partners in the greatest crime since the dawn of history, if we, the nation which God has smiled upon so generously, stand aside while the lights of freedom are extinguished, one by one, all over the world.

In ancient days, while the great city of Rome was afire, the pompous, imperious Nero played his fiddle with unconcern while his subjects perished in the streets. His unconcern was short-lived, for soon he too perished, and by his own hand.

The pages of history yet to be written must never refer to our country as the Nero of the nations of the world. It must never be written that we fiddled while the world around us fell in ashes of despair.

From every parapet of hope, the eyes of freedom-loving people are upon us.

From within our own hearts, from the final resting places of countless martyrs and heroes comes the message—the time is here and now to make a stand. The time is here and now to impress the enemies of mankind that the peace-loving, liberty-loving peoples of the world are aroused. The time is here and now to be affirmative, to show, if we must, our teeth to an enemy who understands only one language—the language of might.

NOT BOWING TO BULLY BOYS.

From present indications, our new leaders in Washington will not genuflect to the bully boys of the world, and when that knowledge comes home to the men of the Kremlin, we shall have, if bullies run true to form—and they always do—a brighter hope for peace.

Whatever may come, however, and whatever the future may bring, you young officers of the United States Marine Corps are fit, prepared, and ready.

It is my fond hope that none of you will ever hear a shot fired in anger—that none of you will ever experience the horrors of modern war. But, if you do, I know you will uphold and enhance the reputation earned so gloriously by your predecessors who were proud to call themselves Marines.

You are now officers and gentlemen, leaders of men. Whether you realize it fully or not, our country—yes, the world—looks upon you, and upon all the officers and men of your Corps, as a body set apart, a body of men who represent the very epitome of what is right, the very essence of daring and courage and bravery.

Your days as students in the science of war are over. Your days of leadership, of greater responsibility, are before you.

May God keep you, guide you, and protect you.

May the spirit of the great Marines who have gone before be with you always.

May you always be a good example to all men who will serve with you and under you.

May you have many hours, in the years to come, of cherished memories in the friendships and associations you have made here in this old, historical state of Virginia.

May you, in the days to come, rejoice in the realization that you have been a vital cog in the greatest fighting machine in the world—the United States Marine Corps.

May you, in the motto of your Corps, always be faithful.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, occasioned by the construction of the Charlestown connection of the John F. Fitzgerald Expressway, vehicles are excluded from the following street, from February 22, 1953, to February 25, 1953, inclusive:

Joiner Street, Charlestown.

From Chelsea street to Water street.

MAYOR NAMES COMMITTEE FOR SLUM CLEARANCE.

(Continued from page 228.)

ing run-down housing and environs in the older residential sections of the city. The group will be known as the Boston Neighborhood Rehabilitation and Conservation Committee.

The members of the Steering Committee are: George G. Hyland, Public Works Commissioner; Dr. John H. Caulley, Commissioner of Health; Harry J. Keefe, Building Commissioner; Edward M. Fallon, Superintendent of Police; and Frank R. Kelley, Park Commissioner. Paul H. Hines, industrial counselor, will serve as city coordinator. Other city officials will be added to the Steering Committee, as well leading specialists in the field of city planning and other attendant subjects.

"The problem in question," the Mayor told the department heads, "is not the wholesale clearance and rebuilding of slum areas, but rather the reconditioning of old parts of the city where existing structures are basically sound, and where the obsolescence of both dwellings and neighborhood environment have resulted in declining property values and threatened depressed living conditions.

"A comprehensive, long-range action program in these areas, involving the rehabilitation and conservation of the dwellings by the owners themselves, stimulated by citizen cooperation and supplemented by municipal efforts to improve neighborhood conditions by bringing public facilities up to new standards and providing a higher level of municipal assistance, is what is desired.

"It is my hope that all of the areas involved will be improved and beautified as a result of this program and that many of the streets in the older districts will be adorned again with trees and shrubbery, better lighted, and restored to their former pride and dignity.

"I believe that such a program, which I have long had under consideration and which has been advocated by various civic and political organizations as well as the City Planning Board, is a sound way to stem the spread of blight, to stabilize property values, to protect the city's tax base, and to further promote safe and healthful living conditions."

Pursuant to the Mayor's instructions the committee has started a review of all existing housing codes as they affect sanitary, structural, fire safety and occupancy as a basis for the scientific and systematic promotion of the program.

He also instructed the committee to explore the feasibility of selecting a "pilot area" in contemplation of a long-term campaign to be used as an experiment in developing a permanent neighborhood rehabilitation and conservation program. The "pilot area" would consist of at least several blocks in one of the older sections of a suburban area and would be inspected systematically by the city officials for all types of structural, fire and sanitary defects currently.

To assist the city officials in the promotion of the program, local neighborhood committees consisting of the owners and occupants of properties in the older residential areas will be appointed by the Mayor from time to time as the program progresses.

If the plan meets with popular approval, within a year or two, neighbor-

hood rehabilitation and conservation committees should be in existence in every older residential area of Boston.

If a "pilot area" is selected, it is expected that the inspection will start sometime this spring in advance of the annual City Clean-up, Paint-up, Fix-up Campaign, which is usually held during the period of May 21-31.

Similar neighborhood rehabilitation and conservation programs are now in operation in a number of leading municipalities, and, judging from reports received by the Mayor from leaders of civic and political organizations, they have met with notable success in at least some cases. Outstanding accomplishments have been obtained in Baltimore, Maryland, and Charlotte, North Carolina, whose precincts had been seriously affected by deterioration.

A comparative study made by city officials indicates that, while considerable decay has set in in all of the older cities of the nation, as a result of the stringent building, fire, and sanitary codes that have been long in existence here, Boston's legal requirements for health and safety have checked blight over the years to a marked degree.

FINANCE COMMISSION WARNS OF POSSIBLE LOSS IN SALE OF VETERANS' HOUSING.

(Continued from page 229.)

increased if the particular housing built under the authority of this act is sold (during this present year) at prices now forecast. If it is not sold this year, the cost to the taxpayers in future years will be increased by more than \$600,000 in each year.

This particular housing is only that part of the public housing which was financed entirely by the City of Boston. There is no state or federal money involved in it. It comprises only about 9 per cent of the currently existing public housing in Boston. The production cost to the city (exclusive of financing charges) amounted to \$15,383,285 out of a total spent or committed for public housing in Boston to date of \$159,517,134.

In other words, the general taxpayers in Boston have had to subsidize living in 9 per cent of the Boston public housing to the amount of \$2,260,898.55, and this amount is growing. The same taxpayers contribute another amount, probably more substantial but not easily determinable, toward the other 91 per cent of the public housing which is state and federally financed. No public housing, however financed, has produced enough income in rentals to pay operating and financing costs.

In this distinctly municipal housing, there is a total of 1,310 family units, comprising 17 one-family dwellings, 487 two-family dwellings, and 319 dwelling units in multiple-apartment structures.

Chapter 372 of 1946 was adopted at a time when it had not been finally determined who would supply housing for veterans—whether it would be the responsibility of the state or the federal government; but there was such a demand for housing for veterans that it was decided, for the time being, to allow the municipalities to finance it to an extent equal to 2 per cent of the average of the previous three years valuation of the city.

Boston was one of a small number of municipalities which took advantage of this opportunity. Under the terms of chapter 372 it had the right to borrow approximately \$28,000,000 for that purpose; but before Boston utilized this right to the fullest extent, the Legislature (in 1948) authorized the use of state credit for such borrowings. Thereafter, borrowing by most municipalities on their own credit petered out. Hence Boston has only borrowed \$16,500,000 of its \$28,000,000 right.

Actually, committing city credit for veterans' housing ceased in Boston after the Finance Commission in a report in 1949, asked the question—"Why spend the city's money for it, when the city can get plenty from the state? The state has assumed the responsibility of financing housing for veterans."

As the above figures indicate, it has been a costly venture to the general taxpayers. The annual loss is buried in two items of the city tax rate computations—(City) General Debt Requirements and (City) Departmental Receipts. In the former, the debt requirements for Chapter 372, Acts of 1946, Housing are merged with all other city debt requirements, and, in the latter, the receipts from the Housing Authority of rentals in excess of operating costs is one of about 35 items making up the total receipts of all departments. Since 1949, there has been an excess of rentals over operation costs, and in the past two years there has been a state subsidy; but the accumulation of these aids has not been great enough to meet the original financing charges.

The state subsidy ends in 1953, and thereafter, if the city retains ownership, the only help the taxpayer will get in meeting the original financing costs will be in the excess of rentals over operation costs. This will only take care of approximately one half of the financing cost of each year. In other words, there is being added each year an annual deficit in the financing cost, which is expected to be about \$400,000 in 1953, and above \$600,000 in the years to come unless the property is sold.

Unlike the situation in regard to maintenance and financing costs of all other city activities, this information it not readily available to all who might be interested. Yet it is a matter on which the facts should be known for future guidance in similar ventures. The statute creating the Housing Authority gives the City Auditor, who keeps and checks records of all other city and county activities, no similar jurisdiction over Housing Authority activities; the Mayor has merely the right to appoint four members of the Housing Authority; and the authority of the City Council is limited to approving an annual contribution toward administrative expenses of a sum not in excess of \$30,000. The Housing Authority is an autonomous body. The Mayor's power to remove a member on charges, which must be sustained at a public hearing, constitutes the only control by any elected public officer.

The proposed sale of city-financed public housing represents the final step in a unique program in which the city went into the real estate business in a very substantial way. Extreme care in working out details must be exercised to keep the city's cost at a minimum. Present indication is that the city will

receive an average unit price of not more than \$8,000, where the original production cost averaged \$12,000.

Sale of this housing is required by section 6 of chapter 372, which provides that it must be offered for sale between five and six years after completion, unless the State Housing Board permits a postponement. That Board must approve the prices to be accepted.

To summarize the situation, if the Chapter 372 Housing is sold late in 1953, as proposed by Mayor Hynes, the investment of the city will have reached a total of \$16,732,684, made up of a production cost of \$15,383,284 and financing charges (without principal) of \$1,349,400. Retrieving this gross expenditure, excess of receipts from rentals over the operations costs and state subsidy have already contributed \$3,893,501.45. This leaves a net of \$12,839,182.55, which the sale must produce if the venture is to be liquidated without cost to the taxpayers. However, the best opinion available is that sale of the property now will not produce more than an average of \$8,000 per unit. This would mean a return of \$10,480,000. On this basis, the taxpayers' loss will have been a minimum of \$2,359,182.55. The loss will be increased to the extent that the property sells for less than \$8,000 per unit.

Respectfully submitted,

Upon varying dates as indicated the Mayor approved contracts with commercial houses, contractors, etc., for furnishing labor and supplies. Communications from heads of the departments interested were as follows:

DEPARTMENT OF SCHOOL BUILDINGS.

Boston, February 19, 1953.

HON. JOHN B. HYNES,

Mayor of Boston.

Subject: Bunker Hill School, Charlestown.

DEAR MR. MAYOR:

A series of inspections of the Bunker Hill School, Charlestown, some of which

have been made personally by me while accompanied by the chief investigator of the Finance Commission and a deputy of my department, indicates an extremely dangerous condition concerning plastered ceilings in two classrooms, storage and toilet rooms, and a large hallway, which in my opinion cannot be allowed to remain sufficiently long enough to obtain competitive bids for the correction of the condition. Specimens of the ceiling which I personally removed show that there is absolutely no key to the plastering and the entire weight of the ceiling is dependent for its support by friction on the face and side of the wood laths. The ceilings are eighty-seven years old.

At the regular meeting of the Board of Commissioners of School Buildings held this date, the specimens of plastered ceilings which I removed were shown to the Board members and the necessity for immediate action described. The Board, as a body, unanimously authorized me to proceed on an emergency basis and order William L. Murray, plasterer, to immediately take steps necessary to remove areas of the ceiling plaster which are in dangerous condition and to install new ceilings in the locations above mentioned. As the building is entirely occupied, with only one room available to accommodate the movement of school children, each room will have to be done individually, and the hall or corridor, so called, will have to be done during the vacation period starting Friday evening, February 20, 1953.

The work required to correct the dangerous condition described will cost approximately \$3,900, and as it is unquestionably of an emergency nature, the contractor will be ordered to proceed with the work immediately upon the acquisition of your signature. The work involved is as follows:

Removal of existing ceilings and installation of new ceilings in the kindergarten and adjacent dressing room, first floor corridor hall, classroom No. 3, teachers' toilet on second floor, dressing room No. 12, and two storage rooms; also the patching of ceilings in the rear of Room 5, Room 7, and the second floor corridor, and storage rooms on landing between first and second floors and between second and third floors.

I respectfully request your Honor's approval authorizing me to negotiate a contractual agreement with William L. Murray, plasterer, 125 Hewlett street, Roslindale, in an amount not to exceed \$3,900 for the performance of the emergency work herein described, with the understanding that an inspector of this department will be delegated to inspect the work while in progress and certify as to the expenditures of the contractor.

Respectfully yours,

JAMES H. MOONEY,
Superintendent of Construction.

PRINTING DEPARTMENT.

Boston, February 19, 1953.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

Your Honor's permission is respectfully requested to permit the Printing Department to award a contract without advertising to the Moore Business Forms, Inc., 285 Columbus avenue, Boston, for

furnishing various payroll forms for the Auditing Department.

These forms are to be lithographed and are designed for use with the Moore automatic pinfeed devices installed at the Payroll office.

75,000 sets (3-part) "Preliminary" payroll forms at \$52.97 per M, \$3,972.75; 75,000 sets (2-part) "Final" payroll forms at \$31.17 per M, \$2,362.75; total, \$6,335.50.

The products of the Moore Business Forms, Inc., were originally selected by the Auditing Department after competitive bidding, and over the years the forms delivered by this company have been highly satisfactory.

In view of these facts and taking into consideration that these forms are to be used with the Moore pinfeed devices, I feel that there would be nothing to gain by publicly advertising and so recommend.

Respectfully yours,

JOHN J. TWOMEY,
Superintendent.

PUBLIC BUILDINGS DEPARTMENT.

Boston, February 20, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

From time to time it is necessary for this department to hire a 14-ton truck.

We issue service orders in each case for a definite number of hours for certain periods. Under these orders the contractor, the Ford Contracting Company, furnishes the truck, with chauffeur or operator and all the gasoline and oil, at a rental rate of \$2.50 per hour. The cost of hiring this equipment will be in excess of \$1,000.

In my opinion, nothing could be gained by publicly advertising for bids, since this contractor's rate is fair and reasonable. I therefore respectfully request your permission to hire this equipment, a 14-ton truck, upon the issuance of service orders at the rate of \$2.50 per hour from the Ford Contracting Company.

Very truly yours,

GEORGE P. DONOVAN,
Superintendent of Public Buildings.

Boston, February 10, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Under an oral agreement with this department, the Federal National Linen Service Company has been furnishing hand towels to all offices in City Hall Annex and to the Auditor's office, City Hall. The agreement calls for the delivery of approximately 950 towels a week.

The towel service already given by the company has proven satisfactory, and in my opinion nothing could be gained by publicly advertising for bids for this type of work.

In view of the above, I respectfully request permission to issue orders to the Federal National Linen Service Company, in an amount not to exceed \$1,820, without the usual form of advertising.

Respectfully yours,

GEORGE P. DONOVAN,
Superintendent of Public Buildings.

PUBLIC WORKS DEPARTMENT.

Boston, February 17, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

The following bids were received by this department on February 16, 1953, by invitation, for the work of furnishing and installing electric conduit and wiring on the Charlestown Approach of the Charlestown Bridge:

Massachusetts Electrical Construction Company, Inc., \$1,362; time required, 30 days.

Searns, Perry & Smith Company, \$1,440; time required, 2 weeks.

Kay Electrical Company, \$1,476; time required, 4 working weeks.

In view of the fact that this work is of vital importance and in the nature of an emergency and because nothing would be gained by publicly advertising for bids for this work, I respectfully request the authority of your Honor to dispense with advertising and award this work to the lowest bidder, the Massachusetts Electrical Construction Company, Inc.

The Massachusetts Electrical Construction Company, Inc., is a firm of established reputation and has done satisfactory work for this department in the past.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

Boston, February 17, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Public Works Department has submitted a requisition for 500 tons of rock salt to be delivered immediately.

Because of the imminent need of rock salt authority is requested to dispense with publicly advertising for prices at this time and award a contract, without public advertisement, to one of the previous suppliers, namely, Eastern Salt Company, on the basis of the prices submitted by this company on the last publicly opened bid. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be \$6,900, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

CHANGES IN CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Henry J. Lyons has been ordered to make the following deduction in the contract for the William L. Garrison School: For substituting 40-gallon automatic gas water heater in place of 50-gallon automatic gas water heater as called for in specifications, \$60 (manufacture of 50-gallon heater discontinued), and the amount of \$60 will be deducted therefor, making the account as follows: contract price, \$3,334; total deductions, \$60; amount of contract, \$3,274.

PUBLIC WORKS DEPARTMENT.

Martin J. Kelly Company, Inc., has been directed to make the following changes in the contract for construction of concrete deck, etc., on Broadway Bridge over Fort Point Channel, dated September 22, 1952:

Construct the new steel deck of the draw span and the concrete deck of the approach spans in accordance with the revised and supplementary plans dated February, 1953, and marked "Broadway Bridge over Fort Point Channel, Construction of Concrete Deck, etc."

These changes in construction are to be made because of the elimination of trolley rails on the structure and shall be made without any change in the contract prices for the items involved.

Martin J. Kelly Company, Inc., has been directed to make the following changes in the contract for construction of concrete deck, etc., on Broadway Bridge over Fort Point Channel dated September 22, 1952.

On page 12 of the typewritten specifications under section 3, "Quality of Materials," strike out the first paragraph under "Reinforcing Steel" and substitute the following:

"Reinforcement for cement concrete masonry shall consist of deformed steel bars unless otherwise specified, and shall be of domestic manufacture.

"Reinforcing bars shall be rolled either from new billet steel or rail steel. Bars rolled from rail steel will not be allowed as reinforcement for rigid frames, concrete beams, and slabs having a clear span of twenty (20) feet or more measured parallel to the main reinforcement, nor for stirrups.

"New billet steel reinforcing bars shall be structural or intermediate grade, shall be manufactured by the open hearth process and shall conform to the latest A.S.T.M. Standard Specification for Billet Steel Bars, Serial Designation A-15.

"Rail steel reinforcing bars shall conform to the latest A.S.T.M. Standard Specification for Rail Steel Bars, Serial Designation A-16.

"All reinforcement shall be free of imperfections and surface coatings of rust, dirt, oils, paint, grease, and mill scale; and shall present a clean, fresh surface when placed in the structure."

EXTENSION OF CONTRACTS.

PARK DEPARTMENT.

Central Construction Company has been granted an extension of time until June 30, 1953, for the completion of the contract for repairs to bituminous pavement on Commonwealth avenue and such other additional locations within the Boston Park System as may be designated by the Board of Park Commissioners.

PUBLIC WORKS DEPARTMENT.

Approval has been given for an extension of time for the completion of the contract with Martin J. Kelly Company, Inc., 75 Steedman street, Jamaica Plain, for constructing high curbs and guard rails on various bridges, to April 28, 1953. This extension was requested because the contractor was unable to secure the steel guard rail and because of the inadvisability of pouring concrete curbs during the winter months.

MUNICIPAL STANDARDS IMPROVED.

It is to be observed that municipal employees feel more secure in their jobs because of the extension of the merit system.

The competence of the individual municipal employee has continued to improve over a period of years.
